**Henry Ford Hospital Medical Journal**
**Vol. 20, No. 4, 1972 (Printed June, 1973)**

# *Author Index, 1953-1972*

ABRAHAM, JP
Hemorrhagic complications of polycythemia vera. *With* SA Johnson, ON Ulutin and MJ Caldwell
**9**:11,1961

Paroxysmal noctural hemoglobinuria: Report of two cases with atypical features, autopsy findings and review of pathophysiology. *With* RC Horn Jr, AS Ullman and EJ Van Slyck
**11**:135,1963

ADELMAN, SH
Extrasensory perception in clinical medicine, and other offenses
**17**:315,1969

Gastrocolic fistulas due to cancer. Report of a 16-year survival and a review of the literature. *With* JL Ponka
**19**:191,1971

AFSARI, A
Current tests for tubal patency — Their study and comparison. *With* RJ Thompson
**20**:125,1972

AGEY, WL
The diagnosis of hepatic pathology by needle biopsy. *With* RJ Priest, HH Steele and JW Fischbein
**2**:190,1954

AKINS, KB
The neurophysiology of the central nervous system. A simplified review. *With* RR Schopbach
**9**:28,1961

ALBUQUERQUE, LJ de
Roentgenological appearance of the abdomen in ileus
**1**:33, Dec 1953

ALEXANDER, EJ
Misuse of words
**2**:11,1954

Presenting the diagnosis of functional illness
**3**:71,1955

Medical responsibility and authoritarianism
**5**:10,1957

Lysergic acid diethylamide — LSD — an outsider's viewpoint
**15**:23,1967

In memoriam — Thomas J. Heldt, MD, 1883-1972
**20**:175,1972

ALLEN, FH
Compression tank sphygmomanometer inflater. *With* R Jackson and R Caldwell
**12**:323,1964

ALLEN, HM
Renal cell carcinoma masquerading as a pancreatic pseudocyst: A case report. *With* SJ Kingma
**18**:245,1970

Critical factors in the management of liver abscesses. *With* MA Block
**19**:149,1971

ALTEMEIER, WA
Evaluation of methods of treatment of hypertension
**3**:62,1955

ALVAREZ, H
Hydrochlorothiazide in the treatment of congestive heart failure. *With* JW Keyes and GM Breneman
**7**:188,1959

ANBE, DT
Complications of pulmonary angiography. *With* EH Drake
**18**:49,1970

ANSARI, MR
Use of a cooling jacket during kidney transplantation
**19**:127,1971

ANSELM, K
Chronic active hepatitis. A review
**17**:195,1969

Immunologic competence in idiopathic ulcerative colitis: Humoral aspects of immunity. *With* GA LoGrippo, H Hayashi and RJ Priest
**18**:249,1970

Rectal cytology by an improved replica method. *With* V Lawoyin and J Blonsky
**19**:45,1971

Cytology of rectosigmoid diseases using the replica method. *With* V Lawoyin
**20**:15,1972

ANSELM, K continued
The endoscopic approach to the diagnosis of upper gastrointestinal bleeding. *With* RJ Priest, BM Schuman and RF Gluckmann
**20**:63,1972

ANTHONY, WL
The feedback control of cholestrol biosynthesis. *With* WT Beher, GD Baker and ME Beher
**9**:201,1961

ANTONI, RO
Emergency management of thoraco-abdominal trauma: A study of 275 injury patients. *With* JL Ponka
**9**:263,1961

Surgical management of appendiceal carcinoids: An analysis of twenty-four cases. *With* JL Ponka
**11**:431,1963

ARCINIEGAS, E
Spontaneous rupture of the esophagus
**15**:191,1967

Management of massive hemoptysis. *With* CR Lam
**16**:283,1968

Pacemaker induced ventricular tachycardia. Report of a case with the "runaway pacemaker." *With* R Garcia
**17**:15,1969

ARNSTEIN, AR
Primary hyperparathyroidism with hypercalcemia 28 years before treatment. *With* WS Haubrich and B Frame
**12**:327,1964

ASHWORTH, K
Inhibition of kidney mitochondrial monamine oxidase activity by the nephrosis-producing aminonucleoside of puromycin. *With* P Bartlett and M Tu
**20**:145,1972

ATIN, HL
Acute viral hepatitis: Clinical course and laboratory aids in diagnosis in thirty-five consecutive cases. Adrenal steroid therapy in seven cases.
**6**:61,1958

AUSTIN, DC
A review of intracranial aneurysms
**12**:251,1964

AVERILL, WC
Pheochromocytoma: A familial tumor. A study of eleven families. *With* MJ Brennan, JR Caldwell and EL Moorhead
**13**:467,1965

AYERS, MA
Hamartoma. *With* LB Stevenson
**6**:336,1958

The leucoplakic vulva: Premalignant determinants. *With* RB Patton and CP Hodgkinson
**11**:279,1963

BAKER, GD
The feedback control of cholestrol biosynthesis. *With* WT Beher, WL Anthony and ME Beher
**9**:201,1961

X-ray diffraction powder data and index for the steroids. *With* J Parsons and WT Beher
**6**:365,1958

X-ray diffraction powder data for steroids. *With* J Parsons and WT Beher
**9**:54,1961

X-ray diffraction powder data for steroids: Supplement II
**10**:471,1962

Supplement III
**11**:23,1963

Supplement IV
**12**:87,1964

The effects of 3,5 diiodothyroacetic and 3,3,5-triiodothyroacetic acids on the time course of steroid C14 metabolism in the rat. *With* WT Beher
**13**:472,1965

BALIAN, JV
Present status of optical corneal graft
**7**:65,1959

BANDERA, EA
Prematurity and neurological disorders. *With* JA Churchill
**9**:414,1961

BANDERA, JM
Experimental and clinical nephrosis. *With* JM O'Neill and G Manson
**9**:339,1961

BARNHART, MF
A case of renal thrombotic thrombocytopenic purpura with comments on coagulation and immunofluorescent studies. *With* SA McCutcheon, CE Rupe and G Fine
**16**:239,1968

BARNHART, MI
Significance of fibrin and other particulates in rheumatoid joint inflammation. *With* GB Bluhm and JM Riddle
**14**:119,1966

BARRON, JA
Tube feeding with liquefied natural foods.
**1**:13, June 1953

Suction tube for fistulae. Especially for esophageal duodenal and pancreatic use. *With* LS Fallis
**2**:71,1954

Preparation of natural foods for tube feeding
**4**:18,1956

The neutralization of gastric acid by bile transported through jejunal transplants: Preliminary report. *With* E Camacho, EJ Gray and FH Duffy
**6**:180,1958

The use of jejunal and ileal loops in stomach and colon surgery
**6**:328,1958

The control of postoperative pain by the use of local anesthetic pumps
**7**:219,1959

Observations on the gastrointestinal administration of bovine splenic, renal and muscle homogenates on hematopoiesis in man: A preliminary report. *With* JW Rebuck and RW Monto
**11**:147,1963

Technique of and apparatus for bladder irrigation
**11**:443,1963

The effect of gastrointestinal administration of bovine splenic homogenate on hematopoesis in man. *With* RW Monto, JW Rebuck and VK Vaitkevicius
**12**:227,1964

Simple device for management of viscero cutaneous fistulas. *With* AA Manzor
**13**:361,1965

An instrument to aid in removal of colon and rectal polyps
**13**:51,1965

Rubber band division of the posterior colostomy wall. *With* A Gonzalez
**14**:317,1966

BARSKY, D
Central retinal vein occlusion treated with anticoagulant and steroid therapy: Case report and discussion
**4**:98,1956

BARTH, C
Aqueous microbiology: The possible role of cell wall deficient bacteria in uveitis. *With* PC Hessburg, LH Mattman and LT Dutcheshen
**17**:177,1969

BARTLETT, PD
Studies on the mechanics of nitrogen storage
**6**:124,1958

Effects of the potent nephrotogenic aminonucleoside of puromycin on phospholipid metabolism in rat kidney cortex subcellular fractions. *With* JF Bossart
**16**:137,1968

Cation transport. I. Metabolic activity of the polyphosphoinositide complex in isolated renal cortex tubules. *With* JF Bossart
**17**:247,1969

Inhibition of kidney mitochondrial monamine oxidase activity by the nephrosis-producing aminonucleoside of puromycin. *With* M Tu and K Ashworth
**20**:145,1972

BARTONE, J
Chronic pulmonary diseases and associated neurologic disturbances
**8**:123,1960

BARYLUK, VL
Hemangioma of the ovary. *With* H Liu and RC Horn Jr
**14**:167,1966

BASINSKI, DH
Preliminary experience with the glutamic oxaloacetic transaminase determination in acute myocardial infarction in humans. *With* EM Priest, G Remp and L Dickson
**3**:208,1955

BAUER, AR
Respiration in the newborn infant. *With* PJ Howard
**5**:288,1957

Etiology of juvenile hyperthyroidism
**9**:424,1961

The effect of degree of hypoxia on the electroencephalogram in infants, II. *With* PJ Howard
**10**:573,1962

Encephalitis following modified measles. *With* PJ Howard
**12**:201,1964

Infection in the newborn infant and its association with prolonged rupture of the amniotic membranes. *With* PJ Howard
**15**:161,1967

BAUMGARTNER, T
A previously unreported effect of the prolonged administration of desiccated thyroid
**6**:256,1958

BEBIN, J
Etiology of spontaneous subarachnoid hemorrhage
**5**:133,1957

Changes in behavior through stimulation of the reticular formation of the monkey. *With* LD Proctor, JA Churchill and RS Knighton
**6**:266,1958

The effect of maternal hypoxia upon fetal dental enamel. *With* WF Via and WK Elwood
**7**:94,1959

Carcinoma of the pancreas with unusual central nervous system complications. Clinical pathological conference. *With* RK Nixon and B Frame
**7**:309,1959

Clinical pathological conference: Chiasmatic syndrome. *With* RS Knighton
**16**:223,1968

The cerebellopontile angle, the blood supply of the brain stem and the reticular formation
**16**:61 and 163,1968

BEHER, ME
The feedback control of cholestrol biosynthesis. *With* WT Beher, GD Baker and WL Anthony
**9**:201,1961

Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. *With* WT Beher, B Rao, G Semenuk, J Bertasius and N Vulpetti
**15**:107,1967

BEHER, WT
Metabolism of lipids and 3-acetylpyridine
**6**:130,1958

X-ray diffraction powder data and index for the steroids. *With* J Parsons and GD Baker
**6**:365,1958

X-ray diffraction powder data for steroids. *With* J Parsons and GD Baker
**9**:54,1961

The feedback control of cholestrol biosynthesis. *With* GD Baker, WL Anthony and ME Beher
**9**:201,1961

X-ray diffraction powder data for steroids: Supplement II. *With* J Parsons, ST Wong and GD Baker
**10**:471,1962

Supplement III. Including discussion of steroid nomenclature. *With* J Parsons, ST Wong and GD Baker
**11**:23,1963

Supplement IV
**12**:87,1964

Supplement VI
**13**:303,1965

The effects of 3,5 diiodothyroacetic and 3,3, 5-triiodothyroacetic acids on the time course of steroid C 14 metabolism in the rat. *With* GD Baker
**13**:427,1965

X-ray diffraction powder data for steroids. Supplement VII
**14**:387,1966

Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. *With* B Rao, ME Beher, G Semenuk, J Bertosius and N Vulpetti
**15**:107,1967

X-ray diffraction powder data for steroids: Supplement VIII. *With* J Parsons and JB Holcomb
**15**:133,1967

X-ray diffraction powder data for steroids: Supplement IX. *With* J Parsons and ML Polk
**16**:215,1968

X-ray diffraction data for amino acid derivatives. *With* J Parsons and JA Scilla
**18**:283,1970

BEHRMANN, VG
A simplified automatic blood pressure recorder. *With* FW Hartman
**1**:2, Dec 1953

BELKNAP, EL
New methods of deleading heavy lead absorption using calcium mono sodium ethylene diamine tetra acetate (EDTA)
**4**:210,1956

Unsuspected industrial poisonings discovered in small industries
**5**:227,1957

Neglected opportunity: Part-time medical consultation to small industry
**10**:3,1962

BELLINGER, DH
Arthritis of the temporomandibular joint. Diagnosis and management
**2**:56,1954

BEMISS, BB
Services to mentally retarded and their parents
**11**:231,1963

BENEDETTI, R
Echinococcosis of the liver. Report of a case. *With* JL Ponka
**18**:39,1970

BENINSON, J
Preliminary report on the use of a pressure gradient, elastic support in conditions associated with impaired vascular reserve
**4**:238,1956

BENINSON, J continued
Common vascular problems of the lower extremities (Part I)
**6**:170,1958

A device for the prevention of phlebothrombosis and pulmonary embolism. *With* BE Brush, JH Wylie, MA Block and JJ Spitzer
**7**:27,1959

Extensive stasis ulcerations: Report of a case. *With* HG Bryan
**9**:530,1961

BENTLIF, P
Pneumatosis cystoides intestinalis: The report of a case associated with severe pulmonary disease and chronic lymphocytic leukemia
**17**:281,1969

BERGUER, R
Angiotensin infusion: A clinical evaluation as a screening test for renovascular hypertension. *With* RF Smith
**16**:127,1968

BERK, JE
Dose-response relationship of bile flow to cholecystokinin stimulation as measured by duodenal drainage. *With* RJ Priest, RF Gluckmann and JA Rinaldo
**18**:257,1970

BERKOW, SG
After office hours. A visit with Jean Paul Pratt
**7**:55,1959

BERLACHER, FJ
Chlorothiazide (Diuril) — A new non-mercurial oral diuretic. *With* JW Keyes
**6**:32,1958

BERMUDEZ, G
Role of potassium in experimental quinidine intoxication, and its treatment with 2-amino-2-hydroxymethyl 1,3-propanediol (Tham)
**13**:331,1965

Branchial anomalies in idiopathic hypoparathyroidism: Branchial dysembryogenesis. *With* MJ Miller, B Frame, AK Poznanski and CE Jackson
**20**:3,1972

BERTASIUS, J
Accumulation of tissue cholestrol and its relationship to bile acid and sterol turnover. *With* WT Beher, B Rao, ME Beher, G Semenuk and N Vulpetti
**15**:107,1967

BICKHAM, RE
Addison's disease in half-siblings, *With* D Silvestre and RC Mellinger
**16**:157,1968

BIRK, RE
Anaphylactoid reaction to oral penicillin G; case report. *With* EL Quinn
**5**:183,1957

Systemic sclerosis. *With* CE Rupe
**10**:523,1962

Werner's syndrome. *With* PA Kvale, WM Rutt and WR Eyler
**13**:411,1965

The treatment of systemic sclerosis with disodium EDTA pyridoxine and reserpine. *With* CE Rupp
**14**:109,1966

BLAKENHORN, MA
Acute miliary disease of the lungs: Diagnosis and treatment
**4**:94,1956

BLEULER, M
Endocrinological psychiatry and psychology
**15**:309,1967

BLOCK, MA
Experimental hypofibrinogenemia. *With* PW Pifer and CP Hodgkinson
**3**:112,1955

Lymphangiosarcoma occurring in postmastectomy lymphedema. *With* JL Fleming and JR Gish
**4**:63,1956

Observations on protracterd cystic duct obstruction with hydrops. *With* WS Haubrich
**5**:125,1957

Severe hyperbilirubinemia due to benign obstruction of the common bile duct: Case report. *With* RJ Priest
**6**:218,1958

A device for the prevention of phlebothrombosis and pulmonary embolism. *With* BE Brush, JH Wylie, J Beninson and JJ Spitzer
**7**:27,1959

A note on the absence of thyroid stimulating hormones in toxic autonomous goiter. JM Miller and RC Horn
**11**:449,1963

Jaundice associated with hypertrophic plyoric stenosis. *With* G Manson
**13**:7,1965

The liver photoscan in the recognition and management of abdominal masses.
**14**:85,1966

Sclerosing cholangitis: A case report. *With* WS Haubrich, P Williams and R Dew
**14**:131,1966

BLOCK, MA continued

Treatment of hyperthyroidism from autonomous multinodular goiter. *With* JM Miller and RE Weber

**15**:85,1967

Duodeno-jejunal injuries following blunt trauma to the abdomen. *With* JB Keplinger, AS Tootla and TA Fox

**16**:111,1968

Serum immunoglobulins in the differential diagnosis between intrahepatic viral jaundice and extrahepatic obstructive jaundice. *With* GA LoGrippo and TA Fox.

**16**:289,1968

The clinical course of duodenal ulcer associated with hyperparathyroidism. *With* B Frame and TA Fox

**19**:21,1971

Critical factors in the management of liver abscesses. *With* HA Allen

**19**:149,1971

The role of surgery in cecal diverticulitis. *With* C Grodsinsky, J Soares and BE Brush

**20**:33,1972

The surgeon's left hand

**20**:41,1972

BLONSKY, J

Rectal cytology by an improved replica method. *With* K Anselm and V Lawoyin

**19**:45,1971

BLOOR, RJ

Editorial: The hazards of medical irradiation.

**9**:471,1961

Wilms' tumor, metastatic to the lung. *With* AK Poznanski

**14**:161,1966

BLUHM, GB

Significance of fibrin and other particulates in rheumatoid joint inflammation. *With* JM Riddle and MI Barnhart

**14**:119,1966

Co-existent Klinefelter's syndrome, acquired cutaneous hepatic porphyria and systemic lupus erythematosus. *With* M Saeed-uz-Zafar and WR Gronewald

**18**:227,1970

The simultaneous occurrence of monosodium urate and calcium pyrophosphate dihydrate crystals in an arthritic joint. *With* FJ Viozzi

**20**:19,1972

Gout and arterial thrombosis. *With* FJ Viozzi and JM Riddle

**20**:119,1972

BODE, FR

Notes and comments: Biopsy-proven amebic colitis treated with metronidazole. *With* J VanVolkinburg

**20**:163,1972

BOHNE, AW

The artificial kidney, a description and discussion of the modification of Leonards and Skeggs. *With* PJ Hettle

**1**:18, June 1953

Leiomyosarcoma of the urinary bladder with review of the literature. *With* RD Urwiller and TG Pantos

**10**:445,1962

Spontaneous rupture of the kidney pelvis secondary to impacted ureteral calculus. *With* JL Irwin

**12**:83,1964

Nodular excision of prostatic carcinoma. *With* EE Steinhardt

**17**:135,1969

BOJARSKI, BK

Epidemiological survey of postoperative surgical infections. *With* JP Truant

**13**:223,1965

BOLSTAD, DS

Glomus jugularis tumors: A report of four cases. *With* JL Dill

**2**:112,1954

BOSSART, JF

Effects of the potent nephrotogenic aminonucleoside of puromycin on phospholipid metabolism in rat kidney cortex subcellular fractions. *With* PD Bartlett

**16**:137, 1968

Cation transport. I. Metabolic activity in the polyphosphoinositide complex in isolated renal cortex tubules. *With* PD Bartlett

**17**:247,1969

BOSTIC, O

Atrial sounds in atrial flutter. *With* WFC Duvernoy and GM Breneman

**19**:115,1971

BOSWORTH, DM

A report of some examples of abnormal halo volume. *With* HM Frost, RH Hallburton and Z Sezgin

**9**:404,1961

Effect of Marsilid on diaphyseal lamellar rabbit bone. *With* Z Sezgin and HM Frost

**10**:209,1962

BOWER, GF

Joint pain and pulmonary disease. *With* GF Brinkman, EO Coates, I Friedman, WR Eyler and P Chapman

**11**:339,1963

BOYD, TT

A comparison of the immunofluorescence technique with conventional methods for the identification of group A beta hemolytic streptococci. *With* JP Truant and IK Hadley

**13**:357,1965

BRACKETT, RG

Rubella immunization of adult females using HPV-77 DK-12 live attenuated rubella virus. *With* DA Romig, EL Quinn and F Cox Jr

**19**:59,1971

BRADY, NC

Protein electrophoresis. *With* EF Wilt

**6**:196,1958

BRENEMAN, GM

Hydrochlorothiazide in the treatment of congestive heart failure. *With* JW Keyes and H Alvarez

**7**:188,1959

Treatment of congestive heart failure with 3-benzyl dihydroflumethiazide. Preliminary report. *With* JW Keyes

**7**:281,1959

Polythiazide in the treatment of congestive heart failure. *With* JW Keyes and JR deJesus Jr

**10**:555,1962

Atrial sounds in atrial flutter. *With* O Bostic and WFC Duvernoy

**19**:115,1971

BRENNAN, MJ

Inhalation and nasal instillation of crystalline $B_{12}$ therapy in pernicious anemia. *With* JW Rebuck and RW Monto

**1**:15, Mar 1953

Experiences with intra-cavitary radiogold at Henry Ford Hospital. *With* KD McGinnis and L Preuss

**4**:89,1956

Intra-arterial chemotherapy of malignant diseases. *With* RW Talley, VK Vaitkevicius and JE Kelly

**9**:1,1961

Pheochromocytoma: A familial tumor. A study of eleven families. *With* EI Moorhead, JR Caldwell and WC Averill

**13**:467,1965

Critical analysis of the control of malignant effusions with radioisotopes. *With* RM O'Bryan, RW Talley and E San Diego

**16**:3,1968

BRESNAHAN, BK

The psychiatric walk-in clinic service. An interim report of experience at Henry Ford Hospital. *With* L Schilhaneck

**20**:103,1972

BRETT, WA

Fluorescence microscopy of tubercle bacilli stained with auramine and rhodamine. *With* JP Truant and W Thomas Jr

**10**:287,1962

Application of an electronic counter in the evaluation of significant bacteriuria. *With* JP Truant and KE Merckel

**10**:359,1962

BREWER, WA

Successful ligation of the anterior descending branch of the left coronary artery. *With* FW Holmes

**3**:2,1955

BRIDWELL,T

Gonadal dysgenesis (Turner's syndrome) with associated liver disease and bleeding esophageal varices

**7**:156,1959

BRINKMAN, GL

The results of surgery for bronchiectasis. *With* H Pauli

**6**:318,1958

The importance of biopsy of non-palpable scalene nodes in bronchogenic carcinoma. *With* BK Mazur

**10**:433,1962

Joint pain and pulmonary disease. Case report from medical grand rounds. *With* EO Coates, GF Bower, I Friedman, WR Eyler and P Chapman

**11**:339,1963

BROWELL, JN

Aortic valve lesions associated with osteogenesis imperfecta. *With* EH Drake

**14**:245,1966

BROWN, CH

Complicated peptic ulcer treated by cobalt-60 teletherapy. A preliminary report of results in 34 patients

**5**:276,1957

BROWN, PN

Experimental treatment of typhoid carriers. *With* HE Carnes, JE Gajewski and JH Conlin

**3**:12,1955

BRUMFIEL, DM

Eighteen years' experience in rehabilitation

**3**:9,1955

BRUSH, BE

Iodized salt for the prevention of goiter, a lifelong interest of Dr. Roy D. McClure.

**1**:3, June 1953

BRUSH, BE continued
Conservative management of diabetic foot complications. *With* WL Lowrie and WE Redfern
**2**:79,1954

Hyperinsulinism. *With* WL Lowrie, E Redfern and FW Hallinger
**3**:142,1955

Symposium on postmastectomy lymphedema of the arm: Introduction
**4**:62,1956

A device for the prevention of phlebothrombosis and pulmonary embolism. *With* JH Wylie, MA Block, J Beninson and JJ Spitzer
**7**:27,1959

Marlex mesh - a new plastic mesh for the repair of hernia. *With* JL Ponka, JH Wylie, L Chaikof and C Sergeant
**7**:278,1959

Effects of prednisone on gastric secretion in sympathectomized Heidenhain pouch dogs. *With* WH Janke, PC Pesaros and JL Ponka
**10**:439,1962

The effects of prednisone on gastric secretion in antrectomized Heidenhain pouch dogs. *With* E Morfin, H Jenny, W Janke and JL Ponka
**11**:189,1963

An infrequent surgical error: Gastroileostomy. *With* JH Wylie Jr and B Lewinson
**11**:357,1963

Acute abdominal pain in aged patients. An analysis of 200 cases. *With* JL Ponka and JL Welborn
**12**:159,1964

Small bowel perforation in blunt abdominal trauma. *With* C Grodsinsky
**19**:141,1971

Massive gastrointestinal hemorrhage originating from the cecum. *With* C Grodsinsky
**19**:223,1971

The role of surgery in diverticulitis. *With* C Grodsinsky, J Soares and MA Block
**20**:33,1972

BRYAN, HG
Extensive stasis ulcerations: Report of a case. *With* J Beninson
**9**:530,1961

BRYAN, JB
Questions and answers about tolbutamide, the oral hypoglycemic agent. *With* FW Whitehouse
**5**:179,1957

BRYANT, V
A comparison of light microscopy staining methods applied to a polyster and three epoxy resins. *With* JHL Watson
**15**:65,1967

BUERKI, RC
Future trends in health care
**14**:9,1966

BURCON, R
Evaluation of two mucolytic agents as digestants for the isolation of mycobacteria. *With* JP Truant
**12**:451,1964

BURGER, JH
Serious hypotension following seafood ingestion. *With* KC Wright and JH Shaffer
**2**:28,1954

BURNS, WM
A reasonable attitude toward the medical use of diagnostic radiation. *With* WR Eyler
**5**:192,1957

BUSH, G
Scrotal inflation: A new cause for subcutaneous, mediastinal and retroperitoneal emphysema. *With* RK Nixon
**17**:225,1969

BUTT, WD
Rigid wire fixation of fractures of the hand
**4**:134,1956

CALDERON, R
Diabetic amyotrophy: *With* J Peacock
**12**:135,1964

Behcet's disease with neurological involvement
**12**:205,1964

Hereditary spino-cerebellar ataxia, oligophrenia and congenital cataracts
**12**:395,1964

CALDWELL, AB
Hospital administration as a medical elective
**13**:157,1965

CALDWELL, ES
Genetic counseling for hemoglobinopathies: A model for large scale application. *With* CE Jackson and EJ Van Slyck
**20**:77,1972

CALDWELL, JR
Polyostotic fibrous dysplasia. A case report
**2**:7,1954

The importance of basal blood pressure. *With* FW Hollinger
**3**:175,1955

Chlorothiazide as an adjunct in the treatment of hypertensive cardiovascular disease. *With* RJ Karjala
**6**:38,1958

Hypertension muscle weakness and polyuria. Case report from medical grand rounds. *With* FW Whitehouse, RW Smith, TN James, JW Keyes and FR Neher
**11**:157,1963

CALDWELL, JR continued
Compression tank sphygmomanometer inflater. *With* FH Allen and R Jackson
**12**:323,1964

Pheochromocytoma: A familial tumor. A study of eleven families. *With* MJ Brennan, EL Moorehead and WC Averill
**13**:467,1965

Renal arterial reconstruction in the treatment of hypertension due to renal artery stenosis. *With* RF Smith and DE Szilagyi
**14**:95,1966

CALDWELL, MJ
The effect of the administration of the anticoagulant Marcumar on the blood coagulation mechanisms. *With* SA Johnson and EM Priest
**4**:224,1956

Hemorrhagic complications of polycythemia vera. *With* JP Abraham, SA Johnson and ON Ulutin
**9**:11,1961

CAMACHO, E
The neutralization of gastric acid by bile transported through jejunal transplants: Preliminary report. *With* J Barron, EJ Gray and FH Duffy
**6**:180,1958

Gallstone ileus. *With* JG Whitcomb and DM Evans
**6**:345,1958

Splenic rupture: With consideration of the so-called "sponaneous rupture of normal spleen"
**7**:30,1959

An experimental study on the action of bile in the normal dog and its protective role in dogs with ulcerogenic operation
**8**:345,1960

CANTON, JN
Granulosa and theca cell tumors of the ovary. *With* CP Hodgkinson
**8**:318,1960

CARANDANG, NV
Photographic features of benign and malignant ulcers. *With* BM Schuman and RJ Priest
**17**:275,1969

CARBONE, AO
Gaucher's disease: Case report with stress on eye findings
**19**:55,1968

CARDELL, RR Jr
The advantages of Vestopal W as an embedding material for biological and medical microscopy.
**9**:379,1961

Observations on the ultrastructure of human skin. *With* F Hu
**10**:63,1962

The cytophysiology of the anterior pituitary gland
**11**:409,1963

Cytology of cells synthesizing specific proteins. *With* F Hu and RS Knighton
**12**:273,1964

CARDENAS, J
Combined action of 5-fluorouracil and other cytotoxic agents with crystalline ribonuclease on mouse ascites tumor. *With* S Podolsky and AW Wase
**9**:583,1961

CARNES, HE
Experimental treatment of typhoid carriers. *With* JE Gapewski, PN Brown and JH Conlin
**3**:12,1955

CARON, P
Turner's syndrome in males. *With* WC Mieher, RC Mellinger and EW Green
**12**:121,1964

CASSIDY, WJ
Psychiatric emergencies
**15**:119,1967

Assessing attempted suicide
**18**:205,1970

CHAIKOF, L
Marlex mesh - a new plastic mesh for the repair of hernia. *With* JL Ponka, JH Wylie, C Sergeant and BE Brush
**7**:278,1959

CHAPEL, TA
Mycosis fungoides with thrombotic microangiopathy and major central nervous system manifestations. *With* SM Saeed and BW Steinhauer
**18**:237,1970

CHAPMAN, P
Joint pain and pulmonary disease. Case report from medical grand rounds. *With* GF Brinkman, GF Bower and I Friedman
**11**:339,1963

CHASE, WE
An evaluation of radical perineal prostatectomy for carcinoma
**3**:122,1955

CHOITZ, HC
Growth hormone, insulin and replacement or storage of nitrogen. *With* OH Gaebler
**13**:377,1965

CHURCHILL, JA
The worth of serial electroencephalograms. *With* S Gonzalez
**4**:186,1956

Changes in behavior through stimulation of the reticular formation of the monkey. LD Proctor, RS Knighton and J Bebin
**6**:266,1958

Relationship of acetylcholinesterase in the cochlea to the olivocochlear bundle. *With* HF Schuknecht
**7**:202,1959

Spastic diplegia of premature birth
**7**:257,1959

Prematurity and neurological disorders. *With* EA Bandera
**9**:414,1961

CLARKE, HA
Parkinson's disease associated with hypoparathyroidism. *With* B Frame
**10**:51,1962

CLIFFORD, RH
Punch press injuries to the hand
**2**:73,1954

COATES, EO Jr
Some practical applications of pulmonary function studies in chest disease
**3**:50,1955

Responsiveness of the respiratory centers in cardiacs with mitral diseases. *With* HG Pauli and FE Noe
**5**:119,1957

Joint pain and pulmonary disease. Case report from medical grand rounds. *With* GF Brinkman, GF Bower, I Friedman, WR Eyler and P Chapman
**11**:339,1963

COLEMAN, JF
Pediatric cardiac catheterization; analgesia or anesthesia
**8**:306,1960

COLLIER, B
Narcotic drugs in the postanesthetic recovery room. *With* JW Ditzler and PR Dumke
**10**:339,1962

Aneurysm of the hepatic artery as an unusual cause of obstructive jaundice. *With* TA Fox
**14**:421,1966

COLVILLE, JM
Acute respiratory infections in civilian adults. I. Antibody response to polyvalent influenza-adenovirus inactivated vaccine. *With* EA Timm, F Cox Jr, EL Quinn, IW McLean
**10**:27,1962

Antimicrobial activity of penicillin V and phenethicillin with special reference to organisms isolated from 17 patients with subacute bacterial endocarditis. *With* EL Quinn
**10**:399,1962

Antimicrobial activity of phenoxymethyl and alpha phenoxyethyl. Penicillins against organisms isolated from 17 patients with subacute bacterial endocarditis. *With* EL Quinn, D Jones and LA Ballard
**10**:405,1962

CONLIN, JH
Experimental treatment of typhoid carriers. *With* HE Carnes, JE Gajewski and PN Brown
**3**:12,1955

CONNOLLY, T
Simple methods for detection of bacteriuria in the physician's office. *With* EG Heinze Jr, A Hodari, D Jones, F Cox and EL Quinn
**16**:279,1968

COSKEY, RJ
Dermatitis herpetiformis associated with a focus infection. *With* RP Fosnaugh
**9**:436,1961

COSTELLO, MR
Helping the hearing impaired to achieve better articulation
**5**:103,1957

COURIS, GD
Epidermoid cyst formation seventeen years following cutis graft. Repair of incisional hernia
**12**:141,1962

COX, F Jr
Acute respiratory infections in civilian adults. I. Antibody response to polyvalent influenza. Adenovirus inactivated vaccine. *With* EA Timm, EL Quinn, JM Colville and IW McLean
**10**:27,1962

Acute respiratory infections in civilian adults. II Clinical and serologic observations in a vaccine study group. *With* EZ Timm, IW McLean, CF Weiss and EL Quinn
**11**:273,1963

A method of hospital infection surveillance incorporating the use of the computer. *With* BW Steinhauer, GHC Stobie and EL Quinn
**15**:139,1967

In-vitro activity of lysostaphin. Bioassay in serum. *With* DN Jones and EL Quinn
**16**:235,1968

COX, F Jr continued
Simple methods for detection of bacteriuria in the physician's office. *With* EG Heinze Jr, A Hodari T Connolly, D Jones and EL Quinn
**16**:279,1968

Rubella. Current status of immunization. *With* EL Quinn and D Romig
**18**:73,1970

Cephalexin: In vitro and in vivo studies. *With* EL Quinn, F Fox, BG Gatmaitan and N Peterson
**18**:91,1970

Rubella immunization of adult females using HPV-77 DK-12 live attenuated rubella virus. *With* DA Romig, EL Quinn and RG Brackett
**19**:59,1971

CRIDER, RJ Jr
Pneumatosis cystoides intestinalis. The report of a case associated with severe pulmonary disease and chronic lymphocytic leukemia. *With* P Bentlif
**17**:285,1969

CROMWELL, TA
The prevention of recurrent peritoneal adhesions. A clinical and laboratory investigation. *With* JL Ponka
**18**:233,1970

CULP, OS
Further experiences with hypospadias
**14**:17,1966

CURTISS, AS
Observations on uric acid transport in man, the Dalmatian, and the non-Dalmatian dog. *With* H Duncan
**19**:105,1971

DANAO, SC
Comparative gastroscopic study of choline salicylate and aspirin. *With* BM Schuman
**20**:27,1972

DARNLEY, JD
Diastematomyelia: A treatable lesion in infancy and childhood
**3**:130,1955

Parkinsonism: Neurological considerations
**6**:222,1958

DASGUPTA, D
Sarcoidosis and idiopathic thrombocytopenic purpura. *With* J VanSlyck
**17**:93,1969

DEMOURA, LFP
Pathology of secretory otitis — A temporal bone report. *With* RC Hayden Jr
**17**:25,1969

DENHAM, RM
Paroxysmal auricular tachycardia with block
**3**:154,1955

DEVORE, H
A computer identification of the EEG in a neurophysiological behavioral problem. *With* WR McCrum, AW Jacobson, LD Proctor and H van den Ende
**11**:385,1963

DEW, R
Sclerosing cholangitis: A case report. *With* WS Haubrich, P Williams and MA Block
**14**:131,1966

DICKS, RL
The certified chaplain in the modern hospital
**2**:140,1954

DICKSON, DN
The rationale of breast radiography. *With* AK Poznanski and L Stevenson
**11**:437,1963

DICKSON, LC Jr
The meaning of psychosomatic medicine
**2**:68,1954

Preliminary experience with the glutamic oxaloacetic transaminase determination in acute myocardial infarction in humans. *With* EM Priest, DG Remp and DH Basinski
**3**:208,1955

DIENST, SG
Initial studies of isolated kidney perfusion. *With* MA Krieg
**17**:165,1969

In vitro kidney preservation techniques
**18**:149,1970

Use of a cooling jacket during kidney transplantation. *With* MR Ansari
**19**:127,1971

DILL, JL
Glomus jugularis tumors: A report of four cases. *With* DS Bolstad
**2**:112,1954

Impaired hearing in children; a review of 227 patients
**10**:55,1962

DITZLER, JW
Induced hypotension
**4**:12,1956

Symposium: Primary aldosteronism. *With* R Mellinger, B Therian, IT Kline, R Smith and G Fine
**6**:1,1958

Physiological trepass in anesthesia
**6**:274,1958

Narcotic drugs in the postanesthetic recovery room. *With* PR Dumke and B Collier
**10**:339,1962

DOUB, HP
Isotopes in medicine: Introduction
**4**:87,1956

Radiology in this century
(Historical supplement) **14**:79,1966

DOWNS, D
Health nurse clinician — An extended role for the professional nurse. *With* CE Rupe, DL Kerr and WW Hardy
**18**:187,1970

DRAKE, EH
Refractory heart failure
**8**:138,1960

Sudden death in Doberman pinschers. *With* TN James
**13**:183,1965

Hepatic artery catherization for local organ perfusion in malignant disease. *With* HH Gale and JD Stewart
**13**:251,1965

Aortic valve lesions associated with osteogenesis imperfecta. *With* JN Browell
**14**:245,1966

Electrical conversion of atrial fibrillation: Clinical experience in 185 cases with long term results. *With* R Garcia, KF Lang and JW Keyes
**16**:195,1968

Pulmonary angiograms and isotope lung scans. Their role in the diagnosis of pulmonary embolism. *With* RS Ormond, RA Rideout and S Misra
**17**:3,1969

Complications of pulmonary angiography. *With* DT Anbe
**18**:49,1970

Quantitation of aortic valvular insufficiency using radioactive tracers. An experimental study in vitro. *With* FJ Hildner, WR Pierson, B Weinstock and RS Ormond
**18**:27,1970

Dissecting aneurysm of the aorta: Diagnosis, treatment and prognosis. *With* HJ Lee
**19**:177,1971

DRAKE, ET
Use of radioactive colloidal gold (Au) in treatment of carcinoma of the cervix
**5**:185,1957

DRIPPS, RD
Hypothermia and artificial hibernation
**3**:57,1955

DRUKKER, BH
Carcinoma of the fallopian tube. *With* V Gantus and CP Hodgkinson
**19**:217,1971

DUBOIS, JR Jr
Neurologic complications of phenothiazine therapy
**11**:59,1963

DUFFY, FH
The neutralization of gastric acid by bile transported through jejunal transplants: Preliminary report. *With* E Camacho, J Barron and EJ Gray
**6**:180,1958

DUMKE, PR
Newer opium antagonists. Their actions and use
**2**:176,1954

Newer agents for the anesthesiologist
**4**:5,1956

Narcotic drugs in the postanesthetic recovery room. *With* JW Ditzler and B Collier
**10**:339,1962

DUNCAN, H
Psoriatic arthritis. *With* D Oberg and WR Eyler
**13**:173,1965

Palindromic rheumatism, systemic lupus erythematosus, and circulating anticoagulant activity. *With* EJ VanSlyck
**14**:249,1966

Sjogren's syndrome in childhood. Report of a case. *With* BN Epker and GM Sheldon
**17**:35,1969

DUNCAN, H continued
Observations on uric acid transport in man, the Dalmatian, and the non-Dalmatian dog. *With* AS Curtiss
**19**:105,1971

DUNN, RG
An admissions scheduling program
**15**:319,1967

DURHAM, RH
Some unusual medical syndromes
**6**:11,1958

Book review: Encyclopedia of medical syndromes
**7**:341,1959

DuSAULT, LA
Physics in radiation
**6**:99,1958

The liver photoscan in the recognition and management of abdominal masses. *With* MA Schuman, BM Eyler and WR Truant
**14**:85,1966

Isotope cisternography — RISA®. *With* JL Fenton, WR Eyler, GM Griser and FC Stebner
**17**:117,1969

DUTCHESHEN, LT
Aqueous microbiology: The possible role of cell wall deficient bacteria in uveitis. With PC Hessburg, LH Mattman and C Barth
**17**:177,1969

DUVERNOY, WFC
Do we need the one-minute bilirubin? *With* JA Rinaldo Jr and DG Remp
**12**:447,1964

Rheumatoid spondylitis associated with aneurysmal dilatation of the entire thoracic aorta. *With* I Schatz
**14**:309,1966

Atrial sounds in atrial flutter. *With* O Bostic and GM Breneman
**19**:115,1971

EADIE, GA
Lessons learned from the Detroit Transmission Division fire of August 12, 1953
**3**:18,1955

Edsel B. Ford memorial lectures
**6**:92,1958

EISSES, JF
Summary report: Antimicrobial susceptibility test results from Henry Ford Hospital compared with others nationally, January-June 1969. *With* TR Neblett and J Schott
**17**:227,1969

ELLIOTT, JP Jr
Surgical treatment of portal hypertension: Review of Henry Ford Hospital experience. *With* KH Wong and RF Smith
**18**:121,1970

ELLIS, RS
Asthma in children — outcome in 100 cases. *With* TH Joos
**3**:73,1955

ELWOOD, WK
The effect of maternal hypoxia upon fetal dental enamel. *With* WF Via and J Bebin
**7**:94,1959

ENDE (See VAN DEN ENDE)

ENRIQUEZ, P
Enzyme histochemistry of the human carotid body. *With* G Fine and AR Morales
**16**:313,1968

ENSIGN, DE
The Henry Ford Hospital Medical Association
**3**:1,1955

The Henry Ford Hospital Medical Association
**5**:226,1957

EPKER, BN
Evidence that bone resorption precedes formation at the cellular level. *With* R Hattner, HM Frost and H Takahashi
**12**:359,1964

The presence of iron in osteoid seams and dental tubules. *With* A Villanueva, M Kelin and HM Frost
**12**:557,1964

Relation between age and size of osteons in man. *With* H Takahashi and HM Frost
**13**:25,1965

Clinical and histopathological aspects of salivary gland tumors
**15**:345,1967

Nature of bone resorption and formation in normalcy and disease. *With* HM Frost
**18**:29,1968

Sjogren's syndrome in childhood: Report of a case. *With* H Duncan and G Sheldon
**17**:35,1969

ERWIN, JC
One-drop test for urine protein determination. *With* EM Knights Jr
**5**:268,1957

ESCHBACH, J Jr
Fever, chills, hepatomegaly and debility. Case report from medical grand rounds. *With* JE Garman, B Frame and WS Haubrich
**11**:65,1963

EVANS, DM
Gallstone ileus. *With* E Camacho and JG Whitcomb
**6**:345,1958

EYLER, WR
Some roentgen manifestations of acute abdominal disease
**2**:2,1954

Postmastectomy edema of the arm: Roentgen aspects. *With* JR Gish
**4**:64,1956

A reasonable attitude toward the medical use of diagnostic radiation. *With* WM Burns
**5**:192,1957

Pulmonary findings in the collagen diseases
**7**:231,1959

Bronchopulmonary mycosis: A 20-year study of siblings. *With* BM Hamil, JW Rebuck and GA LoGrippo
**7**:295,1959

Joint pain and pulmonary disease. Case report from medical grand rounds. *With* GF Brinkman, EO Coates, GF Bower, I Friedman and P Chapman
**11**:339,1963

Psoriatic arthritis. *With* H Duncan and D Oberg
**13**:173,1965

Werner's syndrome. *With* WM Rutt, PA Kvale and RE Birk
**13**:411,1965

The liver photoscan in the recognition and management of abdominal masses. *With* MA Schuman, WR Truant and LA DuSault
**14**:85,1966

A radiologic quiz
**15**:262,1967

Isotope cisternography — RISA®. *With* JL Fenton, LA DuSault, GM Griser and FC Stebner
**17**:117,1969

FALCONER, HA
The effect of phenobarbital on serum bilirubin of full term infants. A controlled study. *With* MJ Kokosky and L Weiss
**18**:275,1970

FALKSON, G
Phosphate diabetes. A review. *With* B Frame
**6**:244,1958

FALLIS, LS
The Billroth I gastrectomy
**1**:10, June 1953

Suction tube for fistulae. Especially for esophageal duodenal and pancreatic use. *With* J Barron
**2**:71,1954

FARRAR, CB
Psychotherapy
**3**:90,1955

FARROW, GB
Mixed gonadal stroma cell tumor of the testicles: A case report. *With* AJ Johnson
**18**:201,1970

FAVAZZA, AR
Promethazine-chlorpromazine combination in the treatment of unmanageable psychotic patients
**17**:305,1969

FENTON, JL
Isotope cisternography — RISA®. *With* WR Eyler, LA DuSault, GM Griser and FC Stebner
**17**:117,1969

FERGUSON, WW
Special types of Escheria coli in infant diarrhea
**1**:9, Sept 1953

FETZ, RJ
A prognosis in cancer of the kidney
**3**:149,1955

FINE, G
Symposium: Primary aldosteronism. *With* R Mellinger, B Therian, IT Kline, J Ditzler and R Smith
**6**:1,1958

Exfoliative cytology in the clinical evaluation of gastric ulcer. *With* JA Rinaldo, JA Marvel and E Watson
**7**:216,1959

Extra skeletal osteogenic sarcoma. Case report
**14**:381,1966

A case of renal thrombotic thrombocytopenic purpura with comments on coagulation and immunofluorescent studies
**16**:239,1968

Enzyme histochemistry of the human carotid body
**16**:313,1968

Bovine testicular antihyaluronidase in rabbits — Production and purification
**17**:19,1969

FISCHBEIN, JW
The diagnosis of hepatic pathology by needle biopsy. *With* RJ Priest, HH Steele and WL Agey
**2**:190,1954

FLEMING, JL
Lymphangiosarcoma occurring in postmastectomy lymphedema. *With* MA Block and JR Gish
**4**:62,1956

Bilateral agenesis of upper extremity
**4**:81,1956

FORD, B
The accomplishments of fifty years
**14**:3,1966

FOSNAUGH, RP
Dermatitis herpetiforms associated with a focus infection. *With* RJ Coskey
**9**:436,1961

FOX, JD
The brevity of Babinski
**4**:114,1956

FOX, TA
Aneurysm of the hepatic artery as an unusual cause of obstructive jaundice. *With* RL Collier
**14**:421, 1966

Duodeno-jejunal injuries following blunt trauma to the abdomen. *With* JB Keplinger, AS Tootla and MA Block
**16**:111,1968

Serum immunoglobulins in the differential diagnosis between intrahepatic viral jaundice and extrahepatic obstructive jaundice. *With* GA LoGrippo and MA Block
**16**:289,1968

Total gastrectomy for carcinoma of the stomach
**18**:21,1970

The clinical course of duodenal ulcer associated with hyperparathyroidism. *With* MA Block and B Frame
**19**:21,1971

FRAME, B
Phosphate diabetes; a review. *With* G Falkson
**6**:244,1958

Clinical evaluation of renal tubular phosphorus reabsorption test. *With* R Mellinger
**7**:88,1959

Carcinoma of the pancreas with unusual central nervous system complications. Clinical pathological conference. *With* RK Nixon and J Bebin
**7**:309,1959

Refractory rickets and osteomalacia. *With* G Manson
**8**:293,1960

Acquired non-familial osteomalacia of vitamin-D-resistant type. *With* RW Smith Jr and GM Wilson
**9**:548,1961

Parkinson's disease associated with hypoparathyroidism. *With* HA Clarke
**10**:51,1962

Fever, chills, hepatomegaly and debility. Case report from medical grand rounds. *With* J Eschbach Jr, WS Haubrich and JE Garman
**11**:65,1963

Studies on the ultrafiltration of serum calcium. *With* GA Leighton and R Holland
**12**:37,1964

Primary hyperparathyroidism with hypercalcemia 28 years before treatment. *With* WS Haubrich and AR Arnstein
**12**:327,1964

Metabolic bone disease
**13**:289,1965

Medical approach to the diagnosis of kidney stones
**13**:435,1965

The polyendocrine syndromes
**14**:71,1966

Endocrine factors in peptic ulcer
**14**:173,1966

The clinical course of duodenal ulcer associated with hyperparathyroidism. *With* MA Block, TA Fox, Jr.
**19**:21,1971

Branchial anomalies in idiopathic hypoparathyroidism: Branchial dysembryogenesis. *With* MJ Miller, AK Poznanski, CE Jackson and G Bermudez
**20**:3,1972

FRANCE, L
An elastic arterial substitute made of Dacron textile fabric. *With* DE Szilagyi
**6**:203,1958

FRIEDMAN, I
Joint pain and pulmonary disease. Case report from medical grand rounds. *With* GF Brinkman, EO Coates, P Chapman, WR Eyler and GF Bower
**11**:339,1963

FROST, HM
Some observations on bone mineral in a case of vitamin D resistant rickets
**6**:300,1958

Presence of microscopic cracks in vivo in bone.
**8**:25,1960

Some aspects of the mechanics and dynamics of blood-bone interchange
**8**:36,1960

FROST, HM continued

An economical microfluorescence set-up for detection of tetracyclines in bone
**8**:197,1960

Observations on fibrous and lamellar bone
**8**:199,1960

Measurement of osteocytes per unit volume and volume components of osteocytes and canaliculae in man
**8**:208,1960

Observations on osteoid seams. *With* AR Villanueva
**8**:212,1960

Observations on osteoid seams: The existence of a resting state
**8**:220,1960

In vivo impermeability of feathered bone to tetracyclines
**8**:225,1960

Halo volume. *With* AR Villanueva and H Roth
**8**:228,1960

Measurement of bone formation in a 57-year-old man by means of tetracyclines. *With* AR Villanueva and H Roth
**8**:239,1960

Pyogenic osteomyelitis: Diffusion in live and dead bone with particular reference to the tetracycline antibiotics. *With* AR Villanueva and H Roth
**8**:255,1960

Pyogenic osteomyelitis: The normal bone spaces as a bacterial reservoir
**8**:263,1960

Lamellar osteoid mineralized per day in man
**8**:267,1960

Crossed-pin technique in management of complex tibial fractures
**8**:394,1960

Introduction to joint biomechanics
**8**:415,1960

Pyogenic osteomyelitis: The influence of bone remodelling on recurrence
**9**:42,1961

Human osteoblastic activity: Introduction
**9**:75,1961

Part I: A comparative method of measurement with some results. *With* AR Villanueva
**9**:76,1961

Part II: Measurement of the biological half-life of bones with the aid of tetracyclines
**9**:87,1961

Part III: The effect of cortisone on lamellar osteoblastic activity. *With* AR Villanueva
**9**:97,1961

Part IV: The effect of severe cardiac failure. *With* AR Villanueva
**9**:100,1961

Feathering: A theory of genesis
**9**:103,1961

A possible new cause for aseptic necrosis. *With* PH McFarland
**9**:115,1961

Halo volume. Introduction to qualitative studies
**9**:123,1961

Part I: The effect of pH on size. *With* H Roth and AR Villaneuva
**9**:126,1961

Part II: The effect of citrate ion concentration on size. *With* H Roth and AR Villanueva
**9**:130,1961

Part III: Existence of a pattern in the matrix. *With* H Roth and AR Villanueva
**9**:133,1961

Part IV: Measurement of the diffusion pathway between osteocyte lacuna and blood
**9**:137,1961

Human haversian system measurements
**9**:145,1961

Physical characteristics of bone: Introduction
**9**:148,1961

Part I: The existence of plastic flow in vitro. *With* H Roth and AR Villanueva
**9**:149,1961

Part II: Biphasic elastic behavior of fresh human bone. *With* H Roth and AR Villanueva
**9**:153,1961

Part III: A semimicro measurement of unit shear stress. *With* H Roth and AR Villanueva
**9**:157,1961

Part IV: Microscopic prefailure and failure patterns. *With* H Roth and AR Villanueva
**9**:163,1961

Observations on passive transfer of bone mineral in man and nucleation
**9**:171,1961

Evidence for the existence of two physical states of bone mineral
**9**:178,1961

Known qualitative variables in human bone
**9**:180,1961

Osteoporosis: the orientation of future basic research
**9**:183,1961

Experimental multiband tetracycline measurement of lamellar osteoblastic activity. *With* H Roth, AR Villanueva and S Stanisavljevic
**9**:312,1961

FROST, HM continued

A report of some examples of abnormal halo volume. *With* DM Bosworth, RH Halliburton and Z Sezgin
**9**:404,1961

Specific surface and specific volume of normal human lamellar bone
**10**:35,1962

Orthopedic research papers. Third supplement: Introduction
**10**:116,1962

A model of endocrine control of bone remodelling
**10**:119,1962

Effect of estrogen on resorption of chondro-osseous complex in the rat. *With* H Roth, AR Villanueva and S Stanisavljevic
**10**:171,1962

Effect of adrenal corticoids on lamellar bone formation rate in rat diaphysis. *With* S Stanisavljevic, H Roth and AR Villanueva
**10**:179,1962

Effect of adrenal corticoids on chondro-osseous complex osteoclasia. *With* S Stanisavljevic, AR Villanueva and H Roth
**10**:185,1962

Effect of thyroxine on chondro-osseous complex resorption in the rat. *With* AR Villanueva, S Stanisavljevic and H Roth
**10**:199,1962

Effect of Marsilid on diaphyseal lamellar rabbit bone. *With* Z Sesgin and D Bosworth
**10**:209,1962

Qualitative method for measuring osteoclastic activity. *With* AR Villanueva and H Roth
**10**:217,1962

Human osteoclastic activity: Qualitative histological measurement. *With* AR Villanueva
**10**:229,1962

Physical characteristics of bone. Shrinkage and hydration.
**10**:237,1962

Microscopy: Depth of focus, optical sectioning and integrating eyepiece measurement.
**10**:267,1962

The osteoporoses: A definition of terms and concepts
**10**:315,1962

A function generator for the mesenchymal cell activation function, for use in the electric analog computer. *With* S Schen
**11**:195,1963

Mean skeletal age: Its calculation and theoretical effects on skeletal tracer physiology and on the physical characteristics of bone. *With* E Hattner
**11**:201,1963

The eleventh rib biopsy in the study of metabolic bone disease. *With* ED Sedlin, and AR Villanueva
**11**:217,1963

Cell generation systems: A new concept in medicine
**11**:391,1963

An equation for the mesenchymal cell activation function in the lamellar bone remodelling equations. *With* R Hattner
**11**:455,1963

A pilot study of lamellar bone physiology in diabetes mellitus. *With* M Klein and E Sedlin
**12**:55,1964

Effect of adrenalcorticoid hormones on human lamellar bone: Quantitative histological measurements of resorption and formation indices. *With* AR Villanueva and M Klein
**12**:63,1964

Evidence that bone resorption precedes formation at the cellular level. *With* BN Epker, R Hattner and H Takahashi
**12**:359,1964

Lamellar bone physiology in diabetes mellitus. Introduction
**12**:495,1964

Radial rate of osteon closure, measured by means of tetracycline labelling. *With* O Landeros
**12**:499,1964

The shape of the kinetic curve of osteon formation. *With* L Ilnicki, and M Kelin
**12**:507,1964

The cross section size of the osteon. *With* O Landeros
**12**:517,1964

The numbers of bone resorption and formation foci in rib. *With* M Kelin
**12**:527,1964

The kinetics of the resorption process in osteonal remodeling of diabetic ribs. *With* H Takahasi
**12**:537,1964

Cortical area of diabetic bone. *With* M Kelin
**12**:547,1964

The presence of iron in osteoid seams and dental tubules. *With* A Villanueva, M Kelin and B Epker
**12**:557,1964

Evidence of periodic changes in the rate of individual osteons in human bone. *With* M Kelin
**12**:565,1964

Relation between age and size of osteons in man. *With* H Takahashi and BN Epker
**13**:25,1965

Are there cell behavioral modes unaffected by aging? *With* R Hattner and O Landeras
**13**:33,1965

FROST, HM continued

The presence of frequency maxima in histograms of resorption space size in human rib cortex. *With* H Takahashi
**13**:41,1965

A synchronous group of mammallian cells whose in vivo behavior can be studied
**13**:161,1965

An analysis of the relative complexity of cell system dynamics in bone
**13**:271,1965

Tetracyclines and fetal bones
**13**:403,1965

Bone as a physiological tool
**14**:63,1966

Normal histological tetracycline and dynamic parameters in human mineralized bone sections
**14**:195,1966

Fractional labeling. The fraction of activity forming osteons that take tetracycline labels in normal human bone
**14**:255,1966

The existence of a zone of finite thickness during tetracycline labeling of bone
**14**:397,1966

Tetracycline-based measurement of bone dynamics in rib of a girl dying of Gaucher's disease
**15**:3,1967

Osteoid seams and resorption spaces in standard samples of human 6th and 11th ribs. *With* F Santoro
**15**:262,1967

Tetracycline-based histological measurement of cortical-endosteal bone formation in normal and osteoporotic rib. *With* S Jett and K Wu
**15**:325,1967

Nature of bone resorption and formation in normalcy and disease. *With* BN Epker
**16**:29,1968

Correlation of the transverse sizes of 6th and 11th ribs in normal and osteoporotic individuals. *With* F Santoro
**16**:87,1968

Tetracycline-based measurements of the bone dynamics in the rib of a girl with hyperphosphatasia. *With* S Jett
**16**:325,1968

Evaluation of cellular-level haversian bone resorption in human hyperparathyroid states: A preliminary report. *With* AR Villaneuva, ZF Jaworski, P Meunier and AG Shimizu
**17**:259,1969

A replacement prosthesis for the hip: A preliminary report. *With* ER Guise
**19**:3,1971

Postmenopausal osteoporosis: The evolution of our concepts of its cause
**20**:83,1972

FRUCHTMAN, MZ

Bio-science seminar - Chromosomal disorders in man. *With* RW Smith Jr, JI Hamburger and R Guevin
**9**:231,1961

Peptic ulceration and hormonal states
**10**:43,1962

Serum lipids and atherosclerosis: A review
**10**:375,1962

FUCHS, M

Clinical evaluation of methyclothiazide, a new potent long-acting oral diuretic drug. *With* S Podolsky and R Sellor
**9**:440,1961

FULLER, RE

The role of ions in muscle excitation and contraction. *With* WL Morgan
**8**:55,1960

GADE, DM

Attitudes toward human organ transplantations
**20**:41,1972

GAEBLER, OH

Friends of the Institute
**2**:202,1954

Impressions of the XXth international physiological congress
**4**:214,1956

Development of the biochemistry department
**6**:121,1958

Metabolic effects of growth hormone; corticotropin and various steroids
**6**:133,1958

Adventures in clinical chemistry. 1959 Ernest Bischoff lecture
**8**:383,1960

Growth hormone, insulin and replacement of storage of nitrogen. *With* HC Choitz
**13**:377,1965

Adventures in clinical chemistry (1959 Ernest Bischoff Lecture)
(Historical supplement) **14**:99,1966

GAHAGAN, T (see also GEOGHEGAN)

The Trendelenburg operation: Pulmonary artery embolectomy
**8**:455,1960

An unusual case of esophageal hiatus hernia.
**10**:347,1962

Diverticula of the thoracic esophagus
**10**:449,1962

A note on the use of the phrenoesophageal ligament in the repair of hernia
**10**:569,1962

GAHAGAN, T continued
Stricture and ulceration of the esophagus secondary to hiatus hernia
**11**:1,1963

Regeneration of the mucosal lining of the esophagus. *With* J van de Kerchof
**11**:129,1963

A sucessful pulmonary embolectomy utilizing retrograde flushing of the pulmonary veins. *With* A Manzor
**13**:87,1965

Evaluation of patients for pulmonary embolectomy. *With* A Manzor, HH Gale and R Ormond
**14**:55,1966

GALE, HH
Friedreich's ataxia and its cardiac manifestations
**7**:182,1959

Hepatic artery catherization for local organ perfusion in malignant disease. *With* JD Stewart and EH Drake
**13**:251,1965

Evaluation of patients for pulmonary embolectomy. *With* T Gahagan, A Manzor and R Ormond
**14**:55,1966

GANTUS, V
Carcinoma of the fallopian tube. *With* BH Drukker and CP Hodgkinson
**19**:217,1971

GAJEWSKI, JE
Experimental treatment of typhoid carriers. *With* HE Carnes, PN Brown and JH Conlin
**3**:12,1955

GARCIA, R
Electrical conversion of atrial fibrillation: Clinical experience in 185 cases with long term results. *With* KF Lang, EH Drake and JW Keyes
**16**:195,1968

Pacemaker induced ventricular tachycardia — Report of a case with the "runaway pacemaker". *With* E Arciniegas
**17**:15,1969

GARMAN, JE
Fever, chills, hepatomegaly and debility. Case report from medical grand rounds. *With* J Eschbach, B Frame and WS Haubrich
**11**:65,1963

GASTESI, RA
The clinical use of Fluorine[18] for bone scanning *With* AT Vulpetti, TL Kosnik, WG Tucker and RW Talley
**17**:107,1969

GATMAITAN, BG
Cephalexin: In vitro and in vivo studies. *With* F Cox Jr, EL Quinn and N Peterson
**18**:91,1970

GEOGHEGAN, T (see also Gahagan)
Postmastectomy lymphedema of the arm: Historical review
**4**:62,1956

GIBBS, R
Herniation through the diaphragm into the pericardium. *With* JF Rogers and WZ Lane
**5**:271,1957

GILFILLAN, N
Acute cholecystitis in children. *With* JH Wylie
**8**:433,1960

GILKEY, WC
Cervical incompetence
**7**:84,1959

GISH, JR
Postmastectomy edema of the arm: Roentgen aspects. *With* WR Eyler
**4**:64,1956

Lymphangiosarcoma occurring in postmastectomy lymphedema. *With* MA Block and JL Fleming
**4**:63,1956

GLESSNER, JR Jr
Derotation osteotomy of the femur in cerebral palsy
**17**:59,1969

GLUCKMANN, RF
Dose-response relationship of bile flow to cholecystokinin stimulation as measured by duodenal drainage. *With* RJ Priest, JE Berk and JA Rinaldo
**18**:257,1970

The endoscopic approach to the diagnosis of upper gastrointestinal bleeding. *With* BM Schuman, K Anselm and RJ Priest
**20**:63,1972

GOMEZ, F
One hundred cases of subdural hematoma from 1930 to 1955
**5**:35,1957

GONZALEZ, A
Rubber band division of the posterior colostomy wall. *With* J Barron
**14**:317,1966

GONZALEZ, S
The worth of serial electroencephalograms. *With* JA Churchill
**4**:186,1956

GONZALEZ, S continued
The importance of complete angiography in cerebrovascular insufficiency syndrome. *With* RS Knighton
**7**:234,1959

GORDON, EI
Thirty years of clinical psychology. *With* EL Schott
**4**:29,1956

GRAHAM, AB
The audiology and speech clinic
**1**:24, Sept 1953

GRAY, EJ
The neutralization of gastric acid by bile transported through jejunal transplants: Preliminary report. *With* J Barron, E Camacho and FH Duffy
**6**:180,1958

GREEN, EW
Experimental studies with low oxygen flow rates in the bubble oxygenator. *With* LA Tomatis, RE Taber and CR Lam
**6**:341,1958

Pediatric cardiac catherization, analgesia or anesthesia. *With* JF Coleman and R Ziegler
**8**:306,1960

Turner's syndrome in males. *With* P Caron, WC Mieher and RC Mellinger
**12**:121,1964

GREEN, GE
Review of investigations into the biology of dental caries immunity
**11**:71,1963

GREEN, HL
Recent concepts on skeletal muscle structure and contraction. *With* WL Morgan
**7**:249,1959

Pheochromocytoma. A survey of current concepts
**8**:103,1960

GREIDANUS, TH
Accidental ingestion of anticoagulant resulting in a severe hemorrhagic diathesis. *With* RW Monto, ER Williams and EJ Van Slyck
**15**:93,1967

Surreptitious ingestion of oral anticoagulants. *With* EJ Van Slyck and RW Monto
**18**:99,1970

GREINER, RA
Rubeola encephalitis with hemiplegia; Report of two cases treated with cortisone. *With* JR Gurnick and WC Montgomery
**6**:332,1958

GRISER, GM
Isotope cisternography — RISA®. *With* JL Fenton, WR Eyler, LA DuSault and FC Stebner
**17**:117,1969

GRODSINSKY, C
A case of tetralogy of Fallot in a dog. *With* RA Nadeau
**11**:309,1963

Small bowel perforation in blunt abdominal trauma. *With* BE Brush
**19**:141,1971

Massive gastrointestinal hemorrhage originating from the cecum. *With* BE Brush
**19**:233,1971

The role of surgery in cecal diverticulitis. *With* J Soares, MA Block and BE Brush
**20**:33,1972

GRONEWALD, WR
Co-existent Klinefelter's syndrome, acquired cutaneous hepatic porphyria and systemic lupus erythematosus. *With* M Saeed-uz-Zafar and GB Bluhm
**18**:227,1970

GUEVIN, R
Bio-science seminar — Chromosomal disorders in man. *With* RW Smith Jr, MZ Fruchtman and JI Hamburger
**9**:231,1961

GUEVIN, R
Hepatosensitization caused by propionylerythromycin lauryl sulfate. *With* A Ten Pas
**11**:77,1963

GUISE, ER
Double contrast arthrography of the knee. *With* PC LaRowe and RS Ormond
**18**:107,1970

A replacement prosthesis for the hip: a preliminary report. *With* HM Frost
**19**:3,1971

GURNICK, JR
Rubeola encephalitis with hemiplegia. Report of two cases treated with cortisone. *With* RA Greiner and WC Montgomery
**6**:332,1958

HADLEY, IK
A comparison of the immunofluorescence technique with conventional methods for the identification of group A beta hemolytic streptococci. *With* TT Boyd and JP Truant
**13**:357,1965

HAFNER, CD
The hazards of gastro-intestinal intubation. *With* JH Wylie
**8**:163,1960

HAHN, JL
Dissecting aneurysm of the aorta: diagnosis, treatment and prognosis. *With* EH Drake
**19**:177,1971

HALLIBURTON, RH
A report of some examples of abnormal halo volume. *With* HM Frost, DM Bosworth and Z Sezgin
**9**:404,1961

HALLINGER, FW
Hyperinsulinism. *With* BE Brush, WL Lowrie and E Redfern
**3**:142,1955

HAMBURGER, JI
Bio-science seminar — Chromosomal disorder in man. *With* RW Smith Jr, MZ Fruchtman and R Guevin
**9**:231,1961

HAMIL, BM
Reticuloendotheliosis
**4**:173,1956

Bronchopulmonary mycosis: A 20-year study of siblings. *With* WR Eyler, JW Rebuck and GA LoGrippo
**7**:295,1959

Prevention of delinquency by the early recognition of behavioral difficulties. Detroit school-community behavior project. *With* HM Stitt Jr
**11**:53,1963

Some essentials of child health appraisal relating to school adjustment
**12**:211,1964

HAQ, JU
Alcaptonuria and ochronosis with diabetes mellitus and mycosis fungoides. A case report. *With* RB Patton
**17**:295,1969

HARDY, WW
Meprobamate intoxication treated by peritoneal dialysis. Report of a case. *With* A Ten Pas and RK Nixon
**11**:347,1963

Health nurse clinician — An extended role for the professional nurse. *With* CE Rupe, D Downs and DL Kerr
**18**:187,1970

HARKINS, HN
The physiologic basis for surgical therapy of peptic ulcer
**3**:40,1955

HARPER, HE
Changing times for professional nurses
**15**:215,1967

HARRIS, JACOB
Depression and hysteria as symptoms of brain tumor
**13**:457,1965

HARTMAN, FW
A simplified automatic blood pressure recorder. *With* VG Behrmann
**1**:2, Dec 1953

The status of sickle cell disease as an aviation problem.
(Historical supplement) **14**:109,1966

HATTNER, R
An equation for the mesenchymal cell activation function in the lamellar bone remodelling equations. *With* HM Frost
**11**:455,1963

Mean skeletal age: Its calculation and theoretical effects on skeletal tracer physiology and on the physical characteristics of bone. *With* HM Frost
**11**:201,1963

Evidence that bone resorption precedes formation at the cellular level. *With* H Takahashi, BN Epker and HM Frost
**12**:359,1964

Are there cell behavioral modes unaffected by aging? *With* O Landeros and HM Frost
**13**:33,1965

HAUBRICH, WS
Observations on protracted cystic duct obstruction with hydrops. *With* MA Block
**5**:125,1957

Mechanism and management of the dumping syndrome
**6**:55,1958

The particulate absorption of fat: Its direct demonstration in a normal human. *With* W O'Driscoll and J Sieracki
**7**:18,1959

Electron microscopy of the border of the human intestinal epithelial cell. *With* JHL Watson, W O'Driscoll and V Valentine
**7**:113,1959

Intimations relating to protein forming diseases
**9**:361,1961

Fever, chills, hepatomegaly and debility. Case report from medical grand rounds. *With* B Frame, J Eschbach Jr and JE Garman
**11**:65,1963

The technic of laparoscopy and guided biopsy. *With* GA Uhlich
**11**:351,1963

HAUBRICH, WS continued
Massive hemorrhage from sarcoid ulcers in the stomach. *With* JJ Ramirez and JL Ponka
**12**:15,1964

Primary hyperparathyroidism with hypercalcemia 28 years before treatment. *With* B Frame and AR Arnstein
**12**:327,1964

Electron microscopy of Whipple's disease
**12**:421,1964

Localizing obscure upper gastrointestinal bleeding by the fluorescein string test. *With* IR Reisberg
**13**:265,1965

Sclerosing cholangitis: A case report. *With* R Dew, P Williams and MA Block
**14**:131,1966

HAVEY, GT
Analbuminemia with the nephrotic syndrome. *With* CE Rupe and RI McClaughry
**7**:194,1959

Evaluation of needle biopsy of the liver: 1950-1958. *With* RJ Priest
**8**:19, 1960

HAYASHI, H
Inactivation of vacuolating virus (SV 40) by beta-propiolactone. I. Evaluation in tissue culture. *With* GA LoGrippo
**10**:463,1962

Inactivation of vacuolating virus (SV 40) by betaprone. II. Evaluation of the oncogenic properties of SV 40 in hamsters after inactivation with betaprone. *With* GA LoGrippo
**11**:93,1963

Degrees and variations in immunoglobulin responses in infectious hepatitis. *With* GA LoGrippo and NS Sharpless
**14**:411,1966

Immunoglobulins and interferon responses in infectious and transfusion-associated hepatitus. *With* G A LoGrippo and N Sharpless
**15**:57,1967

Normal serum protein levels in Syrian (golden) hamsters as compared with the protein levels in SV 40 tumor bearing and SV 40 immune hamsters. *With* N Sharpless and GA LoGrippo
**15**:149,1967

Immunologic competence in idiopathic ulcerative colitis. Humoral aspect of immunity. *With* GA LoGrippo, K Anselm and R Priest
**18**:249,1970

Immunoglobulin levels in spinal fluid and saliva by direct immunochemical assay and microscopic measurements. *With* GA LoGrippo, K Anselm and RJ Priest
**18**:263,1970

Immunologic status of uremic patients. *With* GA LoGrippo, CE Rupe and D LeSher
**18**:83,1970

Quantitative determination of C-reactive protein (CRP) by micro-double diffusion technique. *With* GA LoGrippo and M Perry
**18**:155,1970

Immunoglobulin levels in spinal fluid and saliva by direct immunochemical assay and microscopic measurements. *With* GA LoGrippo and M Perry
**18**:263,1970

Persistence of "Australia antigenemia" in mentally retarded children seven years after virus hepatitis. *With* GA LoGrippo
**19**:27,1971

The hazards of rubella serodiagnosis from single serum studies in pregnancy. *With* GA LoGrippo
**19**:39,1971

Precipitable hetero-antibodies in man to animal serum proteins. *With* GA LoGrippo, M Perry and J Mueller
**19**:241, 1971

Betaprone sterilization of hepatitis-infected materials: Safety precautions for laboratory workers. *With* GA LoGrippo and SM Saeed
**19**:257,1971

C-reactive protein: Potential significance of quantitation in patients with chronic diseases. *With* GA LoGrippo
**20**:91,1972

HAYDEN, RC Jr
Pathology of secretory otitis — A temporal bone report. *With* LF Perez de Moura
**17**:25,1969

HAYES, TV
Epidermoid carcinoma arising in an epidermal inclusion cyst. *With* J Ponka
**20**:97,1972

HEINZE, EG Jr
Aseptic meningtis in siblings with infectious mononucleosis. *With* EL Quinn
**14**:229,1966

Simple methods for detection of bacteriuria in the physician's office. *With* A Hodari, T Connolly, D Jones, F Cox and EL Quinn
**16**:279,1968

HELDT, TJ
Some historical reminders in hospitalization
**4**:123,1956

Allergy to leeches
**9**:498,1961

Some historical reminders in hospitalization
**14**:43,1966

A consideration of the evolution of the nervous system
**14**:341,1966

HENNY, FA
Research in oral surgery: An editorial
**5**:72,1957

HESSBURG, PC
Hurler's disease
**10**:419,1962

In vitro and in vivo evaluation of GSH 1018 against pseudomonas keratitis. *With* JP Truant
**14**:321,1966

A surgical correlator
**16**:267,1968

Aqueous microbiology: The possible role of cell wall deficient bacteria in uveitis. *With* LH Mattman, C Barth and LT Dutchesen
**17**:177,1969

HICKEY, CH
Osteochondroma of the vertebra
**17**:53,1969

HETTLE, PJ
The artificial kidney, a description and discussion of the modification of Leonards and Skeggs. *With* AW Bohne
**1**:18, June 1953

HILDNER, FJ
Congenital erythroblastic hypoplasia. Treatment of transfusion hemosiderosis with desferrioxamine B. *With* RW Monto and JW Rebuck
**12**:5,1964

Congenital erythroblastic hypoplasia. Treatment of transfusion hemosiderosis with desferrioxamine B. *With* RW Monto and JW Rebuck (Revised)
**16**:147,1968

Quantitation of aortic valvular insufficiency using radioactive tracers. An experimental study in vitro.*With* WR Pierson, B Weinstock, EH Drake and RS Ormond
**18**:27,1970

HILLMAN, S
Adolescents' reactions to hospitalization
**10**:443,1962

HINCHMAN, DF
The nephrotic syndrome
**5**:31,1957

HINES, DR
Macroglobulinemia: Report of 10 cases.
**10**:297,1962

HODARI, AA
Uterine artery constriction in pregnancy and experimental hypertension. A concept, a technique. *With* CP Hodgkinson
**14**:331,1966

Simple methods for detection of bacteriuria in the physician's office. *With* EG Heinze Jr, T Connolly, D Jones, F Cox and EL Quinn
**16**:279,1968

HODGKINSON, CP
Plasma fibrinogen and surgical trauma. *With* PW Pifer and DG Remp
**2** :44,1954

Experimental hypofibrinogenemia. *With* PW Pifer and MA Block
**3**:112,1955

Toxemia of pregnancy
**5**:1,1957

Effect of violent exercise on fibrinogen level
**6**:48,1958

Granulosa and theca cell tumors of the ovary. *With* JN Canton

The leucoplakic vulva: Premalignant determinants. *With* RB Patton and MA Ayers
**11**:279,1963

Uterine artery constriction in pregnancy and experimental hypertension. A concept, a technique. *With* AA Hodari
**14**:331,1966

Stress urinary incontinence in the human female: Gravity and ecomorphologic influences on bladder and urethral function of the human female
**17**:145,1969

Carcinoma of the fallopian tube. *With* V Gantus and BH Drukker
**19**:217,1971

HODGKINSON, CP II
Vogt-Koyanagi-Harada syndrome
**9**:539,1961

HODSON, JM
Bacteriological and clinical studies of genitourinary tuberculosis. *With* JP Truant
**9**:330,1961

HOFFMAN, K
Extraskeletal osteogenic sarcoma. Case report. *With* G Fine, JL Ponka and JK Welborn
**14**:381,1966

HOLCOMB, JB
X-ray diffraction powder data for steroids: Supplement VIII
**15**:133,1967

HOLLAND, R
Studies on the ultrafiltration of serum calcium. *With* GA Leighton and B Frame
**12**:37,1964

HOLLENBECK, ZJR
The value of the Papanicolaou smear test
**5**:239,1957

HOLLINGER, FW
The importance of basal blood pressure. *With* JR Caldwell
**3**:175,1955

HOLMES, FW
Successful ligation of the anterior descending branch of the left coronary artery. *With* WA Brewer
**3**:2,1955

HORN, RC Jr
Warthin's tumor of the parotid gland. *With* AJ Macksood, RF Smith, and RB Marshall
**8**:446,1960

Paroxysmal noctural hemoglobinuria: Report of two cases with atypical features, autopsy findings and review of pathophysiology. *With* AS Ullman, JP Abraham and EJ Van Slyck
**11**:135,1963

A note on the absence of thyroid stimulating hormones in toxic autonomous goiter. *With* JM Miller and MA Block
**11**:449,1963

Editorial: Coronary artery disease and myocardial infarction.
**12**:1,1964

Hemangioma of the ovary. *With* H Liu and VL Baryluk
**14**:167,1966

HOUSTON, WH
The Marfan syndrome
**5**:90,1957

HOWARD, PJ
Congenital tuberculosis. *With* GB Kempton
**1**:6, Sept 1953

Comparison of the causes of stillbirths and neonatal deaths
**2**:134,1954

Respiration in the newborn infant. *With* AR Bauer
**5**:288,1957

Management of the baby after prolonged rupture of the amniotic membranes
**10**:563,1962

The effects of degree of hypoxia on the electroencephalogram in infants.II. *With* AR Bauer
**10**:573,1962

Encephalitis following modified measles. *With* AR Bauer
**12**:201,1964

Infection in the newborn infant. Importance of prematurity and obstetric complications
**13**:145,1965

Infection in the newborn infant and its association with prolonged rupture of the amniotic membranes. *With* AR Bauer
**15**:161,1967

HOWELL, JT
An admissions scheduling program. *With* RG Dunn
**15**:319, 1967

HU, F
Comparative studies of human melanocytes in skins of varying degree of pigmentation. *With* PF Lesney
**8**:52,1960

Observations on the ultrastructure of human skin. *With* R Cardell Jr
**10**:63,1962

Cytology of cells synthesizing specific proteins. *With* RR Cardell and RS Knighton
**12**:273,1964

HUG, HR
Comparative effects of dry and humidified gases on blood during extracorporeal circulation. *With* RE Taber
**14**:139,1966

HUGAN, CC Jr
Cardiac surgery and coronary artery disease
**6**:323,1958

HUGHES, S
A study of the reasons for non-participation in the Salk vaccine program
**7**:262,1959

HURLEY, HJ Jr
The zirconium deodorant granuloma; An allergic disorder. *With* WB Shelley
**6**:279,1958

IGNA, EK
Obstetrical management of the pregnant cardiac patient. *With* GE LaCroix
**7**:286,1959

ILNICKI, L
The shape of the kinetic curve of osteon formation. *With* M Kelin and HM Frost
**12**:507,1964

IMAI, Y
A new full orifice disc valve for mitral replacement: Experimental evaluation. *With* RE Taber
**17**:171,1969

IRWIN, JL
Spontaneous rupture of the kidney pelvis secondary to impacted ureteral calculus. *With* AW Bohne
**12**:83,1964

JACKSON, CE
Branchial anomalies in idiopathic hypoparathyroidism: Branchial dysembryogenesis. *With* MJ Miller, B Frame, AK Poznanski and G Bermudez
**20**:3,1972

Genetic counseling for hemoglobinopathies: A model for large scale application. *With* ES Caldwell and EJ Van Slyck
**20**:77, 1972

JACKSON, R
Compression tank sphygomomanometer inflater. *With* FH Allen and JR Caldwell
**12**:323,1964

JACOBSON, AW
A computer identification of the EEG in a neurophysiological behavioral problem. *With* WR McCrum, LD Proctor, H van den Ende and H Devore
**11**:385,1963

JAHSMAN, WE
An approach to the etiology, diagnosis and management of peripheral arteriosclerosis (arteriosclerosis obliterans)
**4**:56,1956

JAMES, TN
Subacute enterococcal endocarditis following epidemic hemorrhagic fever. *With* EI Quinn
**1**:40, Dec 1953

The response of sinus node function to ligation of the sinus node artery. *With* K Reemtsma
**8**:129,1960

Degenerative arteriopathy with pulmonary hypertension: A revised concept of so-called primary pulmonary hypertension
**9**:271,1961

Addendum: Degenerative arteriopathy with pulmonary hypertension: A revised concept of so-called primary pulmonary hypertension
**9**:450,1961

Direct perfusion of the sinus node: An experimental model for pharmacologic and electrophysiologic studies of the heart. *With* RA Nadeau
**10**:21,1962

The effects of vagal stimulation, eserine and atropine on retrograde pressure in the sinus node artery. *With* RA Nadeau
**12**:23,1964

The chronotropic action of veratridine studied by direct perfusion of the sinus node through its artery. *With* RA Nadeau
**12**:169,1964

Sudden death in Doberman pinchers. *With* EH Drake
**13**:183,1965

A new look at some old questions in clinical electrocardiography. *With* L Sherf
**14**:265,1966

Pulse and impulse in the sinus node
**15**:275,1967

JANKE, WH
Temporary aortic by-pass by means of a mechanical device
**8**:134,1960

Effects of prednisone on gastric secretion in sympathectomized Heidenhain pouch dogs. *With* C Pesaros, JL Ponka and BE Brush
**10**:439,1962

The effects of prednisone on gastric secretion in antrectomized Heidenhain pouch dogs. *With* E Morfin, H Jenny, JL Ponka and BE Brush
**11**:189,1963

JASEY, GM
Results of cervical and vaginal smear examinations at Henry Ford Hospital in 1957. *With* JD Keye Jr
**6**:260,1958

JASTAK, R
An unusual cause of parotid enlargement
**15**:259,1967

JAWORSKI, ZF
Evaluation of cellular-level haversian bone resorption in human hyperparathyroid states: A preliminary report. *With* AR Villanueva, HM Frost, P Meunier and AG Shimizu
**17**:259,1969

JENNINGS, JA
Thromboembolic disease in obstetrics and gynecology
**11**:289,1963

JENNY, H
The effects of prednisone on gastric secretion in antrectomized Heidenhain pouch dogs. *With* E Morfin, W Janke, JL Ponka and BE Brush
**11**:189,1963

JESUS, JR de, Jr
Polythiazide in the treatment of congestive heart failure. *With* JW Keyes and GM Breneman
**10**:555,1962

JETT, S
Tetracycline-based histological measurement of cortical-endosteal bone formation in normal and osteoporotic rib
**15**:325,1967

Tetracycline-based measurements of the bone dynamics in the rib of a girl with hyperphosphatasia. *With* HM Frost
**16**:325,1968

JODAR, EO
Neonatal chicken pox
**5**:296,1957

JOHNSON, AJ
Carcinoma in situ of the urinary bladder. *With* J Peacock and CF Pearce
**14**:185,1966

Primary closure and iliac osteotomy in the treatment of exstrophy of the bladder. A case report. *With* L Shifrin and L Weiss
**17**:125,1969

The vasopressor effect of indigo carmine. *With* CC Wu
**17**:131,1969

Mixed gonadal stroma cell tumor of the testicle. A case report. *With* GB Farrow
**18**:201,1970

JOHNSON, SA
The effect of the administration of the anticoagulant Marcumar on the blood coagulation mechanisms. *With* MJ Caldwell and EM Priest
**4**:224,1956

Recent advances in blood coagulation with regard to anticoagulant therapy, fibrinogen, hemophilia and platelet disorders
**6**:291,1958

Platelet abnormalities and platelet transfusions
**6**:311,1958

Contributions of electron microscopy to the study of platelets. *With* JW Rebuck, JM Riddle, RW Monto and RM Sturrock
**8**:273,1960

Hemorrhagic complications of polycythemia vera. *With* JP Abraham, ON Ulutin and MJ Caldwell
**9**:11,1961

JOHNSTON, JA
The nutritional needs of the premature infant
**1**:2, Sept 1953

Nutrition and infection
**3**:68,1955

JOHNSTON, JP
Letter to the editor: Frostbitten ears.
**11**:453,1963

A review of methods for determining significant urinary tract infections
**11**:185,1963

Tetanus: Experience with 18 cases and review of current concepts
**13**:3,1965

Tetanus: Current concepts and review of 18 cases
**15**:199,1967

JONES, DN
In-vitro activity of lysostaphin. Bioassay in serum. *With* EL Quinn and F Cox
**16**:235,1968

Simple methods for detection of bacteriuria in the physician's office. *With* EG Heinze, A Hodari, T Connolly, F Cox and EL Quinn
**16**:279,1968

JOOS, TH
Late complications in juvenile diabetes
**1**:18, Sept 1953

Asthma in children—outcome in 100 cases. *With* RS Ellis
**3**:73,1955

The home management of the poliomyelitis respirator patient
**5**:243,1957

JURGENSEN, JC
"Anion-gap" acidosis complicating diabetic ketoacidosis. A commentary on diagnosis and management. *With* FW Whitehouse
**17**:311,1969

KAHN, EA
Congenital anomalies of the brain and spinal cord
**3**:193,1955

KAPPHAHN, KH
A prelininary evaluation of azathioprine (Imuran®) in the treatment of multiple sclerosis. A preliminary communication. *With* WG Tucker
**17**:89,1969

KARJALA, RJ
Chlorothiazide as an adjunct in the treatment of hypertensive cardiovascular disease. *With* JR Caldwell
**6**:38,1958

KAVANAGH, D
Quincke's disease
**5**:176,1957

KEARNEY, EB
Electron transport and other problems. *With* TP Singer
**6**:127,1958

KELIN, M (see also KLEIN)
The shape of the kinetic curve of osteon formation. *With* L Ilnicki and HM Frost
**12**:507,1964

The numbers of bone resorption and formation foci in rib. *With* HM Frost
**12**:527,1964

Cortical area of diabetic bone. *With* HM Frost
**12**:547,1964

The presence of iron in osteoid seams and dental tubules. *With* A Villanueva, BN Epker and HM Frost
**12**:557,1964

Evidence of periodic changes in the rate of individual osteons in human bone. *With* HM Frost
**12**:565,1964

KELLEY, JE
Intra-arterial chemotherapy of malignant diseases. *With* RW Talley, VK Vaitkevicius and MJ Brennan
**9**:1,1961

KELLOGG, OR
Concurrent dermatomyositis and metastatic breast carcinoma. *With* RW Talley
**14**:405,1966

KELLY, AP Jr
Soft tissue necrosis due to norepinephrine infusions
**6**:213,1958

The injection of noxious materials into the hand
**8**:464,1960

KEMP, WL
Spiritual strength, recreation and scientific accomplishment in the life of a doctor.
**2**:106,1954

KEMPTON, GB
Congenital tuberculosis. *With* PJ Howard
**1**:6, Sept 1953

KENNY, LJ
Scalene lymph node biopsy. *With* C Mota
**4**:36,1956

KEPLINGER, JB
Duodeno-jejunal injuries following blunt trauma to the abdomen. *With* AS Tootla, TA Fox Jr and MA Block
**16**:111,1968

KERCHOF, JVD (see VAN DE KERCKHOF, J)

KERR, DL
Health nurse clinician — An extended role for the professional nurse. *With* CE Rupe, D Downs and WW Hardy
**18**:187,1970

KEYE, JD Jr
Results of cervical and vaginal smear examinations at Henry Ford Hospital in 1957. *With* GM Jasey
**6**:260,1958

KEYES, JW
Chlorothiazide (Diuril) - A new non-mercurial oral diuretic. *With* FJ Berlacher
**6**:32,1958

Hydrochlorothiazide in the treatment of congestive heart failure. *With* GM Breneman and H Alvarez
**7**:188,1959

Treatment of congestive heart failure with 3-benzyl dihydrofulmethiazide: Preliminary report. *With* GM Breneman
**7**:281,1959

Polythiazide in the treatment of congestive heart failure. *With* GM Breneman and JR deJesus Jr
**10**:555,1962

KEYES, JW continued
Electrical conversion of atrial fibrillation: Clinical experience in 185 cases with long term results. *With* R Garcia, K Land and EH Drake
**16**:195,1968

KINGMA, SJ
Renal cell carcinoma masquerading as a pancreatic pseudocyst: A case report. *With* HM Allen
**18**:245,1970

Death and the inexorably dying. A seminar.
**19**:91,1971

KLEIN, M (see alsc KELIN)
A pilot study of lamellar bone physiology in diabetes mellitus. *With* HM Frost and E Sedlin
**12**:55,1964

Effect of adrenalcorticoid hormones on human lamellar bone: Quantitative histological measurements of resorption and formation indices. *With* AR Villanueva and HM Frost
**12**:63,1964

KLINE, IT
Symposium: Primary aldosteronism. *With* R Mellinger, B Therian, J Ditzler, R Smith and G Fine
**6**:1,1958

KNIGHTON, RS
The research aspect of the epileptiform syndrome. *With* LD Proctor
**2**:171,1954

Changes in behavior through stimulation of the reticular formation of the monkey. *With* LD Proctor, JA Churchill and J Bebin
**6**:266,1958

The importance of complete angiography in cerebrovascular insufficiency syndrome. *With* S Gonzalez
**7**:234,1959

Cytology of cells synthesizing specific proteins. *With* F Hu and RR Cardell
**12**:273,1964

Clinical pathological conference: Chiasmatic syndrome. *With* J Bebin
**16**:223,1968

Decompressive laminectomy in the management of spinal epidural metastases. *With* JS Rogers
**17**:201,1969

KNIGHTS, EM Jr
One-drop test for urine protein determination. *With* JC Erwin
**5**:268,1957

KNOWLES, RR
Neurological disorders associated with hepatic disease
**4**:107,1956

KOEPPE, Sister ML
The physicians' understanding of social service
**9**:576,1961

KOGA, T
Cecal diverticulitis in the Japanese. Report of four cases. *With* Y Kurosu and T Suzuki
**19**:251,1971

KOKOSKY, MJ
The effect of phenobarbital on serum bilirubin of full term infants. A controlled study. *With* HA Falconer and L Weiss
**18**:275,1970

KOSNIK, TL
The clinical use of Fluorine[18] for bone scanning. *With* RA Gastesi, AT Vulpetti, TL Kasnik and RW Talley
**17**:107,1969

KOUNO, N
Intra-abdominal heterotopic transplantation of the canine heart. *With* RS Taber and J Simon
**19**:211,1971

KRIEG, MA
Initial studies of isolated kidney perfusion. *With* SG Dienst
**17**:165,1969

KUIPERS, FM
Pericarditis as the presenting manifestation in subdiaphragmatic abscess. *With* RK Nixon
**8**:360,1960

KUKORA, JS
Anomalous retinal correspondence: Diagnostic tests and therapy
**5**:14,1957

KUROSU, Y
Cecal diverticulitis in the Japanese. Report of four cases. *With* T Suzuki and T Koga
**19**:251,1971

KVALE, PA
Werner's syndrome. *With* WM Rutt, RE Birk and WR Eyler
**13**:411,1965

Diagnosis and treatment of gonorrhea.
**19**:83,1971

LABSAN, HF
Syringomyelia associated with Arnold-Chiari malformation. *With* LD Proctor
**8**:157,1960

LaCALLE, JP
Vagotomy for perforated duodenal ulcer
**14**:313,1966

LaCROIX, GE
Obstetrical management of the pregnant cardiac patient. *With* EK Igna
**7**:286,1959

Elective induction of labor
**13**:111,1965

LAFONTAINE, R
Neurological examination of the newborn and older infant
**5**:198,1957

LAM, CR
Post-irradiation fibrosis of the lung and its surgical treatment
**1**:29, June 1953

Experimental studies with low oxygen flow rates in the bubble oxygenator. *With* LA Tomatis, RE Taber and EW Green
**6**:341,1958

Bronchogenic carcinoma: An analysis of 305 surgically treated patients. *With* RE Taber and J Robles
**10**:57,1962

Management of massive hemoptysis. *With* E Arciniegas
**16**:283,1968

A decade of heart surgery and a look into the future
**18**:215,1970

LANDEROS, O
Radial rate of osteon closure, measured by means of tetracycline labelling. *With* HM Frost
**12**:499,1964

The cross section size of the osteon. *With* HM Frost
**12**:517,1964

LANDRUM, SE
Modern surgical treatment of congenital hypertrophic pyloric stenosis: A review of 124 operated infants. *With* JL Ponka
**10**:89,1962

LANE, WZ
Herniation through the diaphragm into the pericardium. *With* JF Rogers and R Gibbs
**5**:271,1957

LANG, KF
Electrical conversion of atrial fibrillation: Clinical experience in 185 cases with long term results. *With* R Garcia, EH Drake and JW Keyes
**16**:195,283,1968

LA ROWE, PC
Double contrast arthrography of the knee. *With* RS Ormond and E Guise
**18**:107,1970

LAUBINGER, G
The familial occurrence of hyperparathyroidism. *With* RC Mellinger
**7**:245,1959

LAWOYIN, V
Rectal cytology by an improved replica method. *With* K Anselm and J Blonsky
**19**:45, 1971

Cytology of rectosigmoid diseases using the replica method. *With* K Anselm
**20**:15,1972

Nonparastic cysts of the liver. Analysis of 36 cases and review of modern diagnostic techniques. *With* RJ Priest
**20**:153,1972

LAWTON, AH
Pilot aging: A modern medical challenge
**3**:21,1955

LEAHY, DM
Iron kinetics. Part I. Clinical considerations. Part II. Methodology. *With* A Ten Pas and EJ Van Slyck
**13**:317,1965

LEE, HJ
Dissecting aneurysm of the aorta: Diagnosis, treatment and prognosis. *With* EH Drake.
**19**:177,1971

LEE, JA
Studies of the electrical parameters and behavioral effects of an EEG "seizure discharge" *With* WR McCrum, RM Lee, H van den Ende and LD Proctor.
**17**:77,1969

Effects of an EEG "seizure discharge" on operant responding. *With* RM Lee, H van den Ende and LD Proctor
**19**:161,1971

LEE, RM
A wave pattern analysis of EEG signal based upon a successive digital smoothing process.
**15**:33,1967

Studies of the electrical parameters and behavioral effects of an EEG "seizure discharge" *With* WR McCrum, H van den Ende, LD Proctor and JA Lee.
**17**:77,1969

Effects of an EEG "Seizure Discharge" on operant responding. *With* JA Lee, H van den Ende and LD Proctor
**19**:161,1971

The symmetry-decision method of EEG analysis
**19**:233,1971

LEHNINGER, AL
The biochemical and structural organization of mitochondria. Ninth Edsel B. Ford lecture
**8**:391,1960

LEIGHTON, GA
Studies on the ultrafiltration of serum calcium. *With* R Holland and B Frame
**10**:37,1964

LE SHER, D
Immunologic status of uremic patients. *With* GA LoGrippo, CE Rupe and H Hayashi
**18**:83,1970

LESNEY, PF
Comparative studies of human melanocytes in skins of varying degree of pigmentation. *With* F Hu
**8**:52,1960

LEWINSON, B
An infrequent surgical error: Gastroileostomy. *With* JH Wylie Jr and BE Brush
**11**:357,1963

LEWIS, NL
Referrals from the social service department to the Michigan district offices of vocational rehabilitation
**9**:572,1961

LIU, H
Hemangioma of the ovary. *With* VL Baryluk and RC Horn Jr
**14**:167,1966

LOECHEL, WE
Visual aids and the medical staff
**9**:49,1961

Mechanics of an unusual basilar fracture
**9**:251,1961

Medical illustrations: Hints for the physician-author
**9**:255,1961

A method of orthographic projection for delineating and measuring gross specimens
**9**:422,1961

An aid to learning neuro-muscular anatomy
**11**:233,1963

The medical illustrator and his potential in criminal identification
**12**:49,1964

Letter to editor: Angular projection of medical illustrations.
**12**:145,1964

Lo GRIPPO, GA
Extraction and partial purification of Coxsackie virus from human stools with the use of ion-exchange resins
**1**:27, Dec 1953

The artery bank. *With* DE Szilagyi and CP Shonnard
**3**:82,1955

Beta propiolactone for sterilization of biological materials
**5**:94,1957

Bronchopulmonary mycosis: A 20-year study of siblings. *With* BM Hamil, WR Eyler and JW Rebuck
**7**:295,1959

Inactivation of vacuolating virus (SV 40) by betaprone. I. Evaluation in tissue culture. *With* H Hayashi
**10**:463,1962

II. Evaluation of the oncogenic properties of SV 40 in hamsters after inactivation with betaprone. *With* H Hayashi
**11**:93, 1963

A standardized immunochemical method for quantitative determination of the immunoglobulins in serum. *With* NS Sharpless
**13**:55,1965

Degrees and variations in immunoglobulin responses in infectious hepatitis
**14**:411,1966

Immunoglobulins and interferon responses in infectious and transfusion associated hepatitis. *With* H Hayashi and N Sharpless
**15**:57,1967

Normal serum protein levels in Syrian (golden) hamsters as compared with the protein levels in SV 40 tumor bearing and immune hamsters. *With* H Hayashi and N Sharpless
**15**:149,1967

Lo GRIPPO, GA continued

Immunoglobulin levels in serum of normal infants and pre-school children as determined by immunochemical analysis. *With* G Marson and N Sharpless

**15**:247,1967

Serum immunoglobulins in the differential diagnosis between intrahepatic viral jaundice and extrahepatic obstructive jaundice. *With* TA Fox and MA Block

**16**:289,1968

Bovine testicular antihyaluronidase in rabbits — Production and purification. *With* G Fine and SM Saeed

**17**:19,1969

Immunologic status of uremic patients. *With* CE Rupe, H Hayashi and D LeSher

**18**:83,1970

Quantitative determination of C-reative protein (CRP) by micro-double diffusion technic. *With* H Hayashi and M Perry

**18**:155,1970

Immunologic competence in idiopathic ulcerative colitis: Humoral aspects of immunity. *With* K Anselum, H Hayashi and RJ Priest

**18**:249,1970

Immunoglobulin levels in spinal fluid and saliva by direct immunochemical assay and microscopic measurements *With* H Hayashi and M Perry

**18**:263,1970

Persistence of "Australia antigenemia" in mentally retarded children seven years after virus hepatitis. *With* H Hayashi

**19**:27,1971

The hazards of rubella serodiagnosis from single serum studies in pregnancy. *With* H Hayashi

**19**:39, 1971

Precipitable hetero-antibodies in man to animal serum proteins. *With* H Hayashi, M Perry and J Mueller

**19**:241,1971

Betaprone sterilization of hepatitis-infected materials: Safety precautions for laboratory workers. *With* H Hayashi and SM Saeed

**19**:257,1971

C-reactive protein: Potential significance of quantitation in patients with chronic diseases. *With* H Hayashi

**20**:91,1972

LONG, C, II

Myofascial pain syndromes. Part I—General characteristics and treatment

**3**:189,1955

Myofascial pain syndromes. Part II—Syndromes of the head, neck and shoulder girdle

**4**:22,1956

Physical factors in post-mastectomy lymphedema

**4**:65,1956

Myofascial pain syndromes. Part III—Some syndromes of the trunk and thigh

**4**:102,1956

LOO, RV

Carcinoma of the lung occurring in patient with carotid body tumor: *With* El Moorhead, RD White and RW Talley

**13**:79,1965

LOWRIE, WL

Conservative management of diabetic foot complications. WE Redfern and BE Brush

**2**:79,1954

Hyperinsulinism. *With* BE Brush, E Redfern and FW Hallinger

**3**:142,1955

A new oral hypoglycemic agent: Preliminary report. *With* FW Whitehouse

**9**:528,1961

LUKASZEWSKI, J

Unusual seizure discharges on stimulation in the limbic system of the monkey. *With* LD Proctor and WR McCrum

**9**:35,1961

LYFORD, J, III

Recurrent monarticular arthritis caused by retained "vegetable" foreign body

**1**:34, June 1953

An appliance for the non-operative relief of paralytic foot drop

**2**:18,1954

The involvement of joints of the extremities following trauma in other areas.

**2**:86,1954

Idiopathic genu recurvatum as a cause of knee pain simulating the "internal derangement syndrome"

**2**:122,1954

Description of new orthopedic appliances

**2**:198,1954

MACKSOOD, AJ

Warthin's tumor of the parotid gland. *With* RF Smith, RB Marshall and RC Horn

**8**:446,1960

MADHAVAN,T
Intestinal lymphangiectasia with normal immunological function. A case report. *With* CE Rupe
**18**:65,1970

MANSON, G
Actinomycosis—Cerebral infection presenting as a brain tumor. *With* WE Rush, JP Truant and JC Sieracki
**4**:217,1965

Occult cystic fibrosis
**5**:18,1957

A history of rheumatic fever
**7**:145,1959

Refractory rickets and osteomalacia. *With* B Frame
**8**:293,1960

Experimental and clinical nephrosis. *With* JM Bandera and JM O'Neill
**9**:339,1961

Jaundice associated with hypertrophic pyloric stenosis. *With* MA Block
**13**:7,1965

Immunoglobulin levels in serum of normal infants and preschool children as determined by immunochemical analysis. *With* GA LoGrippo and NR Sharpless
**15**:247,1967

MANZOR, AA
Simple device for management of viscero cutaneous fistulas. *With* JA Barron
**11**:361,1963

Preliminary report: Pulmonary embolectomy utilizing retrograde flushing of the pulmonary veins. *With* T Gahagan
**13**:87,1965

Evaluation of patients for pulmonary embolectomy. *With* T Gahagan, HH Gale and R Ormond
**14**:55,1966

MARSHALL, RB
Warthin's tumor of the parotid gland. *With* AJ Macksood, RF Smith and RC Horn
**8**:446,1960

MARVEL, HR
Acute barbitural intoxication
**1**:29, Mar 1953

MARVEL, JA
Interrelationship between brain damaging processes and peptic ulceration, perforation and hemorrhage
**7**:73,1959

Exfoliative cytology in the clinical evaluation of gastric ulcer. *With* JA Rinaldo, G Fine and E Watson
**7**:216,1959

MASSEY, RU
Oral tolbutamide response test in the diagnosis of diabetes mellitus
**14**:31,1966

MASTIO, GM
Clostridial septicemia with intravascular hemolysis. *With* E Morfin
**13**:421,1965

MATEER, JG
Pitfalls in gastrointestinal diagnosis
**1**:10, Mar 1953

Subacute bacterial endocarditis: Medical symposium on diagnosis and treatment. *With* EI Quinn and panel
**4**:68,1956

Problems in adrenal steroid therapy
**4**:149,1956

Infectious mononucleosis. *With* panel
**5**:106,1957

Dr. Frank J. Sladen's contributions to Henry Ford Hospital
**10**:1,1962

Pitfalls in gastrointestinal diagnosis (Historical supplement) **14**:15,1966

MATERN, HR
A history of anesthesia
**11**:247,1963

MATTMAN, LH
Aqueous microbiology: The possible role of cell wall deficient bacteria in uveitis. *With* PC Hessburg, C Barth and LT Dutchesen
**17**:177,1969

MAZUR, BK
The importance of biopsy of non-palpable scalene nodes in bronchogenic carcinoma. *With* GL Brinkman
**10**:433,1962

McCLAUGHRY, RI
Analbuminemia with the nephrotic syndrome. *With* GT Havey and CE Rupe
**7**:194,1959

McCLURE, RB
Comment on emetine in the treatment of amebiasis
**11**:365,1963

McCOLLUM, EB
Primary carcinoma of the extrahepatic biliary ducts. *With* LE Permen
**11**:167,1963

McCRUM, WR
Unusual seizure discharges on stimulation in the limbic system of the monkey. *With* LD Proctor and J Lukaszewski
**9**:35,1961

McCRUM, WR continued
Observations on the unique electrical discharge following stimulation in monkey brain. *With* LD Proctor
**11**:99,1963

A computer identification of the EEG in a neurophysiological behavioral program. *With* AW Jacobson, LD Proctor, H van den Ende and H Devore
**11**:385,1963

Some experiences and comments about biomedical data processing
**12**:333,1964

Further comments and experience with biomedical data processing
**16**:251,1968

Studies of the electrical parameters and behavioral effects of an EEG "seizure discharge". *With* RM Lee, H van den Ende, LD Proctor and JA Lee
**17**:77,1969

MC CUTCHEON, SA
A case of renal thrombotic thrombocytopenic purpura with comments on coagulation and immunofluorescent studies. *With* CE Rupe, MI Barnhart and G Fine
**16**:239,1968

McDONALD, RT
A simple and safe method for the prevention of air embolus during transfusion
**7**:24,1959

McFARLAND, PH
A possible new cause for aseptic necrosis of the femoral head. *With* HM Frost
**9**:115,1961

McGEE, TM
Ototoxicity in cats following toxic doses of streptomycin
**6**:182,1958

McGINNIS, KD
Experiences with intra-cavitary radiogold at Henry Ford Hospital. *With* MJ Brennan and L Preuss
**4**:89,1956

McLEAN, IW
Acute respiratory infections in civilian adults. I. Antibody response to polyvalent influenza-adenovirus inactivated vaccine.
**10**:27,1962

II. Clinical and serologic observations in a vaccine study group. *With* EZ Timm, F Cox Jr, CF Weiss and EL Quinn
**11**:273,1963

MC MURRY, JF
The diagnosis of chronic cor pulmonale. *With* RD Parks
**16**:119,1968

MELLINGER, RC
Hyperthyroidism, two cases demonstrating its inception during cortisone and thyroid therapy. *With* RW Smith Jr
**2**:13,1954

Symposium: Primary aldosteronism. *With* B Therian, IT Kline, J Ditzler, R Smith and G Fine
**6**:1,1958

Clinical evaluation of renal tubular phosphorus reabsorption test. *With* B Frame
**7**:88,1959

The familial occurrence of hyperparathyroidism. *With* G Laubinger
**7**:245,1959

Some fundamentals of gonadal development and function. *With* RW Smith Jr
**8**:324,1960

Turner's syndrome in males. *With* P Caron, WC Mieher and EW Green
**12**:121,1964

Turner's syndrome with X0/XX mosaicism. A case presentation.
**12**:181,1964

Addison's disease in half-siblings. *With* RE Bickman and D Silvestre
**16**:157,1968

Hypophyseal growth hormone. I. Control of secretion. *With* M Saeed-uz-Zafar and LB Morrow
**18**:143,1970

Hypophyseal growth hormone. II. Interaction with other hormones. *With* M Saeed-uz-Zafar and LB Morrow
**18**:165,1970

MENAGH, FR
The value of the treponema pallida immobilization test (TPI) in the diagnosis of borderline cases of syphilis
**2**:130,1954

Florence Nightingale and 100 years of modern nursing
**3**:76,1955

(Also in Historical supplement)
**14**:31,1966

MERCKEL, KE
Application of an electronic counter in the evaluation of significant bacteriuria. *With* JP Truant and WA Brett
**10**:359,1962

MEUNIER, P
Evaluation of cellular-level haversian bone resorption in human hyperparathyroid states: A preliminary report. *With* HM Frost, AR Villanueva, ZF Jaworski and AG Shimizu
**17**:259,1969

MIEHER, WC
Turner's syndrome in males. *With* P Caron, RC Mellinger and EW Green
**12**:121,1964

MIKHAIL,GR
The application of "chemosurgery" in cancer. *With* RE Blackburn
**17**:217,1969

Percutaneous absorption of betamethasone-17-benzoate
**18**:179,1970

MILLER, JM
Nodular goiter and thyroid cancer
**2**:118,1954

A previously unreported effect of the prolonged administration of desiccated thyroid. *With* T Baumgartner.
**6**:256,1958

A note on the absence of thyroid stimulating hormones in toxic autonamous goiter. *With* MA Block and RC Horn
**11**:449,1963

Treatment of hyperthyroidism from the autonomous multinodular goiter. *With* RE Weber and MA Block
**15**:85,1967

Post-therapeutic thyroid reserve. Thyroid reserve in euthyroid patients after ablative therapy for diffuse toxic goiter. *With* JJ Prendergast
**18**:3,1970

Branchial anomalies in idiopathic hypoparathyroidism: Branchial dysembryogenesis. *With* B Frame, AK Poznanski, CE Jackson and G Bermudez
**20**:3,1972

MISRA, S
Pulmonary angiograms and isotope lung scans. Their role in the diagnosis of pulmonary embolism. *With* RS Ormond, EH Drake and RA Rideout
**17**:3,1969

Prevention of recurrent systemic embolism with anticoagulants in patients with rheumatic heart disease. *With* IJ Schatz
**19**:135,1971

MITCHELL, CL
Resection of metatarsal heads for painful and intractable plantar callosities. Report of ten years' experience. *With* L Van Herpe
**10**:241,1962

Slipped capital femoral epiphysis. Follow-up study
**17**:43,1969

MOLONEY, JC
Etiology of mental health
**3**:25,1955

MONTGOMERY, WC
Rubeola encephalitis with hemiplegia. Report of two cases treated with cortisone. *With* JR Gurnick and RA Greiner
**6**:332,1958

MONTO, RW
Inhalation and nasal instillation of crystalline $B_{12}$ therapy in pernicious anemia. *With* JW Rebuck and MJ Brennan
**1**:15, Mar 1953

Electron microscopy of the sickling process. *With* JW Rebuck and RM Sturrock
**1**:29, Dec 1953

Thrombocytopoiesis in man. *With* JW Rebuck
**5**:73,1957

Contributions of electron microscopy to the study of platelets. *With* JW Rebuck, JM Riddle, SA Johnson and RM Sturrock
**8**:273,1960

Observations on the gastroinestinal administration of bovine splenic, renal and muscle homogenates on hematopoiesis in man: A preliminary report. *With* JA Barron and JW Rebuck
**11**:147,1963

Congenital erythroblastic hypoplasia. Treatment of transfusion hemosiderosis with desferrioxamine B. *With* FJ Hildner and JW Rebuck
**12**:5,1964

The effect of gastrointestinal administration of bovine splenic homogenate on hematopoiesis in man. *With* JA Barron, JW Rebuck and VK Vaitkevicius
**12**:227,1964

The LE Cell: Significance and relation to collagen disease. *With* RA Rizek, CE Rupe and JW Rebuck
**12**:389,1964

MONTO, RW continued
Accidental ingestion of anticoagulant resulting in a severe hemorrhagic diathesis. *With* ER Williams, TH Greidanus and EJ Van Slyck
**15**:93,1967

Congenital erythroblastic hypoplasia. Treatment of transfusion hemosiderosis with desferrioxamine B. *With* FJ Hildner and JW Rebuck
**16**:147,1968

Surreptitious ingestion of oral anticoagulants. *With* TH Greidanus and EJ Van Slyck
**18**:99,1970

MOORHEAD, EL
Carcinoma of the lung occurring in patient with carotid body tumor: Case report. *With* RD White, RW Talley and RV Loo
**13**:79,1965

Pheochromocytoma: A familial tumor. A study of eleven families. *With* MJ Brennan, JR Caldwell and WC Averill
**13**:467,1965

MORALES, AR
Enzyme histochemistry of the human carotid body. *With* G Fine and P Enriquez
**16**:313,1968

MORFIN, E
The effects of prednisone on gastric secretion in antrectomized Heidenhain pouch dogs. *With* H Jenny, W Janke, JL Ponka and BE Brush
**11**:189,1963

Clostridial septicemia with intravascular hemolysis. *With* GM Mastio
**13**:421,1965

MORGAN, WL
Recent concepts on skeletal muscle structure and contraction. *With* HL Green
**7**:249,1959

The role of ions in muscle excitation and contraction. *With* RE Fuller
**8**:55,1960

MORROW, LB
Hypophyseal growth hormone. I. Control of secretion. *With* M Saeed-uz-Zafar and RC Mellinger
**18**:143,1970

Hypophyseal growth hormone. II. Interaction with other hormones. *With* M Saeed-uz-Zafar and RC Mellinger
**18**:165,1970

MOTA, C
Scalene lymph node biopsy. *With* LJ Kenny
**4**:36,1956

MUELLER, J
Precipitable hetero-antibodies in man to animal serum proteins. *With* H Hayashi, M Perry and G LoGrippo
**19**:241,1971

MULDER, PH
Fatal spontaneous hematoma of the vulva in a primipara at 36 weeks before onset of labor
**5**:250,1957

MURTHY, KS
Serum hepatitis at Henry Ford Hospital, 1958-1967. *With* BM Schuman
**18**:57,1970

NADEAU, RA
Direct perfusion of the sinus node: An experimental model for pharmacologic and electrophysiologic studies of the heart. *With* TN James
**10**:21,1962

A case of tetralogy of Fallot in a dog. *With* C Grodsinsky
**11**:309,1963

The effects of vagal stimulation, eserline and atropine on retrograde pressure in the sinus node artery. *With* TN James
**12**:23,1964

The chronotropic action of veratridine studied by direct perfusion of the sinus node through its artery. *With* TN James
**12**:169,1964

NEBLETT, TR
A quick look at immunofluorescence
**16**:97,1968

Summary report: Antimicrobial susceptibility test results from Henry Ford Hospital compared with others nationally, January-June, 1969
**17**:227,1969

NEHER, FR
Hypertension muscle weakness and polyuria. Case report from medical grand rounds. *With* FW Whitehouse, RW Smith Jr and JR Caldwell
**11**:157,1963

NELSON HM
Cancer detection
**3**:33,1955

NEWMAN, EV
The hyponatremic syndrome
**2**:180,1954

NICKEL, SN
A quantitative appraisal of systemic lupus erythematosis: Diagnosis by point system. *With* CE Rupe
**12**:223,1964

NIXON, RK
Contraindications to therapy in hypertension and anemia
**5**:171,1957

Carcinoma of the pancreas with unusual central nervous system complications. Clinical pathological conference. *With* B Frame and J Bebin
**7**:309,1959

Pericarditis as the presenting manifestation in subdiaphragmatic abscess. *With* FM Kuipers
**8**:360,1960

Pseudo iron deficiency anemia: Diagnostic significance
**9**:398,1961

Meprobamate intoxication treated by peritoneal dialysis. Report of a case. *With* W Hardy and A Ten Pas
**11**:347,1963

Hemochromatosis and porphyria cutanea tarda. *With* C Petrozzi
**13**:285,1965

Scrotal inflation: A new cause for subcutaneous, mediastinal and retroperitoneal emphysema. *With* G Bush
**17**:225,1969

NOE, FE
Responsiveness of the respiratory centers in cardiacs with mitral diseases. *With* HG Pauli and EO Coates Jr
**5**:119,1957

Potassium — Some practical aspects of the physiology of its electrolyte balance
**6**:15,1958

NOSHAY, WC
The treatment and employability of the epileptic
**3**:119,1955

Giant cell (temporal) arteritis. *With* RL Roth
**10**:445,1962

NOYES, FR
Measurement of haversian bone remodelling by means of tetracycline labelling in rib of rhesus monkeys. *With* CC Schock and AR Villaneuva
**20**:131,1972

OBERG, D
Psoriatic arthritis. *With* H Duncan and WR Eyler
**13**:173,1965

O'BRYAN, RM
Critical analysis of the control of malignant effusions with radioisotopes. *With* R W Talley, MJ Brennan and E San Diego
**16**:3,1968

Hospital involvement in regional medical programs
**16**:307,1968

O'DRISCOLL, W
The particulate absorption of fat: Its direct demonstration in a normal human. *With* J Sieracki and WS Haubrich
**7**:18,1959

Electron microscopy of the border of the human intestinal epithelial cell. *With* WS Haubrich, JHL Watson and V Valentine
**7**:113,1959

O'HORA, BA
Recent therapy of nephrosis. A report of fifty-eight cases.
**1**:21, Sept 1953

O'NEILL, JH
Experimental and clinical nephrosis. *With* JM Bandera and G Manson
**9**:339,1961

ORMOND, JK
Nephrectomy for tuberculosis. Review of 96 cases. *With* RC Slocum
**1**:33, Mar 1953

Medicine in India
**2**:164,1954

Idiopathic retroperitoneal fibrosis: Ormond's syndrome
**10**:13,1962

Idiopathic retroperitoneal fibrosis: Ormond's syndrome
(Historical supplement) **14**:21,1966

ORMOND, RS
Evaluation of patients for pulmonary embolectomy. *With* T Gahagan, A Manzor and HH Gale
**14**:55,1966

Pulmonary angiograms and isotope lung scans — Their role in the diagnosis of pulmonary embolism. *With* EH Drake, RA Rideout and S Misra
**17**:3,1969

Quantitation of aortic valvular insufficiency using radioactive tracers. An experimental study in vitro. *With* FJ Hildner, WR Pierson, B Weinstock and EH Drake
**18**:27,1970

Double contrast arthrography of the knee. *With* PC LaRowe and E Guise
**18**:107,1970

ORR, JA
Hypothalamic control of the adenohypophysis
**7**:102,1959

OSIUS, J
Aims and aspirations of the best and noblest
**13**:461,1965

PANTOS, TG
Leiomyosarcoma of the urinary bladder with review of the literature. *With* RD Urwiller and AW Bohne
**10**:445,1962

PARKS, RD
The diagnosis of chronic cor pulmonale. *With* JF McMurry Jr
**16**:119,1968

PARSONS, J
X-ray diffraction analysis
**6**:99,1958

X-ray diffraction powder data and index for the steroids. *With* WT Beher and GD Baker
**6**:365,1958

The analysis of pathological crystals by x-ray diffraction
**8**:175,1960

X-ray diffraction powder data for steroids. *With* WT Beher and GD Baker
**9**:54,1961

Identification of crystalline material from lung biopsy by x-ray diffraction
**10**:355,1962

X-ray diffraction powder data for steroids: Supplement II. *With* ST Wong, GD Baker and WT Beher
**10**:471,1962

X-ray diffraction powder data for steroids: Supplement III, including a discussion of steroid nomenclature. *With* ST Wong, WT Beher and GD Baker
**11**:23,1963

X-ray diffraction powder data for steroids: Supplement IV. *With* ST Wong, WT Beher and GD Baker
**12**:87,1964

X-ray diffraction analysis of Central Asian vesical calculi
**12**:187,1964

X-ray diffraction powder data for steroids: Supplement V
**12**:459,1964

X-ray diffraction powder data for steroids: Supplement VI. *With* ST Wong and WT Beher
**13**:303,1965

X-ray diffraction powder data for steroids: Supplement VII
**14**:387,1966

X-ray diffraction powder data for steroids: Supplement VIII
**15**:133,1967

X-ray diffraction powder data for steroids: Supplement IX. *With* ML Polk and WT Beher
**16**:215,1968

X-ray diffraction powder data for amino acid derivatives. *With* JA Scilla and WT Beher
**18**:283,1970

PAS, A TEN (See TEN PAS, A)

PASKO, JE
Tetracycline-based measurement of bone dynamics in rib of a girl dying of Gaucher's disease. *With* HM Frost
**15**:3,1967

PATTON, RB
The leucoplakic vulva: Premalignant determinants. *With* CP Hodgkinson and MA Ayers
**11**:279,1963

Endometrial carcinoma. Report of 441 cases from Henry Ford Hospital, 1923 through 1963
**16**:301,1968

Kidney function tests in chronic renal disease: Serum urea nitrogen, creatinine and creatinine clearance. *With* D Remp
**16**:185,1968

Alcaptonuria and ochronosis with diabetes mellitus and mycosis fungoides. A case report. *With* JU Haq
**17**:295,1969

Spectacular elevations of serum alkaline phosphatase: Clinical and pathological correlation
**18**:211,1970

PAULI, HG
Responsiveness of the respiratory centers in cardiacs with mitral diseases. *With* FE Noe and EO Coates Jr
**5**:119,1957

The results of surgery for bronchiectasis. *With* GL Brinkman
**6**:318,1958

PAULING, L
The future of enzyme research
**4**:1,1956

PEACOCK, J
Diabetic amyotrophy: A report of two cases. *With* R Calderon
**12**:135,1964

Carcinoma in situ of the urinary bladder. *With* CF Pearce and AJ Johnson
**14**:185,1966

PENBERTHY, GC
The reflection of a surgeon in the progress of his art
**5**:155,1957

PERMEN, LE
Primary carcinoma of the extrahepatic biliary ducts. *With* EB McCollum
**11**:167,1963

PERRY, M
Quantitative determination of C-reactive protein (CRP) by micro-double diffusion technic. *With* H Hayashi and GA LoGrippo
**18**:155,1970

Immunoglobulin levels in spinal fluid and saliva by direct immunochemical assay and microscopic measurements. *With* H Hayashi and GA LoGrippo
**18**:263,1970

Precipitable hetero-antibodies in man to animal serum proteins. *With* H Hayashi, GA LoGrippo and J Mueller
**19**:241,1971

PESAROS, PC
Effects of prednisone on gastric secretion in sympathectomized Heidenhain pouch dogs. *With* W Janke, JL Ponka and BE Brush
**10**:439,1962

Gastrocolic and duodenocolic fistulas. An experimental study. *With* JL Ponka and AK Shaalan
**19**:75,1971

PETERSON, JE
The physician and his education
**8**:310,1960

On becoming a physician
**14**:43,1966

PETERSON, N
Cephalexin: In vitro and in vivo studies. *With* F Cox Jr, EL Quinn and BG Gatmaitan
**18**:91,1970

PETROZZI, C
Hemochromatosis and porphyria cutanea tarda. *With* RK Nixon
**13**:285,1965

Gaucher's disease: Case report with stress on eye findings. *With* AO Carbone
**16**:55,1968

PIERSON, WR
Quantitation of aortic valvular insufficiency using radioactive tracers. An experimental study in vitro. *With* FJ Hildner, B Weinstock, E Drake and RS Ormond
**18**:27,1970

PIFER, PW
Plasma fibrinogen and surgical trauma. *With* CP Hodgkinson and DG Remp
**2**:44,1954

Experimental hypofibrinogenemia. *With* M Block and CP Hodgkinson
**3**:112,1955

PIROK, DJ
Normal histological, tetracycline and dynamic parameters in human, mineralized bone sections. *With* JR Ramser, H Takahashi, AR Villanueva and HM Frost
**14**:195,1966

Fractional labeling: The fraction of activity forming osteons that tetracycline labels in normal human bone. *With* HM Frost and T Rush
**14**:255,1966

PODOLSKY, S
Clinical evaluation of methyclothiazide, a new potent long-acting oral diuretic drug. *With* M Fuchs and R Sellor
**9**:440,1961

Combined action of 5-fluorouracil and other cytotoxic agents with crystalline ribonuclease on mouse ascites tumor. *With* AW Wase and J Cardenas
**9**:583,1961

Problems related to children's sleep
**10**:385,1962

POLK, ML
X-ray diffraction powder data for steroids: Supplement IX. *With* J Parsons and WT Beher
**16**:215,1968

PONKA, JL
Marlex mesh - a new plastic mesh for the repair of hernia. *With* JH Wylie, L Chaikof, C Sergeant and BE Brush
**7**:278,1959

A revised suture method for repair of hepatic lacerations. *With* JG Whitcomb
**8**:116,1960

Emergency management of thoraco-abdominal trauma: A study of 275 injury patients. *With* RO Antoni
**9**:263,1961

Modern surgical treatment of congenital hypertrophic pyloric stenosis: A review of 124 operated infants. *With* SE Landrum
**10**:89,1962

PONKA, JL continued

Effects of prednisone on gastric secretion in sympathectomized Heidenhain pouch dogs. *With* WH Janke, PC Pesaros and BE Brush
**10**:439,1962

The effects of prednisone on gastric secretion in antrectomized Heidenhain pouch dogs. *With* E Morfin, H Jenny, W Janke and BE Brush
**11**:189,1963

Surgical management of appendiceal carcinoids: An analysis of twenty-four cases. *With* RO Antoni
**11**:431,1963

Massive hemorrhage from sarcoid ulcers in the stomach. *With* JJ Ramirez and WS Haubrich
**12**:15,1964

Acute abdominal pain in aged patients. An analysis of 200 patients. *With* JL Welborn and BE Brush
**12**:159,1964

Acute volvulus of the stomach secondary to adhesions: Case report. *With* AK Shaalan
**12**:351,1964

Refractory hypotension. *With* JL Welborn
**12**:365,1964

Successful surgical management of superior mesenteric and femoral artery tumor emboli resulting from pneumonectomy: A case report. *With* DF Webb, L Tomatis and RE Taber
**13**:299,1965

Treatment of acute recurrent intussusception in infants. *With* JK Welborn
**14**:157,1966

Carcinoma of the right colon
**15**:49,1967

Incarcerated femoral hernia
**15**:203,1967

Echinococcosis of the liver. Report of a case. *With* R Benedetti
**18**:39,1970

Prevention of recurrent peritoneal adhesions. A clinical and laboratory investigation. *With* TA Cromwell
**18**:233,1970

Gastrocolic and duodenocolic fistulas. An experimental study. *With* AK Shaalan and PC Pesaros
**19**:75,1971

Gastrocolic fistulas due to cancer. Report of a 16-year survival and a review of the literature. *With* S Adelman
**19**:191,1971

Epidermoid carcinoma arising in an epidermal inclusion cyst. *With* TV Hayes
**20**:97,1972

POOL, R Jr

Paratendinous apparatus of the digital extensor mechanism: Some clinical features. *With* S Stanisavljevic
**10**:253,1962

POPE, GG

Art and drawing in psychotherapy
**12**:405, 1964

POZNANSKI, AK

The rationale of breast radiography. *With* L Stevenson and DN Dickson
**11**:437,1963

Wilms' tumor, metastatic to the lung. *With* RJ Bloor
**14**:161,1966

A radiologic quiz
**15**:360,1967

Branchial anomalies in idiopathic hypoparathyroidism: Branchial dysembrogenesis. *With* MJ Miller, B Frame, CE Jackson and G Bermudez
**20**:3,1972

PRATT, JP

Aftermath of abdominal exploration
**2**:125,1954

My friend Dr Roy D McClure
**9**:475,1961

(Also in Historical supplement) **14**:55,1966

PRENDERGAST, JJ

Post-therapeutic thyroid reserve. Thyroid reserve in euthryoid patients after ablative therapy for diffuse toxic goiter. *With* JM Miller
**18**:3,1970

PREUSS, LE

Experiences with intra-cavitary radiogold at Henry Ford Hospital. *With* MJ Brennan and KD McGinnis
**4**:89,1956

The use of radioactive gold in the treatment of cancer of the cervix. *With* AH Veldhuis and LA Swinehart
**4**:144,1956

Some comments on limits and significance of the "permissible radiation dose"
**5**:47,1957

The radioactive isotope research program and facility
**6**:104,1958

PREUSS, LE continued
The mechanism, characteristics and potential of the beta-excited x-ray source
**6**:141,1958

PRIEST, EM
Preliminary experience with the glutamic oxaloacetic transaminase determination in acute myocardial infarction in humans. *With* DG Remp, DH Basinski and L Dickson
**3**:208,1955

The effect of the administration of the anticoagulant Marcumar on the blood coagulation mechanisms. *With* SA Johnson and MJ Caldwell
**4**:224,1956

PRIEST, RJ
Heterotopic pancreatic tissue in the gastric wall
**1**:21, Mar 1953

The diagnosis of hepatic pathology by needle biopsy. *With* WL Agey, HH Steele and JW Fischbein
**2**:190,1954

The milk-alkali syndrome. *With* RW Smith Jr and WE Redfern
**5**:53,1957

Severe hyperbilirubinemia due to benign obstruction of the common bile duct. Case report. *With* MA Block
**6**:218,1958

Evaluation of needle biopsy of the liver: 1950-1958. *With* GT Havey
**8**:19,1960

Photographic features of benign and malignant ulcers. *With* NV Carandang and BM Schuman
**17**:275,1969

Dose-response relationship of bile flow to cholecystokinin stimulation as measured by duodenal drainage. *With* RF Gluckmann, JE Berkard and JA Rinaldo
**18**:257,1970

Immunologic competence in idiopathic ulcerative colitis: Humoral aspects of immunity. *With* GA LoGrippo, H Hayashi and K Anselm
**18**:249,1970

The endoscopic approach to the diagnosis of upper gastrointestinal bleeding. *With* BM Schuman, K Anselm and RF Gluckmann
**20**:63,1972

Nonparasitic cysts of the liver. Analysis of 36 cases and review of modern diagnostic techniques. *With* V Lawoyin
**20**:153,1972

PROCTOR, LD
Bilateral frontal lobe leucotomy. Its place as a therapeutic agent
**1**:25, June 1953

The research aspect of the epileptiform syndrome. *With* RS Knighton
**2**:171,1954

Changes in behavior through stimulation of the reticular formation of the monkey. *With* JA Churchill, RS Knighton and J Bebin
**6**:266,1958

Migraine equivalents
**8**:99,1960

Syringomyelia associated with Arnold-Chiari malformation. *With* HF Labsan
**8**:157,1960

Unusual seizure discharges on stimulation in the limbic system of the monkey. *With* WR McCrum and J Lukaszewski
**9**:35,1961

Observations on the unique electrical discharge following stimulation in monkey brain. *With* WR McCrum
**11**:99,1963

A computer identification of the EEG in a neurophysiological behavioral problem. *With* WR McCrum, AW Jacobson, H van den Ende and H Devore
**11**:385,1963

Studies of the electrical parameters and behavioral effects of an EEG "seizure discharge". *With* WR McCrum, RM Lee, H van den Ende and JA Lee
**17**:77,1969

Effects of an EEG "seizure discharge" on operant responding. *With* RM Lee, H van den Ende and JA Lee
**19**:161,1971

PUSEY, W
An improved method of staining paraffin-embedded bone marrow sections. *With* AR Villanueva
**19**:101,1971

QUINN, EL
Subacute enterococcal endocarditis following epidemic hemorrhagic fever. *With* TN James
**1**:40, Dec 1953

Psittacosis: Medical symposium on diagnosis and treatment
**3**:97,1955

Subacute bacterial endocarditis: Medical symposium on diagnosis and treatment. *With* JG Mateer and panel
**4**:68,1956

Anaphylactoid reaction to oral penicillin G. Case report. *With* RE Birk
**5**:183,1957

Acute respiratory infections in civilian adults. I Antibody response to polyvalent influenza-adenovirus inactivated vaccine
**10**:27,1962

Antimicrobial activity of penicillin V and penethicillin with special reference to organisms isolated from 17 patients with subacute bacterial endocarditis. *With* JM Colville
**10**:399,1962

Acute respiratory infections in civilian adults. II Clinical and serologic observations in a vaccine study group. *With* EZ Timm, F Cox Jr, IW McLean and CF Weiss
**11**:273,1963

Aseptic meningitis in siblings with infectious mononucleosis. *With* EG Heinze
**14**:229,1966

A method of hospital infection surveillance incorporating the use of the computer. *With* BW Steinhauer, F Cox and GHC Stobie
**15**:139,1967

Current problems in meningococcal diseases
**15**:179,1967

In-vitro activity of lysostaphin. Bioassay in serum. *With* DN Jones and F Cox
**16**:235,1968

Simple methods for detection of bacteriuria in the physician's office. *With* EG Heinze Jr, A Hodari, T Connelly, D Jones and F Cox
**16**:279,1968

Cephalexin: In vitro and in vivo studies. *With* F Cox Jr, BG Gatmaitan and N Peterson
**18**:91,1970

Rubella. Current status of immunization. *With* D Romig and F Cox
**18**:73,1970

Rubella immunization of adult females using HPV-77 DK-12 live attenuated rubella virus. *With* DA Romig, F Cox and RG Brackett
**19**:59,1971

RAMIREZ, JJ
Massive hemorrhage from sarcoid ulcers in the stomach. *With* JL Ponka and WS Haubrich
**12**:15,1964

RAO, B
Accumulation of tissue cholesterol and its relationship to bile and sterol turnover
**15**:107,1967

REBUCK, JW
Inhalation and nasal instillation of crystalline $B_{12}$ therapy in pernicious anemia. *With* RW Monto and MJ Brennan
**1**:15, Mar 1953

Electron microscopy of the sickling process. *With* RM Sturrock and RW Monto
**1**:29, Dec 1953

Thrombocytopoiesis in man. *With* RW Monto
**5**:73,1957

Bronchopulmonary mycosis: A 20-year study of siblings. *With* BM Hamil, WR Eyler and GA LoGrippo
**7**:295,1959

Contributions of electron microscopy to the study of platelets. *With* JM Riddle, SA Johnson, RW Monto and RM Sturrock
**8**:273,1960

Observations on the gastrointestinal administration of bovine splenic, renal and muscle homogenates on hematopoiesis in man. Preliminary report. *With* RW Monto and JA Barron
**11**:147,1963

Editorial: Blood platelets
**11**:377,1963

Congenital erythroblastic hypoplasia. Treatment of transfusion hemosiderosis with desferrioxamine B. *With* FJ Hildner and RW Monto
**12**:5,1964

The effect of gastrointestinal administration of bovine splenic homogenate on hematopoesis in man. *With* RW Monto, JA Barron and VK Vaitkevicius
**12**:227,1964

The LE cell: Significance with relation to collagen disease. *With* RW Monto, CE Rupe and RA Rizek
**12**:389,1964

Congenital erythroblastic hypoplasia. Treatment of transfusion hemosiderosis with desferrioxamine B. *With* FJ Hildner and RW Monto
**16**:147,968

REDFERN, WE
Conservative management of diabetic foot complications. *With* WL Lowrie and BE Brush
**2**:79,1954

REDFERN, WE continued
Hyperinsulinism. *With* BE Brush, WL Lowrie and FW Hallinger
**3**:142,1955

The milk-alkali syndrome. *With* RJ Priest and RW Smith Jr
**5**:53,1957

REEMTSMA, K
The response of sinus node function to ligation of the sinus node artery. *With* TN James
**8**:129,1960

REINHARD, RE
Solitary pulmonary metatasis from hypernephroma nine years following surgery
**9**:419,1961

Presumptive Ormond's disease: Remission following steroid therapy
**11**:313,1963

REISBERG, IR
Localizing obscure upper gastrointestinal bleeding by the fluorescein string test. *With* WS Haubrich
**13**:265,1965

REMP, DG
Influence of saccharoids on blood glucose values
**1**:24, Dec 1953

Plasma fibrinogen and surgical trauma. *With* CP Hodgkinson and PW Pifer
**2**:44,1954

Preliminary experience with the glutamic oxaloacetic transaminase determination in acute myocardial infarction in humans. *With* EM Priest, DH Basinski and L Dickson
**3**:208,1955

Do we need the one-minute bilirobin? *With* WFC Duvernoy and JA Rinaldo Jr
**12**:447,1964

Kidney function tests in chronic renal disease: Serum urea nitrogen, creatinine and creatinine clearance. *With* RB Patton
**16**:185,1968

REYES, EL
The hypocalcemic effects of actinomycin D and mithramycin. *With* RW Talley
**18**:115,1970

RICE, MP
The battered child: A review of the literature
**12**:401,1964

RIDDLE, JM
Contributions of electron microscopy to the study of platelets. *With* JW Rebuck, SA Johnson, RW Monto and RM Sturrock
**8**:273,1960

Significance of fibrin and other particulates in rheumatoid joint inflammation. *With* GB Bluhm and MI Barnhart
**14**:119,1966

Gout and arterial thrombosis. *With* FJ Viozzi and GB Bluhm
**20**:119,1972

RIDEOUT, RA
Pulmonary angiograms and isotope lung scans. Their role in the diagnosis of pulmonary embolism. *With* RS Ormond, EH Drake and S Misra
**17**:3,1969

RINALDO, JA Jr
Exfoliative cytology in the clinical evaluation of gastric ulcer. *With* JA Marvel, G Fine and E Watson
**7**:216,1959

Do we need the one-minute bilirobin? *With* WFC Duvernoy and DG Remp
**12**:447,1964

Some observations concerning the physiology of the distal esophagus with comments on hiatal hernia
**14**:77,1966

Dose-response relationship of bile flow to cholecystokinin stimulation as measured by duodenal drainage. *With* RJ Priest, RF Gluckmann and JE Berk
**18**:257,1970

RIZEK, RA
The LE cell: Significance and relation to collagen disease. *With* RW Monto, CE Rupe and JW Rebuck
**12**:389,1964

ROBLES, J
Bronchogenic carcinoma: An analysis of 305 surgically-treated patients. *With* RE Taber and CR Lam
**10**:57,1962

ROGERS, JF
Herniation through the diaphragm into the pericardium. *With* WZ Lane and R Gibbs
**5**:271,1957

ROGERS, JS
Decompressive laminectomy in the management of spinal epidural metastases. *With* RS Knighton
**17**:201,1969

ROMIG, D
Rubella. Current status of immunization. *With* EL Quinn and F Cox
**18**:73,1970

ROMIG, DA
Rubella immunization of adult females using HPV-77 DK-12 live attenuated rubella virus. *With* EL Quinn, F Cox and RG Brackett
**19**:59,1971

ROSEDALE, RS
Some principles to be considered in the rehabilitation of cleft lip and cleft palate cripples
**5**:283,1957

ROSENTHAL, SL
Fever in neoplastic disease. *With* RW Talley
**19**:15,1971

ROTH, H
Halo volume. *With* HM Frost and AR Villanueva
**8**:228,1960

Measurement of bone formation in a 57-year-old man by means of tetracyclines. *With* HM Frost and AR Villanueva
**8**:239,1960

Pyogenic osteomyelitis: Diffusion in live and dead bone with particular reference to the tetracycline antibiotics. *With* HM Frost and AR Villanueva
**8**:255,1960

Halo volume, Part I: The effect of pH on size. *With* HM Frost and AR Villanueva
**9**:126,1961

Part II: The effect of citrate ion concentration on size. *With* HM Frost and AR Villanueva
**9**:130,1961

Part III: Existence of a pattern in the matrix. *With* HM Frost and AR Villanueva
**9**:133,1961

Physical characteristics of bone: Introduction
**9**:148,1961

Part I: The existence of plastic flow in vitro. *With* HM Frost and AR Villanueva
**9**:149,1961

Part II: Biphasic elastic behavior of fresh human bone. *With* HM Frost and AR Villanueva
**9**:153,1961

Part III: A semimicro measurement of unit shear stress. *With* HM Frost and AR Villanueva
**9**:157,1961

Part IV: Microscopic prefailure and failure patterns. *With* HM Frost and AR Villanueva
**9**:163,1961

Experimental multiband tetracycline measurement of lamellar osteoblastic activity. *With* HM Frost, AR Villanueva and S Stanisavljevic
**9**:312,1961

Effect of estrogen on resorption of chondro-osseous complex in the rat. *With* HM Frost, AR Villanueva and S Stanisavljevic
**10**:171,1962

Effect of adrenal corticoids on lamellar bone formation rate in rat diaphysis. *With* S Stanisavljevic, AR Villanueva and HM Frost
**10**:179,1962

Effect of adrenal corticoids on chondro-osseous complex osteoclasia. *With* HM Frost, S Stanisavljevic, and AR Villanueva
**10**:185,1962

Effect of thyroxine on chondro-osseous complex resorption in the rat. *With* HM Frost, AR Villanueva and S Stanisavljevic
**10**:199,1962

Qualitative method for measuring osteoclastic activity. *With* HM Frost and AR Villanueva
**10**:217,1962

Giant cell (temporal) arteritis. *With* WC Noshay
**10**:455,1962

ROWEN, BP
All-inclusive care for the cancer patient. A study of social factors
**7**:270,1959

RUPE, CE
Porphyria—An "enzyme lesion": Review of basic and clinical aspects. *With* WJ Treanor
**5**:162,1957

Analbuminemia with the nephrotic syndrome. *With* GT Havey and RI McClaughry
**7**:194,1959

Systemic sclerosis. *With* RE Birk
**10**:523,1962

A quantitative appraisal of systemic lupus erythematosis: Diagnosis by point system. *With* SN Nickel
**12**:223,1964

The LE cell: Significance and relation to collagen disease. *With* RW Monto, RA Rizek and JW Rebuck
**12**:389,1964

The treatment of systemic sclerosis with disodium EDTA, pyridoxine and reserpine. *With* RE Birk
**14**:109,1966

A case of renal thrombotic thrombocytopenic purpura with comments on coagulation and immunofluorenscent studies. *With* SA McCutcheon, MI Barnhart and G Fine
**16**:239,1968

Intestinal lymphangiectasia with normal immunological function. A case report. *With* T Madhavan
**18**:65,1970

Immunologic status of uremic patients. *With* GA LoGrippo, H Hayashi and D LeSher
**18**:83,1970

Health nurse clinician—An extended role for the professional nurse. *With* D Downs, DL Kerr and WW Hardy
**18**:187,1970

RUSH, T
Fractional labeling: The fraction of activity forming osteons that tetracycline labels in normal human bone. *With* HM Frost and D Pirok
**14**:255,1966

RUSH, WE
Actinomycosis — Cerebral infection presenting as a brain tumor. *With* JP Truant, JC Sieracki and G Manson
**4**:217,1956

RUTT, WM
Werner's syndrome. *With* PA Kvale, RE Birk and WR Eyler
**13**:411,1965

RYMAN, P
The social service problem in cancer control
**7**:14,1959

The increasing significance of nursing homes in our way of life
**10**:589,1962

SAEED, SM
Bovine testicular antihyaluronidase in rabbits — Production and purification. *With* G Fine and GA LoGrippo
**17**:19,1969

Mycosis fungoides with thrombotic microangiopathy and major central nervous system manifestations. *With* TA Chapel and BW Steinhauer
**18**:237,1970

Betaprone sterilization of hepatitis-infected materials. Safety precautions for laboratory workers. *With* GA LoGrippo and H Hayashi
**19**:257,1971

SAMUEL, VN
Visual hallucinations in cerebral lesions. A case report
**9**:391,1961

SAN DIEGO, E
Critical analysis of the control of malignant effusions with radioisotopes. *With* RM O'Bryan, RW Talley and MJ Brennan
**16**:3,1968

SANTORO, F
Serial undecalcified sections of rat bones. *With* AR Villanueva
**10**:263,1962

Osteoid seams and resorption spaces in standard samples of human 6th and 11th ribs
**15**:241,1967

Correlation of the transverse sizes of 6th and 11th ribs in normal and osteoporotic individuals. *With* HM Frost
**16**:87,1968

SCHATZ, IJ
Treatment of hyperlipidemia with the ethyl-ester of chlorophenoxyisobutyrate and androsterone
**13**:447,1965

Rheumatoid spondylitis associated with aneurysmal dilatation of the entire thoracic aorta. *With* WFC Duvernoy
**14**:309,1966

Prevention of recurrent systemic embolism with anticoagulants in patients with rheumatic heart disease. *With* S Misra
**19**:135,1971

SCHEN, S
A function generator for the mesenchymal cell activation function, for use in the electric analog computer. *With* HM Frost
**11**:195,1963

SCHILHANECK, L
The psychiatric walk-in clinic services. An interim report of experience at Henry Ford Hospital. *With* BK Bresnahan
**20**:103,1972

SCHIMEK, RA
New techniques in ptosis surgery
**2**:89,1954

SCHOCK, CC
Measurement of haversian bone remodelling by means of tetracycline labelling in rib of rhesus monkeys. *With* FR Noyes and AR Villaneuva
**20**:131,1972

SCHOPBACH, RR
Anxiety and its pharmacologic control
**5**:129,1957

The mecholyl test: Its value in depressions
**7**:211,1959

A review of psychopharmacologic drugs
**7**:290,1959

The neurophysiology of the central nervous system. A simplified review. *With* KB Akins
**9**:28,1961

The use of phenothiazines on a general hospital psychiatric service
**9**:369,1961

Art in psychotherapy
**12**:301,1964

Art in psychotherapy
**15**:229,1967

SCHOTT, EL
Thirty years of clinical psychology. *With* EI Gordon
**4**:29,1956

SCHOTT, J
Summary report: Antimicrobial susceptibility test results from Henry Ford Hospital compared with others nationally, January-June, 1969. *With* TR Neblett and JF Eisses
**17**:227, 1969

SCHUKNECHT, HF
Don't shout! I can hear!
**3**:186,1955

SCHUKNECHT, HF continued
Relationship of acetylcholinesterase in the cochlea to the olivocochlear bundle. *With* JA Churchill
**7**:202,1959

Acoustic trauma from a dog training whistle. *With* H van den Ende
**9**:376,1961

SCHUMACHER, EE Jr
Cor pulmonale in association with Raynaud's disease. Report of a case with sympathectomy
**5**:256,1957

SCHUMAN, BM
The treatment of peptic ulcer with enteric and urinary concentrates. A review
**10**:595,1962

Sociological aspects of regional enteritis. *With* SH Schuman
**12**:317,1964

The liver photoscan in the recognition and management of abdominal masses block. *With* WR Eyler, JP Truant and LA DuSault
**14**:85,1966

Photographic features of benign and malignant ulcers. *With* NV Carandangard and RJ Priest
**17**:275,1969

Serum hepatitis at Henry Ford Hospital, 1958-1967. *With* KS Murthy
**18**:57,1970

Tube feeding as part of the supportive care of the surgical patient
**19**:35,1971

Comparative gastroscopic study of choline salicylate and aspirin. *With* SC Danao
**20**:27,1972

The endoscopic approach to the diagnosis of upper gastrointestinal bleeding. *With* RF Gluckmann, K Anselm and RJ Priest
**20**:63,1972

SCHUMAN, SH
Sociological aspects of regional enteritis. *With* BM Schuman
**12**:317,1964

SCHUSTER, J
Ataxia telangiectasia. Case reports and attempt at treatment
**15**:27,1967

SCILLA, JA
X-ray diffraction powder data for amino acid derivatives. *With* J Parsons and WT Beher
**18**:283,1970

SEDLIN, ED
The eleventh rib biopsy in the study of metabolic bone disease. *With* HM Frost and AR Villanueva
**11**:217,1963

A pilot study of lamellar bone physiology in diabetes mellitus. *With* HM Frost and M Klein
**12**:55,1964

SELLOR, R
Clinical evaluation of methyclothiazide, a new potent long-acting oral diuretic drug. *With* S Podolsky and M Fuchs
**9**:440,1961

SEMENUK, G
Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. *With* WT Beher, B Rao, ME Beher, J Bertasius and N Vulpetti
**15**:107,1967

SERGEANT, C
Marlex mesh - a new plastic mesh for the repair of hernia. *With* JL Ponka, JH Wylie, L Chaikof and BE Brush
**7**:278,1959

SESTAKOF, D
A study on hypercoagulability using heparin loading test. *With* ON Ulutin
**8**:63,1960

SEZGIN, Z
A report of some examples of abnormal halo volume. *With* HM Frost, DM Bosworth and RH Halliburton
**9**:404, 1961

Effect of Marsilid on diaphyseal lamellar rabbit bone. *With* D Bosworth and HM Frost
**10**:209,1962

SHAALAN, AK
Acute volvulus of the stomach secondary to adhesions. Case report. *With* JL Ponka
**12**:351,1964

Gastrocolic and duodenocolic fistulas. An experimental study. *With* JL Ponka and PC Pesaros
**19**:75,1971

SHAFFER, JH
Serious hypotension following seafood ingestion. *With* JH Burger and KC Wright
**2**:28,1954

Some aspects of insect allergy
**9**:191,1961

SHAKIBI, JG

Prevalence rate of congenital heart disease in newborn gerbils (meriones unguiculatus). A preliminary report. *With* L Weiss
**17**:241,1969

Etiology of congenital heart disease
**18**:101,1969

The mechanism of formation of certain ventricular septal defects. A new hypothesis. *With* L Weiss
**18**:267,1969

SHAPERO, HG
Therapy of mycosis fungoides
**19**:67,1971

SHARPLESS, NS
A standardized immunochemical method for quantitative determination of the immunoglobulins in serum. *With* GA LoGrippo
**13**:55,1965

Degrees and variations in immunoglobulin responses in infectious hepatitis. *With* GA LoGrippo and H Hayashi
**14**:411,1966

Immunoglobulins and interferon responses in infections and transfusion associated hepatitis. *With* GA LoGrippo and H Hayashi
**15**:57,1967

Normal serum protein levels in Syrain (golden) hamsters as compared with the protein levels in SV 40 tumor bearing and SV 40 immune hamsters. *With* H Hayashi and GA LoGrippo
**15**:149,1967

Immunoglobulin levels in serum of normal infants and pre-school children as determined by immunochemical analysis. *With* GA LoGrippo and G Manson
**15**:247,1967

SHELDON, GM
Sjogren's syndrome in childhood: Report of a case. *With* H Duncan and BN Epker
**17**:35,1969

SHELLEY, WB
The zirconium deodorant granuloma, an allergic disorder. *With* HJ Hurley Jr
**6**:279,1958

SHERF, L
A new look at some old questions in clinical electrocardiography. *With* TN James
**14**:66,1966

SHETISKY, GM
Ataxia telangiectasia. Case reports and attempt at treatment
**15**:27,1967

SHIFRIN, LZ
Primary closure and iliac osteotomy in the treatment of exstrophy of the bladder. A case report. *With* A Johnson and L Weiss
**17**:125,1969

Clinical use of the halo: Case reports using skeletal traction apparatus
**20**:67,1972

SHIMIZU, AG
Evaluation of cellular-level haversian bone resorption in human hyperparathyroid states: A preliminary report. *With* HM Frost, AR Villanueva, ZF Jaworski and P Meunier
**17**:259,1969

SHIPLEY, RE
Certain fundamentals of pressure recording
**2**:21,1954

SHONNARD, CP
The artery bank. *With* DE Szilagyi and GA LoGrippo
**3**:82,1955

SHORE, J
Kinetic regulation of enzymes
**15**:219,1967

SIERACKI, JC
The imprint technique as an adjunct in the study of lymph node neoplasms
**1**:10, Dec 1953

Actinomycosis — Cerebral infection presenting as a brain tumor. *With* WE Rush, JP Truant and G Manson
**4**:217,1956

The particulate absorption of fat. Its direct demonstration in a normal human. *With* W O'Driscoll and WS Haubrich
**7**:18,1959

SILVESTRE, D
Addison's disease in half-siblings. *With* RE Bickham and RC Mellinger
**16**:157,1968

SIMON, J
Intra-abdominal heterotopic transplantation of the canine heart. *With* R Taber and N Kouno
**19**:211,1971

SINGER, TP
Electron transport and other problems. *With* EB Kearney
**6**:127,1958

SLADEN, FJ
The dignity of the practice of general medicine
**1**:4, Mar 1953

Introduction of Dr Russell L Dicks
**2**:139,1954

SLADEN, FJ continued
Background and purpose of the Edsel B. Ford Institute for Medical Research
**6**:88,1958

The Henry Ford Hospital: Henry Ford and the beginnings
(Historical supplement) **14**:7-11,1966

SLOAN, MW, II
The importance of early diagnosis in narrow angle glaucoma
**5**:245,1957

SLOCUM, RC
Nephrectomy for tuberculosis. Review of 96 cases. *With* JK Ormond
**1**:33, Mar 1953

SMITH, FJ
The clinical cardiovascular features of hyperthyroidism
**3**:204,1955

The clinical cardiovascular features of hyperthyroidism
(Historical supplement) **14**:39-11,1966

SMITH, RF
Symposium: Primary aldosteronism. *With* R Mellinger, B Therian, IT Kline, J Ditzler, and G Fine
**6**:1,1958

Rectosigmoid ischemia in surgery of abdominal aortic aneurysms. *With* JG Whitcomb and DE Szilagyi
**6**:228, 1958

Warthin's tumor of the parotid gland. *With* AJ Macksood, RB Marshall and RC Horn
**8**:446,1960

Renal arterial reconstruction in the treatment of hypertension due to renal artery stenosis. *With* JR Caldwell and DE Szilagyi
**14**:95,1966

Angiotensin infusion: A clinical evaluation as a screening test for renovascular hypertension. *With* R Berguer
**16**:127,1968

Surgical treatment of portal hypertension. Review of Henry Ford Hospital experience. *With* JP Elliott and KH Wong
**18**:121,1970

SMITH, RW Jr
Hyperthyroidism. Two cases demonstrating its inception during cortisone and thyroid therapy. *With* RC Mellinger
**2**:13,1954

The milk-alkali syndrome. *With* RJ Priest and WE Redfern
**5**:53,1957

Some fundamentals of gonadal development and function. *With* RC Mellinger
**8**:324,1960

Bio-science seminar — Chromosomal disorders in man. *With* JI Hamburger, MZ Fruchtman and R Guevin
**9**:231,1961

Acquired non-familial osteomalacia of vitamin-D-resistant type. *With* B Frame and GM Wilson
**9**:548,1961

Hypertension, muscle weakness and polyuria. Case report from medical grand rounds. *With* FW Whitehouse, JR Caldwell, and FR Neher
**11**:157,1963

Relationship of vertebral size to fracture in osteoporotic spines. *With* PM Taft
**15**:101,1967

SOARES, J
The role of surgery in cecal diverticulitis. *With* C Grodsinsky, MA Block and BE Brush
**20**:33,1972

SOHAR, E
The genetic amyloidoses: With special emphasis on familial Mediterranean fever
**12**:343,1964

SOMMERS, SC
Renal factors in hypertension
**14**:47,1966

SPITZER, JJ
A device for the prevention of phlebothrombosis and pulmonary embolism. *With* BE Brush, JH Wylie, MA Block and J Beninson
**7**:27, 1959

STANISAVLJEVIC, S
Examination of hips in newborn babies and results
**9**:214,1961

Interesting cases of congenital hip dislocation and subluxation in newborn babies
**9**:224,1961

Experimental multiband tetracycline measurement of lamellar osteoblastic activity. *With* HM Frost, H Roth and AR Villanueva
**9**:312,1961

STANISAVLJEVIC, S continued
Effect of estrogen on resorption of chondro-osseous complex in the rat. *With* HM Frost, H Roth and AR Villanueva
**10**:171,1962

Effect of adrenal corticoids on lamellar bone formation rate in rat diaphysis. *With* H Roth, AR Villanueva and HM Frost
**10**:179,1962

Effect of adrenal corticoids on chondro-osseous complex osteoclasia. *With* HM Frost, AR Villanueva and H Roth
**10**:185,1962

Effect of thyroxine on chondro-osseous complex resorption in the rat. *With* HM Frost, AR Villanueva and H Roth
**10**:199,1962

Clinical findings in examination of hips in newborn babies
**10**:245,1962

Paratendinous apparatus of the digital extensor mechanism: Some clinical features. *With* R Pool Jr
**10**:253,1962

Vittorio Putti and Willis Cohoon Campbell: Two great men in orthopedic surgery
**10**:257,1962

STEBNER,FC
Isotope cisternography—RISA®. *With* JL Fenton, WR Eyler, LA DuSault and GM Griser
**17**:117,1969

STEELE, HH
The diagnosis of hepatic pathology by needle biopsy. *With* RJ Priest, WL Agey and JW Fischbein
**2**:190,1954

STEINER, LJ
The total and permanent disability problem
**2**:96,1954

STEINHARDT, EE
Vasovasostomy — A simplified technique
**17**:67,1969

Nodular excision of prostatic carcinoma. *With* AW Bohne
**17**:135,1969

STEINHAUER, BW
A method of hospital infection surveillance incorporating the use of the computer. *With* F Cox, GHC Stobie and EL Quinn
**15**:139,1967

Mycosis fungoides with thrombotic microangiopathy and major central nervous system manifestations. *With* TA Chapel and SM Saeed
**18**:237,1970

STEVENSON, LB
The rationale of breast radiography. *With* AK Poznanski and DN Dickson
**11**:437,1963

Hamartoma. *With* MA Ayers
**6**:336,1958

STEWART, JD
Hepatic artery catherization for local organ perfusion in malignant disease. *With* EH Drake and HH Gale
**13**:251,1965

STITT, HM Jr
Prevention of delinquency by the early recognition of behavioral difficulties. Detroit school-community behavior project. *With* BM Hamil
**11**:53,1963

STOBIE, GHC
A method of hospital infection surveillance incorporating the use of the computer. *With* BW Steinhauer, F Cox and EL Quinn
**15**:139,1967

STONE, HB
The philosophy of surgery
**6**:236,1958

STREHLER, BL
Aging: The last and greatest challenge
**16**:41,1968

STURROCK, RM
Electron microscopy of the sickling process. *With* JW Rebuck and RM Monto
**1**:29, Dec 1953

Contributions of electron microscopy to the study of platelets. *With* JW Rebuck, JM Riddle, SA Johnson and RW Monto
**8**:273,1960

SUZUKI,T
Cecal diverticulitis in the Japanese-Report of four cases. *With* Y Kurosu and T Koga
**19**:251,1971

SWEET, LC
Eosinophils
**17**:209,1969

SWINEHART, LA
Clinical evaluation of chlorpromazine hydrochloride in acute nausea and vomiting
**3**:136,1955

SWINEHART, LA continued
The use of radioactive gold in the treatment of cancer of the cervix. *With* AH Veldhuis and LE Preuss
**4**:144,1956

SZILAGYI, DE
The artery bank. *With* CP Shonnard and GA LoGrippo
**3**:82,1955

An elastic arterial substitute made of Dacron textile fabric. *With* L France
**6**:203,1958

Rectosigmoid ischemia in surgery of abdominal aortic aneurysms. *With* RF Smith and JG Whitcomb
**6**:228,1958

Renal arterial reconstruction in the treatment of hypertension due to renal artery stenosis. *With* JR Caldwell and RF Smith
**14**:95,1966

On becoming a resident
**20**:52,1972

TABER, RE
Experimental studies with low oxygen flow rates in the bubble oxygenator. *With* LA Tomatis, CR Lam and EW Green
**6**:341,1958

Bronchogenic carcinoma. An analysis of 305 surgically treated patients. *With* CR Lam and J Robles
**10**:57,1962

Management of hypoxia following open heart surgery. *With* J van de Kerchof
**13**:11,1965

Successful surgical management of superior mesenteric and femoral artery tumor emboli resulting from pneumonectomy. A case report. *With* DF Webb, L Tomatis and J Ponka
**13**:299,1965

Comparative effects of dry and humidified gases on blood during extra corporeal circulation. *With* HR Hug
**14**:139,1966

Henry Ford Hospital special care unit. Report of a case
**14**:185,1966

Recognition and management of hypoxia in postoperative open heart surgical patients. *With* J van de Kerchof
**15**:15,1968

Homotransplantation of the heart. A synopsis
**16**:257,1968

A new full orifice disc valve for mitral replacement. Experimental evaluation
**17**:171,1969

Intra-abdominal heterotopic transplantation of the canine heart. *With* N Kouno and J Simon
**19**:211,1971

TAFT, PM
Relationship of vertebral size to fracture in osteoporotic spines. *With* RW Smith Jr
**15**:101,1967

TAKAHASHI, H
Evidence that bone resorption precedes formation at the cellular level. *With* R Hattner, BN Epker and HM Frost
**12**:359,1964

The kinetics of the resorption process in osteonal remodeling of diabetic ribs. *With* HM Frost
**12**:537,1964

Relation between age and size of osteons in man. *With* B Epker and HM Frost
**13**:25,1965

The presence of frequency maxima in histograms of resorption space sizes in human rib cortex. *With* HM Frost
**13**:41,1965

Normal histological tetracycline and dynamic parameters in human, mineralized bone sections. *With* DJ Pirok, JR Ramser, AR Villanueva and HM Frost
**14**:195,1966

TALLEY, RW
Intra-arterial chemotherapy of malignant diseases. *With* VK Vaitkevicius, HJ Brennan and JE Kelly
**9**:1,1961

Carcinoma of the lung occurring in patient with carotid body tumor. Case report. *With* EL Moorhead, RD White and RV Loo
**13**:79,1965

Concurrent dermatomyositis and metastatic breast carcinoma. *With* DR Kellogg
**14**:405,1966

Intrathecal cytosine arabinoside in Hodgkin's disease with central nervous system manifestations. A preliminary report. *With* EJ Van Slyck
**15**:301,1967

Critical analysis of the control of malignant effusions with radioisotopes. *With* RM O'Bryan, MJ Brennan and E San Diego
**16**:3,1968

The clinical use of Fluorine[18] for bone scanning. *With* RA Gastesi, AT Vulpetti, TL Kosnik and WG Tucker
**17**:107,1969

The hypocalcemic effects of actinomycin D and mithramycin. *With* EL Reyes
**18**:115,1970

Fever in neoplastic disease. *With* SL Rosenthal
**19**:15,1971

TAYLOR, T
The existence of a zone of finite thickness during tetracycline labeling of bone. *With* HM Frost
**14**:397,1966

TEN PAS, A
Hepatosensitization caused by propionyl erythromycin lauryl sulfate. *With* R Guevin
**11**:77,1963

Meprobamate intoxication treated by peritoneal dialysis. Report of a case. *With* W Hardy and RK Nixon
**11**:347,1963

Iron kinetics. Part I. Clinical considerations. Part II. Methodology. *With* DM Leahy and EJ Van Slyck
**13**:317,1965

TESLUK, H
Segmental ileitis due to schistosomiasis mansoni
**1**:18, Dec 1953

THERIAN, B
Primary aldosteronism. *With* R Mellinger, B Therian, IT Kline, J Ditzler, R Smith and G Fine
**6**:1,1958

THODE, HG
The application of isotope effects in the study of biological and geological processes
**10**:501,1962

THOMPSON, RJ
Current tests for tubal patency. Their study and comparison. *With* A Afsari
**20**:125,1972

THOMPSON, WB
The changing practice of obstetrics
**6**:25,1958

THOMAS, W Jr
Fluorescence microscopy of tubercle bacilli stained with auramine and rhodamine. *With* JP Truant and WA Brett
**10**:287,1962

TIBBLES, JAR
Electromyography as a routine clinical service
**13**:135,1965

TIMM, EA
Acute respiratory infections in civilian adults. I. Antibody response to polyvalent influenza — adenovirus inactivated vaccine. *With* F Cox Jr, EL Quinn, JM Colville and IW McLean
**10**:27,1962

Acute respiratory infections in civilian adults. II. Clinical and serologic observations in a vaccine study group. *With* IW McLean, F Cox Jr, CF Weiss and EL Quinn
**11**:273,1963

TOMATIS, LA
Experimental studies with low oxygen flow rates in the bubble oxygenator. *With* RE Taber, CR Lam and EW Green
**6**:341,1958

Successful surgical management of superior mesenteric and femoral artery tumor emboli resulting from pneumonectomy: A case report. *With* DF Webb, RE Taber and J Ponka
**13**:299,1965

TOOTLA, AS
Duodeno-jejunal injuries following blunt trauma to the abdomen. *With* JB Keplinger, TA Fox Jr and MA Block
**16**:111,1968

TREANOR, WJ
Porphyria — An "enzyme lesion". Review of basic and clinical aspects. *With* CE Rupe
**5**:162,1957

TRUANT, JP
Actinomycosis — Cerebral infection presenting as a brain tumor. *With* WE Rush, JC Sieracki and G Manson
**4**:217,1956

Bacterial susceptibility to antibiotics
**6**:189,1958

The staphylococci
**7**:68,1959

Vaccination against tuberculosis with ultrasonic-vibrated tubercle bacilli
**8**:438,1960

Comparative study of penicillin G and two synthetic penicillins
**9**:16,1961

The effect of sodium colistinemethanesulfonate on strains of pseudomonas
**9**:23,1961

Bacteriological and clinical studies of genito-urinary tuberculosis. *With* JM Hodson
**9**:330,1961

Fluorescence microscopy of tubercle bacilli stained with auramine and rhodamine. *With* WA Brett and W Thomas Jr
**10**:287,1962

Application of an electronic counter in the evaluation of significant bacteriuria. *With* WA Brett and KE Merckel
**10**:359,1962

Unusual bacterial isolates obtained from a variety of clinical specimens
**11**:83,1963

Survey of typical and atypical mycobacteria from human specimens
**11**:237,1963

TRUANT, JP continued

Evaluation of various methods used for the detection of significant bacteriuria in humans
**12**:237,1964

Evaluation of two mucolytic agents as digestants for the isolation of mycobacteria. *With* R Burcon
**12**:451,1964

A three-year survey of antimicrobial agents
**13**:91,1965

Epidemiological survey of postoperative surgical infections. *With* BK Bojarski
**13**:223,1965

A comparison of the immunofluorescence technique with conventional methods for the identification of group A beta hemolytic streptococci. *With* IK Hadley, TT Boyd
**13**:357,1965

The liver photoscan in the recognition and management of abdominal masses. *With* MA Block, BM Schuman, WR Eyler and LA DuSault
**14**:85,1966

In vitro and in vivo evaluation of GSH 1018 against pseudomonas keratitis. *With* PC Hessburg
**14**:321,1966

TU, M

Inhibition of kidney mitochondrial monoamine oxidase activity by the nephrosis-producing aminonucleoside of puromycin. *With* PD Bartlett and K Ashworth
**20**:145,1972

TUCKER, JL Jr

Pharmacology of ophthalmologically important drugs
**13**:191,1965

TUCKER, WG

A preliminary evaluation of Azathioprine (Imuran®) in the treatment of multiple sclerosis. *With* KH Kapphahn
**17**:89,1969

The clinical use of Fluorine[18] for bone scanning. *With* RA Gastesi, AT Vulpetti, TL Kosnik and RW Talley
**17**:107,1969

UHLICH, GA

The technic of laparoscopy and guided biopsy. *With* WS Haubrich
**11**:351,1963

ULLMAN, AS

Paroxysmal nocturnal hemoglobinuria. Report of two cases with atypical features, autopsy findings and review of pathophysiology. *With* RC Horn Jr, JP Abraham and EJ Van Slyck
**11**:135,1963

ULUTIN, ON

A study on hypercoagulability using heparin loading test. *With* D Sestakof
**8**:63,1960

Hemorrhagic complications of polycythemia vera. *With* JP Abraham, SA Johnson and MJ Caldwell
**9**:11,1961

URWILLER, RD

Leiomyosarcoma of the urinary bladder with review of the literature. *With* AW Bohne and TG Pantos
**10**:445,1962

VAITKEVICIUS, VK

Intra-arterial chemotherapy of malignant diseases. *With* RW Talley, MJ Brennan and JE Kelly
**9**:1,1961

The effect of gastrointestinal administration of bovine splenic homogenate on hematopoesis in men. *With* RW Monto, JA Barron and JW Rebuck
**12**:227,1964

VALENTINE, V

Electron microscopy of the border of the human intestinal epithelial cell. *With* WS Haubrich, JHL Watson and W O'Driscoll
**7**:113,1959

Observations on ultrathin sections of dog lung by methods of electron microscopy. *With* JHL Watson
**7**:161,1959

VAN DE KERCKHOF, J

Regeneration of the mucosal lining of the esophagus. *With* T Gahagan
**11**:129,1963

Management of hypoxia following open heart surgery. *With* RE Taber
**13**:11,1965

Recognition and management of hypoxia in postoperative open heart surgical patients. *With* RE Taber
**16**:15,1968

VAN DEN ENDE, H

A method for stimulation and simultaneous electroencephalogram recording
**7**:174,1959

Standing wave problems in acoustic behavioral testing of animals
**8**:299,1960

Acoustic trauma from a dog training whistle. *With* HF Schuknecht
**9**:376,1961

Standing wave problems in acoustic behavioral testing of animals
**9**:520,1961

VAN DEN ENDE, H continued
A computer identification of the EEG in a neurophysiological behavioral problem. *With* WR McCrum, AW Jacobson, LD Proctor and H Devore
**11**:385,1963

Studies of the electrical parameters and behavioral effects of an EEG "seizure discharge". *With* WR McCrum, RM Lee, LD Proctor and JA Lee
**17**:77,1969

Effects of an EEG "seizure discharge" on operant responding. *With* RM Lee, JA Lee and LD Proctor
**19**:161,1971

VAN HERPE, L
Resection of metatarsal heads for painful and intractable plantar callosities. Report of ten years' experiences. *With* CL Mitchell
**10**:241,1962

VAN SLYCK, EJ
Acute leukemia in adults
**8**:151,1960

Paroxysmal noctural hemoglobinuria: Report of two cases with atypical features, autopsy findings and review of pathophysiology. *With* RC Horn Jr, AS Ullman and JP Abraham
**11**:135,1963

Iron kinetics. Part I. Clinical considerations. Part II. Methodology. *With* A Ten Pas and DM Leahy
**13**:317,1965

Palindromic rheumatism, systemic lupus erythematosus and circulating anticoagulant activity. *With* H Duncan
**14**:249,1966

Accidental ingestion of anticoagulant resulting in a severe hemorrhagic diathesis. *With* RW Monto, ER Williams and TH Greidanus
**15**:93,1967

Intrathecal cytosine arabinoside in Hodgkin's disease with central nervous system manifestations. A preliminary report. *With* RW Talley
**15**:301,1967

Sarcoidosis and idiopathic thrombocytopenic purpura. *With* D Das Gupta
**17**:93,1969

Surreptitious ingestion of oral anticoagulants. *With* TH Greidanus and RW Monto
**18**:99,1970

Genetic counseling for hemoglobinopathies: A model for large scale application. *With* CE Jackson and ES Caldwell
**20**:77,1972

VAN SLYKE, DD
The Edsel B. Ford Lecture, 1956. Oxygen physiology, normal and abnormal
**5**:25,1957

VELDHUIS, AH
The use of radioactive gold in the treatment of cancer of the cervix. *With* LA Swinehart and LE Preuss
**4**:144,1956

VIA, WF Jr
Dentistry for the handicapped child
**2**:195,1954

The effect of maternal hypoxia upon fetal dental enamel. *With* WK Elwood and J Bebin
**7**:94,1959

VILLANUEVA, AR
Observations on osteoid seams. *With* HM Frost
**8**:212,1960

Halo volume. *With* HM Frost and H Roth
**8**:228,1960

Measurement of bone formation in a 57-year-old man by means of tetracyclines. *With* HM Frost and H Roth
**8**:239,1960

Pyogenic osteomyelitis: Diffusion in live and dead bone with particular reference to the tetracycline antibiotics. *With* HM Frost and H Roth
**8**:255,1960

Human osteoblastic activity. Part I. A comparative method of measurement with some results. *With* HM Frost
**9**:76,1961

Part III — The effect of cortisone on lamellar osteoblastic activity. *With* HM Frost
**9**:97,1961

Part IV — The effect of severe cardiac failure. *With* HM Frost
**9**:100,1961

Halo volume. Part I — The effect of pH on size. *With* HM Frost and H Roth
**9**:126,1961

Part II — The effect of citrate ion concentration on size. *With* H Roth and HM Frost
**9**:130,1961

Part III — Existence of a pattern in the matrix. *With* H Roth and HM Frost
**9**:133,1961

Physical characteristics of bone: Introduction
**9**:148,1961

VILLANUEVA, AR continued

Part I — The existence of plastic flow in vitro. *With* HM Frost and H Roth
**9**:149,1961

Part II — Biphasic elastic behavior of fresh human bone. *With* HM Frost and H Roth
**9**:153,1961

Part III — A semimicro measurement of unit shear stress. *With* HM Frost and H Roth
**9**:157,1961

Part IV — Microscopic prefailure and failure patterns. *With* HM Frost and H Roth
**9**:163,1961

Experimental multiband tetracycline measurement of lamellar osteoblastic activity. *With* HM Frost, H Roth and S Stanisavljevic
**9**:312,1961

Effect of estrogen on resorption of chondro-osseous complex in the rat. *With* HM Frost, H Roth and S Stanisavljevic
**10**:171,1962

Effect of adrenal corticoids on lamellar bone formation in rat diaphysis. *With* S Stanisavljevic, H Roth and HM Frost
**10**:179,1962

Effect of adrenal corticoids on chondro-osseous complex osteoclasia. *With* S Stanisavljevic, HM Frost and H Roth
**10**:185,1962

Effect of thyroxine on chondro-osseous complex resorption in the rat. *With* HM Frost, S Stanisvljevic and H Roth
**10**:199,1962

Qualitative method for measuring osteoclastic activity. *With* HM Frost and H Roth
**10**:217,1962

Human osteoclastic activity: Qualitative histological measurement. *With* HM Frost
**10**:229,1962

Serial undecalcified sections of rat bones. *With* F Santoro
**10**:263,1962

The eleventh rib biopsy in the study of metabolic bone disease. *With* ED Sedlin and HM Frost
**11**:217,1963

Effect of adrenalcorticoid hormones on human lamellar bone: Quantitative histological measurements of resorption and formation indices. *With* M Klein and HM Frost
**12**:63,1964

The presence of iron in osteoid seams and dental tubules. *With* M Kelin, B Epker and HM Frost
**12**:557,1964

Normal histological tetracycline and dynamic parameters in human mineralized bone sections. *With* DJ Pirok, JR Ramser, H Takahashi and HM Frost
**14**:195,1966

Evaluation of cellular-level haversian bone resorption in human hyperparathyroid states. A preliminary report. *With* HM Frost, ZF Jaworski, P Meunier and AG Shimizu
**17**:259,1969

A new biological stain for peripheral blood and bone marrow smears
**18**:11,1970

An improved method of staining paraffin-embedded bone marrow sections. *With* W Pusey
**19**:101,1971

Measurement of haversian bone remodelling by means of tetracycline labelling in rib of rhesus monkeys. *With* FR Noyes and CC Schock
**20**:131,1972

VIOZZI, FJ

The simultaneous occurrence of monosodium urate and calcium pyrophosphate dihydrate crystals in an arthritic joint
**20**:19,1972

Gout and arterial thrombosis. *With* GB Bluhm and JM Riddle
**20**:119,1972

VITTI, TG

The effect of growth hormone on the incorporation of N15 from ammonium citrate glycine L-aspartic acid, L-alanine and L-glutamic acid into amino acids of liver protein
**9**:526,1961

VOLKINBURG, JV

Notes and comments: Biopsy-proven amebic colitis treated with metronidazole. *With* FR Bode
**20**:163,1972

VON BRAUCHITSCH, H

The psychiatric referral
**16**:205,1968

VULPETTI, AT

Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. *With* WT Beher, B Rao, ME Beher, G Semenuk and J Bertasios
**15**:107,1967

The clinical use of Fluorine$^{18}$ for bone scanning. *With* RA Gastesi, TL Kosnik, WG Tucker and RW Talley
**17**:107,1969

WAEHNELDT, NR

Medical education and practice in Germany
**5**:100,1957

WALDBOTT, GL
Urinary fluoride and calcium excretion in persons suspected of fluoride intolerance
**5**:259,1957

WALTERS, W
How to avoid surgical difficulties - RD McClure Lecture, 1963
**11**:319,1963

WARREN, KW
The management of chronic relapsing pancreatitis
**14**:143,1966

WASE, AW
Combined action of 5-fluorouracil and other cytotoxic agents with crystalline ribonuclease on mouse ascities tumor. *With* S Podolsky and J Cardenas
**9**:583,1961

WATSON, EH
The physician and the adoption of children
**5**:293,1957

WATSON, E
Exfoliative cytology in the clinical evaluation of gastric ulcer. *With* JA Rinaldo, JA Marvel and G Fine
**7**:216,1959

WATSON, JHL
Radioactive iodine $I^{131}$ in the Henry Ford Hospital
**1**:26, Mar 1953

Electron micrographs of a cystine urolith
**4**:163,1956

The physics department
**6**:95,1958

Electron microscopy, iron crystals and medicine
**6**:111,1958

Electron microscopy of the border of the human intestinal epithelial cell. *With* WS Haubrich, W O'Driscoll and V Valentine
**7**:113,1959

Observations on ultrathin sections of dog lung by methods of electron microscopy. *With* V Valentine
**7**:161,1959

Electron microscopy of Whipple's disease. *With* WS Haubrich
**12**:421,1964

A comparison of light microscopy staining methods applied to a polyster and three epoxy resins. *With* V Bryant
**15**:65,1967

WEBB, DF
Successful surgical management of superior mesenteric and femoral artery tumor emboli resulting from pneumonectomy. A case report. *With* L Tomatis, RE Taber and JL Ponka
**13**:299,1965

WEBER, RE
Treatment of hyperthyroidism from the autonomous multinodular goiter. *With* JM Miller and MA Block
**15**:85,1967

WEINGARTEN, CJ
Renal cysts: A clinical enigma
**9**:559,1961

WEINSTOCK, B
Quantitation of aortic valvular insufficiency using radioactive tracers. An experimental study in vitro. *With* FJ Hildner, WR Pierson, EH Drake and RS Ormond
**18**:27,1970

WEISS, CF
Acute respiratory infections in civilian adults. II. Clinical and serologic observations in a vaccine study group. *With* EZ Timm, F Cox Jr, IW McLean and EL Quinn
**11**:273,1963

WEISS, L
Primary closure and iliac osteotomy in the treatment of exstrophy of the bladder. A case report. *With* LZ Shifrin and A Johnson
**17**:125,1969

Prevalence rate of congenital heart disease in newborn gerbils (Meriones unguiculatus). A preliminary report. *With* JG Shakibi
**17**:241,1969

The mechanism of formation of certain ventricular septal defects. A new hypothesis. *With* JG Shakibi
**17**:267,1969

The effect of phenobarbital on serum bilirubin of full term infants. A controlled study. *With* MJ Kokosky and HA Falconer
**18**:275,1970

WELBORN, JK
Acute abdominal pain in aged patients. An analysis of 200 cases. *With* JL Ponka and BE Brush
**12**:159,1964

Refractory hypotension. *With* JL Ponka
**12**:365,1964

Treatment of acute recurrent intussusception in infants. *With* JL Ponka
**14**:157,1966

WELBORN, JK continued
Extraskeletal osteogenic sarcoma. Case report. *With* K Hoffmann, G Fine and JL Ponka
**14**:381,1966

Carcinoma of the right colon. *With* JL Ponka
**15**:49,1967

WESTERMEYER, C
Ulcer symptoms due to schistosomiasis mansoni
**3**:140,1955

WHITCOMB, JG
Rectosigmoid ischemia in surgery of abdominal aortic aneurysms. *With* RF Smith and DE Szilagyi
**6**:228,1958

Gallstone ileus. *With* E Camacho and DM Evans
**6**:345,1958

A revised suture method for repair of hepatic lacerations. *With* JL Ponka
**8**:116,1960

WHITE, RD
Carcinoma of the lung occurring in patient with carotid body tumor. Case report. *With* EL Moorhead, RW Talley and RV Loo
**13**:79,1965

WHITEHOUSE, FW
The clinical value of the plasma acetone test
**4**:234,1956

Questions and answers about tolbutamide and oral hypoglycemic agent. *With* JB Bryan
**5**:179,1957

Current status of chlorpropamide in management of diabetes mellitus
**7**:10,1959

A new oral hypoglycemic agent. Preliminary report. *With* WL Lowrie
**9**:528,1961

Hypertension, muscle weakness and polyuria. Case report from medical grand rounds. *With* FR Neher, RW Smith and JR Caldwell
**11**:157,1963

Interactions of pregnancy and diabetes
**15**:15,1967

Double screening for diabetes
**16**:188,1968

"Anion-gap acidosis" complicating diabetic ketoacidosis. A commentary on diagnosis and management. *With* JC Jurgensen
**17**:311,1969

WHITNEY, DG
Carcinoma of the breast. A ten-year follow-up of 526 patients.
**11**:221,1963

WHITNEY, EL
Traumatic injuries to the eye and its adnexa
**14**:87,1966

WILHELMI, AE
The comparative biochemistry of pituitary growth hormone. The seventh Edsel B Ford lecture
**7**:2,1959

WILLIAMS, ER
Accidental ingestion of anticoagulant resulting in a severe hemorrhagic diathesis. *With* RW Monto, TH Greidanus and EJ Van Slyck
**15**:93,1967

WILLIAMS, P
Sclerosing cholangitis. A case report. *With* WS Haubrich, R Dew and MA Block
**14**:131,1966

WILLIS, WH
Experience with some unusual diseases occurring in families.
**3**:44,1955

WILSON, GM Jr
Acquired non-familial osteomalacia of vitamin-D-resistant type. *With* B Frame and RW Smith Jr
**9**:548,1961

WILT, EF
Protein electrophoresis. *With* NC Brady
**6**:196,1958

WOLF, CB
Hypoglycemia
**8**:68,1960

Kwashiorkor on the Navajo Indian Reservation: A discussion of the disease as seen throughout the world and a report of three cases in Navajo children
**9**:566,1961

A hazard of "diet pop"
**17**:63,1969

WOOD, HC Jr
Prescription for the alleviation of welfare abuses and illegitimacy
**12**:75,1964

WONG, KH
Surgical treatment of portal hypertension: Review of Henry Ford Hospital experience. *With* JP Elliott and RF Smith
**18**:121,1970

WONG, ST
X-ray diffraction powder data for steroids: Supplement II. *With* J Parsons, GD Baker and WT Beher
**10**:471,1962

WONG, ST continued
X-ray diffraction powder data for steroids: Supplement III, including a discussion of steroid nomenclature. *With* J Parsons, WT Beher and GD Baker
**11**:23,1963

X-ray diffraction powder data for steroids: Supplement IV. *With* J Parsons, WT Beher and GD Baker
**12**:87,1964

X-ray diffraction powder data for steroids: Supplement VI. *With* J Parsons and WT Beher
**13**:303,1965

WORCESTER, DD
Ataxia telangiectasia
**14**:429,1966

WRIGHT, KC
Serious hypotension following seafood ingestion. *With* JH Burger and JH Shaffer
**2**:28,1954

WU, CC
The vasopressor effect of indigo carmine. *With* AJ Johnson
**17**:131,1969

WU, K
Tetracycline-based histological measurement of cortical-endosteal bone formation in normal and osteoporotic rib. *With* S Jett and HM Frost
**15**:325,1967

WYLIE, JH
A device for the prevention of phlebothrombosis and pulmonary embolism. *With* BE Brush, MA Block, J Beninson, and JJ Spitzer
**7**:27,1959

Marlex mesh - a new plastic mesh for the repair of hernia. *With* JL Ponka, L Chaikof, C Sergeant and BE Brush
**7**:278,1959

The hazards of gastro-intestinal intubation. *With* CD Hafner
**8**:163,1960

Acute cholecystitis in children. *With* N Gilfillan
**8**:433,1960

An infrequent surgical error: Gastroileostomy. *With* B Lewinson and BE Brush
**11**:357,1963

Epidermoid cyst formation seventeen years following cutis graft repair of incisional hernia. *With* GD Couris
**12**:141,1964

YEUNG, JM
Effect of normal menstrual cycle on platelet adhesiveness
**18**:193,1970

YOUNG, GA
Psychosomatic mechanisms
**3**:47,1955

ZAFAR, MS-uz
Hypophyseal growth hormone. I. Control of secretion. *With* RC Mellinger and LB Morrow
**18**:143,1970

Hypophyseal growth hormone. II. Interaction with other hormones. *With* RC Mellinger and LB Morrow
**18**:165,1970

Co-existent Klinefelter's syndrome, acquired cutaneous hepatic porphyria and systemic lupus erythematosus. *With* WR Gronewald and GB Bluhm
**18**:227,1970

ZIEGLER, RF
Author's book review. Electrocardiographic studies in normal infants and children
**1**:36, Mar 1953

The electrocardiogram in interatrial septal defect
**4**:228,1956

Pediatric cardiac catheterization, analgesia or anesthesia. *With* JF Coleman and E Green
**8**:306,1960

ZWORYKIN, VK
Electronic techniques in medicine
**8**:1,1960

**Henry Ford Hospital Medical Journal**
**Vol. 20, No. 4, 1972**

# *Subject Index, 1953-1972*

ABDOMEN, ACUTE
Some roentgen manifestations of acute abdominal disease. WR Eyler
**2**:2,1954

ABDOMEN, BLUNT TRAUMA
Duodeno-jejunal injuries following blunt trauma to the abdomen. JB Keplinger et al
**16**:111,1968

Small bowel perforation in blunt abdominal trauma. C Grodsinsky and BE Brush.
**19**:141,1971

ABDOMEN, ROENTGENOGRAPHY
Roentgenological appearance of the abdomen in ileus. L J deAlbuquerque
**1**:33, Dec 1953

ABSCESS
Pericarditis as the presenting manifestation in subdiaphragmatic abscess. FM Kuipers and RK Nixon
**8**:360,1960

Critical factors in the management of liver abscesses. MA Block and HM Allen
**19**:149,1971

ACETIC ACID
The effects of 3,5 diiodothyroacetic and 3,3, 5-triiodothyroacetic acids on the time course of steroid "C 14" metabolism in the rat. WT Beher and GD Baker
**13**:472,1965

ACETOHEXAMIDE
A new oral hypoglycemic agent. FW Whitehouse and WL Lowrie
**9**:528,1961

ACETONE
The clinical value of the plasma acetone test. FW Whitehouse
**4**:234,1956

ACETYLCHOLINESTERASE
Relationship of acetylcholinesterase in the cochlea to the olivocochlear bundle. JA Churchill and HF Schuknecht
**7**:202,1959

3-ACETYLPYRIDINE, METABOLISM
Metabolism of lipids and 3-acetylpyridine. WT Beher
**6**:130,1958

ACIDOSIS
A hazard of "diet pop." C Wolf
**17**:63,1969

ACOUSTIC BEHAVIOR
Standing wave problems in acoustic behavioral testing on animals. H van den Ende
**8**:299,1960

ACOUSTIC TRAUMA
The use of phenothiazines on a general hospital psychiatric service. RR Schopbach
**9**:369,1961

ACOUSTIC TUMORS
The cerebellopontile angle, the blood supply of the brain stem and the reticular formation. J Bebin
**16**:61 and 163,1968

ACRIDINE ORANGE STAIN
Aqueous microbiology: The possible role of cell wall deficient bacteria in uveitis. PC Hessburg et al
**17**:177,1969

ACTINOMYCIN D
The hypocalcemic effects of actinomycin D and mithramycin. EL Reyes and RW Talley
**18**:115,1970

ADDISON'S DISEASE
Addison's disease in half-siblings. RE Bickhan et al
**6**:157,1968

ADENODARCINOMA OF PROSTATE
Nodular excision of prostatic carcinoma. EE Steinfardt and AW Bohne
**17**:135,1969

ADENOVIRUSES
Acute respiratory infections in civilian adults. F Cox, EA Timm and EL Quinn
**10**:27,1962

ADHESIONS
The prevention of recurrent peritoneal adhesions. A clinical and laboratory investigation. TA Cromwell and JL Ponka
**18**:233,1970

ADOLESCENTS
Adolescents' reactions to hospitalization. S Hillman
**10**:443,1962

ADOPTIONS
The physician and the adoption of children. EH Watson
**5**:293,1957

ADRENAL CORTICOIDS
Effect of adrenal corticoids on lamellar bone formation rate in rat diaphysis. S Stanisavljevic, H Roth, AR Villanueva and HM Frost
**10**:179,1962

Effect of adrenal corticoids on chondro-osseous complex osteoclasia. HM Frost, S Stanisavljevic, AR Villanueva and H Roth
**10**:185,1962

Effect of adrenal corticoid hormones on human lamellar bone: Quantitative histological measurements of resorption and formation indices. AR Villanueva, M Klein and HM Frost
**12**:63,1964

ADRENAL INSUFFICIENCY
Addison's disease in half-siblings. RE Bickhan et al
**16**:157,1968

ADRENAL SUPPRESSION
Percutaneous absorption of betamethasone-17-benzoate. GR Mikhail
**18**:179,1970

ADRENALS
Pheochromocytoma. A survey of current concepts. HL Green
**8**:103,1960

ADULT LEUKEMIA
Acute leukemia in adults. EJ Van Slyck
**8**:151,1960

AGE, BONE
Mean skeletal age: Its calculation, and theoretical effects on skeletal tracer physiology and on the physical characteristics of bone. E Hattner and HM Frost
**11**:201,1963

AGENESIS
Bilateral agenesis of upper extremity. JL Fleming
**4**:81,1965

AGING
An approach to the etiology, diagnosis and management of peripheral arteriosclerosis (arteriosclerosis obliterans) WE Jahsman
**4**:56,1956

Are there cell behavioral modes unaffected by aging? RS Hattner, O Landeros and HM Frost
**13**:33,1965

Aging: The last and greatest challenge. BL Strehler
**16**:41,1968

AIR EMBOLUS
A simple and safe method for the prevention of air embolus during transfusion. RT McDonald
**7**:24,1959

ALBUMINURIA
One-drop test for urine protein determination. EM Knights and JC Erwin
**5**:268,1957

ALCAPTONURIA
Alcaptonuria and ochronosis with diabetes mellitus and mycosis fungoides. A case report. JU Haq and RB Patton
**17**:295,1969

ALDOSTERONE
Hypertension, muscle weakness, and polyuria. Case report from medical grand rounds. FW Whitehouse, FR Neher, RW Smith Jr, JR Caldwell, TN James and JW Keyes
**11**:157,1963

ALLERGY
Some aspects of insect allergy. JH Shaffer
**9**:191,1961

Allergy to leeches. TJ Heldt
**9**:498,1961

ALLOPURINOL
Observations on uric acid transport in man, the Dalmatian and the non-Dalmatian dog. H Duncan and AS Curtiss
**19**:105,1971

AMEBIASIS
Comment on emetine in the treatment of amebiasis. RB McClure
**11**:365,1963

Biopsy-proven amebic colitis treated with metronidazole. FR Bode and J Van Volkinburg
**20**:163,1972

AMETHOPTERIN
Intra-arterial chemotherapy of malignant diseases. RW Talley, VK Vaitkevicius and JE Kelly
**9**:1,1961

AMINO ACIDS
The effect of growth hormone on the incorporation of N15 from ammonium citrate, glycine, L-aspartic acid, L-alanine and L-glutamic acid into amino acids of liver protein. TG Vitti
**9**:526,1961

AMINO ACIDS continued
X-ray diffraction data for amino acid derivatives. J Parsons et al
**18**:283,1970

AMINONUCLEOSIDE
Effects of the potent nephrotogenic aminonucleoside of puromycin on phospholipid metabolism in rat kidney cortex subcellular fractions. P Bartlett and JF Bossart
**16**:137,1968

Inhibition of kidney mitochondrial monoamine oxidase activity by the nephrosis-producing aninonucleoside of puromycin. P Bartlett, Meihwa Tu and K Ashworth
**20**:145,1972

AMPICILLIN
Cephalexin: In vitro and in vivo studies. F Cox Jr et al
**18**:91,1970

Diagnosis and treatment of gonorrhea. PA Kvale.
**19**:83,1971

AMYLOIDOSES
The genetic amyloidoses with special emphasis on familial Mediterranean fever. E Sohar
**12**:343,1964

ANALBUMINEMIA
Analbuminemia with the nephrotic syndrome. RI McClaughry, GT Havey and CE Rupe
**7**:194,1959

ANASARCA
Intestinal lymphangiectasia with normal immunological function. A case report. T Madhavan and CE Rupe
**18**:65,1970

ANATOMY
An aid to learning neuro-muscular anatomy. WE Loechel
**11**:233,1963

ANDROSTERONE
Treatment of hyperlipidemia with the ethyl-ester of chlorophenoxyisobutyrate and androsterone. IJ Schatz
**13**:447,1965

ANEMIA
Inhalation and nasal instillation of crystalline $B^{12}$ therapy in pernicious anemia. RW Monto, JW Rebuck and MJ Brennan
**1**:15, Mar 1953

Contraindications to therapy in hypertension and anemia. RK Nixon
**5**:171,1957

Pseudo iron deficiency anemia: Diagnostic significance. RK Nixon
**9**:398,1961

Fever, chills, hepatomegaly and debility. Case report from medical grand rounds. B Frame, J Eschbach Jr, WS Haubrich and JE Garman
**11**:65,1963

ANESTHESIA
Physiological trepass in anesthesia. JW Ditzler
**6**:274,1958

Pediatric cardiac catheterization; analgesia or anesthesia. JF Coleman
**8**:306,1960

Narcotic drugs in the postanesthetic recovery room. JW Ditzler, PR Dumke and B Collier
**10**:339,1962

A history of anesthesia. HR Matern
**11**:247,1963

ANEURYSM
A review of intracranial aneurysms
**12**:251,1964

Aneurysm of the hepatic artery as an unusual cause of obstructive jaundice. RL Collier and TA Fox
**14**:421,1966

Dissecting aneurysm of the aorta. Diagnosis, treatment and prognosis. HJ Lee and EH Drake.
**19**:177,1971

ANGIOGRAPHY
Pulmonary angiograms and isotope lung scans. Their role in the diagnosis of pulmonary embolism. RS Ormond et al
**17**:3,1969

Quantitation of aortic valvular insufficiency using radioactive tracers. An experimental study in vitro. FJ Hildner et al
**18**:27,1970

Complications of pulmonary angiography. DR Anbe and EH Drake
**18**:49,1970

ANGIOTENSIN INFUSION
Angiotensin infusion. A clinical evaluation as a screening test for renovascular hypertension. R Berguer and RF Smith
**16**:127,1968

ANIMAL PROTEIN
Precipitable hetero-antibodies in man to animal serum proteins. Relation to immunoglobulin status. H Hayashi, GA LoGrippo, M Perry et al
**19**:241,1971

ANTIBIOTICS

Bacterial susceptibility to antibiotics. JP Truant
**6**:189,1958

Lamellar osteoid mineralized per day in man. HM Frost
**8**:267,1960

The effect of sodium colistinemethanesulfonate on strains of pseudomonas. JP Truant
**9**:23,1961

Hepatosensitization caused by propinyl erythromycin lauryl sulfate. R Guevin and A Ten Pas
**11**:77,1963

A three-year survey of antimicrobial agents. JP Truant
**13**:91,1965

Summary report: Antimicrobial susceptibility test results from Henry Ford Hospital compared with others nationally, January-June, 1969. TR Neblett et al
**17**:227,1969

ANTIBODY

Precipitable hetero-antibodies in man to animal serum proteins; relation to immunoglobulin status. H Hayashi, GA LoGrippo, M Perry et al
**19**:241,1971

ANTICOAGULANTS

Central retinal vein occlusion treated with anticoagulant and steroid therapy. Case report and discussion. D Barsky
**4**:98,1956

The effect of the administration of the anticoagulant Marcumar on the blood coagulation mechanisms. SA Johnson, MJ Caldwell and EM Priest
**4**:224,1956

Accidental ingestion of anticoagulant resulting in a severe hemorrhagic diathesis. RW Monto
**15**:93,1967

Surreptitious ingestion of oral anticoagulants. TH Greidanus et al
**18**:99,1970

Prevention of recurrent systemic embolism with anticoagulants in patients with rheumatic heart disease. S Misra and IJ Schatz
**19**:135,1971

ANTI-INFECTIVES

A three-year survey of antimicrobial agents. JP Truant
**13**:91,1965

ANTIMICROBIALS

Summary report. Antimicrobial susceptibility test results from Henry Ford Hospital compared with others nationally, January-June, 1969. TR Neblett et al
**17**:227,1969

ANXIETY

Anxiety and its pharmacologic control. RR Schopbach
**5**:129,1957

AORTA

Temporary aortic by-pass by means of a mechanical device. WH Janke
**8**:134,1960

Aortic valve lesions associated with osteogenesis imperfecta. JN Browell Jr and EH Drake
**14**:245,1966

Rheumatoid spondylitis associated with aneurysmal dilatation of the entire thoracic aorta. WFC Duvernoy and IJ Schatz
**14**:309,1966

Quantitation of aortic valvular insufficiency using radioactive tracers. An experimental study in vitro. FJ Hildner et al
**18**:27,1970

Dissecting aneurysm of the aorta: diagnosis, treatment and prognosis. HJ Lee and EH Drake
**19**:177,1971

APPENDIX

Surgical management of appendiceal carcinoids: An analysis of twenty-four cases. JL Ponka and RO Antoni
**11**:431,1963

AQUEOUS HUMOR

Aqueous microbiology: The possible role of cell wall deficient bacteria in uveitis. PC Hessburg et al
**17**:177,1969

ARACHNODACTYLIA

The Marfan syndrome. WH Houston
**5**:90,1957

ARNOLD-CHIARI MALFORMATION

Syringomyelia associated with Arnold-Chiari malformation. HF Labsan and LD Proctor
**8**:157,1960

ARRHYTHMIA

Refractory heart failure. EH Drake
**8**:138,1960

ART
Art in psychotherapy. RR Schobach.
**12**:301,1964

Art and drawing in psychotherapy. GG Pope
**12**:405,1964

Art in psychotherapy. RR Schopbach
**15**:229,1967

ARTERIES
Successful ligation of the anterior descending branch of the left coronary artery. WA Brewer and FW Holmes
**3**:2,1955

An elastic arterial substitute made of Dacron textile fabric. DE Szilagyi and L France
**6**:203,1958

Serum lipids and atherosclerosis: A review. MZ Fruchtman
**10**:375,1962

ARTERIOGRAPHY
Renal cell carcinoma masquerading as a pancreatic pseudocyst: A case report. SJ Kingma and HM Allen
**18**:245,1970

ARTERIOPATHY
Degenerative arteriopathy with pulmonary hypertension: A revised concept of so-called primary pulmonary hypertension. TN James
**9**:271,1961

ARTERIOSCLEROSIS
A study on hypercoagulability using heparin loading test. ON Ulutin and D Sestakof
**8**:63,1960

Gout and arterial thrombosis.FJ Viozzi, GB Bluhm and JM Riddle
**20**:119,1972

ARTERITIS
Giant cell (temporal) arteritis. WC Noshay
**10**:445,1962

ARTERY BANK
The artery bank. DE Szilagyi, CP Shonnard and GA LoGrippo
**3**:82,1955

ARTHRITIS
Recurrent monarticular arthritis caused by retained "vegetable" foreign body. J Lyford III
**1**:34, June 1953

Psoriatic arthritis. H Duncan, D Oberg and WR Eyler
**13**:173,1965

Significance of fibrin and other particulates in rheumatoid joint inflammation. GB Bluhm, JM Riddle and MI Barnhart
**14**:119,1966

ARTHROGRAPHY
Double contrast arthrography of the knee. PC LaRowe et al
**18**:107, 1970

ARTIFICIAL VALVE
A new full orifice disc valve for mitral replacement: Experimental evaluation. RE Taber and Y Imai
**17**:171,1969

ASPERGILLOSIS
A radiologic quiz. WR Eyler
**15**:262,1967

ASPIRIN
Comparative gastroscopic study of choline salicylate and aspirin. SC Danao and BM Schuman
**20**:27.1972

ASTHMA, CHILDREN
Asthma in children. TH Joos and RS Ellis
**3**:73,1955

ATAXIA
Friedreich's ataxia and its cardiac manifestations. HH Gale
**7**:182,1959

ATAXIA TELANGIECTASIA
Ataxia telangiectasia. DD Worcester
**14**:429,1966

ATHEROSCLEROSIS
An approach to the etiology, diagnosis and management of peripheral arteriosclerosis (arteriosclerosis obliterans). WE Jahsman
**4**:56,1956

The feedback control of cholesterol biosynthesis. WT Beher, GD Baker, WL Anthony and WE Beher
**9**:201,1961

Serum lipids and atherosclerosis: A review. MZ Fruchtman
**10**:375,1962

ATRIAL FIBRILLATION
Electrical conversion of atrial fibrillation: Clinical experience in 185 cases with long term results. R Garcia et al
**16**:195,1968

ATRIAL FLUTTER
Atrial sounds in atrial flutter. O Bostic, WF Duvernoy, and GM Breneman
**19**:115,1971

ATROPHY
Physical factors in post-mastectomy lymphedema. C Long II
**4**:62,1956

ATROPINE
The effects of vagal stimulation, eserine and atropine on retrograde pressure in the sinus node artery. TN James and RA Nadeau
**12**:23,1964

ATTITUDES, PHYSICIAN
The physicians' understanding of social service. Sister ML Koeppe
**9**:576,1961

AU[198]
Critical analysis of the control of malignant effusions with radioisotopes. RM O'Bryan et al
**16**:3,1968

AUDIOLOGY CLINIC
The audiology and speech clinic. AB Graham
**1**:24, Sept 1953

AUDIOMETRY
Standing wave problems in acoustic behavioral testing of animals. H van den Ende
**9**:520,1961

AURAMINE STAIN
Fluorescence microscopy of tubercle bacilli stained with auramine and rhodamine. JP Truant, WA Brett and W Thomas Jr
**10**:287,1962

AUSTRALIA ANTIGEN
Persistence of "Australia antigenemia" in mentally retarded children seven years after virus hepatitis. H Hayashi and GA LoGrippo
**19**:27,1971

AUTOPROTHROMBIN
The effect of the administration of the anticoagulant Marcumar on the blood coagulation mechanisms. SA Johnson, MJ Caldwell and EM Priest
**4**:224, 1956

AZATHIOPRINE
A preliminary evaluation of azathioprine (Imuran®) in the treatment of multiple sclerosis. A preliminary communication. WG Tucker and KH Kapphahn
**17**:89,1969

BABINSKI SIGN
The brevity of Babinski. JD Fox
**4**:114,1956

BACILLI, TUBERCLE
Vaccination against tuberculosis with ultrasonic-vibrated tubercle bacilli. JP Truant
**8**:438,1960

BACTERIA
Pyogenic osteomyelitis: The normal bone spaces as a bacterial reservoir. HM Frost
**8**:263,1960

Unusual bacterial isolates obtained from a variety of clinical specimens. JP Truant
**11**:83,1963

Survey of typical and atypical mycobacteria isolated from human specimens. JP Truant
**11**:237,1963

BACTERIAL ENDOCARDITIS
Subacute bacterial endocarditis: Medical symposium on diagnosis and treatment. JG Mateer and panel
**4**:68,1956

BACTERIAL VARIANTS
Aqueous microbiology: The possible role of cell wall deficient bacteria in uveitis. PC Hessburg et al
**17**:177,1969

BACTERIURIA
Application of an electronic counter in the evaluation of significant bacteriuria. JP Truant, WA Brett and KE Merckel
**10**:359,1962

Evaluation of various methods used for the detection of significant bacteriuria in humans. JP Truant
**12**:237,1964

Simple methods for detection of bacteriuria in the physician's office. EG Heinze et al
**16**:279,1968

BARBITURATES
Acute barbitural intoxication. HR Marvel
**1**:29, Mar 1953

BARRON'S FEEDING
Tube feeding as part of the supportive care of the surgical patient. BM Schuman
**19**:35,1971

BEE STINGS
Some aspects of insect allergy. JH Shaffer
**9**:191,1961

BEHAVIOR
Prevention of delinquency by the early recognition of behavioral difficulties. Detroit school-community behavior project. BM Hamil and HM Stitt Jr
**11**:53,1963

A computer identification of the EEG in a neurophysiological behavioral problem. WR McCrum, AW Jacobson, LD Proctor, H van den Ende and H Devore
**11**:385,1963

Effects of an EEG "seizure discharge" on operant responding. RM Lee, JA Lee, H van den Ende et al
**19**:161,1971

BEHCET'S DISEASE
Behcet's disease with neurological involvement. R Calderon
**12**:205,1964

3-BENZYL DIHYDROFLUMETHIAZIDE
Treatment of congestive heart failure with 3-benzyl dihydroflumethiazide: Preliminary report. GM Breneman and JW Keyes
**7**:281,1959

BETAMETHASONE-17-BENZOATE — BEBEN®
Percutaneous absorption of betamethasone-17-benzoate. GR Mikhail
**18**:179,1970

BETA-PROPIOLACTONE
Beta propiolactone for sterilization of biological materials. GA LoGrippo
**5**:94,1957

Inactivation of vacuolating virus (SV 40) by beta-prone. Evaluation of the oncogenic properties of SV 40 in hamsters after inactivation with beta-prone. H Hayashi and GA LoGrippo
**11**:93,1963

BILE
An experimental study on the action of bile in the normal dog and its protective role in dogs with ulcerogenic operation. E Camacho
**8**:345,1960

Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. WT Beher
**15**:107,1967

BILIRUBIN
The effect of phenobarbital on serum bilirubin of full term infants. MJ Kokosky et al
**18**:275,1970

BIO-ASSAY, SERUM
In-vitro activity of lysostaphin. Bioassay in serum. DN Jones et al
**16**:235,1968

BIOLOGY OF PYELONEPHRITIS
Program of the international symposium on the biology of pyelonephritis
**7**:125,1959

BIOMECHANICS
Introduction to joint biomechanics. HM Frost
**8**:415,1960

BIOPSY, GASTRAL
The technic of laparoscopy and guided biopsy. WS Haubrich and GA Uhlich
**11**:351,1963

BIOPSY, LIVER
Evaluation of needle biopsy of the liver: 1950-1958. GT Havey and RJ Priest
**8**:19,1960

BISCHOFF LECTURE
Adventures in clinical chemistry. OH Gaebler
**8**:383,1960

BLADDER
Leiomyosarcoma of the urinary bladder with review of the literature. AW Bohne, RD Urwiller and TG Pantos
**10**:445,1962

Technique of the apparatus for bladder irrigation. J Barron
**11**:443,1963

Carcinoma in situ of the urinary bladder., CF Pearce and AJ Johnson
**14**:185,1966

Primary closure and iliac osteotomy in the treatment of exstrophy of the bladder. A case report. LZ Shifrin et al
**17**:125,1969

BLEEDING
Hemorrhagic complications of polycythemia vera. JP Abraham, SA Johnson, ON Ulutin and MJ Caldwell
**9**:11,1961

Management of massive hemoptysis. E Arciniegas and CR Lam
**16**:283,1968

BLOOD COAGULATION
Recent advances in blood coagulation with regard to anticoagulant therapy, fibrinogen, hemophilia and platelet disorders. SA Johnson
**6**:291,1958

BLOOD COAGULATION continued
A study on hypercoagulability using heparin loading test. ON Ulutin and D Sestakof
**8**:63,1960

Program — international symposium on the blood platelets, 1960
**8**:81,1960

BLOOD, FIBRIN
Plasma fibrinogen and surgical trauma. CP Hodgkinson, PW Pifer and DG Remp
**2**:44,1954

Experimental hypofibrinogenemia. Studies on trauma, amniotic fluid infusion and imcompatible blood transfusion. PW Pifer, M Block and CP Hodgkinson
**3**:112,1955

Thrombocytopoiesis in man. JW Rebuck and RW Monto
**5**:73,1957

Effect of violent exercise on fibrinogen level. CP Hodgkinson
**6**:48,1958

BLOOD PLATELETS
Platelet abnormalities and platelet transfusions. SA Johnson
**6**:311,1958

Program — international symposium on the blood platelets, 1960
**8**:81,1960

Contributions of electron microscopy to the study of platelets. JW Rebuck, JM Riddle, SA Johnson, RW Monto and RM Sturrock
**8**:273,1960

Hemorrhagic complications of polycythemia vera. JP Abraham, SA Johnson, ON Ulutin and MJ Caldwell
**9**:11,1961

BLOOD PRESSURE
A simplified automatic blood pressure recorder. FW Hartman and VG Behrmann
**1**:2, Dec 1953

Certain fundamentals of pressure recording. RE Shipley
**2**:21,1954

The importance of basal blood pressure. JR Caldwell and FW Hollinger
**3**:175,1955

Induced hypotension. JW Ditzler
**4**:12,1956

Compression tank sphygmomanometer inflater. FH Allen, R Jackson and JR Caldwell
**12**:323,1964

The vasopressor effect of indigo carmine. CC Wu and AJ Johnson
**17**:131,1969

BLOOD STAINING
A new biological stain for peripheral blood and bone marrow smears. AR Villanueva
**18**:11,1970

An improved method of staining paraffin-embedded bone marrow sections. W Pusey and AR Villanueva
**19**:101,1971

BLOOD SUGAR
Influence of saccaroids on blood glucose values. DG Remp
**1**:24, Dec 1953

Hypoglycemia. C Wolf
**8**:68,1960

BLOOD SUPPLY, BRAIN
The cerebellopontile angle, the blood supply of the brain stem and the reticular formation. J Bebin
**16**:61 and 163,1968

BLOOD TRANSFUSION
Serum hepatitis at Henry Ford Hospital, 1958-1967. KS Murthy and BM Schuman
**18**:57,1970

BLUNT TRAUMA
Small bowel perforation in blunt abdominal trauma. C Grodsinsky and BE Brush
**19**:141, 1971

BOECK'S SARCOID
Scalene lymph node biopsy. LJ Kenny
**4**:36,1956

BONE
Presence of microscopic cracks in vivo in bone. HL Frost
**8**:25,1960

Some aspects of the mechanics and dynamics of blood-bone interchange. HL Frost
**8**:36,1960

An economical microfluorescence set-up for detection of tetracyclines in bone. HM Frost
**8**:197,1960

Observations on fibrous and lamellar bone. HM Frost
**8**:199,1960

BONE continued

Measurement of osteocytes per unit volume and volume components of osteocytes and canaliculae in man. HM Frost
**8**:208,1960

Observations on osteoid seams. HM Frost and AR Villanueva
**8**:212,1960

In vivo impermeability of feathered bone to tetracyclines. HM Frost
**8**:225,1960

Pyogenic osteomyelitis: The influence of bone remodelling on recurrence. HM Frost
**9**:42,1961

Feathering: A theory of genesis. HM Frost
**9**:103,1961

A possible new cause for aseptic necrosis of the femoral head. PH McFarland and HM Frost
**9**:115,1961

Halo volume — part I. The effect of pH on size. H Roth, HM Frost and AR Villanueva
**9**:126,1961

Measurement of the diffusion pathway between osteocyte lacuna and blood. HM Frost
**9**:137,1961

Physical characteristics of bone. Part IV. Microscopic prefailure and failure patterns. HM Frost, H Roth and AR Villanueva
**9**:163,1961

The numbers of bone resorption and formation foci in rib. M Kelin and HM Frost
**12**:527,1964

Bone as a physiological tool. HM Frost
**14**:63,1966

Normal histological, tetracycline and dynamic parameters in human, mineralized bone sections. DJ Pirok, JR Ramser, H Takahashi, AR Villanueva and HM Frost
**14**:195,1966

The existence of a zone of finite thickness during tetracycline labeling of bone. T Taylor and HM Frost
**14**:397,1966

Tetracycline-based measurement of bone dynamics in rib of a girl dying of Gaucher's disease. JE Pasko and HM Frost
**15**:3,1967

Osteoid seams and resorption spaces in standard samples of human 6th and 11th ribs. F Santoro and HM Frost
**15**:241,1967

Tetracycline-based histological measurement of cortical-endosteal bone formation in normal and osteoporotic rib. S Jett
**15**:325,1967

Nature of bone resorption and formation in normalcy and disease. BN Epker and HM Frost
**16**:29,1968

Correlation of the transverse sizes of 6th and 11th ribs in normal and osteoporotic individuals. F Santoro and HM Frost
**16**:87,1968

Evaluation of cellular-level haversian bone resorption in human hyperparathyroid states. A preliminary report. HM Frost et al
**17**:259,1969

BONE DISEASE

An equation for the mesenchymal cell activation function in the lamellar bone remodelling equations. R Hattner and HM Frost
**11**:455,1963

An analysis of the relative complexity of cell system dynamics in bone. HM Frost
**13**:271,1965

Tetracycline-based measurements of the bone dynamics in the rib of a girl with hyperphosphatasia. S Jett and HM Frost
**16**:87,1968

BONE DYNAMICS

Program of the international symposium on bone biodynamics
**11**:113,1963

BONE ELASTICITY

Physical characteristics of bone. HM Frost
**9**:148,1961

Physical characteristics of bone. Part I. The existence of plastic flow in vitro. H Roth, HM Frost and AR Villanueva
**9**:149,1961

BONE, FIBROUS

Polyostotic fibrous dysplasia. JR Caldwell
**2**:7,1954

BONE FORMATION

Tetracycline-based measurements of the bone dynamics in the rib of a girl with hyperphosphatasia. S Jett and HM Frost
**16**:325,1968

Evaluation of cellular-level haversian bone resorption in human hyperparathyroid states. A preliminary report. HM Frost et al
**17**:259,1969

BONE LABELLING
An economical microfluorescence set-up for detection of tetracyclines in bone. HM Frost
**8**:197,1960

Lamellar osteoid mineralized per day in man. HM Frost
**8**:267,1960

Experimental multiband tetracycline measurement of lamellar osteoblastic activity. HM Frost, H Roth, AR Villanueva and S Stanisavljevic
**9**:312,1961

BONE MARROW
A new biological stain for peripheral blood and bone marrow smears. AR Villanueva
**18**:11,1970

An improved method of staining paraffin-embedded bone marrow sections. W Pusey and AR Villanueva
**19**:101,1971

BONE MEASUREMENT
Measurement of osteocytes per unit volume and volume components of osteocytes and canaliculae in man. HM Frost
**8**:208,1960

Measurement of bone formation in a 57-year-old man by means of tetracyclines. HM Frost, AR Villanueva, and H Roth
**8**:239,1960

Human osteoblastic activity. Introduction. HM Frost
**9**:75,1961

Specific surface and specific volume of normal human lamellar bone. HM Frost
**10**:35,1962

Qualitative method for measuring osteoclastic activity. HM Frost, AR Villanueva and H Roth
**10**:217,1962

Human osteoclastic activity. Qualitative histological measurement. HM Frost and AR Villanueva
**10**:229,1962

The osteoporoses: A definition of terms and concepts. HM Frost
**10**:315,1962

A function generator for the mesenchymal cell activation for use in the electric analog computer. S Schen and HM Frost
**11**:195,1963

BONE METABOLISM
The eleventh rib biopsy in the study of metabolic bone disease. ED Sedlin, HM Frost and AR Villanueva
**11**:217,1963

Cell generation systems: A new concept in medicine. HM Frost
**11**:391,1963

BONE MINERAL
Some aspects of the mechanics and dynamics of blood-bone interchange. HL Frost
**8**:36,1960

Observations on osteoid seams: The existence of a resting state. HM Frost
**8**:220,1960

Measurement of bone formation in a 57-year-old man by means of tetracyclines. HM Frost, AR Villanueva and H Roth
**8**:239,1960

Observations on passive transfer of bone mineral in man and nucleation. HM Frost
**9**:171,1961

Evidence for the existence of two physical states of bone mineral. HM Frost
**9**:178,1961

Known qualitative variables in human bone. HM Frost
**9**:180,1961

The eleventh rib biopsy in the study of metabolic bone disease. ED Sedlin, HM Frost and AR Villanueva
**11**:217,1963

BONE PHYSIOLOGY
Physical characteristics of bone: Shrinkage and hydration. HM Frost
**10**:237,1962

Postmenopausal osteoporosis: The evolution of our concepts of its cause. HM Frost
**20**:83,1972

BONE REMODELLING
Observations on osteoid seams. HM Frost and AR Villanueva
**8**:212,1960

Effect of estrogen on resorption of chondro-osseous complex in the rat. HM Frost, H Roth, AR Villanueva and S Stanisvljevic
**10**:171,1962

An equation for the mesenchymal cell activation function in the lamellar bone remodelling equations. R. Hattner and HM Frost
**11**:455,1963

Measurement of haversian bone remodelling by means of tetracycline labelling in rib of rhesus monkeys. CC Schock, FR Noyes and AR Villaneuva
**20**:131,1972

BONE RESORPTION
Serial undecalcified sections of rat bones. AR Villanueva and F Santoro
**10**:263,1962

Postmenopausal osteoporosis: The evolution of our concepts of its cause. HM Frost
**20**:83,1972

BONE SCANNING
The clinical use of Fluorine 18 for bone scanning. RA Gastesi et al
**17**:107,1969

Decompressive laminectomy in the management of spinal epidural metastases. JS Rogers and RS Knighton
**17**:201,1969

BONE SETTING
Crossed-pin technique in management of complex tibial fractures. HM Frost
**8**:394,1960

BOOK REVIEW
Electrogardiographic studies in normal infants and children. F Ziegler
**1**:36, Mar 1953

Encyclopedia of medical syndromes. RH Durham
**7**:341,1959

BOWEL
Small bowel perforation in blunt abdominal trauma. C Grodsinsky and BE Brush
**19**:141,1971

BRACE
Clinical use of the halo: Case reports using skeletal traction apparatus. LZ Shifrin
**20**:67,1972

BRADYCARDIA
The vasopressor effect of indigo carmine. CC Wu and AJ Johnson
**17**:131,1969

BRAIN
Congenital anomalies of the brain and spinal cord. EA Kahn
**3**:193,1955

Interrelationship between brain damaging processes and peptic ulceration, perforation and hemorrhage. JA Marvel
**7**:73,1959

Studies of the electrical parameters and behavioral effects of an EEG "seizure discharge." WR McCrum et al
**17**:77,1969

Effects of an EEG "seizure discharge" on operant responding. RM Lee, JA Lee, H van den Ende et al
**19**:161,1971

BRAIN NEOPLASMS
Depression and hysteria as symptoms of brain tumor. J Harris
**13**:457,1965

BRANCHIAL ANOMALIES
Branchial anomalies in idiopathic hypoparathyroidism: Branchial dysembryogenesis. MJ Miller, B Frame, AK Poznanski, CE Jackson and G Bermudez
**20**:3,1973

BREAST
The rationale of breast radiography. AK Pozanski, L Stevenson and DN Dickson
**11**:437,1963

Concurrent dermatomyositis and metastatic breast carcinoma: A case report. DR Kellogg and RW Talley
**14**:405,1966

A radiologic quiz. A Poznanski
**15**:360,1967

BRONCHIAL BRUSH TECHNIQUE
A radiologic quiz. WR Eyler
**15**:262,1967

BRONCHIECTASIS
The results of surgery for bronchiectasis. GL Brinkman and H Pauli
**6**:318,1958

BRONCHOGENIC CARCINOMA
Bronchogenic carcinoma: An analysis of 305 surgically-treated patients. RE Taber, CR Lam and J Robles
**10**:57,1962

BUCCAL SMEAR
Bio-science seminar — chromosomal disorders in man. RW Smith Jr
**9**:231,1961

BULLET WOUNDS
Emergency management of thoraco-abdominal trauma. A study of 275 injury patients. JL Ponka and RO Anton
**9**:263,1961

BURSA
Double contrast arthrography of the knee. PC LaRowe et al
**18**:107;1970

CALCIFICATIONS, BREAST
A radiologic quiz. A Poznanski
**15**:360,1967

CALCIUM
New methods of deleading heavy lead absorption using calcium mono sodium ethylene diamine tetra acetate (EDTA). EL Belknap
**4**:210,1956

Primary hyperparathyroidism with hypercalcemia twenty-eight years before treatment. AR Arnstein, WS Haubrich and B Frame
**12**:327,1964

The simultaneous occurrence of monosodium urate and calcium pyrophosphate dihydrate crystals in an arthritic joint. GB Bluhm and FJ Viozzi
**20**:19,1972

CALCULI
Spontaneous rupture of the kidney pelvis secondary to impacted ureteral calculus. AW Bohne and JL Irwin
**12**:83,1964

X-ray diffusion analysis of central Asian vesical calculi. J Parsons
**12**:187,1964

CAMPBELL, WILLIS COHOON
Vittorio Putti and Willis Cohoon Campbell. S Stanisavljevic
**10**:257,1962

CANCER
Intra-arterial chemotherapy of malignant diseases. RW Talley, VK Vaitkevicius and JE Kelly
**9**:1,1961

Leiomyosarcoma of the urinary bladder with review of the literature. AW Bohne, RD Urwiller and TG Pantos
**10**:445,1962

Endometrial carcinoma. Report of 441 cases from Henry Ford Hospital, 1923 through 1963. RB Patton
**16**:301,1968

The application of "chemo-surgery" in cancer. GR Mikhail
**17**:217,1969

Carcinoma of the fallopian tube. V Gantus, BH Drukker and CP Hodgkinson
**19**:217,1971

CANCER, APPENDIX
Surgical management of appendiceal carcinoids: An analysis of twenty-four cases. JL Ponka and RO Antoni
**11**:431,1963

CANCER, BILIARY
Primary carcinoma of the extraphepatic biliary ducts. LE Permen and EB McCollum
**11**:167,1963

CANCER, BREAST
The rationale of breast radiography. AK Poznanski, L Stevenson and DN Dickson
**11**:437,1963

CANCER, BRONCHOGENIC
Bronchogenic carcinoma: An analysis of 305 surgically treated patients. RE Taber, CR Lam and J Robles
**10**:57,1962

The importance of biopsy of non-palpable scalene nodes in bronchogenic carcinoma. BK Mazur and GL Brinkman
**10**:433,1962

CANCER, CERVIX
The use of radioactive gold in the treatment of cancer of the cervix. LA Swinehart, LE Preuss and AH Veldhuis
**4**:144,1956

CANCER DIAGNOSIS
Cancer detection. HM Nelson
**3**:33,1955

CANCER, LIVER
Evaluation of needle biopsy of the liver: 1950-1958. GT Havey and RJ Priest
**8**:19,1960

CANCER, SOCIAL SERVICE
The social service problem in cancer control. P Ryman
**7**:14,1959

All-inclusive care for the cancer patient. A study of social factors. BP Rowen
**7**:270,1959

CANCER, SPINE
Decompressive laminectomy in the management of spinal epidural matastases. JS Rogers and RS Knighton
**17**:201,1969

CANCER, STOMACH
Total gastrectomy for carcinoma of the stomach. TA Fox
**18**:21,1970

CANCER, THORACIC
Scalene lymph node biopsy. LJ Kenny
**4**:36,1956

CANINE HEART
Intra-abdominal heterotopic transplantation of the canine heart. R Taber, N Kouno and J Simon
**19**:211;1971

CARDIAC CATHETERIZATION
Pediatric cardiac catheterization; analgesia or anesthesia. JF Coleman
**8**:306,1960

Complications of pulmonary angiography. DT Anbe and EH Drake
**18**:49;1970

CARDIAC FAILURE
Human osteoblastic activity — Part IV. The effect of severe cardiac failure. HM Frost and AR Villanueva
**9**:100,1961

CARDIAC PACEMAKING
Pulse and impulse in the sinus node. TN James
**15**:275,1967

CARDIAC SURGERY
A decade of heart surgery and a look into the future. CR Lam
**18**:215,1970

CARDIOVASCULAR DISEASE
Chlorothiazide as an adjunct in the treatment of hypertensive cardiovascular disease. JR Caldwell and RJ Karjala
**6**:38,1958

CARDIOVASCULAR RESEARCH
The response of sinus node function to ligation of the sinus node artery. TN James and K Reemtsma
**8**:129,1960

CARDIOVERSION
Electrical conversion of atrial fibrillation. Clinical experience in 185 cases with long term results. R Garcia et al
**16**:195,1968

CARIES, DENTAL
Review of investigations into the biology of dental caries immunity. GE Green
**11**:71,1963

CAROTID BODY
Carcinoma of the lung occurring in patient with carotid body tumor. Case report. ED Moorhead, RD White, RW Talley and RV Loo
**13**:79,1965

Enzyme histochemistry of the human carotid body. G Fine et al
**16**:313,1968

CATARACTS
Hereditary spino-cerebellar ataxia, oligophrenia and congenital cataracts. R Calderon
**12**:395,1964

CATECHOLAMINES
Hypophyseal growth hormone. II. Interaction with other hormones. MS Zafar et al
**18**:165,1970

CATHETERIZATION
Pediatric cardiac catheterization; analgesia or anesthesia. JF Coleman
**8**:306,1960

Technique of and apparatus for bladder irrigation. J Barron
**11**:443,1963

Hepatic artery catherization for local organ perfusion in malignant disease. JD Stewart, EH Drake and HH Gale
**13**:251,1965

CATION TRANSPORT
Cation transport. I. Metabolic activity of the polyphosphoinositide complex in isolated renal cortex tubules. PD Bartlett and JF Bossart
**17**:247,1969

CECUM
The role of surgery in cecal diverticultis. C Grodsinsky, J Soares, MA Block and BE Brush
**20**:33,1972

Massive gastrointestinal hemorrhage originating from the cecum. C Grodsinsky and BE Brush
**19**:223,1971

Cecal diverticulitis in the Japanese. Y Kurosu, T Suzuki and T Koga
**19**:251,1971

CELLS
Reticuloendothelisis. BM Hamil
**4**:173,1956

Electron microscopy of the border of the human intestinal epithelial cell. WS Haubrich, JHL Watson, W O'Driscoll and V Valentine
**7**:113,1959

The advantages of Vestophal W as an embedding material for biological and medical electron microscopy. RR Cardell Jr
**9**:379,1961

Giant cell (temporal) arteritis. WC Noshay
**10**:455,1962

CELLS continued
Observations on the ultrastructure of human skin. F Hu and RR Cardell Jr
**10**:63,1962

A function generator for the mesenchymal cell activation for use in the electric analog computer. S Schen and HM Frost
**11**:195,1963

Cell generation systems. A new concept in medicine. HM Frost
**11**:391,1963

The cytophysiology of the anterior pituitary gland. RR Cardell Jr
**11**:409,1963

CELLULAR NECROSIS
A possible new cause for aseptic necrosis of the femoral head. PH McFarland and HM Frost
**9**:115,1961

CENTRAL NERVOUS SYSTEM
The neurophysiology of the central nervous system; a simplified review. RR Schopbach and KB Akins
**9**:28,1961

CNS, HODGKINS' DISEASE
Intrathecal cytosine arabinoside in Hodgkin's disease with central nervous system manifestations. A prelimanary report. EJ Van Slyck
**15**:301,1967

CNS LESIONS
Hypoglycemia. C Wolf
**8**:68,1960

Migraine equivalents. LD Proctor
**8**:99,1960

CNS, PULMONARY DISEASE
Chronic pulmonary diseases and associated neurologic disturbances. J Bartone
**8**:123,1960

CEPHALEXIN
Cephalexin: In vitro and in vivo studies. F Cox Jr et al
**18**:91,1970

CEREBELLOPONTILE ANGLE
The cerebellopontile angle, the blood supply of the brain stem and the reticular formation. J Bebin
**16**:61 and 163,1968

CEREBRAL LESIONS
Visual hallucinations in cerebral lesions. A case report. VN Samuel
**9**:391,1961

CEREBRAL PALSY
Prematurity and neurological disorders. EA Bandera and JA Churchill
**9**:414,1961

Derotation osteotomy of the femur in cerebral palsy. JR Glessner Jr
**17**:59,1969

CEREBROVASCULAR INSUFFICIENCY
The importance of complete angiography in cerebrovascular insufficiency syndrome. RS Knighton and S Gonzalez
**7**:234,1959

CERVICAL CANCER
The use of radioactive gold in the treatment of cancer in the cervix. LA Swinehart, LE Preuss and AH Veldhuis
**4**:144,1956

CERVICAL DISK HERNIA
Diagnositc criteria for distinguishing cervical disk herniation from spondylosis in the neural compression syndrome. KD McGinnis and AB Eisenbrey
**12**:490,1966

CERVIOCOBRACHIALGIA
Myofascial pain syndromes. Part II. Syndromes of the head, neck and shoulder girdle. C Long, II
**4**:22,1956

CERVIX, INCOMPETENT
Cervical incompetence. WC Gilkey
**7**:84,1959

CHAPLAIN, HOSPITAL
The certified chaplain in the modern hospital. RL Dicks
**2**:140,1954

CHELATING AGENTS
Congenital erythoblastic hypoplasia. FJ Hildner, RW Monto and JW Rebuck
**12**:5,1964

CHELATION, IRON
Congenital erythroblastic hypoplasia. Treatment of transfusion hemosiderosis with desferrioxamine B. FJ Hildner et al
**16**:147,1968

CHEMISTRY, CLINICAL
Advertures in clinical chemistry. OH Gaebler
**8**:383,1960

CHEMOSURGERY
The application of "chemosurgery" in cancer. GR Mikhail
**17**:217,1969

CHEMOTHERAPY, CANCER
Intra-arterial chemotherapy of malignant diseases. RW Talley, VK Vaitkevicius and JE Kelly
**9**:1,1961

CHIASMATIC SYNDROME
Clinical pathological conference: Chiasmatic syndrome. RS Knighton and J Bebin
**16**:223,1968

CHICKEN POX
Neonatal chicken pox. EO Jodar
**5**:296,1957

CHILDREN
Problems related to children's sleep. S Podolsky
**10**:385,1962

Prevention of delinquency by the early recognition of behavioral difficulties. Detroit school-community behavior project. BM Hamil and HM Stitt Jr
**11**:53,1963

Services to mentally retarded children and their parents. BB Bemiss
**11**:231,1963

The battered child. MP Rice
**12**:401,1964

CHLORPROMAZINE
Neurologic complications of phenothiazine therapy. JR Dubois Jr
**11**:59,1963

Promothazine-chlorpromazine combination in the treatment of unmanageable psychotic patients. AR Favazza
**17**:305,1969

CHLORPROPAMIDE IN DIABETES
Current status of chlorpropamide in management of diabetes mellitus. FW Whitehouse
**7**:10,1959

CHLORTHIAZIDE
Clinical evaluation of chlorpromazine hydrochloride in acute nausea and vomiting. LA Swinehart
**3**:136,1955

Clinical evaluation of methyclothiazide, a new potent long-acting oral diuretic drug. S Podolsky, M Fuchs and R Sellor
**9**:440,1961

CHOLECYSTITIS
Acute cholecystitis in children. N Gilfillan and JH Wylie
**8**:433,1960

CHOLECYSTOKININ
Dose-response relationship of bile flow to cholecystokinin stimulation as measured by duodenal drainage. RJ Priest et al
**18**:257,1970

CHOLESTEROL
An approach to the etiology, diagnosis and management of peripheral arteriosclerosis (arteriosclerosis obliterans). WE Jahsman
**4**:56,1956

The feedback control of cholesterol biosynthesis. WT Beher, GD Baker, WL Anthony and ME Beher
**9**:201,1961

Serum lipids and atherosclerosis: A review. MZ Fruchtman
**10**:375,1962

Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. WT Beher
**15**:107,1967

CHOLINE SALICYLATE
Comparative gastroscopic study of choline salicylate and aspirin. SC Danao and BM Schuman
**20**:27,1972

CHONDRO-OSSEOUS COMPLEX
Effect of thyroxine on chondro-osseous complex resorption in the rat. HM Frost, AR Villanueva, S Stanisavljevic and H Roth
**10**:199,1962

CHROMOSOMES
Bio-science seminar — chromosomal disorders in man. RW Smith
**9**:231,1961

Turner's syndrome with XO/XX mosaicism. RC Mellinger
**12**:181,1964

Etiology of congenital heart disease. JG Shakibi
**17**:101,1969

A new biological stain for peripheral blood and bone marrow smears. AR Villanueva
**18**:11,1970

CHRONIC DISEASES
C-reactive protein: Potential significance of quantitation in patients with chronic diseases. H Hayashi and GA LoGrippo
**20**:91,1972

CHRONIC HEPATITIS
Chronic active hepatitis. A review. K Anselm
**17**:195,1969

CHRONOTROPIC DRUGS
Direct perfusion of the sinus node. An experimental model for pharmacologic and electrophysiologic studies of the heart. TN James and RA Nadeau
**10**:21,1962

CISTERNOGRAPHY
Isotope cisternography — RISA. JL Fenton et al
**17**:117,1969

CITRATE ION
Halo volume — part I. The effect of pH on size. H Roth, HM Frost and AR Villanueva
**9**:126,1961

CLINICIAN
Health nurse clinician — An extended role for the professional nurse. CE Rupe et al
**18**:187,1970

CLOSTRIDIUM
Clostridial septicemia with intravascular hemolysis. GM Mastio and E Morfin
**13**:421,1965

COAGULATION
A case of renal thrombotic thrombocytopenic purpura with comments on coagulation and immunofluorescent studies. AS McCutcheon et al
**16**:239,1968

COCHLEA
Relationship of acetylcholinesterase in the cochlea to the olivocochlear bundle. JA Churchill and HF Schuknect
**7**:202,1959

COLIMYCIN
The effect of sodium colistinemethanesulfonate on strains of pseudomonas
**9**:23,1961

COLITIS
Immunologic competence in idiopathic ulcerative colitis: Humoral aspects of immunity. GA LoGrippo et al
**18**:249,1970

Notes and comments: Biopsy-proven amebic colitis treated with metronidazole. FR Bode and CJ Van Volkinburg
**20**:163,1972

COLLAGEN DISEASE
Pulmonary findings in the collagen diseases. W Eyler
**7**:231,1959

Observations on osteoid seams. HM Frost and AR Villanueva
**8**:212,1960

Hurler's disease. PC Hessburg
**10**:419,1962

Systemic sclerosis. RE Birk and CE Rupe
**10**:523,1962

The L.E. cell: Significance and relation to collagen disease. RW Monto, RA Rizek, CE Rupe and JW Rebuck
**12**:389,1964

COLON
The use of jejunal and ileal loops in stomach and colon surgery. J Barron
**6**:328,1958

Carcinoma of the right colon. JL Ponka and K Welborn
**15**:49,1967

Cecal diverticulitis in the Japanese. Four cases. Y Kurusu, T Suzuki and T Koga
**19**:251,1971

COLOSTOMY
Rubber band division of the posterior colostomy wall. J Barron and A Gonzalez
**14**:317,1966

COMMUNICATION
Assessing attempted suicide. WJ Cassidy
**18**:205,1970

Death and the inexorably dying. A seminar. S Kingma
**19**:91,1971

COMPRESSION TANK
Compression tank spygmomanometer inflater. FH Allen, R Jackson and JR Caldwell
**12**:323,1964

COMPUTER
A computer identification of the EEG in a neurophysiological behavioral problem. WR McCrum, AW Jacobson, LD Proctor, H van den Ende and H Devore
**11**:385,1963

A wave pattern analysis of EEG signal based upon a successive digital smoothing process. RM Lee
**15**:33,1967

A method of hospital infection surveillance incorporating the use of a computer. BW Steinhauer
**15**:139,1967

Symmetry-decision method of EEG analysis. RM Lee
**19**:177,1971

CONGENITAL DEFECTS
Bilateral agenesis of upper extremity. JL Fleming
**4**:81,1956

Interesting cases of congenital hip dislocation and subluxation in the newborn babies. S Stanisavljevic
**9**:224,1961

CONGENITAL DEFECTS continued
Modern surgical treatment of congenital hypertrophic pyloric stenosis. JL Ponka and SE Landrum
**10**:89,1962

Congenital erythroblastic hypoplasia treatment of transfusion hemosiderosis with deferrioxamine B. FJ Hildner et al
**16**:147,1968

CONGESTIVE FAILURE
Refractory heart failure. E Drake
**8**:138,1960

CONSTIPATION
Cecal diverticulitis in the Japanese. Four cases. Y Kurosu, T Suzuki and T Koga
**19**:251,1971

CONSULTATIONS
The psychiatric referral. H von Brauchitsch
**16**:205,1968

Extrasensory perception in clinical medicine, and other offenses. SH Adelman
**17**:315,1969

COR PULMONALE
Cor pulmonale in association with Raynaud's disease. Report of a case with sympathectomy. EE Schumacher Jr
**5**:256,1957

The diagnosis of chronic cor pulmonale. JF McMurry and RD Parks
**16**:119,1968

CORN OIL
Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. WT Beher
**15**:107,1967

CORNEA
Present status of optical corneal graft. JV Balian
**7**:65,1959

CORONARY DISEASE
Some epidemiological and familial aspects of coronary heart disease. Report of a pilot study. A Skyring
**12**:162,1964

CORTICOSTEROIDS
Effect of estrogen on resorption of chondro-osseous complex in the rat. HM Frost, H Roth, AR Villanueva and S Stanisavljevic
**10**:171,1962

Hypophyseal growth hormone. II. Interaction with other hormones. MS Zafar et al
**18**:165,1970

Percutaneous absorption of betamethasone-17-benzoate. GR Mikhail
**18**:179,1970

CORTICOTROPIN
Metabolic effects of growth hormone, corticotropin, and various steriods. OH Gaebler
**6**:133,1958

CORTISONE
Effect of adrenal corticoids on chondro-osseous complex osteoclasia. HM Frost, S Stanisavljevic, AR Villanueva and H Roth
**10**:185,1962

COUMARIN
The effect of the administration of the anticoagulant Marcumar on the blood coagulation mechanisms. SA Johnson, MJ Caldwell and EM Priest
**4**:224,1956

Surreptitious ingestion of oral anticoagulants. TH Greidanus et al
**18**:99,1970

COXSACKIE VIRUS
Extraction and partial purification of Coxsackie virus from human stools with the use of ion-exchange resins. GA LoGrippo
**1**:27, Dec 1953

CRACKS, BONE
Presence of microscopic cracks in vivo in bone. HL Frost
**8**:25,1960

C-REACTIVE PROTEIN
Quantitative determination of C-reactive protein (CRP) by micro-double diffusion technic. H Hayashi et al
**18**:155;1970

C-reactive protein: Potential significance of quantitation in patients with chronic diseases. H Hayashi and GA LoGrippo
**20**:91,1962

CREATININE
Kidney function tests in chronic renal disease: Serum urea nitrogen, creatinine and creatinine clearance. RB Patton and D Remp
**16**:185,1968

CRIME: THE MEDICAL ILLUSTRATOR
The medical illustrator and his potential in criminal identification. WC Lochel
**12**:49,1964

CROSS SECTION
The cross section size of the osteon. O Landeros and HM Frost
**12**:517,1964

$CrP^{32}O^4$
Critical analysis of the control of malignant effusions with radioisotopes. RM O'Bryan et al
**16**:3,1968

CRUCIATE
Double contrast arthrography of the knee. PC LaRowe et al
**18**:107,1970

CRYOSURGERY
A surgical correlator. PC Hessburg
**16**:267,1968

CRYSTALLINE ARTHRITIS
The simultaneous occurrence of menosodium urate and calcium pyrophosphate dihydrate crystals in an arthritic joint. GB Bluhm and FJ Viozzi
**20**:19,1972

CRYSTALLINE $B_{12}$
Inhalation and nasal installation of crystalline $B_{12}$ therapy in pernicious anemia. RW Monto, JW Rebuck and MJ Brennan
**1**:15,Mar 1953

CRYSTALS
The analysis of pathological crystals by x-ray diffraction. J Parsons
**8**:175,1960

Identification of crystalline material from lung biopsy by x-ray diffraction. J Parsons
**10**:355,1962

CULTURE
Simple methods for detection of bacteriuria in the physician's office. EG Heinze et al
**16**:279,1968

CUTANEOUS LYMPHOMA
Therapy of mycosis fungoides. HF Shapero
**19**:67,1971

CVA
The worth of serial electroencephalograms. S Gonzalez and JA Churchill
**4**:186,1956

CYBERNETICS
An analysis of the relative complexity of cell system dynamics in bone. HM Frost
**13**:27,1965

CYSTS
Epidermoid cyst formation seventeen years following cutis graft repair of incisional hernia. GD Couris and JH Wylie
**12**:141,1964

Nonparasitic cysts of the liver. Analysis of 36 cases and review of modern diagnostic techniques. V Lawoyin and RJ Priest
**20**:153,1972

CYTOLOGY
Exfoliative cytology in the clinical evaluation of gastric ulcer. JA Rinaldo, JA Marvel, G Fine and E Watson
**7**:216,1959

The cytophysiology of the anterior pituitary gland. RR Cardell Jr
**11**:409,1963

CYTOSINE ARABINOSIDE
Intrathecal cytosine arabinoside in Hodgkin's disease with central nervous system manifestations. A preliminary report. EJ Van Slyck and RW Talley
**15**:301,1967

DALMATIAN
Observations on uric acid transport in man, the Dalmatian and the non-Dalmatian dog. H Duncan and AS Curtiss
**19**:105,1971

DATA PROCESSING
Some experiences and comments about biomedical data processing. WR McCrum
**12**:333,1964

DEAFNESS
Don't shout! — I can hear! HF Schuknecht
**3**:186,1955

Prematurity and neurological disorders. EA Bandera and JA Churchill
**9**:414,1961

DEATH
Death and the inexorably dying. A seminar. S Kingma
**19**:91,1971

DEHYDROGENASES
Kinetic regulation of enzymes. JD Shore
**15**:219,1967

DELEADING
New methods of deleading heavy lead absorption using calcium mono sodium ethylene diamine tetra acetate (EDTA). EL Belknap
**4**:210,1956

DELINQUENCY
Prevention of delinquency by the early recognition of behavioral difficulties. Detroit school-community behavior project. BM Hamil and HM Stitt Jr
**11**:53,1963

DELIVERY, HEALTH CARE
Health nurse clinician — An extended role for the professional nurse. CE Rupe et al
**18**:187,1970

DENTAL CARIES
Review of investigations into the biology of dental caries immunity. GE Green
**11**:71,1963

DENTINAL TUBULES
The presence of iron in osteoid seams and dentinal tubules. AR Villanueva, M Kelin, BN Epker and HM Frost
**12**:557,1964

DENTISTRY, CHILDREN
Dentistry for the handicapped child. VF Via Jr
**2**:195,1954

DEPRESSION
The mecholyl test; its value in depressions. RR Schopbach
**7**:211,1959

Depression and hysteria as symptoms of brain tumor. J Harris
**13**:457,1965

DERMATITIS
Dermatitis herpetiforms associated with a focus infection. RJ Coskey and RP Fosnaugh
**9**:436,1961

DERMATOMYOSITIS
Concurrent dermatomyositis and metastatic breast carcinoma. A case report. DR Kellogg and RW Talley
**14**:405,1966

DERMO-FAT GRAFT
A radiologic quiz. A Poznanski
**15**:360,1967

DESFERRIOXAMINE B
Congenital erythroblastic hypoplasia. FJ Hildner, RW Monto and JW Rebuck
**12**:5,1964

DETROIT TRANSMISSION FIRE
Lessons learned from the Detroit Transmission Division Fire of August 12, 1953. GA Eadie
**3**:18,1955

DETRUSOR FUNCTION
Stress urinary incontinence in the human female: Gravity and ecomorphologic influences on bladder and urethral function of the human female. CP Hodgkinson
**17**:145,1969

DEXTRAN
The prevention of recurrent peritoneal adhesions. A clinical and laboratory investigation. TA Cromwell and JL Ponka
**18**:233,1970

DIABETES
Late complications in juvenile diabetes. TH Joos
**1**:18, Sept 1953

Conservative management of diabetic foot complications. WL Lowrie, WE Redfern and BE Brush
**2**:79,1954

The clinical value of the plasma acetone test. FW Whitehouse
**4**:234,1956

Questions and answers about tolbutamide and oral hypoglycemic agent. FW Whitehouse and JB Bryan
**5**:179,1957

Phosphate diabetes, a review. G Falkson and B Frame
**6**:244,1958

Current status of chlorpropamide in management of diabetes mellitus. FW Whitehouse
**7**:10,1959

Diabetic amyotrophy. A report of two cases. J Peacock and R Calderon
**12**:135,1964

The kinetics of the resorption process in osteonal remodeling of diabetic ribs. H Takahashi and HM Frost
**12**:537,1964

Cortical area of diabetic rib. M Kelin and HM Frost
**12**:547,1964

Interactions of pregnancy and diabetes. FW Whitehouse
**15**:15,1967

Double screening for diabetes. FW Whitehouse
**16**:188,1968

"Anion-gap" acidosis complicating diabetic ketoacidosis. A commentary on diagnosis and management. JC Jurgensen and FW Whitehouse
**17**:311,1969

DIAGNOSIS, ELECTRONIC
Electronic techniques in medicine. VK Zworykin
**8**:1,1960

DIALYSIS
Meprobamate intoxication treated by peritoneal dialysis: Report of a case. W Hardy, A Ten Pas and RK Nixon
**11**:347,1963

"Anion-gap" acidosis complicating diabetic ketoacidosis. A commentary on diagnosis and management. JC Jurgensen and FW Whitehouse
**17**:311,1969

DIARRHEA
Special types of Escheria coli in infant diarrhea
**1**:9, Sept 1953

Gastrocolic and duodenocolic fistulas. An experimental study. JL Ponka, AK Shaalan and PC Pesaros
**19**:75,1971

Cecal diverticulitis in the Japanese. Y Kurosu, T Suzuki and T Koga
**19**:251,1971

DIASTEMATOMYELIA
Diastematomyelia: A treatable lesion in infancy and childhood, with case report. JD Darnley
**3**:130,1955

DIET SODA POP
A hazard of "diet pop." C Wolf
**17**:63,1969

DIFFRACTION
X-ray diffraction powder data and index for the steroids. J Parsons, WT Beher and GD Baker
**6**:365,1958

The analysis of pathological crystals by x-ray diffraction. J Parsons
**8**:175,1960

X-ray diffraction powder data for steroids. J Parsons, WT Beher and CD Baker
**9**:54,1961

Supplement II
**10**:471,1962

Supplement III
**11**:23,1963

Supplement IV
**12**:87,1964

Supplement V
**12**:459,1964

Supplement VI
**13**:303,1965

Supplement VII
**14**:387,1966

Supplement VIII
**15**:133,1967

Supplement IX
**16**:215,1968

X-ray diffraction data for amino acid derivatives. J Parsons et al
**18**:282,1970

DIGITAL TENDONS
Paratendinous apparatus of the digital extensor mechanism: Some clinical features. R Pool Jr and S Stanisavljevic
**10**:253,1962

DIPLEGIA
Spastic diplegia of premature birth. JA Churchill
**7**:257,1959

DISABILITY
The total and permanent disability problem. LJ Steiner
**2**:96,1954

DISEASE, FAMILIAL
Experience with some unusual diseases occurring in families. WH Willis
**3**:44,1955

DISODIUM EDTA
Systemic sclerosis. RE Birk and CE Rupe
**10**:523,1962

DISSECTING ANEURYSM
Dissecting aneurysm of the aorta: diagnosis, treatment and prognosis. HJ Lee and EH Drake
**19**:177,1971

DIURETICS
Chlorothiazide - A new non-mercurial oral diuretic. JW Keyes and FJ Berlacher
**6**:32,1958

Chlorothiazide as an adjunct in the treatment of hypertensive cardiovascular disease. JR Caldwell and RJ Karjola
**6**:38,1958

Clinical evaluation of methyclothiazide, a new potent long-acting oral diuretic drug. S Podolsky, M Fuchs and R Sellor
**9**:440,1961

Polythiazide in the treatment of congestive heart failure. JW Keyes, GM Breneman and JR De Jesus Jr
**10**:555,1962

DIVERTICULA
Diverticula of the thoracic esophagus. T Gahagan
**10**:449,1962

DIVERTICULITIS
DNAA synchronous group of mammallian cells whose in vivo behavior can be studied. HM Frost
**13**:161,1965

Cecal diverticulitis in the Japanese. Y Kurosu, T Suzuki, and T Koga
**19**:251,1971

DIVERTICULITIS continued
The role of surgery in cecal diverticulitis. C Grodsinsky, J Soares, MA Block and BE Brush
**20**:33,1972

DOG DISEASES
Sudden death in Doberman pinschers. TN James and EH Drake
**13**:183,1965

DONOR CARD
Attitudes toward human organ transplantations. DM Gade
**20**:41,1972

DORSIFLEXION
The brevity of Babinski. JD Fox
**4**:114,1956

DOUBLE CONTRAST
Double contrast arthrography of the knee. PC LaRowe et al
**18**:107,1970

DRAWING
Art and drawing in psychotherapy. GC Pope
**12**:405,1964

DREAMS
Problems related to children's sleep. S Podolsky
**10**:385,1962

DRUGS
A review of psychopharmacologic drugs. RR Schopbach
**7**:290,1959

The neurophysiology of the central nervous system; a simplified review. RR Schopbach and KB Akins
**9**:28,1961

A history of anesthesia. HR Matern
**11**:247,1963

Pharmacology of ophthalmologically important drugs. JL Tucker Jr
**13**:191,1965

DUMPING SYNDROME
Mechanism and management of the dumping syndrome. WS Haubrich
**6**:55,1958

DUODENAL DRAINAGE
Dose-response relationship of bile flow to cholecystokinin stimulation as measured by duodenal drainage. RJ Priest et al
**18**:257,1970

DUODENAL, HEMATOMA
Duodeno-jejunal injuries following blunt trauma to the abdomen. JB Keplinger et al
**16**:111,1968

DUODENAL ULCER
An experimental study on the action of bile in the normal dog and its protective role in dogs with ulcerogenic operation. E Camacho
**8**:345,1960

Vagotomy for perforated duodenal ulcer. JP LaCalle
**14**:313,1966

The clinical course of duodenal ulcer associated with hyperparathyroidism. MA Block, B Frame and TA Fox Jr
**19**:21,1971

DYE HYDROTUBATION
Current tests for tubal patency. Their study and comparison. A Afsari and RJ Thompson
**20**:125,1972

DYNAMICS OF VIRUS INFECTION
International symposium program
**1**:28, Sept 1953

EAR INJURY
Ototoxicity in cats following toxic doses of streptomycin. TM McGee
**6**:182,1958

The use of phenothiazines on a general hospital psychiatric service. RR Schopbach
**9**:369,1961

Letter to the editor: Frostbitten ears. JP Johnson
**11**:453,1963

Pathology of secretory otitis — A temporal bone report. LFP DeMoura and RC Hayden
**17**:25,1969

ECHINOCOCCOSIS
Echinococcosis of the liver. Report of a case. R Benedetti and JL Ponka
**18**:39,1970

ECOMORPHOLOGY
Stress urinary incontinence in the human female: Gravity and ecomorphologic influences on bladder and urethral function of the human female. CP Hodgkinson
**17**:145,1969

EDEMA, ARM
Postmastectomy edema of the arm: Roentgen aspects. WR Eyler and JR Gish
**4**:62,1956

Lymphangiosarcoma occurring in postmastectomy lymphedema. MA Block, JL Fleming and JR Gish
**4**:63,1956

Symposium: Postmastectomy lymphedema of the arm: Historical review. T Geoghegan
**4**:64,1956

EDEMA, ARM continued
Quincke's disease. D Kavanagh
**5**:176,1957

Clinical evaluation of methyclothiazide, a new potent long-acting oral diuretic drug. S Podolsky, M Fuchs and R Sellor
**9**:440,1961

Kwashiorkor on the Navajo Indian reservation. CB Wolf
**9**:566,1961

Intestinal lymphangiectasia with normal immunological function. A case report. T Madhavan and CE Rupe
**18**:65,1970

EDIPERMOID CARCINOMA
Epidermoid carcinoma arising in an epidermal inclusion cyst. TV Hays and J Ponka
**20**:97,1972

EDITOR
The Henry Ford Hospital Medical Journal honors Dr. Philip J Howard, consulting editor
**15**:83,1967

EDSEL B FORD INSTITUTE
Friends of the institute. OH Gaebler
**2**:202,1954

Special issue
**6**:83,1958

EDSEL B FORD LECTURE
The comparative biochemistry of pituitary growth hormone. The seventh Edsel B Ford lecture. AE Wilhelmi
**7**:2,1959

The biochemical and structural organization of mitochondra. AL Lehninger
**8**:391,1960

Dr. Severo Ochoa to give eleventh Edsel B Ford Lecture
**10**:487,1962

Edsel B Ford Lecture
**12**:477,1964

ECG. The electrocardiogram in interatrial septal defect. RF Ziegler
**4**:228,1956

Electronic techniques in medicine. VK Zworykin
**8**:1,1960

EDUCATION, MEDICAL
Medical education and practice in Germany. NR Waehneldt
**5**:100,1957

Ernest Bischoff Award.
Received by OH Gaebler
**7**:318,1959

American College of Physicians postgraduate course
**7**:319,1959

Adventures in clinical chemistry. OH Gaebler
**8**:383,1960

My friend, Dr Roy D McClure. JP Pratt
**9**:475,1961

On becoming a physician. JE Peterson
**14**:43,1966

The surgeon's left hand. MA Block
**20**:41,1972

On becoming a resident. DE Szilagyi
**20**:52,1972

EEG
The worth of serial electroencephalograms. S Gonzalez and JA Churchill
**4**:186,1956

Electronic techniques in medicine. VK Zworykin
**8**:1,1960

The effects of degree of hypoxia on the electroencephalogram in infants. II. AR Bauer and PJ Howard
**10**:573,1962

Observations on the unique electrical discharge following stimulation in monkey brain. WR McCrum and LD Proctor
**11**:99,1963

A computer identification of the EEG in a neurophysiological behavioral problem. WR McCrum, AW Jacobson, LD Proctor, H van den Ende and H Devore
**11**:385,1963

A wave pattern analysis of EEG signal based upon a successive digital smoothing process. RM Lee
**15**:33,1967

Studies of the electrical parameters and behavioral effects of an EEG "seizure discharge." WR McCrum et al
**17**:77,1969

Effects of an EEG "seizure discharge" on operant responding. RM Lee, JA Lee, H van den Ende et al
**19**:161,1971

The symmetry-decision method of EEG analysis. RM Lee
**19**:177,1971

ELASTIC SUPPORT
Preliminary report on the use of a pressure gradient, elastic support in conditions associated with impaired vascular reserve. J Beninson
**4**:238,1956

ELDERLY
The increasing significance of nursing homes in our way of life. P Ryman
**10**:589,1962

ELECTRICAL DISCHARGE
Observations on the unique electrical discharge following stimulation in monkey brain. WR McCrum and LD Proctor
**11**:99,1963

ELECTROCARDIOGRAPHY
The worth of serial electroencephalograms. S Gonzalez and JA Churchill
**4**:186,1956

A method for stimulation and simultaneous electroencephalogram recording. H van den Ende
**7**:174,1959

A new look at some old questions in clinical electrocardiography. L Sherf and TN James
**14**:265,1966

Symmetry-decision method of EEG analysis. RM Lee
**19**:177,1971

ELECTROMYOGRAPHY
Electromyography as a routine clinical service. JAR Tibbles
**13**:135,1965

ELECTRON MICROSCOPY
Electron micrographs of a cystine urolith. JHL Watson
**4**:163,1956

Electron microscopy, iron crystals and medicine. JHL Watson
**6**:111,1958

Electron microscopy of the border of the human intestinal epithelial cell. WS Haubrich, JHL Watson, W O'Driscoll and V Valentine
**7**:113,1959

Observations on ultrathin sections of dog lung by methods of electron microscopy. JHL Watson and V Valentine
**7**:161,1959

Contributions of electron microscopy to the study of platelets. JW Rebuck, JM Riddle, SA Johnson, RW Monto and RM Sturrock
**8**:273,1960

The advantages of Vestopal W as an embedding material for biological and medical electron microscopy. RR Cardell Jr
**9**:379,1961

Observations on the ultrastructure of human skin. F Hu and RR Cardell Jr
**10**:63,1962

Microscopy: Depth of focus, optical sectioning and integrating eyepiece measurement. HM Frost
**10**:267,1962

Recent electron microscopy of human, small intestine mucosa in Whipple's disease. JHL Watson
**12**:421,1964

ELECTRON TRANSPORT
Electron transport and other problems. TP Singer and E Kearney
**6**:127,1958

ELECTRONICS
Electronic techniques in medicine. VK Zworykin
**8**:1,1960

Application of an electronic counter in the evaluation of significant bacteriuria. JP Truant, WA Brett and KE Merckel
**10**:359,1962

EMBOLISM
A simple and safe method for the prevention of air embolus during transfusion. RT McDonald
**7**:24,1959

A device for the prevention of phlebothrombosis and pulmonary embolism. BE Brush, JH Wylie, MA Block, J Beninson and JJ Spitzer
**7**:27,1959

The Trendelenburg operation: Pulmonary artery embolectomy. T Gahagan
**8**:455,1960

Preliminary report: Pulmonary embolectomy utilizing retrograde flushing of the pulmonary veins. T Gahagan and A Manzor
**13**:87,1965

Pulmonary angiograms and isotope lung scans. Their role in the diagnosis of pulmonary embolism. RS Ormond et al
**17**:3,1969

EMETINE
Comment on emetine in the treatment of amebiasis. RB McClure
**11**:365,1963

EMPHYSEMA
Scrotal inflation: A new cause for subcutaneous, mediastinal and retroperineal emphysema. G Bush and RK Nixon
**17**:225,1969

ENAMEL, DENTAL
The effect of maternal hypoxia upon fetal dental enamel. WF Via, WK Elwood and J Bebin
**7**:94,1959

ENCEPHALITIS
Encephalitis following modified measles. AR Bauer and PJ Howard
**12**:201,1964

ENCEPHALOPATHY
Neurological disorders associated with hepatic disease. RR Knowles
**4**:107,1956

Surgical treatment of portal hypertension: Review of Henry Ford Hospital experience. JP Elliott Jr et al
**18**:121,1970

ENCYLOPEDIA
Book review: Encyclopedia of medical syndromes. RH Durham
**7**:341,1959

ENDOCARDITIS
Subacute enterococcal endocarditis following epidemic hemorrhagic fever. TN James and EL Quinn
**1**:40, Dec 1953

Subacute bacterial endocarditis: Medical symposium on diagnosis and treatment. JG Mateer and EL Quinn
**4**:68,1956

ENDOCRINE DISEASES
Peptic ulceration and hormonal states. MZ Fruchtman
**10**:43,1962

Effect of estrogen on resorption of chondro-osseous complex in the rat. HM Frost, H Roth, AR Villanueva and S Stanisavljivic
**10**:171,1962

The polyendocrine syndromes. B Frame
**14**:71,1966

Endocrine factors in peptic ulcer. B Frame
**14**:173,1966

Endocrinological psychiatry and psychology. M Bleuler
**15**:309,1967

ENDOMETRIUM
Endometrial carcinoma. Report of 441 cases from Henry Ford Hospital, 1923 through 1963. RB Patton
**16**:301,1968

END- DIASTOLIC VOLUME
Quantitation of aortic valvular insufficiency using radioactive tracers. An experimental study in vitro. FJ Hildner et al
**18**:27,1970

END-SYSTOLIC VOLUME
Quantitation of aortic valvular insufficiency using radioactive tracers. An experimental study in vitro. FJ Hildner et al
**18**:27,1970

ENTEROPATHY
Sociological aspects of regional enteritis. SH Schuman and BM Schuman
**12**:317,1964

Intestinal lymphangiectasia with normal immunological function. A case report. T Madhavan and CE Rupe
**18**:65,1970

ENTRAINMENT OF SINUS NODE
Pulse and impulse in the sinus node. TN James
**15**:275,1967

ENVIRONMENT
Etiology of congenital heart disease. JG Shakibi
**17**:101,1969

ENZYMES
The future of enzyme research. L Pauling
**4**:1,1956

The biochemical and structural organization of mitochondria. AL Lehninger
**8**:391,1960

Kinetic regulation of enzymes. JD Shore
**15**:219,1967

EOSINOPHILS
Reticuloendothelisis. BM Hamil
**4**:173,1956

Eosinophils. LC Sweet
**17**:209,1969

EPILEPSY
The research aspect of the epileptiform syndrome. LD Proctor and RS Knighton
**2**:171,1954

The treatment and employability of the epileptic. WC Noshay
**3**:119,1955

EPIPHYSEOLYSIS
Slipped capital femoral epiphysis (follow-up study). CL Mitchell
**17**:43,1969

ERYTHROBLASTIC HYPOPLASIA
Congenital erythroblastic hypoplasia. FJ Hildner, RW Monto and JW Rebuck
**12**:5,1964

ERYTHROMYCIN
Hepatosensitization caused by propinyl erythromycin lauryl sulfate. R Guevin and A Ten Pas
**11**:77,1963

ESERINE
The effects of vagal stimulation, eserine and atropine on retrograde pressure in the sinus node artery. TN James and RA Nadeau
**12**:23,1964

ESOPHAGEAL VARICES
Surgical treatment of portal hypertension: Review of Henry Ford Hospital experience. JP Elliott Jr et al
**18**:121,1970

ESOPHAGUS
Gonadal dysgenesis (Turner's syndrome) with associated liver disease and bleeding esophageal varices. T Bridwell
**7**:156,1959

Diverticula of the thoracic esophagus. T Gahagan
**10**:449,1962

Stricture and ulceration of the esophagus secondary to hiatus hernia. T Gahagan
**11**:1,1963

Regeneration of the mucosal lining of the esophagus. J V van de Kerckhof and T Gahagan
**11**:129,1963

Some observations concerning the physiology of the distal esophagus with comments on hiatal hernia. JA Rinaldo Jr
**14**:77,1966

Spontaneous rupture of the esophagus. E Arciniegas
**15**:191,1967

ESTROGEN
Systemic sclerosis. RE Birk and CE Rupe
**10**:523,1962

Treatment of hyperlipidemia with the ethyl-ester of chlorophenoxyisobutyrate and androsterone. IJ Schatz
**13**:447,1965

EVOLUTION
Stress urinary incontinence in the human female: Gravity and ecomorphologic influences on bladder and urethral function of the human female. CP Hodgkinson
**17**:145,1969

EXHIBITS, MEDICAL
Mechanics of an unusual basilar fracture. WE Loechel
**9**:251,1961

EXPERIMENTAL SEIZURES
Studies of the electrical parameters and behavioral effects of an EEG "seizure discharge." WR McCrum et al
**17**:77,1969

EXPLORATION
Aftermath of abdominal exploration. JP Pratt
**2**:125,1954

EXSTROPHY
Primary closure and iliac osteotomy in the treatment of exstophy of the bladder. A case report. LZ Shifrin et al
**17**:125,1969

EXTREMITIES
Common vascular problems of the lower extremities. J Beninson
**6**:170,1958

EYE DISEASES
Pharmacology of ophthalmologically important drugs. JL Tucker Jr
**13**:191,1965

EYELIDS, PTOSIS
New techniques in ptosis surgery. RA Schimek
**2**:89,1954

EYTRAHEPATIC BILE DUCTS
Primary carcinoma of the extraphepatic biliary ducts. LE Permen and EB McCollum
**11**:167,1963

FALLOPIAN TUBE
Carcinoma of the fallopian tube. V Gantus, BH Drukker and CP Hodgkinson
**19**:217,1971

FAMILIAL FEVER
The genetic amyloidoses with special emphasis on familial Mediterranean fever. E Sohar
**12**:343,1964

FAT ABSORPTION
The particulate absorption of fat: Its direct demonstration in a normal human. W O'Driscoll, J Sieracki and WS Haubrich
**7**:18,1959

FAT NECROSIS
A radiologic quiz. A Poznanski
**15**:360,1967

FEATHERING, BONE
In vivo impermeability of feathered bone to tetracyclines. HM Frost
**8**:225,1960

Feathering: A theory of genesis. HM Frost
**9**:103,1961

FECES
Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. WT Beher
**15**:107,1967

FEEDING
Tube feeding as part of the supportive care of the surgical patient. BM Schuman
**19**:35,1971

FEMINIZING
Granulosa and theca cell tumors of the ovary. JN Canton and CP Hodgkinson
**8**:318,1960

FEMORAL ARTERY
Successful surgical management of superior mesenteric and femoral artery tumor emboli resulting from pneumonectomy. DF Webb, L Tomatis, RE Taber and JL Ponka
**13**:299,1965

FEMUR
A possible new cause for aseptic necrosis of the femoral head. PH McFarland and HM Frost
**9**:115,1961

Derotation osteotomy of the femur in cerebral palsy. JR Glessner Jr
**17**:59,1969

FETAL BONES
Tetracyclines and fetal bones. HM Frost
**13**:403,1965

FETAL DAMAGE
Editorial: The hazards of medical irradiation. RJ Bloor
**9**:471,1961

FEVER
Fever, chills, hepatomegaly and debility. Case report from medical grand rounds. B Frame, J Eschbach Jr, WS Haubrich and JE Garman
**11**:65,1963

Fever in neoplastic disease. SL Rosenthal and RW Talley
**19**:15,1971

FIBEROPTIC GASTROSCOPY
Photographic features of benign and malignant ulcers. NV Carandang et al
**17**:275,1969

FIBRIN
Significance of fibrin and other particulates in rheumatoid joint inflammation. GB Bluhm, JM Riddle and MI Barnhart
**14**:119,1966

FIBROSIS, RETROPERITONEAL
Idiopathic retroperitoneal fibrosis: Ormond's syndrome. JK Ormond
**10**:13,1962

FIBROUS BONE
Observations on fibrous and lamellar bone. HM Frost
**8**:199,1960

The osteoporoses: A definition of terms and concepts. HM Frost
**10**:315,1962

FISTULA
Suction tube for fistulae. Especially for esophageal duodenal and pancreatic use. J Barron and LS Fallis
**2**:71,1954

Simple device for management of viscero cutaneous fistulas. JA Barron and AA Manzor
**11**:361,1963

Echinococcosis of the liver. Report of a case. R Benedetti and JL Ponka
**18**:39,1970

Gastrocolic and duodenocolic fistulas. An experimental study. JL Ponka, AK Shaalan, and PC Pesaros
**19**:75,1971

Gastrocolic fistulas due to cancer. Report of a 16-year survival and a review of literature. S Adelman and JL Ponka
**19**:191,1971

FLUORESCEINS
Localizing obscure upper gastrointestinal bleeding by the fluorescein string test. IR Reisberg and WS Haubrich
**13**:265,1965

A comparison of the immunofluorescence technique with conventional methods for the identification of group A beta hemolytic streptococci. JP Truant, IK Hadley and TT Boyd
**13**:357,1965

FLUORIDES
Urinary fluoride and calcium excretion in persons suspected of fluoride intolerance. GL Waldbott
**5**:259,1957

FLUORINE-18
The clinical use of Fluorine 18 for bone scanning. RA Gastesi et al
**17**:107,1969

FLUOROSCOPY
Electronic techniques in medicine. VK Zworykin
**8**:1,1960

5-FLUOROURACIL
Combined action of 5-fluorouracil and other cytotoxic agents with crystalline ribonuclease on mouse ascites tumor. S Podolsky, AW Wase and J Cardenas
**9**:583,1961

FORMATION
The shape of the kinetic curve of osteon formation. L Ilnicki, M Kelin and HM Frost
**12**:507,1964

The numbers of bone resorption and formation foci in rib. M Kelin and HM Frost
**12**:527,1964

Evidence of periodic changes in the rate of formation of individual osteons in human bone. M Klein and HM Frost
**12**:565,1964

Nature of bone resorption and formation in normalcy and disease. BN Epker and HM Frost
**16**:29,1968

FRACTURES
Rigid wire fixation of fractures of the hand. WD Butt
**4**:134,1956

Crossed-pin technique in management of complex tibial fractures. HM Frost
**8**:394,1960

Clinical use of the halo: Case reports using skelatal traction apparatus. LZ Shifrin
**20**:67,1972

FRIEDREICH'S ATAXIA
Friedreich's ataxia and its cardiac manifestations. HH Gale
**7**:182,1959

FROSTBITE
Letter to the editor: Frostbitten ears. JP Johnson
**11**:453,1963

FULL ORIFICE DISC VALVE
A new full orifice disc valve for mitral replacement: Experimental evaluation. RE Taber and Y Imai
**17**:171,1969

FUNGUS BALL
A radiologic quiz. WR Eyler
**15**:262,1967

GALLBLADDER
Cystic duct obstruction with hydrops. WS Haubrich and MA Block
**5**:125,1957

Acute cholecystitis in children. N Gilfillan and JH Wylie
**8**:433,1960

GASTRECTOMY
The Billroth I gastrectomy. LS Fallis
**1**:10, June 1953

Total gastrectomy for carcinoma of the stomach. TA Fox
**18**:21,1970

GASTRIC ACID
The neutralization of gastric acid by bile transported through jejunal transplants. Preliminary reports. J Barron, E Camacho, EJ Gray and FH Duffy
**6**:180,1958

GASTRIC CANCER
Photographic features of benign and malignant ulcers. NV Carandang et al
**17**:275,1969

Gastrocolic fistulas due to cancer. Report of a 16-year survival and a review of the literature. S Adelman and JL Ponka
**19**:191,1971

GASTRIC SECRETIONS
Effects of prednisone on gastric secretion in sympathectomized Heidenhain pouch dogs. WH Janke, PC Pesaros, JL Ponka and BE Brush
**10**:439,1962

GASTRIC ULCER
Exfoliative cytology in the clinical evaluation of gastric ulcer. JA Rinaldo, JA Marvel, G Fine and E Watson
**7**:216,1959

An experimental study on the action of bile in the normal dog and its protective role in dogs with ulcerogenic operation. E Camacho
**8**:345,1960

GASTRIC ULCER continued
Photographic features of benign and malignant ulcers. NV Carandang et al
**17**:275,1969

GASTRITIS
Gastrocolic and duodenocolic fistulas. An experimental study. JL Ponka, AK Shaalan and PC Pesaros
**19**:75,1971

Comparative gastroscopic study of choline salicylate and aspirin. SC Danao and BM Schuman
**20**:27,1972

GASTROCAMERA
Photographic features of benign and malignant ulcers. NV Carandang et al
**17**:275,1969

GASTROCOLIC
Gastrocolic and duodenocolic fistulas. An experimental study. JL Ponka, AK Shaalan and PC Pesaros
**19**:75,1971

GASTROCOLIC FISTULA
Gastrocolic fistulas due to cancer. Report of a 16-year survival and a review of the literature. S Adelman and JL Ponka
**19**:223,1971

GASTROILEOSTOMY
An infrequent surgical error: Gastroileostomy. B Lewison, JH Wylie Jr and BE Brush
**11**:357,1963

GASTROINTESTINAL DIAGNOSIS
Pitfalls in gastro-intestinal diagnosis. JG Mateer
**1**:10, Mar 1953

GASTROINTESTINAL HEMORRHAGE
Massive gastrointestinal hemorrhage originating from the cecum. C Grodsinsky and BE Brush
**19**:223,1971

GASTROINTESTINAL INTUBATION
The hazards of gastro-intestinal intubation. CD Hafner and JH Wylie
**8**:163,1960

GASTROSCOPY
Comparative gastroscopic study of choline salicylate and aspirin. SC Danao and BM Schuman
**20**:227,1972

GAUCHER'S DISEASE
Tetracycline-based measurement of bone dynamics in rib of a girl dying of Gaucher's disease. JE Pasko and HM Frost
**15**:3,1967

Gaucher's disease. Case report with stress on eye findings. AO Carbone and CF Petrozzi
**16**:55,1968

GELLING PHENOMENON
Myofascial pain syndromes. Part III: Some syndromes of the trunk and thigh. C Long II
**4**:102,1956

GENERAL MEDICINE
The dignity of the practice of general medicine. FJ Sladen
**1**:4, Mar 1953

GENES
The future of enzyme research. L Pauling
**4**:1,1956

GENETICS
Bio-science seminar - chromosomal disorders in man. RW Smith Jr
**9**:231,1961

The genetic amyloidoses with special emphasis on familial Mediterranean fever. E Sohar
**12**:343,1964

Etiology of congenital heart disease. JG Shakibi
**17**:101,1969

Genetic counseling for hemoglobinopathies: A model for large scale application. CE Jackson, ES Caldwell and EJ Van Slyck
**20**:77,1972

GENITO-URINARY TRACT
Bacteriological and clinical studies of genito-urinary tuberculosis. JP Truant and JM Hodson
**9**:330,1961

GERBILS
Prevalance rate of congenital heart disease in newborn gerbil (Meriones unguiculatus). A preliminary report. JG Shakibi and L Weiss
**17**:241,1969

GERMAN MEASLES
Rubella: Current status of immunization. EL Quinn et al
**18**:73,1970

GIANT CELLS
Giant cell (temporal) arteritis. WC Noshay
**10**:445,1962

GLAUCOMA
The importance of early diagnosis in narrow angle glaucoma. MW Sloan II
**5**:245,1957

GLOMERULONEPHRITIS
Experimental and clinical nephrosis. JM Bandera, JM O'Neill and G Manson
**9**:339,1961

GOITER
Iodized salt for the prevention of goiter, a lifelong interest of Dr Roy D McClure. BE Brush
**1**:3, June 1953

A note on the absence of thyroid stimulating hormones in toxic autonomous goiter. JM Miller, MA Block and RC Horn
**11**:449,1963

Treatment of hyperthyroidism from the autonomous multinodular goiter. JM Miller
**15**:85,1967

GOLD, COLLOIDAL
Experiences with intra-cavitary radiogold at Henry Ford Hospital. MJ Brennan, KD McGinnis and L Preuss
**4**:89,1956

The use of radioactive gold in the treatment of cancer of the cervix. LA Swinehart, LE Preuss and AH Veldhuis
**4**:144,1956

Use of radioactive colloidal gold (Au) in treatment of carcinoma of the cervix. ET Drake
**5**:185,1957

GONADS
Gonadal dysgenesis (Turner's syndrome) with associated liver disease and bleeding esophageal varices. T Bridwell
**7**:156,1959

Some fundamentals of gonadal development and function. RW Smith and RC Mellinger
**8**:324,1960

Hypophyseal growth hormones. II. Interaction with other hormones. MS Zafar et al
**18**:165,1970

Mixed gonadal stroma cell tumor of the testicle. GB Farrow and AJ Johnson
**18**:201,1970

GONORRHEA
Diagnosis and treatment of gonorrhea. PA Kvale
**19**:83,1971

GOUT
The simultaneous occurrence of monosodium urate and calcium pyrophosphate dihydrate crystals in an arthritic joint. GB Bluhm and FJ Viozzi
**20**:19,1972

GRAFTS
Epidermoid cyst formation seventeen years following cutis graft repair of incisional hernia. GD Couris and JH Wylie
**12**:141,1964

GRANULOCYTIC LEUKEMIA
Acute leukemia in adults. EJ Van Slyck
**8**:151,1960

GRANULOMA
The zirconium deodorant granuloma; an allergic disorder. HJ Hurley Jr and WB Shelley
**6**:279,1958

GRANULOMATOUS COLITIS
Cytology of rectosigmoid diseases using the replica method. V Lawoyin and K Anselm
**20**:15,1972

GRAVES' DISEASE
A note on the absence of thyroid stimulating hormones in toxic autonomous goiter. JM Miller, MA Block and RC Horn
**11**:449,1963

Post-therapeutic thyroid reserve in euthyroid patients after ablative therapy for diffuse toxic goiter. JJ Prendergast and JM Miller
**18**:3,1970

GRIEF
Death and the inexorably dying. A seminar. S Kingma
**19**:91,1971

GROWTH HORMONE
The comparative biochemistry of pituitary growth hormone. The seventh Edsel B Ford lecture. AE Wilhelmi
**7**:2,1959

The effect of growth hormone on the incorporation of N15 from ammonium citrate, gylcine, L-aspartic acid,L-alanine and L-glutamic acid into amino acids of liver protein. TG Vitti
**9**:526,1961

Hypophyseal growth hormone. I. Control of secretion. MS Zafar et al
**18**:143,1970

HALLUCINATIONS
Visual hallucinations in cerebral lesions. A case report. VN Samuel
**9**:391,1961

HALO CAST
Clinical use of the halo: Case reports using skeletal traction apparatus. LZ Shifin
**20**:67,1972

HALO VOLUME
Halo volume. HM Frost, AR Villanueva and H Roth
**8**:228,1960

Halo volume: Introduction to qualitative studies. HM Frost
**9**:123,1961

Halo volume — part I. The effect of pH on size. H Roth, HM Frost and AR Villanueva
**9**:126,1961

Measurement of the diffusion pathway between osteocyte lacuna and blood. HM Frost
**9**:137,1961

Evidence for the existence of two physical states of bone mineral. HM Frost
**9**:178,1961

A report of some examples of abnormal halo volume. HM Frost, DM Bosworth, RH Halliburton and Z Sezgin
**9**:404,1961

HAMARTOMA
Hamartoma. LB Stevenson and MA Ayers
**6**:336,1958

HAND INJURIES
Punch press injuries to the hand. RH Clifford
**2**:73,1954

Rigid wire fixation of fractures of the hand. WD Butt
**4**:134,1956

The injection of noxious materials into the hand. AP Kelly
**8**:464,1960

HAVERSIAN BONE
Human haversian system measurements. HM Frost
**9**:145,1961

An analysis of the relative complexity of cell system dynamics in bone. HM Frost
**13**:271,1965

Evalution of cellular-level haversian bone resorption in human hyperarathyroid states: A preliminary report. HM Frost et al
**17**:259,1969

HAZARDS, TUBING
The hazards of gastro-intestinal intubation. CD Hafner and JH Wylie
**8**:163,1960

HEADACHE
Migraine equivalents. LD Proctor
**8**:99,1960

HEALTH SERVICES
Hospital involvement in regional medical programs. RM O'Bryan
**16**:307,1968

Health nurse clinician — An extended role for the professional nurse. CE Rupe et al
**18**:187,1970

HEARING
Helping the hearing impaired to achieve better articulation. MR Costello
**5**:103,1957

Standing wave problems in acoustic behavior testing of animals. H van den Ende
**8**:299,1960

The use of phenothiazines on a general hospital psychiatric service. RR Schopbach
**9**:369,1961

Standing wave problems in acoustic behavioral testing of animals. H van den Ende
**9**:520,1961

Impaired hearing in children. JL Dill
**10**:55,1962

HEART
Direct perfusion of the sinus node: An experimental model for pharmacologic and electrophysiologic studies of the heart. TN James and RA Nadeau
**10**:21,1962

Pulse and impulse in the sinus node. TN James
**15**:275,1967

HEART DISEASE
Subacute bacterial endocarditis: Medical symposium on diagnosis and treatment. JG Mateer and EL Quinn
**4**:68,1956

Friedreich's ataxia and its cardiac manifestations. HH Gale
**7**:182,1959

Obstetrical management of the pregnant cardiac patient. GE LaCroix and EK Igna
**7**:286,1959

International symposium. The etiology of myocardial infarction. DL Everhart
**9**:452,1961

HEART DISEASE continued
Polythiazide in the treatment of congestive heart-failure. JW Keyes, GM Breneman and JR De Jesus Jr
**10**:555,1962

Etiology of congenital heart disease. JG Shakibi
**17**:101,1969

Prevalence rate of congenital heart disease in newborn gerbils (Meriones unguiculatus). A preliminary report. JG Shakibi and L Weiss
**17**:241,1969

HEART INSUFFICIENCY
Hydrochlorothiazide in the treatment of congestive heart failure. JW Keyes, GM Breneman and H Alvarez
**7**:188,1959

Comparative effects of dry and humidified gases on blood during extracorporeal circulation. HR Hug and RE Taber
**14**:139,1966

HEART SURGERY
Homotransplantation of the heart. A synopsis. RE Taber
**16**:257,1968

A decade of heart surgery and a look into the future. CR Lam
**18**:215,1970

HEART TRANSPLANT
Homotransplantation of the heart. A synopsis. RE Taber
**16**:257,1968

Intra-abdominal heterotopic transplantation of the canine heart. R Taber, N Kouno and J Simon.
**19**:211,1971

HEMANGIOMA
Hemangioma of the ovary. VL Baryluk, H Liu and RC Horn
**14**:167,1966

HEMATOMA
Hemorrhagic complications of polycythemia vera. JP Abraham, SA Johnson, ON Ulutin and MJ Caldwell
**9**:11,1961

HEMATOPOIESIS
Observations on the gastrointestinal administration of bovine splenic, renal and muscle homogenates on hematopoiesis in man. A preliminary report. RW Monto, JA Barron and JW Rebuck
**11**:147,1963

The effect of gastrointestinal administration of bovine splenic homogenate on hematopoiesis in man. RW Monto, JA Barron, JW Rebuck and VK Vaitkevicius
**12**:227,1964

HEMI-COLECTOMY
Cecal diverticulitis in the Japanese. Report of four cases. Y Kurosu, T Suzuki and T Koga
**19**:251,1971

HEMIPLEGIA
Rubeola encephalitis with hemiplegia. Report of two cases treated with cortisone. JR Gurnick, RA Greener and WC Montgomery
**6**:332,1958

HEMOCHROMATOSIS
Hemochromatosis and porphyria cutanea tarda. C Petrozzi and RK Nixon
**13**:285,1965

HEMOGLOBIN
Pseudo iron deficiency anemia. Diagnostic significance. RK Nixon
**9**:398,1961

HEMOGLOBINOPATHY
Genetic counseling for hemglobinopathies. A model for large scale application. CE Jackson, ES Caldwell and EJ Van Slyck
**20**:77,1972

HEMOLYSIS
Paroxysmal nocturnal hemoglobinuria: Report of two cases with atypical features, autopsy, and review of pathophysiology. AS Ullman, RC Horn Jr, JP Abraham and EJ Van Slyck
**11**:135,1963

Clostridial septicemia with intravascular hemolysis. GM Mastio and E Morfin
**13**:421,1965

HEMOPTYSIS
Management of massive hemoptysis. E Arciniegas and CR Lam
**16**:283,1968

HEMORRHAGE
Hemorrhagic complications of polycythemia vera. JP Abraham, SA Johnson, ON Ulutin and MJ Caldwell
**9**:11,1961

Localizing obscure upper gastrointestinal bleeding by the fluroescein string test. IR Reisberg and WS Haubrich
**13**:265,1965

Accidental ingestion of anticoagulant resulting in a severe hemorrhagic diathesjs. RW Monto
**15**:93,1967

HEMORRHAGE continued
Massive gastrointestinal hemorrhage originating from the cecum. C Grodsinsky and BE Brush
**19**:223,1971

HEMOSIDEROSIS
Congenital erythroblastic hypoplasia. FJ Hildner, RW Monto and JW Rebuck
**12**:5,1964

HENRY FORD HOSPITAL
Introduction of new staff members
**7**:123,1959
**8**:363,1960
**9**:595,1961

Dr. Frank J Sladen's contributions to the Henry Ford Hospital. JG Mateer
**10**:1,1962

Introduction to new staff members
**10**:101,1962
**10**:405,1962
**11**:259,1963

Announcement of new appointment
**13**:393,1965

The accomplishments of fifty years
**14**:3,1966

HFH MEDICAL ASSOCIATION
(Henry Ford Hospital Medical Society)

Program, 1953 **1**:21, Mar 1953
**1**:45, Dec 1953
**2**:147,1954
**2**:204,1954

The Henry Ford Medical Association. DC Ensign
**3**:1,1955
**3**:161,1955
**5**:58,1967
**5**:214,1957
**5**:226,1957
**12**:151,1964

HEPARIN
A study on hypercoagulability using heparin loading test. ON Ulutin and D Sestakof
**8**:63,1960

HEPATIC ARTERY
Hepatic artery catheterization for local organ perfusion in malignant disease. JD Stewart, EH Drake and HH Gale
**13**:251,1965

Aneurysm of the hepatic artery as an unusual cause of obstructive jaundice. RL Collier and TA Fox
**14**:421,1966

HEPATIC COMA
Neurological disorders associated with hepatic disease. RR Knowles
**4**:107,1956

HEPATIC ENCEPHALOPATHY
Neurological disorders associated with hepatic disease. RR Knowles
**4**:107,1956

HEPATIC SURGERY
A revised suture method for repair of hepatic lacerations. JG Whitcomb and JL Ponka
**8**:116,1960

HEPATITIS
Acute viral hepatitis. HL Atin
**6**:61,1958

Chronic active hepatitis. A review. K Anselm
**17**:195,1969

Serum hepatitis at Henry Ford Hospital, 1958-1967. KS Murthy and BM Schuman
**18**:57,1970

Persistence of "Australia antigenemia" in mentally retarded children seven years after virus hepatitis. H Hayashi and GA LoGrippo
**19**:27,1971

Betaprone sterilization of hepatitis-infected materials: Safety precautions for laboratory workers. GA LoGrippo, H Hayashi and SM Saeed
**19**:257,1971

HEPATOMEGALY
Fever, chills, hepatomegaly and debility. Case report from medical grand rounds. B Frame, J Eschbach Jr, WS Haubrich and JE Garman
**11**:65,1963

Comment on emetine in the treatment of amebiasis. RB McClure
**11**:365,1963

HERNIA
Herniation through the diaphragm into the pericardium. JF Rogers, WZ Lane and R Gibbs
**5**:271,1957

HERNIA continued
Epidermoid cyst formation seventeen years following cutis graft repair of incisional hernia. GD Couris and JH Wylie
**12**:141,1964

Some observations concerning the physiology of the distal esophagus with comments on hiatal hernia. JA Rinaldo Jr
**14**:77,1966

HERNIA, ESOPHAGEAL
An unusual case of esophageal hiatus hernia. T Gahagan
**10**:347,1962

HERNIA, FEMORAL
Incarcerated femoral hernia. JL Ponka
**15**:203,1967

HERNIA, HIATUS
Diverticula of the thoracic esophagus. T Gahagan
**10**:449,1962

Stricture and ulceration of the esophagus secondary to hiatus hernia. T Gahagan
**11**:1,1963

Regeneration of the mucosal lining of the esophagus. J von de Kerckhof and T Gahagan
**11**:129,1963

HERNIA REPAIR
Marlex mesh—a new plastic mesh for the repair of hernia. JL Ponka, JH Wylie, L Chaikof, C Sergeant and BE Brush
**7**:278,1959

HERPETIFORMIS DERMATITIS
Dermatitis herpetiformis associated with a focus infection. RJ Coskey and RP Fosnaugh
**9**:436,1961

HETEROTOPIC HEART TRANSPLANT
Intra-abdominal heterotopic transplantation of the canine heart. RE Taber, N Kouno and J Simon
**19**:211,1971

HETEROTROPIC PANCREATIC TISSUE
Heterotropic pancreatic tissue in the gastric wall. RJ Priest
**1**:21, Mar 1953

HIATUS HERNIA
An unusual case of esophageal hiatus hernia. T Gahagan
**10**:347,1962

Diverticula of the thoracic esophagus. T Gahagan
**10**:449,1962

A note on the use of the phrenoesophageal ligament in the repair of hernia. T Gahagan
**10**:569,1962

HIP PROSTHESIS
A replacement prosthesis for the hip. A preliminary report. HM Frost and ER Guise
**19**:3,1971

HIPS, INFANT
Examinations of hips in newborn babies and results. S Stanisavljevic
**9**:214,1961

Interesting cases of congenital hip dislocation and subluxation in the newborn babies. S Stanisavljevic
**9**:224,1961

Clinical findings in examination of hips in newborn babies. S Stanisavljevic
**10**:245,1962

HIP, SLIPPED EPIPHYSIS
Slipped capital femoral epiphysis (follow-up study). CL Mitchell
**17**:43,1969

HISTOCHEMISTRY
Enzyme histochemistry of the human carotid body. G Fine et al
**16**:313,1968

HISTORY, HENRY FORD HOSPITAL
See introductions to new staff members under "Henry Ford Hospital"

My friend, Dr Roy D McClure. JP Pratt
**9**:475,1961

See also Historical issue, Part II **14**:55,1966

Dr Frank J Sladen's contributions to the Henry Ford Hospital. JG Mateer
**10**:1,1962

Neglected opportunity: Part-time medical consultation to small industry. EL Belknap
**10**:3,1962

Semicentennial anniversary of the Henry Ford Hospital medical association
**13**:389,1965

HOMOTRANSPLANTATION
Homotransplantation of the heart: A synopsis. RE Taber
**16**:257,1968

Intra-abdominal heterotopic transplantation of the canine heart. RE Taber, N Kouno and J Simon
**19**:211,1971

HOOK'S LAW
Physical characteristics of bone. HM Frost
**9**:148,1961

HORMONES
Peptic ulceration and hormonal states. MZ Fruchtman
**10**:43,1962

Effect of thyroxine on chondro-osseous complex resorption in the rat. HM Frost, AR Villanueva, S Stanisavljevic and H Roth
**10**:199,1962

Serial undecalcified sections of rat bones. AR Villanueva and F Santoro
**10**:263,1962

The cytophysiology of the anterior pituitary gland. RR Cardell Jr
**11**:409,1963

A note on the absence of thyroid stimulating hormones in toxic autonomous goiter. JM Miller, MA Block and RC Horn
**11**:449,1963

HORMONES, GONADAL
The comparative biochemistry of pituitary growth hormone. The seventh Edsel B Ford lecture. AE Wilhelmi
**7**:2,1959

Some fundamentals of gonadal development and function. RW Smith and RC Mellinger
**8**:324,1960

HOSPITAL ADMINISTRATION
Hospital administration as a medical elective. AB Caldwell
**13**:157,1965

An admissions scheduling program. RG Dunn and JT Howell
**15**:319,1967

Hospital involvement in regional medical programs. RM O'Bryan
**16**:307,1968

HOSPITALIZATION
Some historical reminders in hospitalization. TJ Heldt
**4**:123,1956

Adolescents' reactions to hospitalization. S Hillman
**10**:443,1962

The accomplishments of fifty years.
**14**:3,1966

HURLER'S DISEASE
Hurler's disease. PC Hessburg
**10**:419,1962

HYALINE CARTILAGE
Introduction to joint biomechanics. HM Frost
**8**:415,1960

HYDATID CYSTS
Echinococcosis of the liver. Report of a case. R Benedetti and JL Ponka
**18**:39,1970

HYDROCEPHALUS
My friend, Dr Roy D McClure. JP Pratt
**9**:475,1961

Isotope cisternography - RISA. JL Fenton et al
**17**:117,1969

HYDROCHLOROTHIAZIDE
Hydrochlorothiazide in the treatment of congestive heart failure. JW Keyes, GM Breneman and H Alvarez
**7**:188,1959

HYDROMYELIA
Syringomyelia associated with Arnold-Chiari malformation. HF Labsan and LD Proctor
**8**:157,1960

HYDROXYAPATITES
Evidence for the existence of two physical states of bone mineral. HM Frost
**9**:178,1961

HYDROXYAPTITE-HYDRATION
Some aspects of the mechanics and dynamics of blood-bone interchange. HL Frost
**8**:36,1960

HYPERCALCEMIA
Primary hyperparathyroidism with hypercalcemia twenty-eight years before treatment. AR Arnstein, WS Haubrich and B Frame
**12**:327,1964

HYPERINSULINISM
Hyperinsulinism. BE Brush, WL Lowrie, E Redfern and FW Hollinger
**3**:142,1955

HYPERLIPEMIA
Experimental and clinical nephrosis. JM Bandera, JM O'Neill and G Manson
**9**:339,1961

HYPERLIPEMIA continued
Treatment of hyperlipidemia with the ethyl-ester of chlorophenoxyisobutyrate and androsterone. IJ Schatz
**13**:447,1965

HYPERNEPHROMA
Solitary pulmonary metastasis from hypernephroma nine years following surgery. RE Reinhard
**9**:419,1961

Renal cell carcinoma masquerading as a pancreatic pseudocyst. A case report. SJ Kingma and HM Allen
**18**:245,1970

HYPERPARATHYROIDISM
Clinical evaluation of renal tubular phosphorus reabsorption test. B Frame and R Mellinger
**7**:88,1959

Primary hyperparathyroidism with hypercalcemia twenty-eight years before treatment. AR Arnstein, WS Haubrich and B Frame
**12**:327,1964

Evaluation of cellular-level haversian bone resorption in human hyperparathyroid states: A preliminary report. HM Frost et al
**17**:259,1969

The clinical course of duodenal ulcer associated with hyperparathyroidism. MA Block, B Frame, and TA Fox Jr
**19**:21,1971

HYPERPHOSPHATASIA
Tetracycline-based measurements of the bone dynamics in the rib of a girl with hyperphosphatasia. S Jett and HM Frost
**16**:325,1968

HYPERPROTEINEMIA
Experimental and clinical nephrosis. JM Bandera, JM O'Neill and G Manson
**9**:339,1961

HYPERSENSITIVITY
Rubeola encephalitis with hemiplegia. Report of two cases treated with cortisone. JR Gurnick, RA Greiner and WC Montgomery
**6**:332,1958

HYPERTENSION
An evaluation of the methods of treatment of portal hypertension. WA Altemeier
**3**:62,1955

Contraindications to therapy in hypertension and anemia. RK Nixon
**5**:171,1957

Degenerative arteriopathy with pulmonary hypertension. A revised concept of so-called primary pulmonary hypertension. TN James
**9**:271,1961

Hypertension, muscle weakness, and polyuria. Case report from medical grand rounds. FW Whitehouse, FR Neher, RW Smith, JR Caldwell, TN James and JW Keyes
**11**:157,1963

Renal factors in hypertension. SC Sommers
**14**:47,1966

Renal arterial reconstruction in the treatment of hypertension due to renal artery stenosis. JR Caldwell, RF Smith and D Emerick
**14**:95,1966

Uterine artery constriction in pregnancy and experimental hypertension: A concept, a technique. CP Hodgkinson and AA Hodari
**14**:331,1966

HYPERTHYROIDISM
Hyperthyroidism. Two cases demonstrating its inception during cortisone and thyroid therapy. RC Mellinger and RW Smith Jr
**2**:13,1954

The clinical cardiovascular features of hyperthyroidism. FJ Smith
**3**:204,1955

Etiology of juvenile hyperthyroidism. AR Bauer
**9**:424,1961

Treatment of hyperthyroidism from the autonomous multinodular goiter. JM Miller
**15**:85,1967

Post-therapeutic thyroid reserve in euthyroid patients after ablative therapy for diffuse toxic goiter. JJ Prendergast and JM Miller
**18**:3,1970

HYPERURICEMIA
Hypoglycemia. C Wolf
**8**:68,1960

A new oral hypoglycemic agent. FW Whitehouse, and WL Lowrie
**9**:528,1961

The hypocalcemic effects of actinomycin D and mithramycin. EL Reyes and R. W. Talley.
**18**:115,1970

Gout and arterial thrombosis. FJ Viozzi, GB Bluhm and JM Riddle
**20**:119,1972

HYPOPARATHYROIDISM
Parkinson's disease associated with hypoparathyroidism. HA Clarke and B Frame
**10**:51,1962

Branchial anomalies in idiopathic hypoparathyroidism: Branchial dysembryogenesis. MJ Miller, B Frame, AK Poznanski, CE Jackson and G Bermudez
**20**:3,1972

HYPOPHOSPHATEMIA
Acquired non-familial osteomalacia of vitamin-D-resistant type. B Frame, RW Smith Jr and GM Wilson Jr
**9**:548,1961

HYPOPHYSEAL GROWTH HORMONE
Hypophyseal growth hormone. I. Control of secretion. MS Zafar et al
**18**:143,1970

Hypophyseal growth hormone. II. Interaction with other hormones. MS Zafar et al
**18**:165,1970

HYPOPHYSECTOMIZED RATS
Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. WT Beher
**15**:107,1967

HYPOSPADIAS
Further experiences with hypospadias. OS Culp
**14**:17,1966

HYPOTENSION
Serious hypotension following seafood ingestion. JH Burger, KC Wright and JH Shaffer
**2**:28,1954

Induced hypotension. JW Ditzler.
**4**:12,1956

Dissecting aneurysm of the aorta. Diagnosis, treatment and prognosis. HJ Lee and EH Drake
**19**:177,1971

HYPOTHERMIA
Use of cooling jacket during kidney transplantation. SC Dienst and MR Ansari
**19**:127,1971

HYPOXIA
The effect of maternal hypoxia upon fetal dental enamel. WF Via, WK Elwood and J Bebin
**7**:94,1959

The effects of degree of hypoxia on the electroencephalogram in infants. II. AR Bauer and PJ Howard
**10**:573,1962

Management of hypoxia following open heart surgery. RE Taber and J van de Kerchof
**13**:11,1965

Recognition and management of hypoxia in postoperative open heart surgical patients. RE Taber and J van de Kerckhof
**16**:15,1968

HYPOTHERMIA
Hypothermia and artificial hibernation. RD Dripps
**3**:57,1955

HYPONATREMIC SYNDROME
The hyponatremic syndrome. EV Newman
**2**:180,1954

HYPOPHOSPHATEMIA
Acquired non-familial osteomalacia of vitamin-D-resistant type. B Frame, RW Smith Jr and GM Wilson Jr
**9**:548,1961

HYPOPROTEINEMIA
Intestinal lymphangiectesia with normal immunological function. A case report. T Madhavan and C E Rupe
**18**:65,1970

HYPOPROTHOMBINEMIA
Surreptitious ingestion of oral anticoagulants. TH Greidanus et al
**18**:99,1970

HYPOTHALAMUS
Hypophyseal growth hormone. I. Control of secretion. MS Zafar et al
**18**:143,1970

HYPOTHYROIDISM
Post-therapeutic thyroid reserve in euthyroid patients after ablative therapy for diffuse toxic goiter. JJ Prendergast and JM Miller
**18**:3,1970

IDIOPATHIC THROMBOCYTOPENIC PURPURA
Contributions of electron microscopy to the study of platelets. JW Rebuck, JM Riddle, SA Johnson, RW Monto and RM Sturrock
**8**:273,1960

ILEITIS
Sociological aspects of regional enteritis. SH Schuman and BM Schuman
**12**:317,1964

Segmental ileitis due to schistosomiasis mansoni
**1**:18, Dec 1953

ILEOSTOMY
An infrequent surgical error: Gastroileostomy. B Lewinson, JH Wylie Jr and BE Brush
**11**:357,1963

ILEOSTOMY continued
Simple device for management of viscero cutaneous fistulas. JA Barron and AA Manzor
**11**:361,1963

ILLEGITIMACY
A prescription for the alleviation of welfare abuses and illegitimacy. HC Wood Jr
**12**:75,1964

ILLUSTRATION, MEDICAL
Mechanics of an unusual basilar fracture. WE Loechel
**9**:251,1961

A method of orthographic projection for delineating and measuring gross specimens. WE Loechel
**9**:422,1961

IMMUNITY
A standardized immunochemical method for quantitative determination of the immunoglobulins in serum. NS Sharpless and GA LoGrippo
**13**:55,1965

Degrees and variations in immunoglobulin responses in infectious hepatitis. GA LoGrippo, NS Sharpless and H Hayashi
**14**:411,1966

IMMUNITY, UREMIA
Immunologic status of uremic patients. GA LoGrippo, CE Rupe, H Hayashi and D LeSher
**18**:83,1970

IMMUNIZATION
Rubella. Current status of immunization. EL Quinn et al
**18**:73,1970

IMMUNOFLUORESCENCE
A quick look at immunofluorescence. TR Neblett
**16**:97,1968

A case of renal thrombotic thrombocytopenic purpura with comments on coagulation and immunofluorescent studies. SA McCutcheon et al
**16**:239,1968

IMMUNOGLOBIN-M
Immunoglobulin levels in serum of normal infants and pre-school children as determined by immuno-chemical analysis. GA LoGrippo
**15**:247,1967

Serum immunoglobulins in the differential diagnosis between intrahepatic virus jaundice and extrahepatic obstructive jaundice. GA LoGrippo et al
**16**:289,1968

Sarcoidosis and idiopathic thrombocytopenic purpura. EJ Van Slyck and D Das Gupta
**17**:93,1969

Immunoglobulin levels in spinal fluid and saliva by direct immunochemical assay and microscopic measurements. H Hayashi et al
**18**:263,1970

Precipitable hetero-antibodies in man to animal serum proteins — relation to immunoglobulin status. H Hayashi, GA LoGrippo, M Perry et al
**19**:241,1971

IMMUNOSUPPRESSION
Intra-abdominal heterotopic transplantation of the canine heart. R Taber, N Kouno and J Simon
**19**:211,1971

IMPULSIVENESS
Assessing attempted suicide. WJ Cassidy
**18**:205,1970

INDIA, MEDICINE IN
Medicine in India. JK Ormond
**2**:164,1954

INDICATOR-DILUTION
Quantitation of aortic valvular insufficiency using radioactive tracers. An experimental study in vitro. FJ Hildner et al
**18**:27,1970

INDIGO CARMINE
The vasopressor effect of indigo carmine. CC Wu and AJ Johnson
**17**:131,1969

INDUCED HYPOTENSION
Induced hypotension. JW Ditzler
**4**:12,1956

INDUSTRIAL INJURY
The injection of noxious materials into the hand. AP Kelly
**8**:464,1960

INDUSTRIAL MEDICINE
Neglected opportunity: Part-time medical consultation to small industry. EL Belknap
**10**:3,1962

INFANTILISM
Gonadal dysgenesis (Turner's syndrome) with associated liver disease and bleeding esophageal varices. T Bridwell
**7**:156,1959

INFANTS
The nutritional needs of the premature infant. JA Johnston
**1**:2, Sept 1953

Neurological examination of the newborn and older infant. R LaFontaine
**5**:198,1957

INFANTS continued
Examinations of hips in newborn babies and results. S Stanisavljevic
**9**:214,1961

Interesting cases of congenital hip dislocation and subluxation in the new born babies. S Stanisavljevic
**9**:224,1961

Modern surgical treatment of congenital hypertrophic pyloric stenosis. JL Ponka and SE Landrum
**10**:89,1962

Management of the baby after prolonged rupture of the amniotic membranes. PJ Howard
**10**:563,1962

The effects of degree of hypoxia on the electroencephalogram in infants. II. AR Bauer and PJ Howard
**10**:573,1962

Infection in the newborn infant. PJ Howard
**13**:145,1965

INFECTION
Nutrition and infection. JA Johnston
**3**:68,1955

Epidemiological survey of postoperative surgical infections. BK Bojarski and JP Truant
**13**:223,1965

A method of hospital infection surveillance incorporating the use of a computer. BW Steinhauer
**15**:139,1967

Infection in the newborn infant and its association with prolonged rupture of the amniotic membranes. PJ Howard and AR Bauer
**15**:161,1967

Simple methods for detection of bacteriuria in the physician's office. EG Heinze et al
**16**:279,1968

INFECTIOUS MONONUCLEOSIS
Aseptic meningitis in siblings with infectious mononucleosis. EG Heinze Jr and EL Quinn
**14**:229,1966

INFLUENZA
Acute respiratory infections in civilian adults. F Cox Jr, EA Timm and EL Quinn
**10**:27,1962

INSECT BITES
Some aspects of insect allergy. JH Shaffer
**9**:191,1961

INSUFFICIENCY, PULMONARY
Chronic pulmonary diseases and associated neurologic disturbances. J Bartone
**8**:123,1960

INSULIN
Growth hormone, insulin, and replacement or storage of nitrogen. OH Gaebler and HC Choitz
**13**:377,1965

INTELLIGENCE TESTS
Thirty years of clinical psychology. EI Gordon and EL Schott
**4**:29,1956

INTENSIVE CARE
Henry Ford Hospital special care unit. A progress report. RE Taber
**14**:185,1966

INTERNATIONAL SYMPOSIUM
Program: Virus infections
**1**:28, Sept 1953

Program: Cardiovascular surgery
**2**:205,1954

Program: Units of biological structure and function
**3**:162,1955

Program: The leukemias
**4**:42,1956

Program: Hepatitis frontiers
**4**:156,1956

Program: Reticular formation of the brain
**5**:58,1957

International symposium: The mechanisms of hypersensitivity
**6**:71,1958

The biology of pyelonephritis
**7**:125,1959

Blood platelets
**8**:81,1960

Program of the international symposium on otosclerosis, 1960
**8**:469,1960

Program of international symposium on bone biodynamics
**11**:113,1963

Pain
**12**:479,1964

INTERNSHIP
Roentgenological appearance of the abdomen in ileus. LJ de Alburquerque
**1**:33, Dec 1953

Gallstone ileus. E Camacho, JG Whitcomb and DM Evans
**6**:345,1958

Hospital administration as a medical elective. AB Caldwell
**13**:157,1965

INTRATHECAL THERAPY
Intrathecal cytosine arabinoside in Hodgkins disease with central nervous system manifestations. A preliminary report. EJ Van Slyck and RW Talley
**15**:301,1967

INTUSSUSCEPTION
Treatment of acute recurrent intussusception in infants. JK Welborn and JL Ponka
**14**:157,1966

INVASIVENESS
Epidermoid carcinoma arising in an epidermal inclusion cyst. TV Hays and J Ponka
**20**:97,1972

IODINE
Radioactive iodine $I^{131}$ in the Henry Ford Hospital. JHL Watson
**1**:26, Mar 1953

Isotopes in medicine: Introduction. HP Doub
**4**:87,1956

IODIZED SALT
Iodized salt for the prevention of goiter, a lifelong interest of Dr Roy D McClure. BE Brush
**1**:3, June 1953

ION TRANSPORT
Some aspects of the mechanics and dynamics of blood-bone interchange. HL Frost
**8**:36,1960

The role of ions in muscle excitation and contraction. RE Fuller and WL Morgan
**8**:55,1960

IRITIS
Aqueous microbiology: The possible role of cell wall deficient bacteria in uveitis. PC Hessburg et al
**17**:177,1969

IRON
The numbers of bone resorption and formation foci in rib. M Kelin and HM Frost
**12**:527,1964

IRON DEFICIENCY
Pseudo iron deficiency anemia: Diagnostic significance. RK Nixon
**9**:398,1961

IRON KINETICS
Iron kinetics. A Ten Pas, DM Leahy and EJ Van Slyck
**13**:317,1965

IRON OVERLOAD
Congenital erythroblastic hypoplasia. Treatment of transfusion hemosiderosis with desferrioxamine B. FJ Hildner et al
**16**:147,1968

IRRADIATION
Editorial: The hazards of medical irradiation. RJ Bloor
**9**:471,1961

ISCHEMIA, RECTOSIGMOID
Rectosigmoid ischemia in surgery of abdominal aortic aneurysms. RF Smith, JG Whitcomb and DE Szilagyi
**6**:228,1958

ISLET CELL HORMONES
Hypophyseal growth hormone. II. Interaction with other hormones. MS Zafar et al
**18**:165,1970

ISOTOPES
Isotopes in medicine: Introduction. HP Doub
**4**:87,1956

Human osteoblastic activity. Introduction. HM Frost
**9**:75,1961

The application of isotope effects in the study of biological and geological processes. HG Thode
**10**:501,1962

Isotope cisternography - RISA. JL Fenton et al
**17**:117,1969

Quantitation of aortic valvular insufficiency using radioactive tracers. An experimental study in vitro. FJ Hildner et al
**18**:27,1970

JAUNDICE
Severe hyperbilrubinemia due to benign obstruction of the common bile duct. MA Block and RJ Priest
**6**:218,1958

Jaundice associated with hypertrophic pyloric stenosis. MA Block and G Manson
**13**:7,1965

Aneurysm of the hepatic artery as an unusual cause of obstructive jaundice. RL Collier and TA Fox
**14**:421,1966

Serum immunoglobulins in the differential diagnosis between intrahepatic virus jaundice and extrahepatic obstructive jaundice. GA LoGrippo et al
**16**:289,1968

JEJUNUM
Duodeno-jejunal injuries following blunt trauma to the abdomen. JB Keplinger et al
**16**:111,1968

JOBST STOCKING
Preliminary report on the use of a pressure gradient, elastic support in conditions associated with impaired vascular reserve. J Beninson
**4**:238,1956

JOINTS
The involvement of joints of the extremities following trauma in other areas. J Lyford, III
**2**:86,1954

Introduction to joint biomechanics. HM Frost
**8**:415,1960

Alcaptonuria and ochronosis with diabetes mellitus and mycosis fungoides. A case report. JU Haq and RB Patton
**17**:295,1969

JOURNAL
The Henry Ford Hospital Medical Journal honors Dr Philip J Howard, consulting editor
**15**:83,1967

JUGULAR BODY
Glomus jugularis tumors: A report of four cases. DL Dill and DS Bolstad
**2**:112,1954

JUVENILE
Prevention of delinquency by the early recognition of behavioral difficulties. Detroit school-community behavior project. BM Hamil and HM Stitt Jr
**11**:53,1963

JUVENILE ARTHRITIS
Sjögren's syndrome in childhood. Report of a case. H Duncan et al
**17**:35,1969

KERATITIS
In vitro and in vivo evaluation of GSH 1018 against pseudomonas keratitis. PC Hessburg and JP Truant
**14**:321,1966

KERATOCONJUNCTIVITIS SICCA
Sjögren's syndrome in childhood: Report of a case. H Duncan et at
**17**:35,1969

KERATOPLASTY
Present status of optical corneal graft. JV Balian
**7**:65,1959

KETONEMIA
The clinical value of the plasma acetone test. FW Whitehouse
**4**:234,1956

KETOSIS
The clinical value of the plasma acetone test. FW Whitehouse
**4**:234,1956

KIDNEY
Renal factors in hypertension. SC Sommers
**14**:47,1966

Initial studies of isolated organ perfusion. SG Dienst and MA Krieg
**17**:165,1969

Alcaptonuria and ochronosis with diabetes mellitus and mycosis fungoides. A case report. JU Haq and RB Patton
**17**:295,1969

Observations on uric acid transport in man, the Dalmatian and the non-Dalmatian dog. H Duncan and AS Curtiss
**19**:105,1971

Use of a cooling jacket during kidney transplantation. SC Dienst and MR Ansari
**19**:127,1971

KIDNEY, ARTIFICIAL
The artificial kidney, a description and discussion of the modification of Leonards and Skeggs. AW Bohne and PJ Hettle
**1**:18, June 1953

KIDNEY CALCULI
Electron micrographs of a cystine urolith. JHL Watson
**4**:163,1956

KIDNEY CALCULI continued
Medical approach to the diagnosis of kidney stones. B Frame
**13**:435,1965

KIDNEY, CANCER
The prognosis in cancer of the kidney. RJ Fetz
**3**:149,1955

KIDNEY DISEASE
Kidney function tests in chronic renal disease: Serum urea nitrogen, creatinine and creatinine clearance. RB Patton and D Remp
**16**:185,1968

Inhibition of kidney mitochondrial monamine oxidase activity by the nephrosis-producing aninonucleoside of puromycin. P Bartlett, Meihwa Tu and K Ashworth
**20**:145,1972

KIDNEY METABOLISM
Effects of the potent nephrotogenic aminonucleoside of puromycin on phospholipid metabolism in rat kidney cortex subcellular fractions. PD Bartlett and JF Bossart
**16**:137,1968

KIDNEY PELVIS
Spontaneous rupture of the kidney pelvis secondary to impacted ureteral calculus. AW Bohne and JL Irwin
**12**:83,1964

KIDNEY PRESERVATION
In vitro kidney preservation techniques. SG Dienst
**18**:149,1970

Use of a cooling jacket during kidney transplantation. SC Dienst and MR Ansari
**19**:127,1971

KINETICS
The kinetics of the resorption process in osteonal remodeling of diabetic ribs. H Takahashi and HM Frost
**12**:537,1964

KIRSCHNER WIRES
Rigid wire fixation of fractures of the hand. WD Butt
**4**:134,1956

KLINEFELTER'S SYNDROME
Co-existent Klinefelter's syndrome, acquired cutaneous hepatic porphyria and systemic lupus erythematosus. MS Zafar et al
**18**:227,1970

KNEE
Recurrent monarticular arthritis caused by retained "vegetable" foreign body. J Lyford III
**1**:34, June 1953

Idiopathic genu recurvatum as a cause of knee pain simulating the "internal derangement syndrome". J Lyford III
**2**:122,1954

Double constrast arthrography of the knee. PC LaRowe et al
**18**:107,1970

KWASHIORKOR
Kwashiorkor on the Navajo Indian reservation. CB Wolf
**9**:566,1961

K WIRE
Rigid wire fixation of fractures of the hand. WD Butt
**4**:134,1956

LABELLING, BONE
Human osteoblastic activity - Part II. Measurement of the biological half-life of bones with the aid of tetracyclines. HM Frost
**9**:87,1961

LABOR, INDUCED
Elective induction of labor. GE La Croix
**13**:111,1965

LACTIC ACIDOSIS
"Anion-gap" acidosis complicating diabetic ketoacidosis. A commentary on diagnosis and management. JC Jurgensen and FW Whitehouse
**17**:311,1969

LAMELLAR BONE
Observations on fibrous and lamellar bone. HM Frost
**8**:199,1960

Human osteoblastic activity — Part IV. The effect of severe cardiac failure. HM Frost and AR Villanueva
**9**:100,1961

Experimental multiband tetracycline measurement of lamellar osteoblastic activity. HM Frost, H Roth, R Villanueva and S Stanisavljevic
**9**:312,1961

Specific surface and specific volume of normal human lamellar bone. HM Frost
**10**:35,1962

Effect of adrenal corticoids on lamellar bone formation rate in rat diaphysis. S Stanisavljevic, H Roth, AR Villanueva and HM Frost
**10**:179,1962

Effect of Marsilid on diaphyseal lamellar rabbit bone. Z Sezgin, D Bosworth and HM Frost
**10**:209,1962

LAMELLAR BONE continued
Serial undecalcified sections of rat bones. AR Villanueva and F Santoro
**10**:263,1962

The osteoporoses: A definition of terms and concepts. HM Frost
**10**:315,1962

A function generator for the mesenchymal cell activation for use in the electric analog computer. S Schen and HM Frost
**11**:195,1963

Cell generation systems: A new concept in medicine. HM Frost
**11**:391,1963

A pilot study of lamellar bone physiology in diabetes mellitus. M Klein, HM Frost and E Sedlin
**12**:55,1964

LAPAROSCOPY
The technic of laparoscopy and guided biopsy. WS Haubrich and GA Uhlich
**11**:351,1963

Current tests for tubal patency. Their study and comparison. A Afsari and RJ Thompson
**20**:125,1972

LEAD ABSORPTION
New methods of deleading heavy lead absorption using calcium mono sodium ethylene diamine tetra acetate (EDTA). EL Belknap
**4**:210,1956

Neglected opportunity: Part-time medical consultation to small industry. EL Belknap
**10**:3,1962

L.E. CELL
The L.E. cell: Significance and relation to collagen disease. RW Monto, RA Rizek, CE Rupe and JW Rebuck
**12**:389,1964

LECTURE
Adventures in clinical chemistry. OH Gaebler
**8**:383,1960

The biochemical and structural organization of mitochondria. AI Lehninger
**8**:391,1960

LEECHES
Allergy to leeches. TJ Heldt
**9**:498,1961

LEIOMYOSARCOMA
Leiomyosarcoma of the urinary bladder with review of the literature. AW Bohne, RD Urwiller and TG Pantos
**10**:445,1962

LETHARGY
Gastrocolic and duodenocolic fistulas. An experimental study. JL Ponka, AK Shaalan and PC Pesaros
**19**:75,1971

LEUCOTOMY
Bilateral frontal lobe leucotomy. Its place as a therapeutic agent. LD Proctor
**1**:25, June 1953

LEUKEMIA
International symposium: The leukemias: Etiology and pathophysiology. Program
**4**:42,1956

Acute leukemia in adults. EJ Van Slyck
**8**:151,1960

LEUKOCYTES
Eosinophils. LC Sweet
**17**:209,1969

LIGAMENT
Double contrast arthrography of the knee. PC LaRowe et al
**18**:107,1970

LIMBIC SYSTEM
Unusual seizure discharges on stimulation in the limbic system of the monkey. LD Proctor, WR McCrum and J Lukaszewski
**9**:35,1961

LIPIDS
Metabolism of lipids and 3-acetylpyridine. WT Beher
**6**:130,1958

The particulate absorption of fat: Its direct demonstration in a normal human. W O'Driscoll, J Sieracki and WS Haubrich
**7**:18,1959

Serum lipids and atherosclerosis: A review. MZ Fruchtman
**10**:375,1962

LIPOIDS
Reticuloendothelisis. BM Hamil
**4**:173,1956

LIVER DISEASE
The diagnosis of hepatic pathology by needle biopsy. RJ Priest, WL Agey, HH Steele and JW Fischbein
**2**:190,1954

Gonadal dysgenesis (Turner's syndrome) with associated liver disease and bleeding esophageal varices. T Bridwell
**7**:156,1959

LIVER DISEASE continued
Evaluation of needle biopsy of the liver: 1950-1958. GT Havey and RJ Priest
**8**:19,1960

Fever, chills, hepatomegaly and debility. Case report from medical grand rounds. B Frame, J Eschbach Jr, WS Haubrich and JE Garman
**11**:65,1963

Hepatosensitization caused by propinyl erythromycin lauryl sulfate. R Guevin and A Ten Pas
**11**:77,1963

The liver photoscan in the recognition and management of abdominal masses. MA Block, BM Schuman, WR Eyler, JP Truant and LA DuSault
**14**:85,1966

Chronic active hepatitis. A review. K Anselm
**17**:195,1969

Critical factors in the management of liver abscesses. MA Block and HM Allen
**19**:149,1971

Nonparasitic cysts of the liver, analysis of 36 cases and review of modern diagnostic techniques. V Lawoyin and RJ Priest
**20**:153,1972

LIVER FUNCTION
Do we need the one-minute bilirubin? WFC Duvernoy, JA Rinaldo Jr and Donald G Remp
**12**:447,1964

LIVER LACERATIONS
A revised suture method for repair of hepatic lacerations. JG Whitcomb and JL Ponka
**8**:116,1960

LOBECTOMY
Visual hallucinations in cerebral lesions: A case report. VN Samuel
**9**:391,1961

LONELINESS
Death and the inexorably dying. A seminar. S Kingma
**19**:91,1971

LSD
Lysergic acid diethylamide - LSD. An outsider's viewpoint. EJ Alexander
**15**:23,1967

LUNG BIOPSY
Identification of crystalline material from lung biopsy by x-ray diffraction. J Parsons
**10**:355,1962

LUNG CANCER
Bronchogenic carcinoma: An analysis of 305 surgically-treated patients. RE Taber, CR Lam and J Robles
**10**:57,1962

The importance of biopsy of non-palpable scalene nodes in bronchogenic carcinoma. BK Mazur and GL Brinkman
**10**:433,1962

Carcinoma of the lung occurring in patient with carotid body tumor. Case report. EL Moorhead, RD White, RW Talley and RV Loo
**13**:79,1965

LUNG DISEASE
Acute miliary disease of the lungs: Diagnosis and treatment. MA Blackenhorn
**4**:94,1956

LUNG, FIBROSIS
Post-irradiation fibrosis of the lung and its surgical treatment. CR Lam
**1**:29, June 1953

LUNG TISSUE
Observations on ultrathin sections of dog lung by methods of electron microscopy. JHL Watson and V Valentine
**7**:161,1959

LUNGS, FUNCTION
Some practical applications of pulmonary function studies in chest disease. EO Coates
**3**:50,1955

LUPUS
Palindromic rheumatism, systemic lupus erythematosus and circulating anticoagulant activity. H Duncan and EJ Van Slyck
**14**:249,1966

Co-existent Klinefelter's syndrome, acquired cutaneous hepatic porphyria and systemic lupus erythematosus. MS Zafar, RC Mellinger and LB Morrow
**18**:227,1970

LUPUS ERYTHEMATOSIS
A quantitative appraisal of systemic lupus erythematosis. Diagnosis by point system. CE Rupe and SN Nickel
**12**:223,1964

LYMPH NODES
The imprint technique as an adjunct in the study of lymph node neoplasms. JC Sieracki
**1**:10, Dec 1953

Scalene lymph node biopsy. LJ Kenny
**4**:36,1956

The use of radioactive gold in the treatment of cancer of the cervix. LA Swinehart, LE Preuss and AH Veldhuis
**4**:144,1956

LYMPHANGIECTASIA
Intestinal lymphangiectasia with normal immunological function. A case report. T Madhavan and CE Rupe
**18**:65,1970

LYMPHANGIOSARCOMA
Lymphangiosarcoma occurring in postmastectomy lymphedema. MA Block, JL Fleming and JR Gish
**4**:63,1956

LYMPHEDEMA
Postmastectomy lymphedema of the arm: Historical review. T Geoghegan
**4**:63,1956

Lymphangiosarcoma occurring in postmastectomy lymphedema. MA Block, JL Fleming and JR Gish
**4**:63,1956

Postmastectomy edema of the arm: Roentgen aspects. WR Eyler and JR Gish
**4**:64,1956

Physical factors in post-mastectomy lymphedema. C Long II
**4**:65,1956

LYMPHOMA
International symposium: The leukemias: Etiology and patho-physiology. Program
**4**:42,1956

Mycosis fungoides with thrombotic microangiopathy and major nervous system manifestations. TA Chapel et al
**18**:237,1970

Therapy of mycosis fungoides. HG Shapero
**19**:67,1971

LYON, BB VINCENT
Prize to RJ Priest
**7**:318,1959

LYSOSTAPHIN
In-vitro activity of lysostaphin. Bioassay in serum. DN Jones et al
**16**:235,1968

MALABSORPTION
An infrequent error: Gastroileostomy. B Lewinson, JH Wylie Jr and BE Brush
**11**:357,1963

Gastrocolic and duodenocolic fistulas. An experimental study. JL Ponka, AK Shaalan and PC Pesaros
**19**:75,1971

MALIGNANCY
Decompressive laminectomy in the management of spinal epidural metastases. JS Rogers and RS Knighton
**17**:201,1969

MALIGNANT EFFUSIONS
Critical analysis of the control of malignant effusions with radioisotopes. RM O'Bryan et al
**16**:3,1968

MALIGNANT FISTULAE
Gastrocolic fistulas due to cancer. Report of a 16-year survival and a review of the literature. S Adelman and JL Ponka
**19**:191,1971

MALIGNANT ULCER
Photographic features of benign and malignant ulcers. NV Carandang et al
**17**:275,1969

MALINGERING
Surreptitious ingestion of oral anticoagulants. TH Greidanus et al
**18**:99,1970

MAMMALIAN
A synchronous group of mammalian cells whose in vivo behavior can be studied. HM Frost
**13**:161,1965

MAMMOGRAPHY
A radiologic quiz. A Poznanski
**15**:360,1967

MANIPULATIVENESS
Assessing attempted suicide. WJ Cassidy
**18**:205,1970

MARINESCO-SJOGREN SYNDROME
Hereditary spino-cerebellar ataxia, oligophrenia and congenital cataracts. R Calderon
**12**:395,1964

MARSILID
Effect of Marsilid on diaphyseal lamellar rabbit bone. Z Sezgin, D Bosworth and HM Frost
**10**:209,1962

MASSIVE HEMORRHAGE
Massive hemorrhage from sarcoid ulcers in the stomach. JJ Ramirez, JL Ponka and WS Haubrich
**12**:15,1964

MASTECTOMY
Postmastectomy lymphedema of the arm: Historical review. T Geoghegan
**4**:62,1956

Lymphangiosarcoma occurring in postmastectomy lymphedema. MA Block, JL Fleming and JR Gish
**4**:63,1956

MATRIX, BONE
Halo volume - Part I. The effect of pH on size. H Roth, Hm Frost and AR Villanueva
**9**:126,1961

Observations on passive transfer of bone mineral in man and nucleation. HM Frost
**9**:171,1961

Mc CLURE, ROY D
The dignity of the practice of general medicine. FJ Sladen
**1**:4, Mar 1953

The reflection of a surgeon in the progress of his art. GC Penberthy
**5**:155,1957

The philosophy of surgery. HB Stone
**6**:236,1958

My friend, Dr Roy D McClure. JP Pratt
**9**:475,1961

The Henry Ford Hospital Medical society program for 1962-63.
**10**:605,1962

MEASLES
Encephalitis following modified measles. AR Bauer and PJ Howard
**12**:201,1964

MEASUREMENT, BONE
Measurement of bone formation in a 57-year-old man by means of tetracyclines. HM Frost, AR Villanueva and H Roth
**8**:239,1960

Halo volume - part IV. Measurement of the diffusion pathway between osteocyte lacuna and blood. HM Frost
**9**:137,1961

Human haversian system measurements. HM Frost
**9**:145,1961

Physical characteristics of bone - Part III. A semimicro measurement of unit shear stress. HM Frost, H Roth and AR Villanueva
**9**:157,1961

Known qualitative variables in human bone. HM Frost
**9**:180,1961

Experimental multiband tetracycline measurement of lamellar osteoblastic activity. HM Frost, H Roth, AR Villanueva and S Stanisavljevic
**9**:312,1961

Effect of estrogen on resorption of chondro-osseous complex in the rat. HM Frost, H Roth, AR Villanueva and S Stanisavljevic
**10**:171,1962

Qualitative method for measuring osteoclastic activity. HM Frost, AR Villanueva and H Roth
**10**:217,1962

Human osteoclastic activity: Qualitative histological measurement. HM Frost and AR Villanueva
**10**:229,1962

Physical characteristics of bone: Shrinkage and hydration. HM Frost
**10**:237,1962

Mean skeletal age: Its calculation, and theoretical effects on skeletal tracer physiology and on the physical characteristics of bone. E Hattner and HM Frost
**11**:201,1963

MECHOLYL TEST
The mecholyl test; its value in depressions. RR Schopbach
**7**:211,1959

MEDICAL ART
Visual aids and the medical staff. WE Loechel
**9**:49,1961

Mechanics of an unusual basilar fracture. WE Loechel
**9**:251,1961

A method of orthographic projection for delineating and measuring gross specimens. WE Loechel
**9**:422,1961

MEDICAL EDUCATION
The physician and his education. JE Peterson
**8**:310,1960

MEDICAL ILLUSTRATION
The medical illustrator and his potential in criminal identification. WE Loechel
**12**:49,1964

MEDICAL ILLUSTRATION continued
Angular projection of medical illustrations. WE Loechel
**12**:145,1964

MEDICAL JOURNAL
The Henry Ford Hospital Medical Journal honors Dr Philip J Howard, consulting editor
**15**:83,1967

MEDICAL SOCIETY
The Henry Ford Hospital Medical Society
**1**:21, Mar 1953
**1**:45, Dec 1953
**2**:147,1954
**2**:204,1954
**3**:1,1955
**3**:161,1955
**3**:211,1955
**5**:58,1957
**5**:214,1957
**5**:226,1959
**10**:605,1962
**12**:151,1964

The Henry Ford Hospital medical society program for 1962-63
**10**:605,1962

Semi-centennial anniversary of the Henry Ford Hospital medical association
**13**:237,1965

Announcement of Henry Ford Hospital Association meeting
**13**:121,1965

MEDICINE, PRACTICE
Spiritual strength, recreation and scientific accomplishment in the life of a doctor. LW Kemp
**2**:106,1954

Some historical reminders in hospitalization. TJ Heldt
**4**:123,1956

MELANIN
Comparative studies of human melanocytes in skins of varying degree of pigmentation. F Hu and PF Lesney
**8**:52,1960

MEMBRANE, RUPTURE
Management of the baby after prolonged rupture of the amniotic membranes. PJ Howard
**10**:563,1962

MENINGES
Spontaneous subarachnoid hemorrhage. J Bebin
**5**:133,1957

MENINGITIS
Aseptic meningitis in siblings with infectious mononucleosis. EG Heinze Jr and EL Quinn
**14**:229,1966

Current problems in meningococcal diseases. EL Quinn
**15**:179,1967

MENISCUS
Double contrast arthrography of the knee. PC La Rowe et al
**18**:107,1970

MENSTRUAL CYCLE
Effect of the normal menstrual cycle on platelet adhesiveness. JM Yeung
**18**:193,1970

MENTAL DISEASES
Etiology of mental health. JC Maloney
**3**:25,1955

The use of phenothiazines on a general hospital psychiatric service. RR Schopbach
**9**:369,1961

Prematurity and neurological disorders. EA Bandera and JA Churchill
**9**:414,1961

MENTAL ILLNESS
Art in psychotherapy. RR Schopbach
**15**:229,1967

Endocrinological psychiatry and psychology. M Bleuler
**15**:309,1967

MENTALLY RETARDED
Services to mentally retarded children and their parents. BB Bemiss
**11**:231,1963

Persistence of "Australia antigenemia" in mentally retarded children seven years after virus hepatitis. H Hayashi and GA LoGrippo
**19**:27,1971

MESENCHYMAL CELL
A function generator for the mesenchymal cell activation for use in the electric analog computer. S Schen and HM Frost
**11**:195,1963

An equation for the mesenchymal cell activation function in the lamellar bone remodelling equations. R Hattner and HM Frost
**11**:455,1963

MESENCHYMOMAS
Granulosa and theca cell tumors of the ovary. JN Canton and CP Hodgkinson
**8**:318,1960

MESENTERIC ARTERIES
Successful surgical management of superior mesenteric and femoral artery tumor emboli resulting from pneumonectomy. DF Webb, L Tomatis, RE Taber and JL Ponka
**13**:299,1965

METABOLIC ACTIVITY
The eleventh rib biopsy in the study of metabolic bone disease. ED Sedlin, HM Frost and AR Villanueva
**11**:217,1963

Metabolic bone disease. B Frame
**13**:289,1965

Cation transport. I. Metabolic activity of the polyphosphoinositide complex in isolated renal cortex tubules. PD Bartlett and JF Bossart
**17**:247,1969

Alcaptonuria and ochronosis with diabetes mellitus and mycosis fungoides. A case report. JU Haq and RB Patton
**17**:295,1969

Nature of bone resorption and formation in normalcy and disease. BN Epker and HM Frost
**18**:29,1968

METABOLISM
The feedback control of cholesterol biosynthesis. WT Beher, GD Baker, WL Anthony and ME Beher
**9**:201,1961

METASTASES
Epidermoid carcinoma arising in an epidermal inclusion cyst. TV Hayes and J Ponka
**20**:97,1972

METATARSALGIA
Resection of metatarsal heads for painful and intractable plantar callosities. A report of ten years' experience. L Van Herpe and CL Mitchell
**10**:241,1962

METRONIDAZOLE
Notes and comments: Biopsy-proven amebic colitis treated with metronidazole. FR Bode and J Van Volkinburg
**20**:163,1972

MICROSCOPY
The advantages of Vestopal W as an embedding material for biological and medical electron microscopy. RR Cardell Jr.
**9**:379,1961

Microscopy: Depth of focus, optical sectioning and integrating eyepiece measurement. HM Frost
**10**:267,1962

MIGRAINE
Migraine equivalents. LD Proctor
**8**:99,1960

MILIARY LUNG
Acute miliary disease of the lungs: Diagnosis and treatment. MA Blakenhorn
**4**:94,1956

MILK-ALKALI SYNDROME
The milk-alkali syndrome. RJ Priest, WE Redfern and RW Smith
**5**:53,1957

MITHRAMYCIN
The hypocalcemic effects of actinomycin D and mithramycin. EL Reyes and RW Talley
**18**:115,1970

MITOCHONDRIA
The biochemical and structural organization of mitochondria. AL Lehninger
**8**:391,1960

MITRAL VALVE
Responsiveness of the respiratory centers in cardiacs with mitral diseases. HG Pauli, FE Noe and EO Coates Jr
**5**:119,1957

A new full orifice disc valve for mitral replacement: Experimental evaluation. RE Taber and Y Imai
**17**:171,1969

MIXED GONADAL CELL TUMOR
Mixed gonadal stroma cell tumor of the testicle. GB Farrow and AJ Johnson
**18**:201,1970

MK-135
Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. WT Beher
**15**:107,1967

MOLECULES
The future of enzyme research. L Pauling
**4**:1,1956

MONGOLOID
Persistence of "Australia antigenemia" in mentally retarded children seven years after virus hepatitis. H Hayashi and GA LoGrippo
**19**:27,1971

MONKEYS
Unusual seizure discharges on stimulation in the limbic system of the monkey. LD Proctor, WR McCrum and J Lukaszewski
**9**:35,1961

Observations on the unique electrical discharge following stimulation in monkey brain. WR McCrum and LD Proctor
**11**:99,1963

Effects of an EEG "seizure discharge" on operant responding. RM Lee, JA Lee, H van den Ende et al
**19**:161,1971

MONKEY VIRUS
Inactivation of vacuolating virus (SV 40) by beta-propiolactone. H Hayashi and GA LoGrippo
**10**:463,1962

Inactivation of vacuolating virus (SV 40) by beta-propiolactone. I. Evaluation in tissue culture. H Hayashi and GA LoGrippo
**10**:471,1962

MONONUCLEOSIS, INFECTIOUS
Infectious mononucleosis. JG Mateer
**5**:106,1957

MORPHINE
Newer opium antagonists, their actions and use. PR Dumke
**2**:176,1954

MULTIPLE SCLEROSIS
A preliminary evaluation of azathioprine (Imuran) in the treatment of multiple sclerosis. A preliminary communication. WG Tucker and KH Kapphahn
**17**:89;1969

MUSCLE
Recent concepts on skeletal muscle structure and contraction. HL Green and WL Morgan
**7**:249,1959

The role of ions in muscle excitation and contraction. RE Fuller and WL Morgan
**8**:55,1960

MYCOBACTERIA
Survey of typical and atypical mycobacteria isolated from human specimens. JP Truant
**11**:237,1963

Evaluation of two mucolytic agents as digestants for the isolation of mycobacteria. JP Truant and R Burcon
**12**:451,1964

MYCOSIS
Bronchopulmonary mycosis: A 20-year study of siblings. BM Hamil, WR Eyler, JW Rebuck and GA LoGrippo
**7**:295,1959

Mycosis fungoides with thrombotic microangiopathy and major central nervous system manifestations. TA Chapel et al
**18**:237;1970

Therapy of mycosis fungoides. HG Shapero
**19**:67,1971

MYELOGRAPHY
Decompressive laminectomy in the management of spinal epidural metastases. JS Rogers and RS Knighton
**17**:201,1969

MYOCARDIAL INFARCTION
International symposium. The etiology of myocardial infarction. Program. DL Everhart
**9**:452,1961

Editorial: Coronary artery disease and myocardial infarction. RC Horn Jr
**12**:1,1964

Gout and arterial thrombosis. FJ Viozzi, GB Bluhm and JM Riddle
**20**:119,1972

MYOFASCIAL PAIN
Myofascial pain syndromes: Part I — general characteristics and treatment. C Long II
**3**:189,1955

Myofascial pain syndromes: Part II—syndromes of the head, neck and shoulder girdle. C Long II
**4**:22,1956

Myofascial pain syndromes: Part III—some syndromes of the trunk and thigh. C Long II
**4**:102,1956

N15
The effect of growth hormone on the incorporation of N15 from ammonium citrate, glycine, L-aspartic acid, L-alanine and L-glutamic acid into amino acids of liver protein. TG Vitti
**9**:526,1961

NARCOTICS
Narcotic drugs in the postanesthetic recovery room. JW Ditzler, PR Dumke and B Collier
**10**:339,1962

NECROSIS, ASEPTIC
A possible cause of aseptic necrosis of the femoral head. PH McFarland and HM Frost
**9**:115,1961

NEONATAL DEATH
Comparison of the causes of stillbirths and neonatal deaths. PJ Howard
**2**:134,1954

NEOPLASM
Solitary pulmonary metastasis from hypernephroma nine years following surgery. RE Reinhard
**9**:419,1961

NEOPLASTIC DISEASE
Fever in neoplastic disease. SL Rosenthal and RW Talley
**19**:15,1971

NEPHRECTOMY
Nephrectomy for tuberculosis. Review of 96 cases. JK Ormond and RC Slocum
**1**:33, Mar 1953

Solitary pulmonary metastasis from hypernephroma nine years following surgery. RE Reinhard
**9**:419,1961

Wilms' tumor — metastatic to the lung. AK Poznanski and RJ Bloor
**14**:161,1966

NEPHROSIS
Recent therapy of nephrosis. A report of fifty-eight cases. BA O'Hora
**1**:21, Sept 1953

The nephrotic syndrome. DF Hinchman
**5**:31,1957

Analbuminemia with the nephrotic syndrome. GT Havey, CE Rupe and RI McClaughry
**7**:194,1959

Experimental and clinical nephrosis. JM Bandera, JM O'Nell and G Manson
**9**:339,1961

NERVOUS SYSTEM
The neurophysiology of the central nervous system; a simplified review. RR Schopbach and KB Akins
**9**:28,1961

Behcet's disease with neurological involvement. R Calderon
**12**:205,1964

A consideration of the evolution of the nervous system. TJ Heldt
**14**:341,1966

NEUROPSYCHIATRY
Some historical reminders in hospitalization. TJ Heldt
**4**:123,1956

NEWBORNS
Management of the baby after prolonged rupture of the amniotic membranes. PJ Howard
**10**:563,1962

The effects of degree of hypoxia on the electroencephalogram in infants. II. AR Bauer and PJ Howard
**10**:573,1962

Infection in the newborn infant and its association with prolonged rupture of the amniotic membranes. PJ Howard and AR Bauer
**15**:161,1967

The effect of phenobarbital on serum bilirubin of full term infants. MJ Kokosky et al
**18**:275,1970

NIGHTINGALE, FLORENCE
Florence Nightingale and one hundred years of modern nursing. Twenty-eighth commencement, 1954, HFH School of Nursing. FR Menagh
**3**:76,1955

NITROGEN MUSTARD
Therapy of mycosis fungoides. HG Shapero
**19**:67,1971

NITROGEN STORAGE
Studies on the mechanism of nitrogen storage. PD Bartlett
**6**:124,1958

Growth hormone, insulin and replacement or storage of nitrogen. OH Gaebler and HC Choitz
**13**:377,1965

NUCLEATION, BONE
Observations in passive transfer of bone mineral in man and nucleation. HM Frost
**9**:171,1961

NURSING
Changing times for professional nurses. HE Harper
**15**:215,1967

Health nurse clinician — An extended role for the professional nurse. CE Rupe et al
**18**:187,1970

NURSING, HISTORY
Florence Nightingale and one hundred years of modern nursing. Twenty-eighth commencement, 1954, HFH School of Nursing. FR Menagh
**3**:76,1955

NURSING HOMES
The increasing significance of nursing homes in our way of life. P Ryman
**10**:589,1962

NUTRITION
Kwashiorkor on the Navajo Indian reservation. CB Wolf
**9**:566,1961

NUTRITION AND INFECTION
Nutrition and infection. JA Johnston
**3**:68,1955

NUTRITION, INFANTS
The nutritional needs of the premature infant. JA Johnston
**1**:2, Sept 1953

OBSTETRICS, HISTORY
The changing practice of obstetrics. WB Thompson
**6**:25,1958

OBSTRUCTIVE JAUNDICE
Serum immunoglobulins in the differential diagnosis between intrahepatic virus jaundice and extrahepatic obstructive jaundice. GA LoGrippo et al
**16**:289,1968

OCCLUSION, RETINAL VEIN
Central retinal vein occlusion treated with anticoagulant and steroid therapy. Case report and discussion. D Barsky
**4**:98,1956

OCHRONOSIS
Alcaptonuria and ochronosis with diabetes mellitus and mycosis fungoides. A case report. JU Haq and RB Patton
**17**:295,1969

OCULAR SYMPTOMS
Hurler's disease. PC Hessburg
**10**:419,1962

OF CELLS
Cytology of cells synthesizing specific proteins. RR Cardell Jr, Funan Hu and RS Knighton
**12**:273,1964

OLD AGE
Pilot aging: A modern medical challenge. AH Lawton
**3**:21,1955

OLIGOPHRENIA
Hereditary spino-cerebellar ataxia, oligophrenia and congenital cataracts. R Calderon
**12**:395,1964

ONCOLOGY
Death and the inexorably dying. A seminar. S Kingma
**19**:91,1971

OPEN CLINIC
The psychiatric walk-in clinic services. An interim report. BK Bresnahan and L Schilhaneck
**20**:103,1972

OPEN MITRAL VALVE SURGERY
A new full orifice disc valve for mitral replacement. Experimental evaluation. RE Taber and Y Imai
**17**:171,1969

OPERANT
Effects of an EEG "seizure discharge" on operant responding. RM Lee, JA Lee, H van den Ende et al
**19**:161,1971

OPERATING ROOMS
A surgical correlator. PC Hessburg
**16**:267,1968

OPHTHALMIC SURGERY
A surgical correlator. PC Hessburg
**16**:267,1968

OPIUM
Newer antagonists, their actions and use. PR Dumke
**2**:176,1954

ORGANISMS, BACTERIAL
Unusual bacterial isolates obtained from a variety of clinical specimens. JP Truant
**11**:83,1963

ORMOND'S SYNDROME
Idiopathic retroperitoneal fibrosis: Ormond's syndrome. JK Ormond
**10**:13,1962

ORTOLAN'S SIGN
Examinations of hips in newborn babies and results. S Stanisavljevic
**9**:214,1961

Clinical findings in examination of hips in newborn babies. S Stanisavljevic
**10**:245,1962

OSTEOBLASTS
Human osteoblastic activity. Introduction. HM Frost
**9**:75,1961

Human osteoblastic activity - Part IV. The effect of severe cardiac failure. HM Frost and AR Villanueva
**9**:100,1961

Osteoporosis: The orientation of future basic research. HM Frost
**9**:183,1961

**OSTEOBLASTS** continued

Experimental multiband tetracycline measurement of lamellar osteoblastic activity. HM Frost, H Roth, AR Villanueva and S Stanisavljevic
**9**:312,1961

OSTEOCHONDROMA

Derotation osteotomy of the femur in cerebral palsy. JR Glessner Jr
**17**:59,1969

OSTEOCLASIA

Effect of adrenal corticoids on chondro-osseous complex osteoclasia. HM Frost, S Stanisavljevic, AR Villanueva and H Roth
**10**:185,1962

OSTEOCLASTS

Qualitative method for measuring osteoclastic activity. HM Frost, AR Villanueva and H Roth
**10**:217,1962

Human osteoclastic activity: Qualitative histological measurement. HM Frost and AR Villanueva
**10**:229,1962

OSTEOCYTES

Measurement of osteocytes per unit volume and volume components of osteocytes and canaliculae in man. HM Frost
**8**:208,1960

Halo volume. HM Frost, AR Villanueva and H Roth
**8**:228,1960

Pyogenic osteomyelitis: Diffusion in live and dead bone with particular reference to the tetracycline antibiotics. HM Frost, AR Villanueva and H Roth
**8**:255,1960

Halo volume: Introduction to qualitative studies. HM Frost
**9**:123,1961

Halo volume - part IV. Measurement of the diffusion pathway between osteocyte lacuna and blood. HM Frost
**9**:137,1961

Known qualitative variables in human bone. HM Frost
**9**:180,1961

A report of some examples of abnormal halo volume. HM Frost, DM Bolsworth, H Halliburton and Z Sezgin
**9**:404,1961

OSTEOGENESIS IMPERFECTA

Aortic valve lesions associated with osteogenesis imperfecta. JN Browell Jr and EH Drake
**14**:245,1966

OSTEOID SEAMS

Observations on osteoid seams. HM Frost and AR Villanueva
**8**:212,1960

Observations on osteoid seams: The existence of a resting state. HM Frost
**8**:220,1960

The presence of iron in osteoid seams and dentinal tubules. AR Villanueva, M Kelin and BN Epker and HM Frost
**12**:557,1964

Osteoid seams and resorption spaces in standard samples of human 6th and 11th ribs. F Santoro and HM Frost
**15**:241,1967

OSTEOMALACIA

Refractory rickets and osteomalacia. B Frame and G Manson
**8**:293,1960

OSTEOMYELITIS

Pyogenic osteomyelitis: Diffusion in live and dead bone with particular reference to the tetracycline antibiotics. HM Frost, AR Villanueva and H Roth
**8**:255,1960

Pyogenic osteomyelitis: The normal bone spaces as a bacterial reservoir. HM Frost
**8**:263,1960

Pyogenic osteomyelitis: The influence of bone remodelling on recurrence. HM Frost
**9**:42,1961

OSTEONS

Measurement of bone formation in a 57 year old man by means of tetracyclines. HM Frost, AR Villanueva and H Roth
**8**:239,1960

Radial rate of osteon closure, measured by means of tetracycline labelling. O Landeros and HM Frost
**12**:499,1964

The shape of the kinetic curve of osteon formation. L Ilnicki, M Kelin and HM Frost
**12**:507,1964

The kinetics of the resorption process in osteonal remodeling of diabetic ribs. H Takahashi and HM Frost
**12**:537,1964

An analysis of the relative complexity of cell system dynamics in bone. HM Frost
**13**:271,1965

OSTEONS continued
Fractional labeling: The fraction of activity forming osteons that take tetracycline labels in normal human bone. T Rush, D Pirok and HM Frost
**14**:255,1966

Correlation of the transverse sizes of 6th and 11th ribs in normal and osteoporotic individuals. F Santoro and HM Frost
**16**:87,1968

Derotation osteotomy of the femur in cerebral palsy. JR Glessner Jr
**17**:59,1969

Primary closure and iliac osteotomy in the treatment of exstrophy of the bladder. A case report. LZ Shifrin et al
**17**:125,1969

Postmenopausal osteoporosis: The evolution of our concepts of its cause. HM Frost
**20**:83,1972

OTOSCLEROSIS
Program of the international symposium on otosclerosis, 1960
**8**:469,1960

OVARIAN NEOPLASMS
Granulosa and theca cell tumors of the ovary. JN Canton and CP Hodgkinson
**8**:318,1960

Hemangioma of the ovary. VL Baryluk, H Liu and RC Horn Jr
**14**:167,1966

OXIDATIVE PHOSPHORYLATION
The biochemical and structural organization of mitochondria. AI Lehninger
**8**:391,1960

OXYGEN, IN BLOOD
Experimental studies with low oxygen flow rates in the bubble oxygenator. LA Tomatis, RE Taber, CR Lam and EW Green
**6**:341,1958

OXYGEN PHYSIOLOGY
The Edsel B Ford Lecture, 1956. Oxygen physiology, normal and abnormal. DD Van Slyke
**5**:25,1957

PACEMAKER
Pacemaker induced ventricular tachycardia. Report of a case with the "runaway pacemaker." R Garcia and E Arciniegas
**17**:15,1969

PAIN
Myofascial pain syndromes. Part II — syndromes of the head, neck and shoulder girdle. C Long
**4**:22,1956

Myofascial pain syndromes. Part III — some syndromes of the trunk and thigh. C Long
**4**:102,1956

The control of postoperative pain by the use of local anesthetic pumps. J Barron
**7**:219,1959

PALATE, CLEFT
Occult cystic fibrosis. G Manson
**5**:18,1957

Some principles to be considered in the rehabilitation of cleft lip and cleft palate cripples. RS Rosedale
**5**:283,1957

Carcinoma of the pancreas with unusual central nervous system complications. Clinical pathological conference. RK Nixon, B Frame and J Bebin
**7**:309,1959

The management of chronic relapsing pancreatitis. KW Warren
**14**:143,1966

PAPANICOLAOU SMEAR TEST
The value of the Papanicolaou smear test. ZJR Hollenbeck
**5**:239,1957

PARALYSIS
An appliance for the non-operative relief of paralytic foot drop. J Lyford III
**2**:18,1954

Spastic diplegia of premature birth. JA Churchill
**7**:257,1959

PARASITIC INFESTATION
Echinococcosis of the liver. Report of a case. R Benedetti and JL Ponka
**18**:39,1970

PARATHYROID GLAND
Clinical evaluation of renal tubular phosphorus reabsorption test. B Frame and R Mellinger
**7**:88,1959

PARKINSONISM
Parkinsonism: Neurological considerations. JD Darnley
**6**:222,1958

PARKINSON'S DISEASE
Parkinson's disease associated with hypoparathyroidism. HA Clarke and B Frame
**10**:51,1962

PAROTID
Warthin's tumor of the parotid gland. AJ Macksood, RF Smith, RB Marshall and RC Horn
**8**:446,1960

PAROTID continued
An unusual case of parotid enlargement. R Jastak
**15**:259,1967

PATIENT CARE
The increasing significance of nursing homes in our way of life. P Ryman
**10**:589,1962

Promethazine-chlorpromazine combination in the treatment of unmanageable psychotic patients. AR Favazza
**17**:305,1969

PELVIC INFLAMMATORY DISEASE
Diagnosis and treatment of gonorrhea. PA Kvale.
**19**:83,1971

PENICILLIN
Comparative study of penicillin G and two synthetic penicillins. JP Truant
**9**:16,1961

Antimicrobial activity of phenoxymethyl and alpha phenoxyethyl. Penicillins against organisms isolated from 17 patients with subacute bacterial endocarditis. JM Colville, EL Quinn, D Jones and LA Ballard
**10**:405,1962

Diagnosis and treatment of gonorrhea. PA Kvale
**19**:83,1971

PENICILLIN G
Anaphylactoid reaction to oral penicillin. A case report. EL Quinn and RE Birk
**5**:183,1957

PEPTIC ULCER
Interrelationship between brain damaging processes and peptic ulceration, perforation and hemorrhage. JA Marvel
**7**:73,1959

Exfoliative cytology in the clinical evaluation of gastric ulcer. JA Rinaldo, JA Marvel, G Fine and E Watson
**7**:216,1959

Peptic ulceration and hormonal states. MZ Fruchtman
**10**:43,1962

The treatment of peptic ulcer with enteric and urinary concentrates. A review. BM Schuman
**10**:595,1962

An infrequent surgical error. Gastroileostomy. B Lewinson, JH Wylie Jr and BE Brush
**11**:357,1963

Endocrine factors in peptic ulcer. B Frame
**14**:173,1966

PEPTIC ULCER THERAPY
The physiologic basis for surgical therapy of peptic ulcer. HN Harkins
**3**:40,1955

Complicated peptic ulcer treated by cobalt-60 teletherapy. A preliminary report of results in 34 patients. CH Brown
**5**:276,1957

PERCUTANEOUS ABSORPTION
Percutaneous absorption of betamethasone-17-benzoate. GR Mikhail
**18**:179,1970

PERFORATION BOWEL
Small bowel perforation in blunt abdominal trauma. C Grodsinsky and BE Brush
**19**:141,1971

PERFUSION
Initial studies of isolated organ perfusion. SG Dienst and MA Krieg
**17**:165,1969

In vitro kidney preservation techniques. SG Dienst
**18**:149,1970

PERICARDITIS
Pericarditis as the presenting manifestation in subdiaphragmatic abscess. FM Kuipers and RK Nixon
**8**:360,1960

PERITONEAL ADHESIONS
The prevention of recurrent peritoneal adhesions. A clinical and laboratory investigation. TA Cromwell and JL Ponka
**18**:233,1970

PERITONEAL DIALYSIS
Meprobamate intoxication treated by peritoneal dialysis: Report of a case. W Hardy, A Ten Pas and RK Nixon
**11**:347,1963

PHENOBARBITAL.
The effect of phenobarbital on serum bilirubin of full term infants. MJ Kokosky et al
**18**:275,1970

PHENOTHIAZINES
Phenothiazines on a general hospital psychiatric service. RR Schopbach
**9**:369,1961

Neurologic complications of phenothiazine therapy. JR Dubois Jr
**11**:59,1963

PHEOCHROMOCYTOMA
Pheochromocytoma. A survey of current concepts. HL Green
**8**:103,1960

Pheochromocytoma: A familial tumor. A study of eleven families. EL Moorhead, MJ Brennan, JR Caldwell and WC Averill
**13**:467,1965

PHLEBOTHROMBOSIS
A device for the prevention of phlebothrombosis and pulmonary embolism. BE Brush, JH Wylie, MA Block, J Beninson and JJ Spitzer
**7**:27,1959

PHONOCARDIOGRAPHY
Atrial sounds in atrial flutter. O Bostic, WFC Duvernoy aned GM Breneman
**19**:115,1971

PHOSPHATASE
Spectacular elevations of serum alkaline phosphatase: Clinical and pathological correlation. RB Patton
**18**:211,1970

PHRENOESOPHAGUS
A note on the use of the phrenoesophageal ligament in the repair of hernia. T Gahagan
**10**:569,1962

PHYSICAL THERAPY
Physical factors in post-mastectomy lymphedema. C Long II
**4**:62,1956

PHYSICIAN EDUCATION
American College of Physicians postgraduate course program
**7**:320,1959

The physician and his education. JE Peterson
**8**:310,1960

"Aims and aspirations of the best and noblest". EA Osius
**13**:461,1965

On becoming a physician. JE Peterson
**14**:43,1966

On becoming a resident. DE Szilagyi
**20**:52,1972

PHYSICIANS, PATIENT RELATION
Medical responsibility and authoritarianism. ET Alexander
**5**:10,1957

PHYSIOLOGY
Impressions of the XXth international physiological congress. OH Gaebler
**4**:214,1956

An equation for the mesenchymal cell activation function in the lamellar bone remodelling equations. R Hattner and HM Frost
**11**:455,1963

PHYSIOLOGY, BONE
Physical characteristics of bone. HM Frost
**9**:148,1961

Physical characteristics of bone - Part I. The existence of plastic flow in vitro. H Roth, HM Frost and AR Villanueva
**9**:149,1961

Physical characteristics of bone —Part IV. Microscopic prefailure and failure patterns. HM Frost, H Roth and AR Villanueva
**9**:163,1961

PIGMENT, SKIN
Comparative studies of human melanocytes in skins of varying degree of pigmentation. F Hu and PF Lesney
**8**:52,1960

PITUITARY
Hypothalamic control of the adenohypophysis. JA Orr
**7**:102,1959

The cytophysiology of the anterior pituitary gland. RR Cardell Jr
**11**:409,1963

Hypophyseal growth hormone. I. Control of secretion. MS Zafar et al
**18**:143,1970

PLANTAR WART
Resection of metatarsal heads for painful and intractable plantar callosities. A report of ten years' experience. L Van Herpe and CL Mitchell
**10**:241,1962

PLASTICS, IN HERNIA REPAIR
Marlex mesh - a new plastic mesh for the repair of hernia. JL Ponka, JH Wylie, L Chaikof, C Sergeant and BE Brush
**7**:278,1959

PLATELETS
Contributions of electron microscopy to the study of platelets. JW Rebuck, JM Riddle, SA Johnson, RW Monto and RM Sturrock
**8**:273,1960

PLATELETS continued
Editorial: Blood platelets. RW Rebuck
**11**:377,1963

Effect of the normal menstrual cycle on platelet adhesiveness. JM Yeung
**18**:193,1970

Gout and arterial thrombosis. FJ Viozzi, GB Bluhm and JM Riddle
**20**:119,1972

PNEUMONECTOMY
Successful surgical management of superior mesenteric and femoral artery tumor emboli resulting from pneumonectomy. DF Webb, L Tomatis, RE Taber and JL Ponka
**13**:299,1965

P.N.H.
Paroxysmal nocturnal hemoglobinuria: Report of two cases with atypical features, autopsy, and review of pathophysiology. AS Ullman, RC Horn Jr, JP Abraham and EJ Van Slyck
**11**:135,1963

POISONING
Accidental ingestion of anticoagulant resulting in a severe hemorrhagic diathesis. RW Monto
**15**:93,1967

POISONING, INDUSTRIAL
Unsuspected industrial poisonings discovered in small industries. EL Belknap
**5**:227,1957

POLIOMYELITIS
The home management of the poliomyelitis respirator patient. TH Joos
**5**:243,1957

POLIOSIS
Vogt-Koyanagi-Harada syndrome. CP Hodgkinson II
**9**:539,1961

POLYCYTHEMIA VERA
Hemorrhagic complications of polycythemia vera. JP Abraham, SA Johnson, ON Ulutin and MJ Caldwell
**9**:11,1961

POLYPS
An instrument to aid in removal of colon and rectal polyps. J Barron
**13**:51,1965

POLYTHIAZIDE
Polythiazide in the treatment of congestive heart failure. JW Keyes, GM Breneman and JR De Jesus Jr
**10**:555,1962

PORPHYRIA
Porphyria — An "enzyme lesion". Review of basic and clinical aspects. CE Rupe
**5**:162,1957

Hemochromatosis and porphyria cutanea tarda. C Petrozzi and RK Nixon
**13**:285,1965

Co-existent Klinefelter's syndrome, acquired cutaneous hepatic porphyria and systemic lupus erythematosus. MS Zafar et al
**18**:227,1970

PORTAL HYPERTENSION
Surgical treatment of portal hypertension. Review of Henry Ford Hospital experience. JP Elliott Jr et al
**18**:121,1970

PORTASYSTEMIC SHUNTS
Surgical treatment of portal hypertension: Review of Henry Ford Hospital experience. JP Elliott Jr et al
**18**:121,1970

$^{32}$P-ORTHOPHOSPHATE
Cation transport. I. Metabolic activity of the polyphosphoinositide complex in isolated renal cortex tubules. PD Bartlett and JF Bossart
**17**:247,1969

POSTOPERATIVE COMPLICATIONS
Epidemiological survey of postoperative surgical infections. BK Bojarski and JP Truant
**13**:223,1965

Recognition and management of hypoxia in postoperative open heart surgical patients. RE Taber and J van de Kerckhof
**16**:15,1968

POTASSIUM, METABOLISM
Potassium - some practical aspects of the physiology of its electrolyte balance. FE Noe
**6**:15,1958

POWDER DIFFRACTION
Identification of crystalline material from lung biopsy by x-ray diffraction. J Parsons
**10**:355,1962

X-ray diffraction powder data for sterioids: Supplement II. J Parsons, ST Wong, WT Beher and GD Baker
**10**:471,1962

X-ray diffraction powder data for steroids: Supplement III, including a discussion of steroid nomenclature. J Parsons, ST Wong, WT Beher and GD Baker
**11**:23,1963

POWDER DIFFRACTION continued
Supplement IV
**12**:87,1964

X-ray diffraction powder data for steroids: Supplement V. J Parsons, ST Wong and WT Beher
**12**:459,1964

Supplement VI
**13**:303,1965

Supplement VII
**14**:387,1966

Supplement VIII
**15**:133,1967

Supplement IX
**16**:215,1968

X-ray diffraction data for amino acid derivatives. J Parsons et al
**18**:282,1970

PRATT, JEAN PAUL
After office hours. A visit with Jean Paul Pratt. SG Berkow
**7**:55,1959

PREDICTING BED AVAILABILITY
An admissions scheduling program. RG Dunn and JT Howell
**15**:319,1967

PREDNISONE
Effects of prednisone on gastric secretion in sympathectomized Heidenhain pouch dogs. WH Janke, PC Pesaros, JL Ponka and BE Brush
**10**:439,1962

PREGNANCY, COMPLICATIONS
Toxemia of pregnancy
**5**:1,1957

Fatal spontaneous hematoma of the vulva in a primipara at 36 weeks before onset of labor. PH Mulder
**5**:250,1957

Obstetrical management of the pregnant cardiac patient. GE LaCroix and EK Igna
**7**:286,1959

Uterine artery construction in pregnancy and experimental hypertension: A concept, a technique. CP Hodgkinson and AA Hodari
**14**:331,1966

Interactions of pregnancy and diabetes. FW Whitehouse
**15**:15,1967

"Anion-gap" acidosis complicating diabetic ketoacidosis. A commentary on diagnosis and management. JC Jurgensen and FW Whitehouse
**17**:311,1969

The hazards of rubella serodiagnosis from single serum studies in pregnancy. GA LoGrippo and H Hayashi
**19**:39,1971

PREMATURITY
Prematurity and neurological disorders. EA Bandera and JA Churchill
**9**:414,1961

PRESERVATION
Initial studies of isolated organ perfusion. SG Dienst and MA Krieg
**17**:165,1969

In vitro kidney preservation techniques. SG Dienst
**18**:149,1970

PRESSURE GRADIENT
Preliminary report on the use of a pressure gradient, elastic support in conditions associated with impaired vascular reserve. J Beninson
**4**:238,1956

PRIMARY GOUT
Gout and arterial thrombosis. FJ Viozzi, GB Bluhm and JM Riddle
**20**:119,1972

PROBENECID
Diagnosis and treatment of gonorrhea. PA Kvale
**19**:83,1971

PROMETHAZINE
Promethazine-chlorpromazine combination in the treatment of unmanageable psychotic patients. AR Favazza
**17**:305,1969

The prevention of recurrent peritoneal adhesions. A clinical and laboratory investigation. TA Cromwell and JL Ponka
**18**:233,1970

PROSTATE, CANCER
An evaluation of radical perineal prostatectomy for carcinoma. WE Chase
**3**:122,1955

Nodular excision of prostatic carcinoma. EE Steinhardt and AW Bohne
**17**:135,1969

PROSTHESIS
Bilateral agenesis of upper extremity. JL Fleming
**4**:81,1956

PROSTHETIC HEART VALVE
A new full orifice disc valve for mitral replacement: Experimental evaluation. RE Taber and Y Imai
**17**:171,1969

PROTEIN, ABNORMAL
Intimations relating to protein-forming diseases. WS Haubrich
**9**:361,1961

PROTEIN, CELL CYTOLOGY
Cytology of cells synthesizing specific proteins. RR Cardell Jr, F Hu and RS Knighton
**12**:273,1964

PROTEIN DEFICIENCY
Kwashiorkor on the Navajo Indian reservation. CB Wolf
**9**:56,1961

PROTEIN-LOSING
Intestinal lymphangiectasia with normal immunological function. A case report. T Madhavan and CE Rupe
**18**:65,1970

PROTEINS, ELECTROPHORESIS
Protein electrophoresis. EF Wilt and NC Brady
**6**:196,1958

PROTEINURIA
Experimental and clinical nephrosis. JM Bandera, JM O'Neill and G Manson
**9**:339,1961

PROTHROMBIN
The effect of the administration of the anticoagulant Marcumar on the blood coagulation mecanisms. SA Johnson, MJ Caldwell and EM Priest
**4**:224,1956

PSEUDOCYST
Renal cell carcinoma masquerading as a pancreatic pseudocyst. A case report. SJ Kingma and HM Allen
**18**:245,1970

PSEUDO GOUT
The simultaneous occurrence of monosodium urate and calcium pyrophosphate dihydrate crystals in an arthritic joint. GB Bluhm and FJ Viozzi
**20**:19,1972

PSEUDOMONAS
The effect of sodium colistinemethanesulfonate on strains of pseudomonas. JP Truant
**9**:23,1961

In vitro and in vivo evaluation of GSH 1018 against pseudomonas keratitis. PC Hessburg and JP Truant
**14**:321,1966

PSITTACOSIS
Medical staff conference. JG Mateer and panel
**3**:97,1955

PSORIASIS
Psoriatic arthritis. H Duncan, D Oberg and WR Eyler
**13**:173,1965

PSYCHIATRIC THERAPY
Some historical reminders in hospitalization. TJ Heldt
**4**:123,1956

The use of phenothiazines on a general hospital psychiatric service. RR Schopbach
**9**:369,1961

Neurologic complications of phenothiazine therapy. JR Dubois Jr
**11**:59,1963

Psychiatric emergenices. WJ Cassidy
**15**:119,1967

Endocrinological psychiatry and psychology. M Bleuler
**15**:309,1967

The psychiatric referral. H von Brauchitsch
**16**:205,1968

Promethazine-chlorpromazine combination in the treatment of unmanageable psychotic patients. AR Favazza
**17**:305,1969

PSYCHOLOGY
Thirty years of clinical psychology. EI Gordon and EL Schott
**4**:29,1956

PSYCHOSOMATIC MEDICINE
The meaning of psychosomatic medicine. LC Dickson Jr
**2**:68,1954

Psychosomatic mechanisms. GA Young
**3**:47,1955

Presenting the diagnosis of functional illness. EJ Alexander
**3**:71,1955

PSYCHOTHERAPY
Psychotherapy. CB Farrar
**3**:90,1955

Art in psychotherapy. RR Schopbach
**12**:301,1964

PSYCHOTHERAPY continued
Art and drawing in psychotherapy. GG Pope
**12**:405,1964

Art in psychotherapy. RR Schopbach
**15**:229,1967

PULMONARY ARTERY
The Trendelenburg operation: Pulmonary artery embolectomy. T Gahagan
**8**:455,1960

PULMONARY DISEASE
Chronic pulmonary diseases and associated neurologic disturbances. J Bartone
**8**:123,1960

Joint pain and pulmonary disease: Case report from medical grand rounds. GF Brinkman, EO Coates, GF Bower, I Friedman, WR Eyler and P Chapman
**11**:339,1963

Management of massive hemoptysis. E Arciniegas and CR Lam
**16**:283,1968

PULMONARY EMBOLISM
Evaluation of patients for pulmonary embolectomy. T Gahagan, A Manzor, HH Gale and R Ormond
**14**:55,1966

Pulmonary angiograms and isotope lung scans. Their role in the diagnosis of pulmonary embolism. RS Ormond et al
**17**:3,1969

Complications of pulmonary angiography. DT Anbe and EH Drake
**18**:49,1970

PULMONARY HEART DISEASE
The diagnosis of chronic cor pulmonale. JR McMurry and RD Parks
**16**:119,1968

PULMONARY HYPERTENSION
Degenerative arteriopathy with pulmonary hypertension: A revised concept of so-called primary pulmonary hypertension. TN James
**9**:271,1961

Addendum. TN James
**9**:450,1961

PULMONARY INSUFFICIENCY
Chronic pulmonary diseases and associated neurologic disturbances. J Bartone
**8**:123,1960

PUMP, ANESTHETIC
The control of postoperative pain by the use of local anesthetic pumps. J Barron
**7**:219,1959

PUMP, JOBST
Preliminary report on the use of a pressure gradient, elastic support in conditions associated with impaired vascular reserve. J Beninson
**4**:238,1956

PURPURA
A case of renal thrombotic thrombocytopenic purpura with comments on coagulation and immunofluorescent studies. SA McCutcheon et al
**16**:239,1968

PUTTI, VITTORIO
Vittorio Putti and Willis Cohoon Campbell. S Stanisavljevic
**10**:257,1962

PYLORIC STENOSIS
Modern surgical treatment of congenital hypertrophic pyloric stenosis. JL Ponka and SE Landrum
**10**:89,1962

PYOGENIC INFECTION
Pyogenic osteomyelitis: Diffusion in live and dead bone with particular reference to the tetracycline antibiotics. HM Frost, AR Villanueva and H Roth
**8**:255,1960

Pyogenic osteomyelitis: The normal bone spaces as a bacterial reservoir. HM Frost
**8**:263,1960

PYOGENIC OSTEOMYELITIS
Pyogenic osteomyelitis: The influence of bone remodelling on recurrence. HM Frost
**9**:42,1961

Jaundice associated wtih hypertrophic pyloric stenosis. MA Block and G Manson
**13**:7,1965

QUANTITATION
Quantitative determination of C-reactive protein (CRP) by micro-double diffusion technic. H Hayashi et al
**18**:155,1970

C-reactive protein: Potential significance of quantitation in patients with chronic diseases. H Hayashi and GA LoGrippo
**20**:91,1972

QUINIDINE
The role of potassium in experimental quinidine intoxication, and its treatment with 2-amino - 2-hydroxymethyl-1, 3- propanediol (Tham). GA Bermudez
**13**:331,1965

RADIAL RATE
Radial rate of osteon closure, measured by means of tetracycline labelling. O Landeros and HM Frost
**12**:499,1964

RADIATION
Some comments on limits and significance of the "permissible radiation dose". LE Preuss
**5**:47,1957

A reasonable attitude toward the medical use of diagnostic radiation. WR Eyler and WM Burns
**5**:192,1957

Editorial: The hazards of medical irradiation. RJ Bloor
**9**:471,1961

RADIATION, PHYSICS
Physics in radiation. L DuSault
**6**:99,1958

RADIATION THERAPY
Postmastectomy edema of the arm. Roentgen aspects. JR Gish and WR Eyler
**4**:64,1956

RADIOACTIVE ISOTOPES
Isotopes in medicine. Introduction. HP Doub
**4**:87,1956

The radioactive isotope research program and facility. LE Preuss
**6**:104,1958

Critical analysis of the control of malignant effusions with radioisotopes. RM O'Bryan et al
**16**:3,1968

RADIOACTIVE TRACERS.
Quantitation of aortic valvular insufficiency using radioactive tracers. An experimental study in vitro. FJ Hildner et al
**18**:27,1970

RADIOGRAPHY
The rationale of breast radiography. AK Pozanski, L Stevenson and DN Dickson
**11**:437,1963

RADIO/IODINE
Isotope cisternography. RISA. JL Fenton et al
**17**:117,1969

RADIOISOTOPES
The application of isotope effects in the study of biological and geological processes. HG Thode
**10**:501,1962

RADIOISOTOPE SCANNING
The liver photoscan in the recognition and management of abdominal masses. MA Block, BM Schuman, WR Eyler, JP Truant and LA DuSault
**14**:85,1966

RADIOLOGIC QUIZ
A radiologic quiz. WR Eyler
**15**:262,1967

RAYNAUD'S DISEASE
Cor pulmonale in association with Raynaud's disease. Report of a case with sympathectomy. EE Schumacher
**5**:256,1957

RECOVERY ROOM
Narcotic drugs in the postanesthetic recovery room. JW Ditzler, PR Dumke and B Collier
**10**:339,1962

RECTAL CYTOLOGY
Rectal cytology by an improved replica method. K Anselm, V Lawoyin and J Blonsky
**19**:1971

Cytology of rectosigmoid diseases using the replica method. V Lawoylin and K Anselm
**20**:15,1972

RECTAL NEOPLASMS
An instrument to aid in removal of colon and rectal polyps. J Barron
**13**:51,1965

REFERRAL, PSYCHIATRIC
The psychiatric referral. H von Brauchitsch
**16**:205,1968

REFERRAL TECHNIQUES
Extrasensory perception in clinical medicine, and other offenses. SH Adelman
**17**:315,1969

REFRACTORY
Refractory hypotension. JK Welborn and JL Ponka
**12**:79,1964

REGIONAL MEDICAL PROGRAMS
Hospital involvement in regional medical programs. RM O'Bryan
**16**:307,1968

REGRESSION, PSYCHOLOGICAL
Death and the inexorably dying. A seminar. S Kingma
**19**:91,1971

REHABILITATION
Eighteen years' experience in rehabilitation. DM Brumfiel
**3**:9,1955

Bilateral agenesis of upper extremity. JL Fleming
**4**:81,1956

Referrals from the social service department to the Michigan District offices of vocational rehabilitation. NL Lewis
**9**:572,1961

RELAXATION OSCILLATOR
Pulse and impulse in the sinus node. TN James
**15**:275,1967

RELIGION
Attitudes toward human organ transplantations. DM Gade
**20**:41,1972

REMODELING BONE
Pyogenic osteomyelitis: The influence of bone remodeling on recurrence. HM Frost
**9**:42,1961

The kinetics of the resorption process in osteonal remodeling of diabetic ribs. H Takahashi and HM Frost
**12**:537,1964

RENAL
A case of renal thrombotic thrombocytopenic purpura with comments on coagulation and immunofluorescent studies. SA McCutcheon et al
**16**:239,1968

RENAL ARTERY OBSTRUCTION
Renal arterial reconstruction in the treatment of hypertension due to renal artery stenosis. JR Caldwell, RF Smith and DE Szilagyi
**14**:95,1966

RENAL CELL CARCINOMA
Renal cell carcinoma masquerading as a pancreatic pseudocyst. A case report. SJ Kingma and HM Allen
**18**:245,1970

RENAL DISEASE
Experimental and clinical nephrosis. JM Bandera, JM O'Neill and G Manson
**9**:339,1961

RENAL TEST (TRP)
Clinical evaluation of renal tubular phosphorus reabsorption test. B Frame and R Mellinger
**7**:88,1959

RENAL TUBERCULOSIS
Bacteriological and clinical studies of genitourinary tuberculosis. JP Truant and JM Hodson
**9**:330,1961

RENAL TUBULES
Cation transport. I. Metabolic activity of the polyphosphoinositide complex in isolated renal cortex tubules. PD Bartlett and JF Bossart
**17**:247,1969

RENOGRAFIN 60
Double contrast arthrography of the knee. PC LaRowe et al
**18**:107,1970

RENOVASCULAR HYPERTENSION
Angiotensin infusion: A clinical evaluation as a screening test for renovascular hypertension. R Berguer and RF Smith
**19**:127,1968

RESORPTION, BONE
The numbers of bone resorption and formation foci in rib. M Kelin and HM Frost
**12**:527,1964

Osteoid seams and resorption spaces in standard samples of human 6th and 11th ribs. F Santoro and HM Frost
**15**:241,1967

Evaluation of cellular-level haversian bone resorption in human hyperparathyroid states: A preliminary report. HM Frost et al
**17**:259,1969

Nature of bone resorption and formation in normalcy and disease. BN Epker and HM Frost
**18**:29,1968

RESOURCE UTILIZATION
An admissions scheduling program. RG Dunn and JT Howell
**15**:319,1967

RESPIRATION
Narcotic drugs in the postanesthetic recovery room. JW Ditzler, PR Dumke and B Collier
**10**:339,1962

RESPIRATION, MITRAL DISEASE
Responsiveness of the respiratory centers in cardiacs with mitral diseases. FE Noe, HG Pauli and EO Coates Jr
**5**:119,1957

RESPIRATION, NEWBORN
Respiration in the newborn infant. AR Bauer and PJ Howard
**5**:288,1957

RESPIRATORY INFECTIONS
Acute respiratory infections in civilian adults. F Cox Jr, EA Timm and EL Quinn.
**10**:27,1962

RESPIRATORY INSUFFICIENCY
Management of hypoxia following open heart surgery. RE Taber and J van de Kerckhof
**13**:11,1965

RETARDED CHILDREN
Services to mentally retarded children and their parents. BB Bemiss
**11**:231,1963

RETICULAR FORMATION
Changes in behavior through stimulation of the reticular formation of the monkey. LD Proctor, RS Knighton, JA Churchill and J Bebin
**6**:266,1958

The cerebellopontile angle, the blood supply of the brain stem and the reticular formation. J Bebin
**16**:61 and 163,1968

RETICULOENDOTHELIOSIS
Reticuloendotheliosis. BM Hamil
**4**:173,1956

RETICULOTHIAZINE
Intimations relating to protein forming diseases. WS Haubrich
**9**:361,1961

RETINAL DETACHMENT
A surgical correlator. PC Hessburg
**16**:267,1968

RETRACTOR
Description of new orthopedic appliances. J Lyford III
**2**:198,1954

RETROPERITONEAL FIBROSIS
Idiopathic retroperitoneal fibrosis: Ormond's syndrome. JK Ormond
**10**:13,1962

RHASE
Combined action of 5-fluorouracil and other cytotoxic agents with crystalline ribonuclease on mouse ascites tumor. S Podolsky, AW Wase and J Cardenas
**9**:583,1961

RHESUS MONKEY
Measurement of haversian bone remodelling by means of tetracycline labelling in rib of rhesus monkeys. RC Schock, FR Noyes and AR Villaneuva
**20**:131,1972

RHEUMATIC FEVER
A history of rheumatic fever. G Manson
**7**:145,1959

RHEUMATISM
Palindromic rheumatism, systemic lupus erythematosus, and circulating anticoagulant activity. H Duncan and EJ Van Slyck
**14**:249,1966

RHODAMINE STAIN
Fluorescence microscopy of tubercle bacilli stained with auramine and rhodamine. JP Truant, WA Brett and W Thomas Jr
**10**:287,1962

RIB
The numbers of bone resorption and formation foci in rib. M Kelin and HM Frost
**12**:527,1964

The presence of frequency maxima in histograms of resorption space sizes in human rib cortex. H Takahashi and HM Frost
**13**:41,1965

Normal histological, tetracycline and dynamic parameters in human, mineralized bone sections. DJ Pirok, JR Ramser, H Takahashi, AR Villanueva and HM Frost
**14**:195,1966

Measurement of haversian bone remodelling by means of tetracycline labelling in rib of rhesus monkeys. CC Schock, FR Noyes and AR Villaneuva
**20**:131,1972

RIBONUCLEIC ACID
Combined action of 5-fluorouracil and other cytotoxic agents with crystalline ribonuclease on mouse ascities tumor. S Podolsky, AW Wase and J Cardenas
**9**:583,1961

RICKETS
The radioactive isotope research program and facility. LE Preuss
**6**:104,1958

Refractory rickets and osteomalacia. B Frame and G Manson
**8**:293,1960

A report of some examples of abnormal halo volume. HM Frost, DM Bolsworth, RH Halliburton and Z Sezgin
**9**:404,1961

Acquired non-familial osteomalacia of vitamin-D-resistant type. B Frame, RW Smith Jr and GM Wilson Jr
**9**:548,1961

RNA
A synchronous group of mammallian cells whose in vivo behavior can be studied. HM Frost
**13**:161,1965

ROENTGENOGRAPHY
Some roentgen manifestations of acute abdominal disease. WR Eyler
**2**:2,1954

ROLLER-BEARING PROSTHESIS
A replacement prosthesis for the hip: a preliminary report. HM Frost and ER Guise
**19**:3,1971

ROY D McCLURE LECTURE
1957: The reflection of a surgeon in the progress of his art. GC Penberthy
**5**:155,1957

1958: The philosophy of surgery. HB Stone
**6**:236,1958

RUBELLA
Rubella: Current status of immunization. EL Quinn et al
**18**:73,1970

The hazards of rubella serodiagnosis from single serum studies in pregnancy. GA LoGrippo and H Hayashi
**19**:39,1971

Rubella immunization of adult females using HPV-77 DK-12 live attenuated rubella virus. DA Romig, EL Quinn, G Cox et al
**19**:59;1971

RUBEOLA WITH HEMIPLEGIA
Rubeola encephalitis with hemiplegia; report of two cases treated with cortisone. JR Gurnick, RA Greiner and WC Montgomery
**6**:332,1958

RUNAWAY PACEMAKER
Pacemaker induced ventricular tachycardia. Report of a case with the "runaway pacemaker." R Garcia and E Arciniegas
**17**:15,1969

SALICYLATE
Comparative gastroscopic study of choline salicylate and aspirin. SC Danao and BM Schuman
**20**:27,1972

SALIVA
Immunoglobulin levels in spinal fluid and saliva by direct immunochemical assay and microscopic measurements. H Hayashi et al
**18**:263,1970

SALIVARY GLAND TUMORS
Clinical and histopathological aspects of the salivary gland tumors. BN Epker
**15**:345,1967

SALK VACCINE
A study of the reasons for nonparticipation in the Salk vaccine program. S Hughes
**7**:262,1959

SARCOIDOSIS
Sarcoidosis and idiopathic thrombocytopenic purpura. EJ Van Slyck and D Dasgupta
**17**:93,1969

SARCOLEMMA
The role of ions in muscle excitation and contraction. RE Fuller and WL Morgan
**8**:55,1960

SARCOMA, OSTEOGENIC
Extraskeletal osteogenic sarcoma. Case report. K Hoffman, G Fine, JL Ponka and JK Welborn
**14**:381,1966

SCALENE NODE
The importance of biopsy of non-palpable scalene nodes in bronchogenic carcinoma. BK Mazur and GL Brinkman
**10**:433,1962

SCANS
Pulmonary angiograms and isotope lung scans. Their role in the diagnosis of pulmonary embolism. RS Ormond et al
**17**:3,1969

Isotope cisternography - RISA. JL Fenton et al
**17**:117,1969

SCAPULAR SYNDROME
Myofascial pain syndromes. Part II - Syndromes of the head, neck and shoulder girdle. C Long II
**4**:22,1956

SCHISTOSOMIASIS
Segmental ileitis due to schistosomiasis Mansoni. H Tesluk
**1**:18, Dec 1953

Ulcer symptoms due to schistosomiasis Mansoni. C Westermeyer
**3**:140,1955

SCHIZOPHRENIA
The use of phenothiazines on a general hospital psychiatric service. RR Schopbach
**9**:369,1961

SCHOOL ADJUSTMENT
Some essentials of child health appraisal relating to school adjustment. BM Hamil
**12**:211,1964

SCHOOL OF NURSING
Florence Nightingale and one hundred years of modern nursing. Twenty-eighth commencement — 1954 HFH School of Nursing. FR Menagh
**3**:76,1955

SCIENTIFIC AWARDS
Scientific awards to OH Gaebler and RJ Priest
**7**:318,1959

SCIENTIFIC PROGRAM
Impressions of the XXth international physiological congress. OH Gaebler
**4**:214,1956

SCLEROSIS
Systemic sclerosis. RE Birk and CE Rupe
**10**:523,1962

The status of sickle cell disease as an aviation problem. FW Hartman
**14**:109,1966

SCREENING
Double screening for diabetes. FW Whitehouse
**16**:188,1968

SCROTAL INFLATION
Scrotal inflation: A new cause for subcutaneous, mediastinal and retroperineal emphysema. G Bush and RK Nixon
**17**:225,1969

SECRETORY OTITIS
Pathology of secretory otitis — A temporal bone report. LFP De Moura and RC Hayden
**17**:25,1969

SEIZURES
Unusual seizure discharges on stimulation in the limbic system of the monkey. LD Proctor, WR McCrum and J Lukasewski
**9**:35,1961

Effects of an EEG "seizure discharge" on operant responding. RM Lee, JA Lee, H van den Ende et al
**19**:161,1971

SENESCENCE
Relation between age and size of osteons in man. H Takahashi, B Epker and HM Frost
**13**:25,1965

SENSITIVITY, ANTIBIOTICS
Summary report: Antimicrobial susceptibility test results from Henry Ford Hospital compared with others nationally, January-June, 1969. TR Neblett et al
**17**:227,1969

SEPTAL DEFECT
The electrocardiogram in interatrial septal defect. RF Ziegler
**4**:228,1956

SEPTICEMIA
Clostridial septicemia with intravascular hemolysis. GM Mastio and E Morfin
**13**:421,1965

SERUM BILIRUBIN
The effect of phenobarbital on serum bilirubin of full term infants. MJ Kokosky et al
**18**:275,1970

SERUM CALCIUM
Studies on the ultrafiltration of serum calcium. GA Leighton, R Holland and B Frame
**10**:37,1964

SERUM GLOBULIN
A standardized immunochemical method for quantitative determination of the immunoglobulins in serum. NS Sharpless and GA LoGrippo
**13**:55,1965

SERUM HEPATITIS
Serum hepatitis at Henry Ford Hospital, 1958-1967. KS Murthy and BM Schuman
**18**:57,1970

SERUM PROTEINS
Normal serum protein levels in Syrian (golden) hamsters as compared with the protein levels in SV 40 tumor bearing and SV 40 immune hamsters. H Hayashi
**15**:149,1967

SEX DETERMINATION
Bio-science seminar — chromosomal disorders in man. RW Smith Jr, JL Hamburger, MZ Fruchtman and R Guevin
**9**:231,1961

SEXUAL MATURATION
Endocrinological psychiatry and psychology. M Bleuler
**15**:309,1967

SEXUALITY
Some fundamentals of gonadal development and function. RW Smith and RC Mellinger
**8**:324,1960

SHRINKAGE, BONE
Physical characteristics of bone. Shrinkage and hydration. HM Frost
**10**:237,1962

SICKLE CELLS
Electron microscopy of the sickling process. JW Rebuck, RM Sturrock and RW Monto
**1**:29, Dec 1953

Genetic counseling for hemoglobinopathies. A model for large scale application. CE Jackson, ES Caldwell and EJ Van Slyck
**20**:77,1972

SIGMOIDOSCOPY
Cytology of rectosigmoid diseases using the replica method. V Lawoyin and K Anselm
**20**:15,1972

SINUS NODE
The response of sinus node function to ligation of the sinus node artery. TN James and K Reemtsma
**8**:129,1960

Direct perfusion of the sinus node. An experimental model for pharmacologic and electrophysiologic studies of the heart. TN James and RA Nadeau
**10**:21,1962

The effects of vagal stimulation, eserine and atropine on retrograde pressure in the sinus node artery. TN James and RA Nadeau
**12**:23,1964

Pulse and impulse in the sinus node. TN James
**15**:275,1967

SJOGREN'S SYNDROME
Sjogren's syndrome in childhood: Report of a case. H Duncan et al
**17**:35,1969

SKELETAL TRACTION
Clinical use of the halo. Case reports using skeletal traction apparatus. LZ Shifrin
**20**:67,1972

SKELETON
Some aspects of the mechanics and dynamics of blood-bone interchange. HL Frost
**8**:36,1960

Mean skeletal age: Its calculation, and theoretical effects on skeletal tracer physiology and on the physical characteristics of bone. E Hattner and HM Frost
**11**:201,1963

SKIN
Observations on the ultrastructure of human skin. F Hu and RR Cardell Jr
**10**:63,1962

SKIN GRAFTING
Epidermoid carcinoma arising in an epidermal inclusion cyst. TV Hayes and J Ponka
**20**:97,1972

SKULL
Clinical use of the halo: Case reports using skeletal traction apparatus. LZ Shifrin
**20**:67,1972

SLADEN, FRANK J
Biographical note and portrait
**1**:3, Mar 1953

Dr Frank J Sladen's contributions to the Henry Ford Hospital. JG Mateer
**10**:1,1962

SLEEP
Problems related to children's sleep. S Podolsky
**10**:385,1962

SLIPPING EPIPHYSIS
Slipped capital femoral epiphysis (follow-up study). CL Mitchell
**17**:43,1969

SOCIAL SERVICE
The social service problem in cancer control. R Ryman
**7**:14,1959

All-inclusive care for the cancer patient. A study of social factors. BP Rowen
**7**:270,1959

Referrals from the social service department to the Michigan District Offices of vocational rehabilitation. NL Lewis
**9**:572,1961

The physicians' understanding of social service. Sister ML Koeppe
**9**:576,1961

SODIUM$^{24}$
Quantitation of aortic valvular insufficiency using radioactive tracers. An experimental study in vitro. FJ Hildner et al
**18**:27,1970

SOMATOTROPIN
Growth hormone, insulin and replacement or storage of nitrogen. OH Gaebler and HC Choitz
**13**:377,1965

SOUND MEASUREMENT
Standing wave problems in acoustic behavioral testing of animals. H van den Ende
**8**:299,1960

SPACE FLIGHT
A computer identification of the EEG in a neurophysiological behavioral problem. WR McCrum, AW Jacobson, LD Proctor, H van den Ende and H Devore
**11**:385,1963

SPEECH AND HEARING
The audiology and speech clinic. AB Graham
**1**:24, Sept 1953

Helping the hearing impaired to achieve better articulation. MR Costello
**5**:103,1957

SPHYGMOMANOMETER
Compression tank sphygmomanometer inflater. FH Allen, R Jackson and JR Caldwell
**12**:323,1964

SPINE
Congenital anomalies of the brain and spinal cord. EA Kahn
**3**:193,1955

Syringomyelia associated with Arnold-Chiari malformation. HF Labsan and LD Proctor
**8**:157,1960

Hereditary spino-cerebellar ataxia, oligophrenia and congenital cataracts. R Calderon
**12**:395,1964

Derotation osteotomy of the femur in cerebral palsy. JR Glessner Jr
**17**:59,1969

Decompressive laminectomy in the management of spinal epidural metastases. JS Rogers and RS Knighton
**17**:201,1969

Immunoglobulin levels in spinal fluid and saliva by direct immunochemical assay and microscopic measurements. H Hayashi, GA LoGrippo, K Anselm and RJ Priest
**18**:263,1970

SPLEEN
Splenic rupture: With consideration of the so-called "spontaneous rupture of normal spleen". E Camacho
**7**:30,1959

Observation on the gastrointestinal administrations of bovine splenic, renal and muscle homogenates on hematopoiesis in man: A preliminary report. RW Monto, JA Barron and JW Rebuck
**11**:147,1963

The effect of gastrointestinal administration of bovine splenic homogenate on hematopoiesis in man. RW Monto, JA Barron, JW Rebuck and VK Vaitkevicius
**12**:227,1964

SPONDYLITIS
Rheumatoid spondylitis associated with aneurysmal dilation of the entire thoracic aorta. WFC Duvernoy and IJ Schatz
**14**:309,1966

STAB WOUNDS
Emergency management of thoraco-abdominal trauma. A study of 275 injury patients. JL Ponka and RO Anton
**9**:263,1961

STAFF APPOINTMENTS
Introduction to new staff personnel
**4**:47,1956
**4**:115,1956
**4**:200,1956
**5**:64,1957
**5**:212,1957
**6**:85,1958
**6**:356,1958
**7**:123,1959
**8**:363,1960
**9**:595,1961
**10**:101,1962
**10**:405,1962
**11**:259,1963
**15**:175,1967

STAINING
Presence of microscopic cracks in vivo in bone. HL Frost
**8**:25,1960

In vivo impermeability of feathered bone to tetracyclines. HM Frost
**8**:225,1960

A comparison of light microscopy staining methods applied to a polyster and three epoxy resins. V Bryant and JHL Watson
**15**:65,1967

A new biological stain for peripheral blood and bone marrow smears. AR Villanueva
**18**:11,1970

STAPHYLOCOCCUS
The staphylococci. JP Truant
**7**:68,1959

Comparative study of penicillin G and two synthetic penicillins. JP Truant
**9**:16,1961

STARVATION
A hazard of "diet pop." C Wolf
**17**:63,1969

STASIS, VENOUS
Extensive stasis ulcerations: Report of a case. J Beninson and HG Bryan
**9**:530,1961

STENOSIS, PYLORIC
Modern surgical treatment of congenital hypertrophic pyloric stenosis. JL Ponka and SE Landrum
**10**:89,1962

STERILIZATION
Beta propiolactone for sterilization of biological materials. GA LoGrippo
**5**:94,1957

STERILIZATION continued
Betaprone sterilization of hepatitis-infected materials: safety precautions for laboratory workers. GA LoGrippo, H Hayashi and SM Saeed
**19**:257,1971

STEROIDS
Effects of prednisone on gastric secretion in sympathectomized Heidenhain pouch dogs. WH Janke, PC Pesaros, JL Ponka and BE Brush
**10**:439,1962

The effects of 3,5-diiodothyroacetic and 3,3,5-triodothroacetic acids on the time course of steroid C14 metabolism in the rat. WT Beher and GD Baker
**13**:427,1965

X-ray diffraction powder data for steroids. J Parsons, WT Beher and D Baker
**6**:365,1958

Supplement I
**9**:54,1961

Supplement II
**10**:471,1962

Supplement III
**11**:23,1963

Supplement IV
**12**:87,1964

Supplement V
**12**:459,1964

Supplement VI
**13**:303,1965

Supplement VII
**14**:387,1966

Supplement VIII
**15**:133,1967

Supplement IX
**16**:215,1968

STEROIDS, METABOLISM
Metabolic effects of growth hormone, corticotropin and various steroids. OH Gaebler
**6**:133,1958

STEROID THERAPY
Central retinal vein occlusion treated with anticoagulant and steroid therapy: Case report and discussion. D Barsky
**4**:98,1956

STEROL
Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. WT Beher
**15**:107,1967

STILLBIRTHS
Comparison of the causes of stillbirths and neonatal deaths. PJ Howard
**2**:134,1954

STINGS, INSECT
Some aspects of insect allergy. JH Shaffer
**9**:191,1961

STOMACH
Acute volvulus of the stomach secondary to adhesions: Case report. AK Shaalan and JL Ponka
**12**:351,1964

STOMACH, SURGERY
The use of jejunal and ileal loops in stomach and colon surgery. J Barron
**6**:328,1958

STOMACH ULCERS
Interrelationship between brain damaging processes and peptic ulceration, perforation and hemorrhage. JA Marvel
**7**:73,1959

STRABISMUS
Anomalous retinal correspondence, diagnostic tests and therapy. JS Kukora
**5**:14,1957

STREPTOCOCCUS
Pyogenic osteomyelitis. The influence of bone remodelling on recurrence. HM Frost
**9**:42,1961

A comparison of the immunofluorescence technique with conventional methods for the identification of group A beta hemolytic streptococci. JP Truant, IK Hadley and TT Boyd
**13**:357,1965

STREPTOMYCIN
Ototoxicity in cats following toxic doses of streptomycin. TM McGee
**6**:182,1958

STRESS, BONE
Physical characteristics of bone - Part III. A semimicro measurement of unit shear stress. HM Frost, H Roth and AR Villanueva
**9**:157,1961

Physical characteristics of bone. Part IV: Microscopic prefailure and failure patterns. HM Frost, H Roth and AR Villanueva
**9**:163,1961

STUDIES, PSYCHOLOGICAL
Thirty years of clinical psychology. EI Gordon and EL Schott
**4**:29,1956

SUBARACHNOID HEMORRHAGE
Spontaneous subarachnoid hemorrhage. J Bebin
**5**:133,1957

SUBDURAL HEMATOMA
One hundred cases of subdural hematoma from 1930 to 1955. F Gomez
**5**:35,1957

SUBLUXATION, HIP
Interesting cases of congenital hip dislocation and subluxation in newborn babies. S Stanisavljevic
**9**:224,1961

SUDDEN DEATH
Degenerative arteriopathy with pulmonary hypertension. A revised concept of so-called primary pulmonary hypertension. TN James
**9**:271,1961

SUICIDE
Assessing attempted suicide. WJ Cassidy
**18**:205,1970

SURGERY
Research in oral surgery: An editorial. FA Henny
**5**:72,1957

The reflection of a surgeon in the progress of his art. GC Penberthy
**5**:155,1957

The philosophy of surgery. HB Stone
**6**:236,1958

My friend, Dr Roy D McClure. JP Pratt
**9**:475,1961

The surgeon's left hand. MA Block
**20**:41,1972

SURGERY, POSTOPERATIVE PAIN
The control of postoperative pain by the use of local anesthetic pumps. J Barron
**7**:219,1959

SURGICAL EQUIPMENT
A surgical correlator. PC Hessburg
**16**:267,1968

SURVEILLANCE
A method of hospital infection surveillance incorporating the use of a computer. BW Steinhauer
**15**:139,1967

SUSCEPTIBILITY
Summary report: Antimicrobial susceptibility test results from Henry Ford Hospital compared with others nationally, January-June 1969. TR Neblett et al
**17**:227,1969

SYMPOSIA AT HFH
Program 1953: Virus infections
**1**:28, Sept 1953

Program 1954: Cardiovascular surgery
**2**:205,1954

1955 Program: Enzymes: Units of Biological structure and function
**3**:162,1955

Program 1956: The leukemias: Etiology and pathophysiology
**4**:42,1956

Program: Hepatitis frontiers
**4**:156,1956

Program 1957: Reticular formation of the brain
**5**:58,1957

Program 1958: The mechanisms of hypersensitivity
**6**:71,1958

Program of the international symposium on the biology of pyelonephritis
**7**:125,1959

Program. International symposium on the blood platelets, 1960
**8**:81,1960

Program of the international symposium on otosclerosis, 1960
**8**:469,1960

Program for 1961: The etiology of myocardial infarction
**9**:452,1961

Program: Bone biodynamics
**11**:113,1963

Program: Pain
**12**:479,1964

SYNCOPE
Degenerative arteriopathy with pulmonary hypertension: A revised concept of so-called primary pulmonary hypertension. TN James
**9**:271,1961

SYNDROMES, MEDICAL
Some unusual medical syndromes. RH Durham
**6**:11,1958

SYNTHESIS
Edsel B. Ford Lecture, 1964
**12**:477,1964

SYPHILIS
The value of the treponema pallida immobilization test (TPI) in the diagnosis of borderline cases of syphilis. FR Menagh
**2**:130,1954

SYRINGOMYELIA
Syringomyelia associated with Arnold-Chiari malformation. HGF Labsan and LD Proctor
**8**:157,1960

SYSTEMIC EMBOLISM
Prevention of recurrent systemic embolism with anticoagulants in patients with rheumatic heart disease. S Misra and IJ Schatz
**19**:135,1971

SYSTEMIC SCLEROSIS
Systemic sclerosis. RE Birk and CE Rupe
**10**:523,1962

TABLE, READING
An adjustable dual-purpose "overhead" reading table for use on the Foster-Lyford reversible orthopedic bed. J Lyford III
**2**:199,1954

TACHYCARDIA
Paroxysmal auricular tachycardia with block. RM Denham
**3**:154,1955

TEACHING
An aid to learning neuro-muscular anatomy. WE Loechel
**11**:233,1963

TEMPORAL BONE.
Pathology of secretory otitis. A temporal bone report. LFP De Moura and RC Hayden
**17**:25,1969

TEMPOROMANDIBULAR
Arthritis of the temporomandibular joint. Diagnosis and management. DH Bellinger
**2**:56,1954

TENDONS
Paratendinous apparatus of the digital extensor mechanism. Some clinical features. R Pool Jr and S Stanisavljevic
**10**:253,1962

TERMINAL ILLNESS
Death and the inexorably dying. A seminar. S Kingma
**19**:91,1971

TESTICLES
Some fundamentals of gonadal development and function. RW Smith Jr and RC Mellinger
**8**:324,1960

Bovine testicular antihyaluronidase in rabbits. Production and purification. G Fine et al
**17**:19,1969

Mixed gonadal stroma cell tumor of the testicle. GB Farrow and AJ Johnson
**18**:201,1970

TESTING
Thirty years of clinical psychology. EI Gordon and EL Schott
**4**:29,1956

TESTS, URINARY
A review of methods for determining significant urinary tract infections. JP Johnston
**11**:185,1963

TETANUS
Experience with 18 cases and review of current concepts. JP Johnston
**13**:3,1965

Tetanus: current concepts and review of 18 cases. JP Johnston
**15**:199,1967

TETRACYCLINE
An economical microfluorescence set-up for detection of tetracyclines in bone. HM Frost
**8**:197,1960

Observations on osteoid seams. The existence of a resting state. HM Frost
**8**:220,1960

Measurement of bone formation in a 57-year-old man by means of tetracyclines. HM Frost, AR Villanueva and H Roth
**8**:239,1960

Lamellar osteoid mineralized per day in man. HM Frost
**8**:267,1960

Human osteoblastic activity. Part I Comparative method of measurement with some results. HM Frost
**9**:76,1961

Part II Measurement of the biological half-life of bones with the aid of tetracyclines. HM Frost
**9**:87,1961

Specific surface and specific volume of normal human lamellar bone. HM Frost
**10**:35,1962

Effect of Marsilid on diaphyseal lamellar rabbit bone. Z Sezgin, D Bosworth and HM Frost
**10**:209,1962

Radial rate of osteon closure, measured by means of tetracycline labelling. O Landeros and HM Frost
**12**:499,1964

TETRACYCLINE continued
Tetracyclines and fetal bones. HM Frost
**13**:403,1965

Fractional labeling: The fraction of actively forming osteons that take tetracycline labels in normal human bone. T Rush, D Pirok and HM Frost
**14**:255,1966

The existence of a zone of finite thickness during tetracycline labeling of bone. T Taylor and HM Frost
**14**:397,1966

Tetracycline-based histological measurement of cortical-endosteal bone formation in normal and osteoporotic rib. S Jett
**15**:325,1967

Tetracycline-based measurements of the bone dynamics in the rib of a girl with hyperphosphatasia. S Jett and HM Frost
**16**:325,1968

Diagnosis and treatment of gonorrhea. PA Kvale
**19**:83,1971

Measurement of haversian bone remodeling by means of tetracycline labeling in rib of rhesus monkeys. CC Schock, FR Noyes and AR Villaneuva
**20**:131,1972

THAM
The role of potassium in experimental quinidine intoxication, and its treatment with 2-amino-2-hydroxymethyl-1, 3-propanediol (Tham). GA Bermudez
**13**:331,1965

THAYER-MARTIN MEDIUM
Diagnosis and treatment of gonorrhea. PA Kvale.
**19**:83,1971

THECOMA
Granulosa and theca cell tumors of the ovary. JN Canton and CP Hodgkinson
**8**:318,1960

THIAZIDES
Polythiazide in the treatment of congestive heart failure. JW Keyes, GM Breneman and JR de Jesus Jr
**10**:555,1962

THORACO-ABDOMINAL TRAUMA
Emergency management of thoraco-abdominal trauma. A study of 275 injury patients. JL Ponka and RO Anton
**9**:263,1961

THROMBOCYTOPENIA
A case of renal thrombotic thrombocytopenic purpura with comments on coagulation and immunofluorescent studies. SA McCutcheon et al
**16**:239,1968

Sarcoidosis and idiopathic thrombocytopenic purpura. EJ Van Slyck and D Dasgupta
**17**:93,1969

THROMBOSIS
A case of renal thrombotic thrombocytopenic purpura with comments on coagulation and immunofluorescent studies. SA McCutcheon et al
**16**:239,1968

THROMBOTIC MICROANGIOPATHY
Mycosis fungoides with thrombotic microangiopathy and major nervous systems manifestations. TA Chapel et al
**18**:237,1970

THYROACETIC ACID
The effects of 3,5 diiodothyroacetic acid and 3,3, 5-triiodothyroacetic acids on the time course of steroid C14 metabolism in the rat. WT Beher and GD Baker
**13**:427,1965

THYROID
Nodular goiter and thyroid cancer. JM Miller
**2**:118,1954

A previously unreported effect of the prolonged administration of desiccated thyroid. T Baumgartner and JM Miller
**6**:256,1958

A note on the absence of thyroid stimulating hormones in toxic autonomous goiter. JM Miller, MA Block and RC Horn
**11**:449,1963

Post-therapeutic thyroid reserve in euthyroid patients after ablative therapy for diffuse toxic goiter. JJ Prendergast and JM Miller
**18**:3,1970

Hypophyseal growth hormone. II. Interaction with other hormones. MS Zafar et al
**18**:165,1970

THYROXINE
Effect of thyroxine on chondro-osseous complex resorption in the rat. HM Frost, AR Villanueva, S Stanisavljevic and H Roth
**10**:199,1962

TIBIAL FRACTURES
Crossed-pin technique in management of complex tibial fractures. HM Frost
**8**:394,1960

TISSUE, CONNECTIVE
Hurler's disease. PC Hessburg
**10**:419,1962

TISSUE CULTURE
Inactivation of vacuolating virus (SV 40) by beta-propiolactone. H Hayashi and GA LoGrippo
**10**:463,1962

Inactivation of vacuolating virus (SV 40) by beta-propiolactone. I. Evaluation in tissue culture. H Hayashi and GA LoGrippo
**10**:471,1962

TISSUE, NECROSIS
Soft tissue necrosis due to norepinephrine infusions. AP Kelly
**6**:213,1958

TOE, BIG
The brevity of Babinski. JD Fox
**4**:114,1956

TOLBUTAMIDE
Questions and answers about tolbutamide and oral hypoglycemic agent. FW Whitehouse and JB Bryan
**5**:179,1957

Oral tolbutamide response test in the diagnosis of diabetes mellitus. RU Massey
**14**:31,1966

TOOTH DECAY
Review of investigations into the biology of dental caries immunity. GE Green
**11**:71,1963

TOXIC GOITER
Post-therapeutic thyroid reserve in euthyroid patients after ablative therapy for diffuse toxic goiter. JJ Prendergast and JM Miller
**18**:3,1970

TRANQUILIZERS
Neurological complications of phenothiazine therapy. JR Dubois Jr
**11**:59,1963

TRANSAMINASE
Preliminary experience with the glutamic oxaloacetic transaminase determination in acute myocardial infarction in humans. EM Priest, DG Remp, DH Basinski and L Dickson
**3**:208,1955

TRANSFUSION
Serum hepatitis at Henry Ford Hospital, 1958-1967. KS Murthy and BM Schuman
**18**:57,1970

TRANSPLANTATION
In vitro kidney preservation techniques. SG Dienst
**18**:149,1970

Use of a cooling jacket during kidney transplantation. SC Dienst and MR Ansari
**19**:127,1971

Intra-abdominal heterotopic transplantation of the canine heart. R Taber, N Kouno and J Simon
**19**:211,1971

Attitudes toward human organ transplantations. DM Gade
**20**:41,1972

TRAPEZIUS SYNDROME
Myofascial pain syndromes, part II. Syndromes of the head, neck and shoulder girdle. C Long II
**4**:22,1956

TRAUMA
Emergency management of thoraco-abdominal trauma. A study of 275 injury patients. JL Ponka and RO Antoni
**9**:263,1961

TRENDELENBURG OPERATION
The Trendelenburg operation. Pulmonary artery embolectomy. T Gahagan
**8**:455,1960

TRP TEST
Clinical evaluation of renal tubular phosphorus reabsorption test. B Frame and R Mellinger
**7**:88,1959

TTP
Mycosis fungoides with thrombotic microangiopathy and major nervous system manifestations. TA Chapel et al
**18**:237,1970

TUBE FEEDING
Tube feeding with liquefied natural foods. J Barron
**1**:13, June 1953

Preparation of natural foods for tube feeding
**4**:18,1956

Tube feeding as part of the supportive care of the surgical patient. BM Schuman
**19**:35,1971

TUBERCLE BACILLI
Macroglobulinemia: Report of 10 cases. DR Hines
**10**:297,1962

TUBERCULOSIS
Congenital tuberculosis. GB Kempton and PJ Howard
**1**:6, Sept 1953

TUBERCULOSIS continued
Acute miliary disease of the lungs: Diagnosis and treatment. MA Blakenhorn
**4**:94,1956

Vaccination against tuberculosis with ultrasonic-vibrated tubercle bacilli. JP Truant
**8**:438,1960

Bacteriological and clinical studies of genito-urinary tuberculosis. JP Truant and JM Hodson
**9**:330,1961

Fluorescence microscopy of tubercle bacilli stained with auramine and rhodamine. JP Truant, WA Brett and W Thomas Jr
**10**:287,1962

TUBING, HAZARDS
The hazards of gastro-intestinal intubation. CD Hafner and JH Wylie
**8**:163,1960

TUMOR, INTRACRANIAL
The worth of serial electroencephalograms. S Gonzalez and JA Churchill
**4**:186,1956

TUMORS
Pheochromocytoma. A survey of current concepts. HL Green
**8**:103,1960

Granulosa and theca cell tumors of the ovary. JN Canton and CP Hodgkinson
**8**:318,1960

Warthin's tumor of the parotid gland. AJ Macksood, RF Smith, RB Marshall and RC Horn
**8**:446,1960

Intra-arterial chemotherapy malignant diseases. RW Talley, VK Vaitkevicius and JE Kelly
**9**:1,1961

Surgical management of appendiceal carcinoids: An analysis of twenty-four cases. JL Ponka and RO Antoni
**11**:431,1963

Nodular excision of prostatic carcinoma. EE Steinhardt and AW Bohne
**17**:135,1969

Decompressive laminectomy in the management of spinal epidural metastases. JS Rogers and RS Knighton
**17**:201,1969

Mixed gonadal stroma cell tumor of the testicle. GB Farrow and AJ Johnson
**18**:201,1970

TURNER'S SYNDROME
Gonadal dysgenesis (Turner's syndrome) with associated liver disease and bleeding esophageal varices. T Bridwell
**7**:156,1959

Turner's syndrome in males. P Caron, WC Mieher, RC Mellinger and EW Green
**12**:121,1964

TYPHOID CARRIERS
Experimental treatment of typhoid carriers. HE Carnes, JE Gajewski, PN Brown and JH Conlin
**3**:12,1955

ULCER PEPTIC
An experimental study on the action of bile in the normal dog and its protective role in dogs with ulcerogenic operation. E Camacho
**9**:345,1960

Peptic ulceration and hormonal states. MZ Fruchtman
**10**:43,1962

The treatment of peptic ulcer with enteric and urinary concentrates: A review. BM Schuman
**10**:595,1962

ULCERATIVE COLITIS
Extensive stasis ulcerations. Report of a case. J Beninson and HG Bryan
**9**:530,1961

Immunologic competence in idiopathic ulcerative colitis. Humoral aspects of immunity. GA LoGrippo et al
**18**:249,1970

Rectal cytology by an improved replica method. K Anselm, V Lawoyin and J Blonsky
**19**:45,1971

Cytology of rectosigmoid diseases using the replica method. V Lawoyin and K Anselm
**20**:15,1972

ULCERS
Gastrocolic and duodenocolic fistulas. An experimental study. JL Ponka, AK Shaalan and PC Pesaros
**19**:75,1971

URATE CRYSTALS
The simultaneous occurrence of monosodium urate and calcium pyrophosphate dihydrate crystals in an arthritic joint. GB Bluhm and FJ Viozzi
**20**:19,1972

UREA NITROGEN
Kidney function tests in chronic renal disease. Serum urea nitrogen, creatinine and creatinine clearance. RB Patton and D Remp
**16**:185,1968

UREMIA
Immunologic status of uremic patients. GA LoGrippo et al
**18**:83,1970

URETHER
Technique of and apparatus for bladder irrigation. J Barron
**11**:443,1963

Spontaneous rupture of the kidney pelvis secondary to impacted uretheral calculus. AW Bohne and JL Irwin
**12**:83,1964

Diagnosis and treatment of gonorrhea. PA Kvale
**19**:83,1971

URETHROVESICAL PRESSURE
Stress urinary incontinence in the human female: Gravity and ecomorphologic influences on bladder and urethral function of the human female. CP Hodgkinson
**17**:145,1969

URIC ACID
Observations on uric acid transport in man, the Dalmatian and the non-Dalmatian dog. H Duncan and AS Curtiss
**19**:105,1971

URINARY BLADDER
Bacteriological and clinical studies of genitourinary tuberculosis. JP Truant and JM Hodson
**9**:330,1961

Leiomyoscarcoma of the urinary bladder with review of the literature. AW Bohne, RD Urwiller and TG Pantos
**10**:445,1962

A review of methods for determining significant urinary tract infections. JP Johnston
**11**:185,1963

Simple methods for detection of bacteriuria in the physician's office. EG Heinze et al
**16**:279,1968

Stress urinary incontinence in the human female: Gravity and ecomorphologic influences on bladder and urethral function of the human female. CP Hodgkinson
**17**:145,1969

URINE
The treatment of peptic ulcer with enteric and urinary concentrates: A review. BM Schuman
**10**:595,1962

URINE CULTURE
Application of an electronic counter in the evaluation of significant bacteriuria. JP Truant, WA Brett and KE Merckel
**10**:359,1962

UROLITH
Electron micrographs of a cystine urolith. JHL Watson
**4**:163,1956

UTEROTUBAL INSUFFLATION
Current tests for tubal patency. Their study and comparison. A Afsari and RJ Thompson
**20**:125,1972

UTERUS
Use of radioactive colloidal gold (Au) in treatment of carcinoma of the cervix
**5**:185,1957

The value of the Papanicolou smear test. ZJR Hollenbeck
**5**:239,1957

Results of cervical and vaginal smear examinations at Henry Ford Hospital in 1957. JD Keye Jr and GM Jasey
**6**:260,1958

UVEITIS
Vogt-Koyanagi-Harada syndrome. CP Hodgkinson II
**9**:539,1961

Aqueous microbiology: The possible role of cell wall deficient bacteria in uveitis. PC Hessburg et al
**17**:77,1969

VACCINES
Vaccination against tuberculosis with ultrasonic-vibrated tubercle bacilli. JP Truant
**8**:438,1960

Acute respiratory infections in civilian adults. F Cox Jr, EA Timm and EL Quinn
**10**:27,1962

Rubella. Current status of immunization. EL Quinn et al
**18**:73,1970

VACUOLATING VIRUS
Diverticula of the thoracic esophagus. T Gahagan
**10**:449,1962

VACUOLATING VIRUS continued
Inactivation of vacuolating virus (SV 40) by beta-propiolactone. I. Evaluation in tissue culture. H Hayashi and GA LoGrippo
**10**:463,1962

Inactivation of vacuolating virus (SV 40) by beta-prone II. Evaluation of the oncogenic properties of SV 40 in hamsters after inactivation with beta-prone. H Hayashi and GA LoGrippo
**11**:93,1963

VAGAL STIMULATION
The effects of vagal stimulation, eserine and atropine on retrograde pressure in the sinus node artery. TN James and RA Nadeau
**12**:23,1964

VAGINA
Results of cervical and vaginal smear examinations at Henry Ford Hospital in 1957. JD Keye Jr and GM Jasey
**6**:260,1958

VAGOTOMY
Vagotomy for perforated duodenal ulcer. JP LaCalle
**14**:313,1966

VARICEAL BLEEDING
Surgical treatment of portal hypertension: Review of Henry Ford Hospital experience. JP Elliott Jr et al
**18**:121,1970

VASCULAR COMPLICATIONS
Gout and arterial thrombosis. FJ Viozzi, GB Bluhm and JM Riddle
**20**:119,1972

VASOPRESSIN
Hypophyseal growth hormone. II. Interaction with other hormones. MS Zafar et al
**18**:165,1970

VASOVASOSTOMY
Vasostomy—A simplified technique. EE Steinhardt
**17**:67,1969

VENOUS STASIS
Extensive stasis ulcerations. Report of a case. J Beninson and HG Bryan
**9**:530,1961

VENTRICULAR DEFECT
The mechanism of formation of certain ventricular septal defects. A new hypothesis. JG Shakibi and L Weiss
**17**:267,1969

VENTRICULAR TACHYCARDIA
Pacemaker induced ventricular tachycardia. Report of a case with the "runaway pacemaker." R Garcia and E Arciniegas
**17**:15,1969

VENTRICULOGRAPHY
Isotope cisternography - RISA. JL Fenton et al
**17**:117,1969

VERATRIDINE
The chronotropic action of veratridine studied by direct perfusion of the sinus node through its artery. TN James and RA Nadeau
**12**:169,1964

VERTEBRA
Relationship of vertebral size to fracture in osteoporotic spines. RW Smith and PM Taft
**15**:101,1967

VERTICAL BEAM
Double contrast arthrography of the knee. PC LaRowe et al
**18**:107,1970

VESICAL
X-ray diffraction analysis of Central Asian vesical calculi. J Parsons
**12**:187,1964

VESTOPAL W
The advantages of Vestopal W as an embedding material for biological and medical electron microscopy. RR Cardell Jr
**9**:379,1961

VIRUS HEPATITIS
Immunoglobulins and interferon responses in infectious and transfusion associated hepatitis. GA LoGrippo
**15**:57,1967

Serum hepatitis at Henry Ford Hospital, 1958-1967. KS Murthy and BM Schuman
**18**:57,1970

VIRUS-INDUCED MALIGNANCY
Normal serum protein levels in Syrian (golden) hamsters as compared with the protein levels in SV 40 tumor bearing and SV-40 immune hamsters. H Hayashi, N Sharpless and GA LoGrippo
**15**:149,1967

VISCERA, TRAUMA
Emergency management of thoraco-abdominal trauma. A study of 275 injury patients. JL Ponka and RO Antoni
**9**:263,1961

VISCERAL FISTULA
Simple device for management of viscero cutaneous fistulas. JA Barron and AA Manzor
**13**:361,1963

VISUAL AIDS
Visual aids and the medical staff. WE Loechel
**9**:49,1961

VITAMIN D
Refractory rickets and osteomalacia. B Frame and G Manson
**8**:293,1960

VITILIGO
Vogt-Koyanagi-Harada syndrome. CP Hodgkinson II
**9**:539,1961

VOGT-KOYANAGI SYNDROME
Vogt-Koyanagi-Harada syndrome. CP Hodgkinson II
**9**:539,1961

VOLUME, HALO
Halo volume. HM Frost, AR Villanueva and H Roth
**8**:228,1960

VOLVULUS
Acute volvulus of the stomach secondary to adhesions. Case report. AK Shaalan and JL Ponka
**12**:351,1964

VOMITING
Gastrocolic and duodenocolic fistulas. An experimental study. JL Ponka, AK Shaalan and PC Pesaros
**19**:75,1971

VON GIERKE'S DISEASE
Hypogycemia. C Wolf
**8**:68,1960

VON HIPPEL-LINDAU DISEASE
Renal cell carcinoma masquerading as a pancreatic pseudocyst. A case report. SJ Kingma and HM Allen
**18**:245,1970

VULVA, TUMORS
Fatal spontaneous hematoma of the vulva in a primipara at 36 weeks before onset of labor. PH Mulder
**5**:250,1957

WALDENSTROM'S DISEASE
Macroglobulinemia: Report of 10 cases. DR Hines
**10**:297,1962

WALK-IN CLINIC
The psychiatric walk-in clinic services. An interim report of experience at Henry Ford Hospital. BK Bresnahan and L Schilhaneck
**20**:103,1972

WARTHIN'S TUMOR
Warthin's tumor of the parotid gland. AJ Macksood, RF Smith, RB Marshall and RC Horn
**8**:446,1960

WERNER'S SYNDROME
Werner's syndrome. PA Kvale et al
**13**:411,1965

WHIPPLE'S DISEASE
Intimations relating to protein forming diseases. WS Haubrich
**9**:361,1961

Electron microscopy of Whipple's disease. JHL Watson and WS Haubrich
**12**:421,1964

WILSON'S DISEASE
Neurological disorders associated with hepatic disease. RR Knowles
**4**:107,1956

WIRE, IN FRACTURES
Rigid wire fixation of fractures of the hand. WD Butt
**4**:134,1956

WORDS, MISUSE
Misuse of words. EJ Alexander
**2**:11,1954

XO/XX MOSAICISM
Turner's syndrome with XO/XX mosaicism. RC Mellinger
**12**:181,1964

X-RAY, APPARATUS
The mechanism, characteristics and potential of the beta-exicted x-ray source. LE Preuss
**6**:141,1958

X-RAY BREAST
The rationale of breast radiography. AK Pozanski, L Stevenson and DN Dickson
**11**:437,1963

X-RAY DIFFRACTION
X-ray diffraction analysis. J Parsons
**6**:99,1958

The analysis of pathological crystals by x-ray diffraction. J Parsons
**8**:175,1960

X-RAY DIFFRACTION continued
X-ray diffraction powder data for steroids. J Parsons, WT Beher and GD Baker
**9**:54,1961

Identification of crystalline material from lung biospsy by x-ray diffraction. J Parsons
**10**:355,1962

X-ray diffraction powder data for steroids: Supplement II. J Parsons, ST Wong, WT Beher and GD Baker
**10**:471,1962

X-ray diffraction powder data for steroids: Supplement III, including a discussion of steroid nomenclature. J Parsons, ST Wong, WT Beher and GD Baker
**11**:23,1963

Supplement IV
**12**:87,1964

Supplement V
**12**:459,1964

Supplement VI
**13**:303,1965

Supplement VII
**14**:387,1966

Supplement VIII
**15**:133,1967

Supplement IX
**16**:215,1968

X-ray diffraction data for amino acid derivatives. J Parsons et al
**18**:283,1970

X-RAY HAZARDS
Editorial. The hazards of medical irradiation. RJ Bloor
**9**:471,1961

YATES MEMORIAL CLINIC
Cancer detection. HM Nelson
**3**:33,1955

ZIRCONIUM
The zirconium deodorant granuloma. An allergic disorder. HJ Hurley Jr and WB Shelley
**6**:279,1958

Henry Ford Hospital
Detroit, Michigan 48202
